

72%

of classrooms have students with individual education needs

53%

of classrooms have English Language Learners **UP 20%**

of students are impacted by dyslexia

If your student experiences challenges with:

Learning and Speech

Immersive Reader: helps students read and listen to text. It can even break words down into syllables or show words as pictures!

Read Aloud reads text in PowerPoint, OneNote, Excel, and Word.

Presentation Coach reads text in PowerPoint, OneNote, Excel, and Word.

Reading Progress within **Insights** is an efficient way for you as a teacher to assess reading fluency – helping you identify accuracy rate and trouble words.

Mental Health

Reflect and **Insights** are tools within Teams. Use them to check on your student's social emotional wellbeing.

Flipgrid is a safe video expression tool you can use in the classroom to help students learn to share their thoughts and support one another on important topics.

Ask your child how they're using Flipgrid, Reflect and Insights in their classroom, and have them show you if they are.

Neurodiversity and Cognitive

Microsoft To Do is a free list, task, and reminder app that can help your students get organized as they work through their many lessons and activities.

Reading View in the Edge browser removes distracting ads and excess information, leaving only the main text and images on a website.

Vision, Hearing and Mobility

Subtitles are available for those with hearing difficulties in Teams, the Translator app, and PowerPoint's Presentation Translator.

Built-in screen reader in Windows' settings helps those with visual difficulties have everything read to them.

Dictate allows anyone with limited mobility to use their computer's microphone to dictate presentations and documents.

All Learners

The Ease of Access Center in the Windows operating system's settings allows you to personalize your computer in many ways to best support your child's needs, like with mouse actions, trackpad options, and keyboard preferences. (Select the Start # button, then select Settings * > Ease of Access ().
