ICANN Final Determination

Re: Notice of Registry Operator Request for Termination of Registry Agreement - .lixil

On 20 July 2021, LIXIL Group Corporation notified ICANN org of its intent to terminate the .lixil Registry Agreement entered into on 19 March 2015. Pursuant to Section 4.4(b) of the Registry Agreement, Registry Operator may terminate the Registry Agreement for any reason upon one hundred eighty (180) calendar day advance notice.

Pursuant to the terms of Section 4.5 of the Registry Agreement (as modified by Section 6 of Specification 13 for this .Brand TLD), ICANN org consulted with LIXIL Group Corporation to assess whether to transition operation of the .lixil top-level domain (TLD) to a successor Registry Operator.

On 31 August 2021, ICANN org made a preliminary determination that operation of the .lixil TLD need not be transitioned to a successor Registry Operator based on the following rationale:

1. .lixil qualifies as a .Brand TLD.
2. Transitioning the TLD is not necessary to protect the public interest.

On 30 September 2021, after a 30-day period for comments by interested parties, no comments were received. Pursuant to Section 4.4(b) of the Registry Agreement, ICANN org will proceed to terminate the .lixil Registry Agreement by 16 January 2022.

In conformance with Section 4.5 of the Registry Agreement (as modified by Section 6 of Specification 13 for this .Brand TLD), ICANN org may not delegate the TLD to a successor registry operator for a period of two years without Registry Operator's consent, which shall not be unreasonably withheld, conditioned or delayed.
