Chemicals

In addition to access to the Port of Mobile, CN's network connects to our CargoFlo® bulk handling as well as metals and minerals distribution facilities in Mobile, which handle petroleum products from Western Canada and coal from the U.S. Midwest.

CN's strategic connection to the Port of Mobile on the Gulf Coast provides capacity and fluidity in connecting the U.S. Midwest with markets overseas. CN's daily trains between key markets such as Chicago, Detroit and Memphis provide viable options for congested supply chains.

## Network Investments

Over the past decade, CN has invested about US\$15 million to build and maintain a safe and efficient network in Alabama and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, public crossings, culverts, signal systems and other track infrastructure.

## Community Investments

In 2023, CN contributed to several Alabama-based organizations, including:

**INDIVIDUAL & FAMILY SUPPORT OF SOUTH ALABAMA** Family Support aids families with children with a developmental disability or traumatic brain injury across 10 counties in Alabama.

**OZANAM CHARITABLE PHARMACY** Ozanam Charitable Pharmacy is Alabama's only licensed charitable pharmacy, providing free prescription medications to uninsured individuals in Mobile, Baldwin, Washington and Escambia counties.
