## IFL Programs are Educational & Entertaining

“I will probably get more use out of the content of this seminar than any other CLE seminar in 25 years of law practice.”

“This has been the most worthwhile and relevant seminar I have taken in many, many years.”

“Noteworthy – and appreciated – that Carole expended the effort to compile Minnesota-specific materials. And apparently even paid attention to Minnesota stories in California papers to pick out concrete examples.”

“I go to a lot of CLE presentations – ‘cuz I’m stupid. This is one of the very best I have attended. No temptation to leave early.”

“I had no idea the web was so extensive – thanks for the tour!”

“Thank you for throwing in a little humor – I enjoyed your seminar.”

“The seminar was interactive and therefore more entertaining than most. The speakers have actually visited the Web sites and give their opinion of them (user friendly, informative, cost, etc.). I also liked the stories related by the speakers.
