

Don't put food scraps down the drain!

Food scraps can clog pipes and lead to more frequent septic tank pumping.

Food scraps can create costly problems for municipal sewer systems.

Never put fats, oils, and grease down the drain.

How should I manage food?

Vermont State Law bans food scraps from the trash.

To learn more or find a food scrap hauler, visit VTrecycles.com or call DEC Solid Waste Program at 802-828-1138.
