Hi Chip,

I have recently joined Samsung as head of San Jose IP Office. Part of my job is to reach out to tech companies in the Silicon Valley and establish a better relationship. I understand Samsung and Apple have an interesting and complicated relationship. If you have time, I would like to meet you for lunch or coffee within the next few weeks to catch up and discuss ways for both companies to cooperate. Please let me know of your availability.

Best regards,

Kenneth S. Korea
