## Product Features [See All Features](#)

### Integrated Social Hub

Keeping in touch with friends has never been easier. The Gem allows you to post photos, messages or emails to all your favorite social network sites with the touch of one button. It keeps track of contact info and email addresses which can be scanned in a single view. And with its built-in calendar, you can organize all your social and business appointments.

### Competitive Pricing

If you've never owned a smartphone, this is the perfect first choice. The Gem has many of the features of more expensive phones, at an affordable price. It's the smartphone at a very smart price.

### Advanced Touchscreen Display w/ Anti-Scratch & Anti-Smudge

The screen on the Gem is easy to read and a joy to use. It's made with advanced anti-scratch, anti-smudge, anti-reflective glass. You'll love being able to type with Swype, the innovative one-fingered system that allows you simply slide your finger from key to key and only raise it between words. You'll also be able to drag and drop various widgets and icons to personalize your own one-of-a-kind start-up screen.

“A smart phone, but not too smart.”

The Samsung Gem has the smarts, but you don't have to be super smart to operate it. The phone is small and light, yet has some large features to it. Plenty of apps are available for fun and service, plus texting and internet are there for your convenience. Accessories galore at Samsung and other fin...[Read More »](#)
