1 - Provide a reliable mechanism for electronic information sharing among local and federal criminal justice partners to enhance public safety in the District of Columbia. (1 Activity)			
JUSTIS	JUSTIS facilitates electronic information sharing among local and federal criminal justice partners.	CJCC operates and maintains JUSTIS, which is the Integrated Justice Information System (IJIS) for the District of Columbia. JUSTIS is available 24 hours a day, 7 days a week, and enables authorized agencies to contribute criminal justice information through an automated data feed. The information is made available to authorized viewing agencies through an information portal, as well as, through a system-to-system exchange.	Daily Service
2 - Facilitate collaboration among criminal and juvenile justice partners for efforts that require participation and input from multiple agencies. (2 Activities)			
TOPICAL WORK GROUPS (FED)	Interagency Committees and Workgroups	CJCC facilitates and supports the efforts of more than 20 committees and workgroups, which include representatives from public safety and justice, education and health and human services agencies in the District, as well as federal criminal justice agencies. The committees and workgroups convene to address a range of system-wide criminal justice and juvenile justice issues with respect to Information Technology, Research and Analysis, Combating Violent Crime, Juvenile Justice, Substance Abuse and Mental Health Services, Adult Reentry, and Grants Planning.	Daily Service
TOPICAL WORK GROUPS (FED)	Databases to Support Committees and Workgroups	CJCC maintains two databases that help support the work of several of the CJCC committees and workgroups. The Resource Locator is a searchable, online database of more than 750 service providers in the Washington, D.C. metropolitan area, that are equipped to assist returning citizens and others with housing, substance abuse, mental health, social services, medical, and legal needs, among others. The New Psychoactive Substances (NPS) Database provides a consolidated list of all chemicals that are currently being used to manufacture NPS, including formal and common names, as well as classification information, where available. Use of the database is restricted to local, regional and federal law enforcement partners.	Daily Service
3 - Conduct research and analysis to enhance data-driven and evidence-based decision-making among criminal and juvenile justice partners. (2 Activities)			
RESEARCH AND ANALYSIS	Research and Analysis to Support CJCC Work Groups	CJCC's Statistical Analysis Center (SAC) collects and analyzes data to help inform interagency efforts across several of the CJCC work groups and priority areas (combating violent crime, substance abuse and mental health, juvenile justice, and adult reentry).	Key Project
RESEARCH AND ANALYSIS	Research Requested by the Mayor, Council, and Partners	CJCC's Statistical Analysis Center (SAC) conducts research and analysis in response to inquiries from CJCC members, the Mayor, DC Council, and other justice system partners to help increase their knowledge and inform their decisions about criminal and juvenile justice issues.	Key Project
4 - Provide training and technical assistance to assist partners in making informed decisions when addressing criminal and juvenile justice issues. (3 Activities)			

Operations Header	Operations Title	Operations Description	Type of Operations
OPERATIONAL INFRUSTRUCTURE	Public Meetings	CJCC hosts Public Meetings, where community members have the opportunity to engage with partners on relevant criminal and juvenile justice issues that affect District residents.	Key Project
OPERATIONAL INFRUSTRUCTURE	Training and Technical Assistance	CJCC hosts a number of training and technical assistance events to equip District and federal partners with tools for addressing timely and relevant criminal justice and juvenile justice issues. The training events include the annual Criminal Justice Summit, annual Information Sharing Forum, Juvenile Justice Technical Assistance Workshops, Bridging Research to Practice series, and Grants Planning workshops.	Daily Service
OPERATIONAL INFRUSTRUCTURE	Juvenile Justice Compliance Monitoring	CJCC's Juvenile Justice Compliance Monitor ensures the District's compliance with four core requirements of the Juvenile Justice and Delinquency Prevention Act (JJDPA): (1) deinstitutionalization of status offenders; (2) separation of juveniles from adults in secure facilities; (3) removal of juveniles from adult jails and lockups; and (4) reduction of disproportionate minority contact within the juvenile justice system. Noncompliance would result in a reduction of grant funding from the Office of Juvenile Justice and Delinquency Prevention (OJJDP). The Compliance Monitor receives and reviews annual admissions reports from all DC juvenile correctional and detention facilities and conducts site visits at each of these facilities. The Compliance Monitor investigates presumptive violations and recommends corrective actions, as needed.	Daily Service

▼ Strategic Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date
JUSTIS facilitates electronic information sharing among local and federal criminal justice partners. (2 Strategic initiatives)		
Disposition Modernization Project	This project will automate the movement of case disposition information from D.C. Superior Court, the U.S. Attorney's Office, and the Office of the Attorney General through CJCC's Justice Information System (JUSTIS) to the Metropolitan Police Department (MPD). MPD will then be able to electronically submit disposition information associated with an arrest to the FBI's Interstate Identification Index (III) system. This will replace the current manual transmission of disposition information from to III, and it will expand the type of information shared, including no-papered cases and cases handled by OAG.	12-31-2019
Mid-Atlantic Regional Information Sharing Initiative (MARIS) - Phase II	Through MARIS-Phase II, CJCC will connect JUSTIS with the equivalent Integrated Justice Information Systems (IJIS) for Maryland, Pennsylvania, and Delaware, which will facilitate not just local, but regional, information sharing across criminal justice agencies. Phase I of MARIS enabled authorized users to conduct searches on particular individuals to determine if they have been arrested, have an outstanding warrant, are under probation, or have any court involvement in jurisdictions throughout the Mid-Atlantic region. Phase II will allow for automated system-to-system exchanges between criminal justice agencies in the Mid-Atlantic region so that users can obtain the details of an arrest, warrant, probation, or court involvement in another Mid-Atlantic jurisdiction.	09-30-2020
Research and Analysis to Support CJCC Work Groups (2 Strategic initiatives)		
Gun Violence Research	CJCC will conduct quantitative and qualitative analyses on shooting incidents and persons associated with those incidents. The results of the analyses will inform CJCC's GunStat efforts as well as CJCC partner efforts with respect to addressing gun violence.	09-30-2020

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date
Risk Terrain Modeling (Phase III)	CJCC has applied Risk Terrain Modeling to predict where shootings and robberies are likely to occur based on correlations between prior occurrences of those crimes and certain spatial factors. During FY20, CJCC will continue to refine the model and work with representatives from public safety and justice agencies, and other relevant agencies, to identify interventions to mitigate the risk of gun violence and robberies in targeted areas throughout the District.	09-30-2020
Research Requested by the Mayor, Council, and Partners (1 Strategic Initiative)		
System Security Plan for the Justice Statistical Analysis Tool (JSAT)	The JSAT Enterprise and JSAT Public Portal, which were launched in FY18 and FY19 respectively, are intended to automate and enhance criminal justice information sharing in the District for the purpose of research and analysis and increase transparency regarding activity across the District's criminal justice system. During FY20, given the inclusion of data provided by federal agencies, the CJCC will develop a System Security Plan to help ensure JSAT is operating in accordance with National Institute of Standards in Technology (NIST) and Federal Information Security Management Act (FISMA) requirements.	09-30-2020
