

New specialist course: **Avaloq Wealth Platform Configuration**

Academy will soon offer **specialist certificates** for **standalone digital products (SDPs)**.

The first of these is the Avaloq Wealth Platform Configuration course, which will cover **Investment Advisory (IA)** and **Discretionary Portfolio Management (DPM)**.

As a **prerequisite**, you will need to have completed the **Avaloq Container Platform Reference (ACPR)** course for the deployment of containerized products.

The ACPR course is available to anyone who wishes to complete this specialist certification. So, make sure you sign up while we're building the new courses.
