

Fundraising Coaches

Get the most out of your fundraising software

Set and hit fundraising goals with a seasoned fundraising coach. Pair your fundraising software with one of our 25+ fundraising experts so you can leverage not just the tools, but the expertise to put your strategies into action!

- Identify gaps in your fundraising efforts and new opportunities to improve.
- Get feedback on messaging and collaborate on new communications.
- Strategize on short-term and long-term fundraising plans for your organizations.
- Better leverage your fundraising software to optimize activities and results.
- Join the club of over 3,500 nonprofits who have used coaching to further their mission.

Real answers to real issues. We are fairly new and run by volunteers. We had only a paper system to keep track of donations... Our fundraising coach is so great offering suggestions, advice and helping with the software (which is also awesome). I can't say enough how this has been a real answer to prayer."
