

DeNovo Business Portal

Information at Your Fingertips Anywhere You Can Access the Web.

AUTOLOAD

Your Dejavoo Payment Device automatically downloads software updates – Because you have better things to do with your time than manually update software. DeNovo will advise of latest updates.

CALL ME

Spending time on hold waiting for the helpdesk? Have a representative call you instead by sending a call me request through your Dejavoo payment device. View & Track “Call Me” events in DeNovo.

DEJAPAY

Secure payment engine designed to add points of entry to SPIn for payments “on the go”. Ideal for “line busters” from your mobile device to your countertop terminal or even outside the merchant’s shop with a Dejavoo wireless device.

LOYALTY BACK UP

Back up and view your built in Loyalty Data to your DeNovo Account. Use stored loyalty information to direct market your customers! Marketing Made Easy!

RISK MANAGEMENT

Set Risk flags for real time notification of Risk Review. No more waiting 24hrs to release funds!

MESSAGING

Communication down? Send a “Call Me” request message right from your iOS Mobile device or your computer and help is on the way!

BATCH NOTIFICATION

At Dinner? Away on Vacation? Just relaxing at home? No need to call in to confirm your daily settlement. Your Dejavoo payment device automatically sends you an email confirming your settlement and a summary of transactions. Login to your DeNovo account to view full batch and individual transaction data! So go ahead, order that dessert, let DeNovo do the work for you.
