A phone for speedier web browsing

Your Samsung Galaxy S™ II takes full advantage of 4G speed. Couple the dual core processing power with 4G speeds and the result is jaw-dropping. Downloading movies and multitasking between apps is faster than ever!

The brightest, most colorful screen

This 4.52" Super AMOLED™ Plus Screen brings vivid and sharp images to life. See every intricate detail and experience rich colors and dazzling images. The screen size is noticeably bigger than almost all other leading Smartphones, but in a surprisingly compact size. Just wait until your friends compare their phone screen to your 4.52" Super AMOLED Plus screen of the Galaxy S II. We hope your friend isn't a sore loser!

“This product has great features & design”

★★★★★

The performance of this phone is awesome. It's like bringing my laptop around in my pocket. The color is brilliant, the design is slim but sturdy & it has all the features I could possibly ever need. I have always trusted Samsung products & I will continue to purchase Samsung in the future....[Read More »](#)

“I love this phone!!!!”

★★★★★

Dropped it on brick and the outer ring got dented and cracked...but that was it...took a licking and is still ticking!!! Love my Sammy!!!!...[Read More »](#)

*Battery power consumption depends on factors such as network configuration, signal strength, operating temperature, features selected, vibrate mode, backlight settings, browser use, frequency of calls and voice, data and other application usage patterns.

**Mobile HD TV can deliver a bitrate of 800kbps and 16:9 resolution; the bitrate & resolution you experience will vary based on many factors, e.g., programming, network connection, & device.

BRIGHTEST, MOST COLORFUL screen based on a blind test administered by Strategy Analytics. Playback on the Galaxy S II in HD-like quality.

Screen images simulated. Appearance of device may vary. Some features may not be available in all areas. "4G" used in conjunction with a Samsung product refers to it operating with the identified carrier's applicable 4G network. Android and Android Market are trademarks of Google, Inc. Adobe and Flash are either registered trademarks or trademarks of Adobe Systems Incorporated in the United States and/or other countries.
