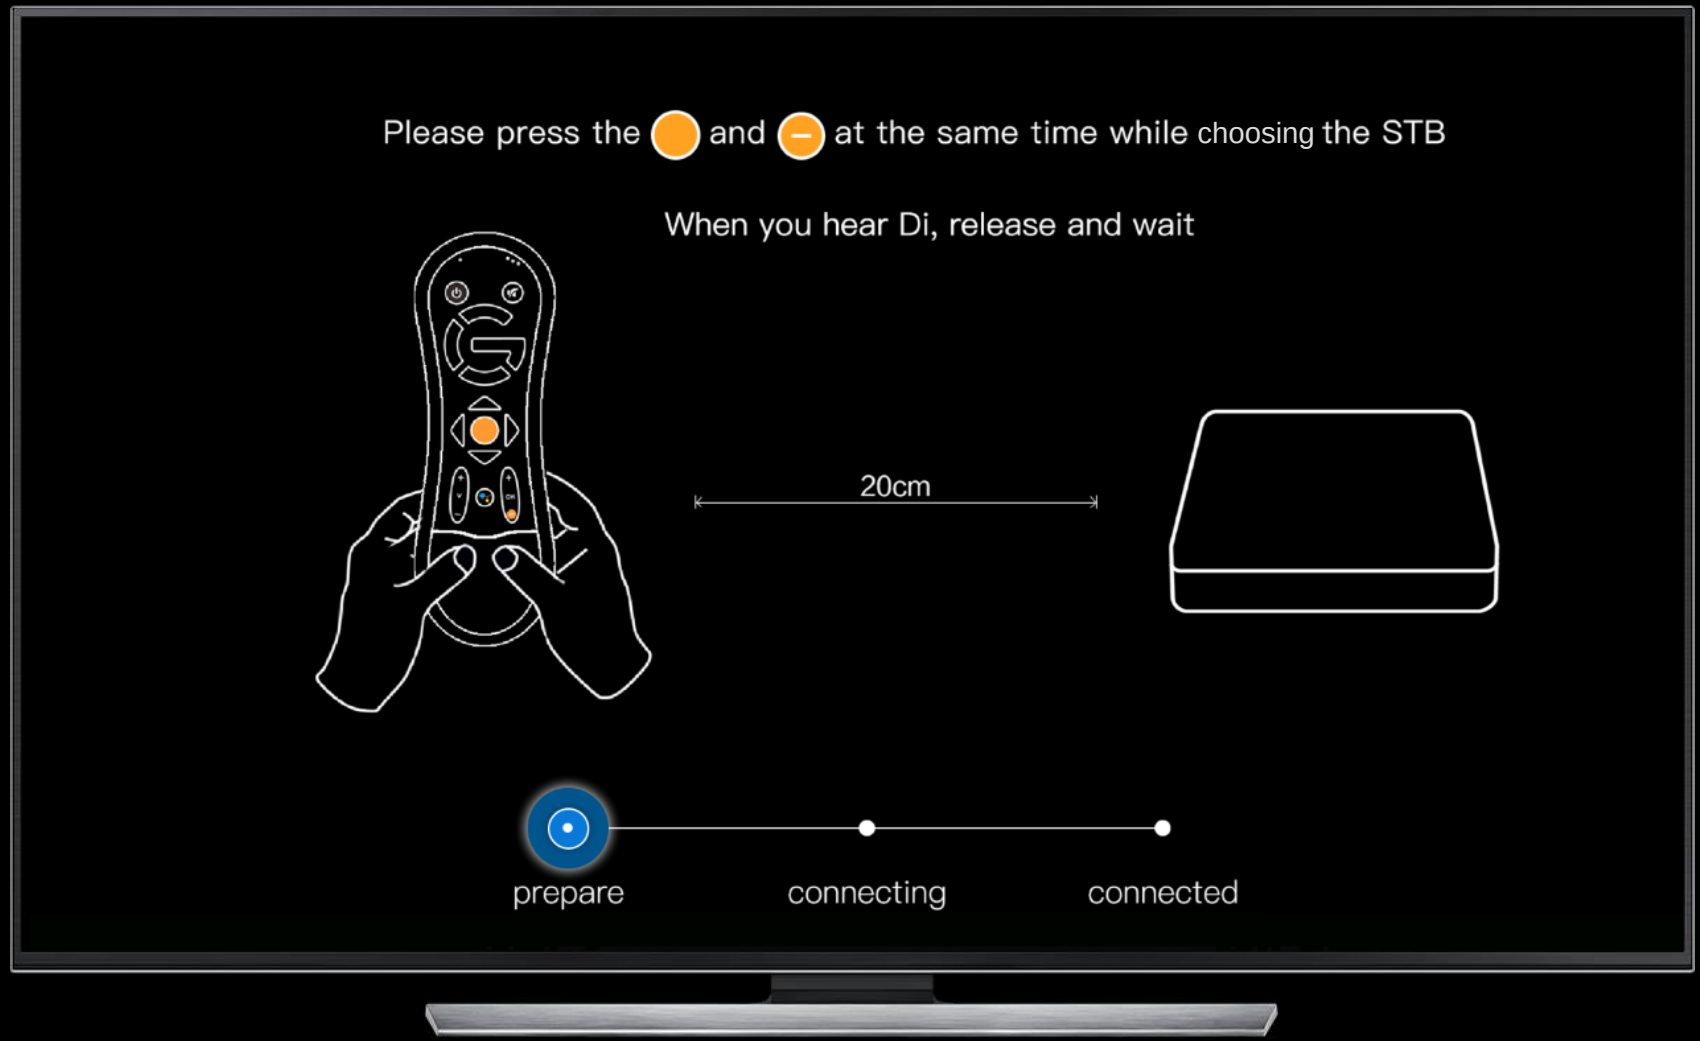
ANDROID TV BOX
SET UP GUIDE

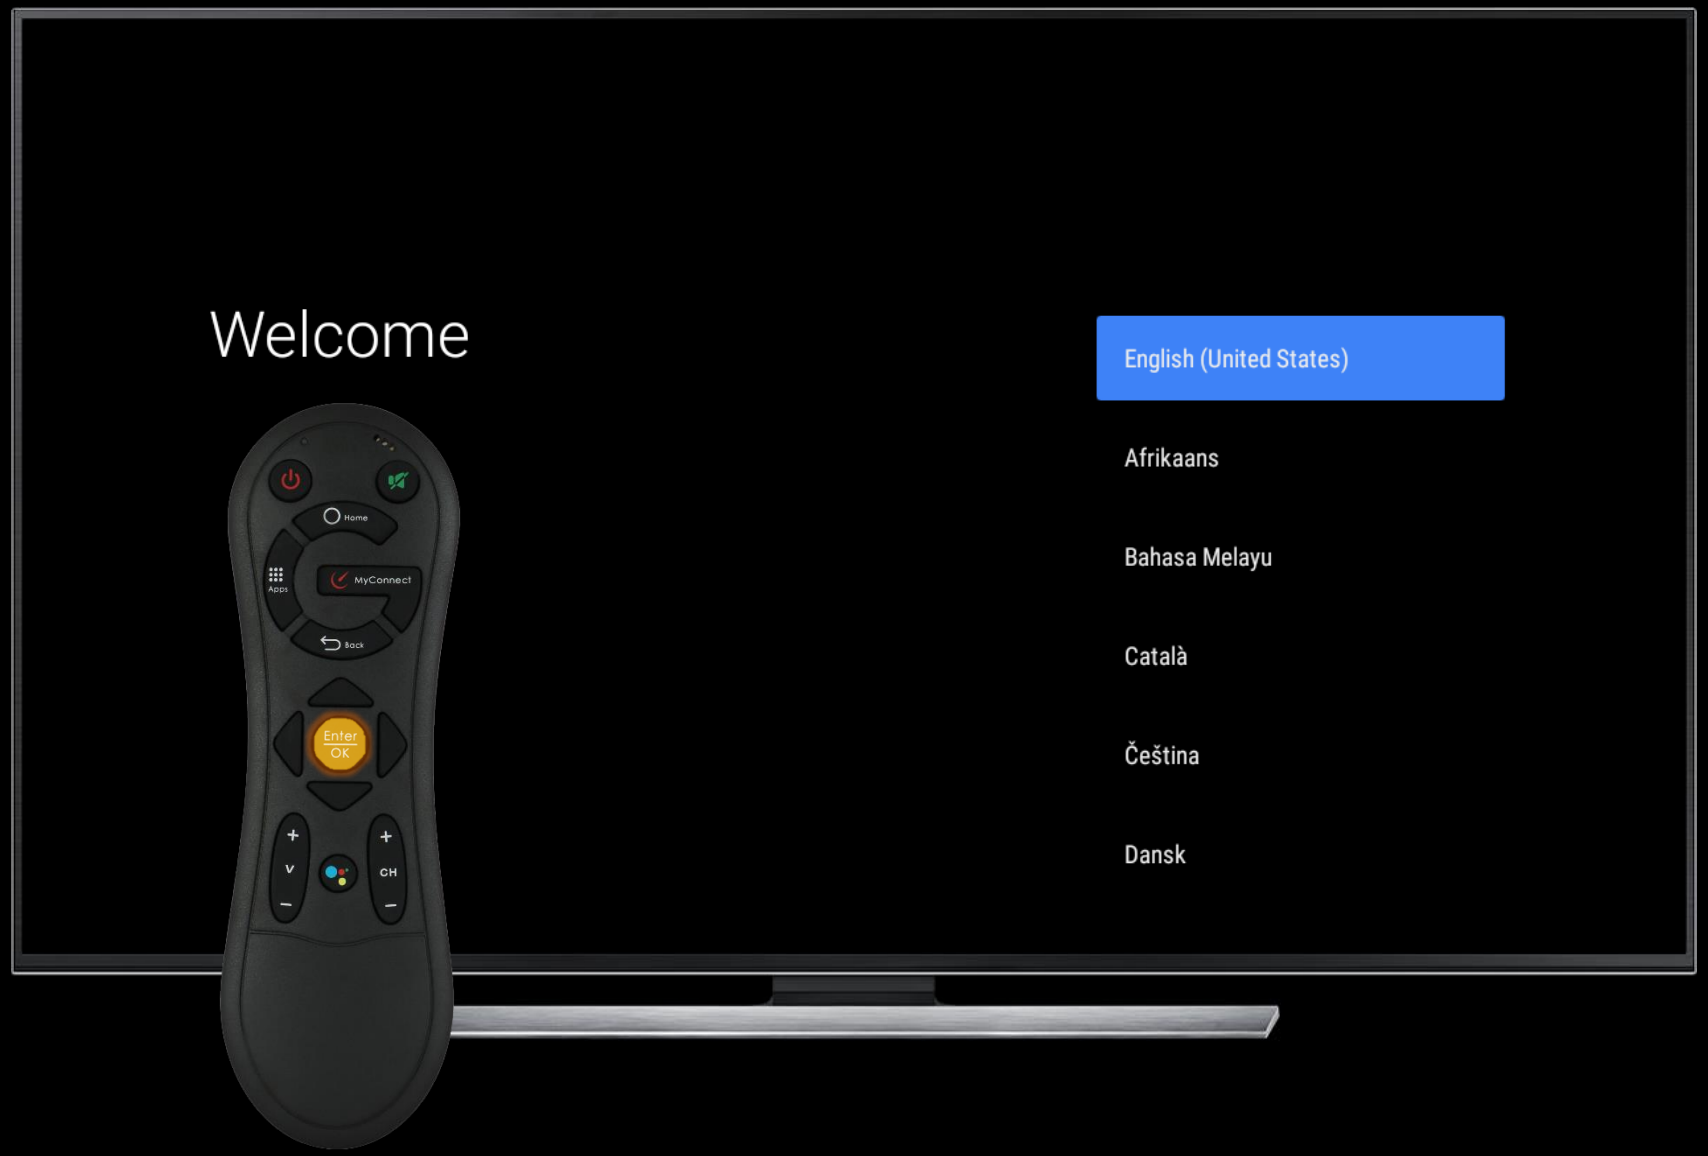
1. Bluetooth Remote Pairing

- Connect the Bluetooth remote with the Android Box. Bring the remote into pairing mode by pressing the **OK and Channel (-) Button simultaneously for 4-5 seconds.** Blue LED on the remote starts blinking indicating that remote is in pairing mode. Once the remote is paired, the status bar on the TV screen shifts from prepare to connected.



2. Language Selection

- Choose your preferred language. You may scroll up or down to choose the language using **the top and bottom** arrow key on the remote. Click **'OK'** to select your preferred language.



3. Set Up with/without your Android phone

- Set up your TV with your android phone or tablet. Click on **'OK'** button on your remote to select 'Yes', or shift the selection down to 'Skip' to proceed with manual set up process using remote.
