Hi [REDACTED] - Not Responsive

Not Responsive | Don't worry too much about WiFi if you can't make it in tomorrow - I will check in with you by phone, and hopefully it won't be too much of a time suck.

Just wanted to give you the head's up in case you don't see me tomorrow morning. If I can't make it in, I'll try and do as much as I can from home, and you can call me at anytime, of course.

Hope to see you tomorrow!
