To Whom It May Concern:

At this time, Agere Systems owns the following issued United States patents that Include one or more claims that may be required to practice the draft standard for IEEE 802.11f (Recommended Practice for Multi-Vendor Access Point Interoperability via an Inter-Access Point Protocol Across Distribution Systems Supporting IEEE 802.11 Operation). Agere owns a large portfolio of patents, including a large number of patents in the Wireless Local Area Network space, and there may be other patents and patent applications in our patent portfolio that are required to meet the 802.11f standard in addition to the ones listed below.

U.S. Issued Patents
5,371,738
5,636,217

Agere Systems will make available on a non-exclusive basis, under reasonable terms and conditions that are nondiscriminatory, licenses to patents and patent applications owned by Agere to the extent required to practice the IEEE 802.11f standard, subject to receipt by Agere of reciprocal licenses from the licensee.

If you have any questions regarding this matter, please contact Caroline Liott by e-mail (<u>cliott@agere.com</u>) or telephone (610-712-3474).
