UNLEASHING THE ECONOMIC
POWER OF LATINOS

**LATINO

The Latino community is the driving force of California's economy. Latinos are determined entrepreneurs— accelerating an economic renaissance. Latinos start nearly 1 in 4 of all new companies in America and Latina-owned small businesses are the fastest-growing entrepreneurial segment.

We know that when small businesses and entrepreneurs prosper— our families, neighborhoods, and communities thrive. Yet while Latino owned businesses contribute \$100 billion to the economy annually, disinvestment and systemic barriers limit their access to capital and support. It's time to change that.

We need to build an inclusive economy in which investments in the Latino community match our contributions and drive.

Since 2020, LCF's Latino Entrepreneurship Fund has invested more than \$1.6 million in Latino nonprofits. We are focused on:

Increasing capital to Latino entrepreneurs in partnership with Latino-led nonprofits.

Seeding and establishing community-led financial institutions.

Amplifying the narrative of Latina entrepreneurs as the driver of the economic renaissance we need!

It's time to unleash the power and brilliance of Latino entrepreneurship. LCF is proud to partner with and invest in Latino-led nonprofits who are the trusted anchors in our communities. Together, we are advancing an economic renaissance. Join us!
