Many of the designations used by manufacturers and sellers to distinguish their products are claimed as trademarks. Where those designations appear in this book and Addison-Wesley was aware of a trademark claim, the designations have been printed in initial capital letters.

The authors and publishers have taken care in preparation of this book, but make no expressed or implied warranty of any kind and assume no responsibility for errors or omissions. No liability is assumed for incidental or consequential damages in connection with or arising out of the use of the information or programs contained herein.

This book was created on an Apple Macintosh computer using Microsoft Word, QuarkXPress, and the Adobe Frutiger and Adobe Minion family of type faces. The Han character charts were created on an Apple Macintosh using HyperCard and Macintosh Programmer's Workshop. The Unicode mappings to other character encodings were maintained in a Fourth Dimension database.
