

Keep your Avalog know-how up to date!

This year, we've rolled out a fantastic array of new courses, and we understand that keeping up can be a challenge. This is why we've developed a **brand new offering for 2024**: the **Avalog Academy Subscription Library**. It contains **Avalog learning materials in various formats** – anything from **theory videos and product demonstrations to interactive theory and demo videos**. This library of short courses is designed to make introductory-level know-how accessible to everyone!

Enhancing system performance for greater efficiency

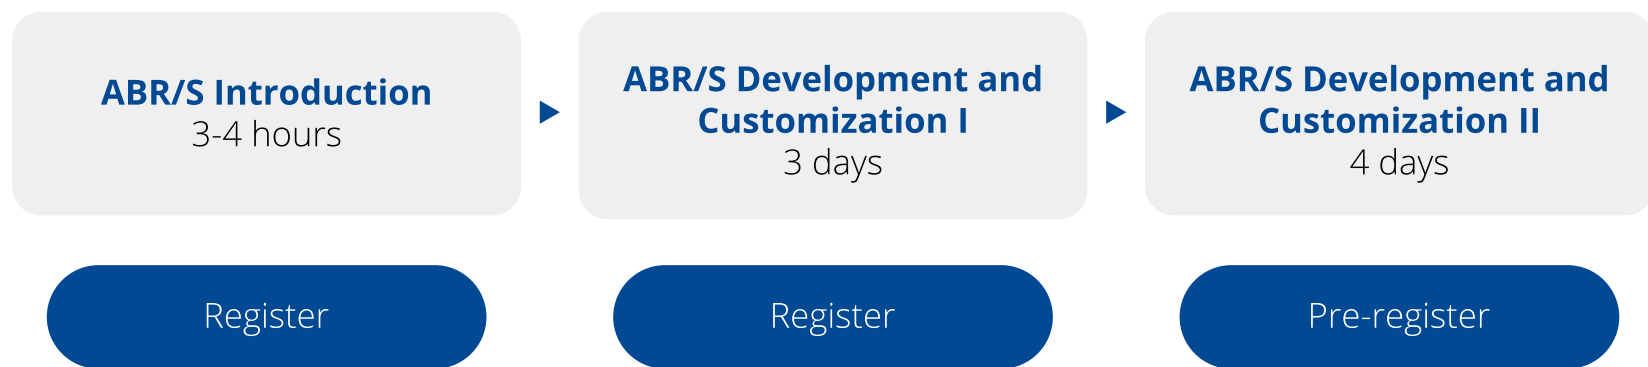

Following the recent success of the ACP System Performance courses, we're excited to announce a **monthly release schedule for online courses for 2024!** We'd also like to remind you that we'll be hosting an **on-site course at our Avalog offices in Berlin in January**.

ABR/S here we come!

We believe in the power of **standardization for uniformity and reliability**; our **commitment to your education** is evident in our **ABR/S Certified Practitioner track**.

Interested in an on-site course oder Unterricht auf Deutsch?

We've heard from clients that going to a physical classroom boosts focus and increases engagement. **Next year**, we'll be offering a few **on-site courses**, available for you to browse on our website. We can't wait to see you in the classroom!

Haben Sie gewusst, dass wir **mehrere Kurse auf Deutsch anbieten**? So z.B. **Person Object Modelling, Customization Principles, Community APIs oder Mastering Advanced Avalog Script Techniques**. Falls Sie sich für deutschsprachige Kurse interessieren, würden wir uns freuen, von Ihnen zu hören.

Thank you, and we look forward to seeing you again in class in 2024!

It was a great pleasure to share our knowledge and meet more than 1,500 course participants online. Hopefully, we'll get to meet some of you next year in person, too!

We hope you enjoy a wonderful holiday period relaxing and celebrating with loved ones, and we wish you all a very Happy New Year!

Jam Wafy
Head of Avalog Academy
