Product Features [See All Features](#)

**Android™ 2.2 Platform with Full Integration of Google Mobile Services**

The Showcase's operating platform integrates fully with the whole range of Google Mobile Services.

**Ultra-slim Design (<10mm)**

So much for so thin. The Showcase is an amazing 10mm thick. That's less than half an inch.

**4.0" Super AMOLED™ Touch Screen Display**

The screen is both brilliant and sensitive to the touch. You'll see details in the cinema quality image that just aren't noticeable on other phones. And it's bright enough to use in full daylight.

**Loaded with Multimedia and Entertainment Features**

Play video games, watch hit movies and TV shows and store thousands of songs. Or if you want to create your own entertainment, you're all set with the video capability and excellent photography clarity.

“Best Phone I've Owned”

★★★★★

I've had this phone for about a week now and I absolutely love it! It is the best smart phone I've owned so far. Yes it is on the bigger side but my son loves to play games so it's perfect for him to hold onto, but still fits in my pocket. Battery life is good too! I would def recommend this phone t...[Read More](#)
