### Samsung Galaxy Tab 10.1 preview: First look

Samsung are really taking tablets seriously these days. They already have three offerings this year. The other two are more compact, but it's the Galaxy Tab 10.1 that will lead the team ahead in enemy territory. The trio surely has one hard...

### Samsung Galaxy Tab 10.1 review

The Samsung Galaxy Tab 10.1's fantastic screen and appealing design help to make it the best Android tablet so far. But, while it trumps the iPad 2 in terms of specifications, the lack of Android Honeycomb apps and games is an irksome problem, and the...

### “Incredible tablet”

**Rating is 5 out of 5 stars**

As a trainee teacher, I wanted something I could pop into my bag and use at Uni, school, home and my friends houses. This tablet beats all other 2011 tablets hands-down in terms of features and raw po...

### “This product is great value for money”

**Rating is 5 out of 5 stars**

Bought this product basically, so I could play games on the move. I thought that the Ipad was too expensive, this seemed a reasonable choice instead. Since owning this Tablet, I use it for more than...

### “everything I hoped for in a tablet”

**Rating is 5 out of 5 stars**

The Samsung Galaxy is fast, easy to navigate and offers everything I need. Happy to work with Microsoft and with a 64gb memory it will keep me interested for a few years ahead
