Galaxy S with Android 2.1 OS

Do you want the whole world in your hands? How about the whole universe? Tens of thousands of apps populate Google Play™ -- everything from popular games to productivity tools to constellation maps. Powered by the latest Android platform, this phone fully integrates with Google Mobile Services. You're now at one with your Gmail account, Google Maps, YouTube videos and more.

Super AMOLED Touchscreen

Your world just got brighter and you don't even need shades. Experience HD-quality video recording that's clearly detailed, extraordinarily vivid and astonishingly colorful on the brilliant 4-inch Super AMOLED screen. Movies, games and websites all come to life even in broad daylight thanks to an anti-reflective screen. One of the thinnest, most responsive smartphones in the world, it also uses less power and has a longer battery life.

Green guides show you the way

In an effort to provide our customers with the latest in technology and the best user-experience, we've provided an new environmental-friendly alternative to a printed paper guide. Virtual Guides provide a "one-stop" support experience with everything from User Guides, Support Videos, Commercials, and Simulations. Take the our next step in going green.

“Samsung is Sexy”

★★★★★

The Samsung designs are sleek and modern, lightweight and durable. The products range in price so I did not have to pay a high price for something I would not really have a need for. I was able to find just what I needed for the price I could afford....[Read More »](#)

“Overall, the Fascinate is a great phone.”

★★★★★

I received this phone as a Christmas present in 2010 (first year it was out) from my parents. It is a very good starter smartphone, and, at the time, it was a very high-end one. The experience is so much better ever since it received the Gingerbread 2.3.6 update. The camera is very nice especially s...[Read More »](#)
