The Unicode Standard, Version 4.0

This file contains the complete set of character code tables and list of character names created for the book publication *The Unicode Standard, Version 4.0*.

The charts pages showing the location of non-characters at the end of each plane other than the BMP have been suppressed in this file.

This file will not be updated with errata, or when additional characters are assigned to the Unicode Standard.

See <http://www.unicode.org/errata/> for an up-to-date list of errata.

See <http://www.unicode.org/charts/> for access to a complete list of the latest character code charts.

See <http://www.unicode.org/charts/PDF/Unicode-4.0/> for charts showing only the characters added in Unicode 4.0.
