

Undergraduate and Professional Students: 56

Charles Martin (OSU, 2007-2010)	Javed Cheema (2014, MBA)
Surhabi Pancholi (OSU, 2008)	Katie Fornadel (2014, MBA)
Ayden (OSU, 2008-2010)	Alejandra Iberico (2014, MBA)
Kristin Monroe (OSU, 2008-2010)	Carla Garver (2014, MBA)
Allyson Sterman (OSU, 2008-2011, Arts and Sciences)	Danielle Latman (2014, MBA)
Mikayla Marshall (2013-2015, VPH)	Danny Meisterman (2014, MBA)
Shanice Reynolds (2015)	Niraj Patel (2014, MBA)
Nino Bisesi (2017, Arts and Sciences)	Kelsey Gerbig (2014, DVM)
Chad Lakey (2002-2004)	Mallory Kanwal (2014)
Amber Jefferson (2003)	Maria Belu (2014, MPH, DVM, Resident)
Carrie Odom (2004)	Kevin Espenschied (2015, MBA)
Rebecca Robbins (2005-2008, DVM/ dual)	Qianyun Ge (2015, MBA)
Stephanie Desmarais (2004-2006)	Matthew Herridge (2015, MBA)
Hope Valentine (2004-2008)	Thomas Hoffer (2015, MBA)
Eva Jablonski (2004, DVM)	Sharon Kim (2015, DVM)
Pamela Fry Adkins (2006-2011, DVM, MSc, Resident)	Hai Nghiem (2015, MBA)
Johanna Rosenfield (2007, DVM)	Sarah Waibel (2015/ 2016, MPH)
Narry Tiao (2006-2008, DVM, MPH)	Matthew Williams (2015, MBA)
Bethany Gibson (2008, DVM)	Arghya Das (2016, MBA)
Mathew Nicol (2010)	Kyle Eberst (2016, MBA)
Megan Ryan (2010)	Balbine Jourdan (2016-2017, DVM, MSc)
Tricia Gearhart (2011, DVM)	Kelly Dimmen (2016, MBA)
Noelle Dianna (2012, DVM/ MPH)	Carrie Kiesel-Gellenbeck (2016, MBA)
Christine Widmann (2012, 2013)	Vikram Sharma (2016, MBA)
Allyson Sterman (2013, DVM)	

Graduate Students: 55

DOCTOR OF PHILOSOPHY (PHD) MAJOR AND CO-MAJOR ADVISORSHIP

Trainee Name & Training Dates	Degree Institution	Mentor Role	Project Title for Graduate Degree	Current Position
Rajiha Abubaker 2018-present	PhD fellow, Addis Ababa University	Co-Major advisor	Molecular epidemiology of methicillin resistant staphylococcus aureus	PhD fellow and research scientist, EPHI
Aklilu Feleke 2018-present	PhD fellow, Addis Ababa University	Co-Major advisor	Molecular epidemiology of MDR Salmonella, metagenomics and immunology	PhD fellow and lecturer, Addis Ababa University
Julius Medardus 2011-2016	PhD Sokoine University	Major Advisor	Heavy metal micronutrients and impact on persistence of MDR Salmonella	Asst. professor, Sokoine Univ. Agriculture, Faculty of Veterinary Medicine, Tanzania
Valeria Artuso-Ponte 2011-2014	PhD Ohio State University	Major advisor	QBA and effect on MDR	Senior Scientist, Phytobiotics GmbH
Jennifer Mathews 2008-2012	PhD and Clin Pathology Resident, Ohio State University	Major Advisor	Phenotyping and Genotyping of MRSA and predominant nosocomial pathogens at OSU	Assistant Professor, Florida, USA
Daniel Tadesse 2005-2009	PhD Ohio State University	Major Advisor	Molecular Epidemiology of Campylobacter and Yersinia enterocolitica isolates from Pigs raised in	Senior Microbiologist, Food and Drug Administration, Ctr for Veterinary Medicine, Laurel, MD
Prapas Patchanee 2005-2008	PhD Ohio State University	Major Advisor	Epidemiology of Salmonella enterica related to Swine Production Systems/ food Safety	Associate Professor and Department Head, Dept. of Large Animal, Chiang Mai University, Thailand
Beneat Obanda 2012-2023	PhD candidate University of Nairobi	Co-Major advisor	MRSA among HIV patients and community food handlers in Kenya	Scientist, Kenya Medical Research Institute (KEMRI)
Tadesse Eguale 2011-2016	PhD Addis Ababa University	Co-Major advisor	MDR Salmonella in Food animals and humans in Ethiopia	Asst. professor, Addis Ababa University, Ethiopia
Eyasu Tigabu 2011-2014	PhD Addis Ababa University	Co-Major advisor	Staphylococcus aureus in milk production system in Center Highlands of Ethiopia: Bacteriology and molecular characterization	Research Scientist, Ethiopian Public Health Institute, Ethiopia
Melanie Abley 2006-2011	PhD Ohio State University	Co-Major advisor	Tracking, Quantifying, Phenotyping and Genotyping of Campylobacter in Cattle and Pigs across the Farm to Fork Continuum	Senior Microbiologist, USDA FSIS, New York

DOCTOR OF PHILOSOPHY (PHD) GRADUATE ADVISORY COMMITTEE

Trainee Name & Training Dates	Degree Institution	Mentor Role	Project Title for Graduate Degree	Current Position
Enrique Delgado Suarez 2015- 2019	PhD candidate Autonomous University of Mexico (UNAM)	Advisory Committee member	Use of Next Generation Sequencing (NGS) for Virulence and Drug resistance in Beef Production systems	Associate professor of
Alem Abraha 2014-2018	PhD candidate Addis Ababa University	Advisory Committee member	Molecular epidemiology of MRSA in Hospitals and the environment in Norther Ethiopia	Laboratory Director, Yekatit 12 medical center, Ethiopia
Yasser Sanad 2007-2011	PhD Ohio State University	Advisory Committee member	Molecular Epidemiological and Pathogenesis Studies on Campylobacter Species in Cattle and Sheep	Oak Ridge Post-Doctoral Research fellow, Food and Drug Admin., US
2019-Present	DVM/MPH Dual	Major Advisor	Organizing a public health knowledge platform for broader scientific community using the	MPH candidate
Kelvin Lim 2013-2015	MSc/MPH Ohio State University	Major advisor	Effect of Flavophospholipol on the acquisition and loss of antimicrobial resistance in multi-drug resistant Salmonella enterica serovar Enteritidis in broiler chickens	Acting Director of Surveillance and Meat Inspection, Agri-Food and Veterinary Authority, Singapore
Heather Yee 2015-2017	MSc/ MPH Dual	Major advisor	Transcriptome analysis of Salmonella between U.S. and Brazilian isolates	Global Innovation Fellow
Analiiese Haftman 2012-2014	MPH, DVM Ohio State University	Major Advisor	The Isolation and Characterization of Salmonella from Swine Feces in Kenya	DVM candidate, Ohio State University
Pamela Fry 2009-2011	MSc Resident Ohio State University	Major advisor	Phenotypic and Genotypic Characterization of Clostridium difficile of swine and human origin	Asst. Professor, University of Missouri, Columbia, MO
Narry Tiao 2006-2008	MSc, DVM Ohio State University	Major Advisor	Phenotypic and Genotypic Characterization of Staphylococci from Dairy Farms in Northeast Brazil	Veterinary practitioner
Megan Drobotij 2008-2010	MPH, VPH Ohio State University	Major advisor	Prevalence of methicillin- resistant staphylococci (MRS+) in pigs and farm workers	Aerospace medical Squadron, U.S. Military
Sophia Dailey 2009-2011	MPH, VPH Ohio State University	Major advisor	Microbiological Quality of Milk Produced in Urban and Peri- Urban Farms in Central	Scientist, Ohio Department of Health, Columbus, OH
Cindy Vanderbilt 2007-2009	MPH Ohio State University	Major advisor	Phenotypic and Genotypic characterization of Pseudomonas aeruginosa from different geographic locations and hostspecies	Staff Analyst, CAS, Columbus, OH
Jennifer Schissler 2007-2009	MSc and Resident Ohio State University	Advisory Committee member	Species Identification by PCR from the Skin and Ears of Dogs and Evaluation for Canine Methicillin-resistant Staphylococcus	Dermatology specialty practitioner, KY

Post-Doctoral Researchers: 9

Trainee	Training Dates	Project Title for Graduate Degree	Current Position
Laura Binkley	2019-present	Global One Health communications, Secretary of the Board of Managers, GOH, LLC; wildlife human interface.	Post-Doctoral Researcher, Global One Health initiative
Zelalem Mekuria	2019-2021	Global One Health capacity building Laboratory management, genomics and bioinformatics	Asst. Professor of Genomics, Global One Health initiative
Mostafa Ghanem	2017-2019	Genomics capacity and Global One Health priorities	Assistant Professor, University of Maryland
Valeria Artuso-Ponte	2015-2016	Plant Alkaloid QBA and impact on microbiome and MDR Salmonella.	Senior scientist, Phytobiotics GmBH
Bayleyegn Molla	2007-2013	Impact of biocides and other co-selectives on emergence and persistence of MDR Salmonella.	Regulatory Microbiologist, USDA FSIS
Govindan Rajamohan	2007-2009	Acinetobacter baumannii: Biocides, biofilm and the role of multi-drug efflux systems	Senior Scientist Institute of Microbial Technology (IMTECH), India
Vijaya Srivatsan	2007-2009	Cloning and functional analysis of the RND and MATE Multi-drug efflux systems in A. baumannii.	Academic staff, India
