

## Approved Prices for Connecticut DEEP-approved Covered Electronic Recyclers (“CERs”)

The DEEP-approved CERs are authorized to bill manufacturers at the rates indicated below for CEDs collected on or after **July 1, 2023**. The recycling fee is for eligible costs related to the transportation and recycling of covered electronic devices. The separation fee is for devices set aside at the request of a manufacturer. All manufacturers have the right to request that their branded products be set aside for transportation to a recycler of their choice. The regulations also allow CERs and manufacturers to enter into agreements that may vary the per pound price approved by the commissioner.
