Introducing the New CARS Authority Module -- Webinar and Demo

The new CARS Authority Module goes live on **December 14**. Join Fiscal Service Budget Appropriation and Analysis experts in a Webinar and Demo featuring the new, more modern look and feel, and the improved features of the Authority Module (Non-Expenditure Transfers, and Appropriation Warrants). If you are a regular user of CARS, you won't want to miss the opportunity to see the changes and ask your questions before the new module goes live.

Exciting CARS Updates Coming December

- **New Look:** A new modern look in the Authority module (Non-expenditure transfers, Borrowings, Appropriation Warrants and Year-end Closing) with user friendly functions and updates: easier search abilities, instant error messages, and so much more.
- **SHaC:** Short Handed Component (SHaC) is a new feature that allows the user to search for a Treasury Account Symbol (TAS) by using, at minimum, the AID and Main parts of the TAS.
- **PDF:** Create a PDF document for each individual transaction with one easy click.
- **Proactive:** A new proactive interface is available to enable a user to identify mistakes prior to creating a transaction.
- **Push TAS Technology:** Newly designed interface displays TAS

Don't miss this valuable opportunity to see the new CARS Authority module and ask questions.
