Dear Mr. Poirier:

I am writing to provide the Resource Productivity and Recovery Authority ("the Authority") with specific direction regarding the public disclosure of compensation with respect to the Authority's directors, officers and employees.

As you may know, the amendments to the *Resource Recovery and Circular Economy Act, 2016* (RRCEA) that were provided for in Schedule 6 of the *Rebuilding Consumer Confidence Act, 2020* came into force on July 14th, 2020. Amongst other changes, these amendments provide the Minister with the authority to make an order requiring the disclosure of information related to the compensation paid by the Authority to members of its board of directors, to its officers and to its employees. I am now exercising this authority provided for under the new section in RRCEA (section 53.1). The Order is attached to this correspondence.

Further, the Authority shall make this order publicly available on the Authority's website.

Making this information available is an important transparency measure for both the Government and the Authority. I note that several stakeholders have expressed a desire for better insight into the Authority's expenditures and this measure can help meet that objective.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Yurek".

Minister of the Environment, Conservation and Parks
