GET TO KNOW YOUR MOUNT

requires Peak Design Case
not included

INSTALL

1. Wrap the **Silicone Strap** around the bar, pull snug, and connect to **Main Hook**.

2. Secure excess **Silicone Band** by connecting **Keeper Hook**.

UNINSTALL

1. Push down on **Keeper Hook**.

2. Lift **Keeper Hook** away from **Silicone Band**.

USE

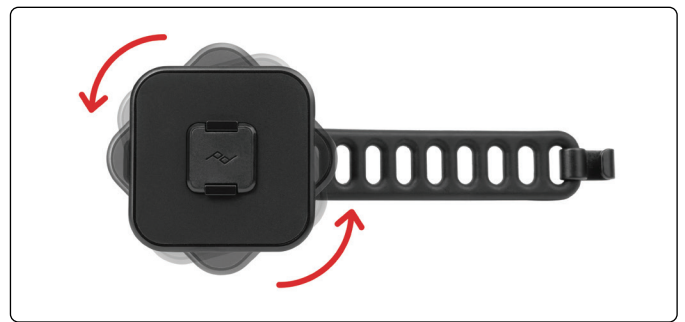

Attach/Detach Phone

To attach, place phone on mount and listen for "click" to ensure phone is locked.

Requires **Peak Design Case** (sold separately).

To remove, push just one of either the **Release Buttons** and pull phone outward.

Rotate

The **SlimLink™ Mount Head** can rotate to the perfect viewing position. Simply apply pressure in a turning motion (either direction).
