

Guided Fundraising

Simple, smart, fundraising events

Plan, manage, and host virtual and hybrid events with confidence. Bonterra Guided Fundraising combines powerful-yet-simple events software with supporter communication tools, donor management, and online fundraising features in an all-in-one software built for your small and growing nonprofit.

Stop paying for multiple software subscriptions

With Guided Fundraising all-in-one software, you have all the tools you need to raise funds, build donor relationships, and host in-person, hybrid, and virtual events with confidence.

Connect more supporters to your purpose

Expand your reach and cultivate supporter relationships by hosting virtual or hybrid events with built-in engagement features.

Keep your attendees engaged

Take your events further with livestreaming capabilities, attendee chat, a giving thermometer, and follow-up communications.

We've done some streamed events in the past and they were so complicated. After having done it that way and now having this tool that's so much smoother and easier – it's intuitive and worlds better.”

— Brianna L, Executive Director
