

BUILD BETTER PARTNERSHIPS

Our third-party business partners do business on our behalf, so we choose them carefully and monitor their work. If you work with third parties, make sure they're ethical partners:

- Carefully vet vendors, suppliers, distributors, agents and other third parties to make sure they share our high standards of integrity.
- Stay in touch with third parties to ensure they remain in good standing.
- Watch for signs of unethical or illegal activity, like financial irregularities or refusing inspections.

Help us foster relationships with ethical third parties. If you suspect that a third party is acting improperly or illegally, reach out to the appropriate internal resource right away.
