

Public Law 104-39
104th Congress

An Act

Nov. 1, 1995
[S. 227]

To amend title 17, United States Code, to provide an exclusive right to perform sound recordings publicly by means of digital transmissions, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Digital
Performance
Right in Sound
Recordings Act of
1995.
Copyrights.
Communications.
17 USC 101 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Digital Performance Right in Sound Recordings Act of 1995”.

SEC. 2. EXCLUSIVE RIGHTS IN COPYRIGHTED WORKS.

Section 106 of title 17, United States Code, is amended—

(1) in paragraph (4) by striking “and” after the semicolon;

(2) in paragraph (5) by striking the period and inserting “; and”; and

(3) by adding at the end the following:

“(6) in the case of sound recordings, to perform the copyrighted work publicly by means of a digital audio transmission.”.

SEC. 3. SCOPE OF EXCLUSIVE RIGHTS IN SOUND RECORDINGS.

Section 114 of title 17, United States Code, is amended—

(1) in subsection (a) by striking “and (3)” and inserting “(3) and (6)”;

(2) in subsection (b) in the first sentence by striking “phonorecords, or of copies of motion pictures and other audiovisual works,” and inserting “phonorecords or copies”;

(3) by striking subsection (d) and inserting:

“(d) **LIMITATIONS ON EXCLUSIVE RIGHT.**—Notwithstanding the provisions of section 106(6)—

“(1) **EXEMPT TRANSMISSIONS AND RETRANSMISSIONS.**—The performance of a sound recording publicly by means of a digital audio transmission, other than as a part of an interactive service, is not an infringement of section 106(6) if the performance is part of—

“(A)(i) a nonsubscription transmission other than a retransmission;

“(ii) an initial nonsubscription retransmission made for direct reception by members of the public of a prior or simultaneous incidental transmission that is not made for direct reception by members of the public; or

“(iii) a nonsubscription broadcast transmission;

“(B) a retransmission of a nonsubscription broadcast transmission: *Provided*, That, in the case of a retransmission of a radio station’s broadcast transmission—

“(i) the radio station’s broadcast transmission is not willfully or repeatedly retransmitted more than a radius of 150 miles from the site of the radio broadcast transmitter, however—

“(I) the 150 mile limitation under this clause shall not apply when a nonsubscription broadcast transmission by a radio station licensed by the Federal Communications Commission is retransmitted on a nonsubscription basis by a terrestrial broadcast station, terrestrial translator, or terrestrial repeater licensed by the Federal Communications Commission; and

“(II) in the case of a subscription retransmission of a nonsubscription broadcast retransmission covered by subclause (I), the 150 mile radius shall be measured from the transmitter site of such broadcast retransmitter;

“(ii) the retransmission is of radio station broadcast transmissions that are—

“(I) obtained by the retransmitter over the air;

“(II) not electronically processed by the retransmitter to deliver separate and discrete signals; and

“(III) retransmitted only within the local communities served by the retransmitter;

“(iii) the radio station’s broadcast transmission was being retransmitted to cable systems (as defined in section 111(f)) by a satellite carrier on January 1, 1995, and that retransmission was being retransmitted by cable systems as a separate and discrete signal, and the satellite carrier obtains the radio station’s broadcast transmission in an analog format: *Provided*, That the broadcast transmission being retransmitted may embody the programming of no more than one radio station; or

“(iv) the radio station’s broadcast transmission is made by a noncommercial educational broadcast station funded on or after January 1, 1995, under section 396(k) of the Communications Act of 1934 (47 U.S.C. 396(k)), consists solely of noncommercial educational and cultural radio programs, and the retransmission, whether or not simultaneous, is a nonsubscription terrestrial broadcast retransmission; or

“(C) a transmission that comes within any of the following categories—

“(i) a prior or simultaneous transmission incidental to an exempt transmission, such as a feed received by and then retransmitted by an exempt transmitter: *Provided*, That such incidental transmissions do not include any subscription transmission directly for reception by members of the public;

“(ii) a transmission within a business establishment, confined to its premises or the immediately surrounding vicinity;

“(iii) a retransmission by any retransmitter, including a multichannel video programming distributor as

defined in section 602(12) of the Communications Act of 1934 (47 U.S.C. 522(12)), of a transmission by a transmitter licensed to publicly perform the sound recording as a part of that transmission, if the retransmission is simultaneous with the licensed transmission and authorized by the transmitter; or

“(iv) a transmission to a business establishment for use in the ordinary course of its business: *Provided*, That the business recipient does not retransmit the transmission outside of its premises or the immediately surrounding vicinity, and that the transmission does not exceed the sound recording performance complement. Nothing in this clause shall limit the scope of the exemption in clause (ii).

“(2) SUBSCRIPTION TRANSMISSIONS.—In the case of a subscription transmission not exempt under subsection (d)(1), the performance of a sound recording publicly by means of a digital audio transmission shall be subject to statutory licensing, in accordance with subsection (f) of this section, if—

“(A) the transmission is not part of an interactive service;

“(B) the transmission does not exceed the sound recording performance complement;

“(C) the transmitting entity does not cause to be published by means of an advance program schedule or prior announcement the titles of the specific sound recordings or phonorecords embodying such sound recordings to be transmitted;

“(D) except in the case of transmission to a business establishment, the transmitting entity does not automatically and intentionally cause any device receiving the transmission to switch from one program channel to another; and

“(E) except as provided in section 1002(e) of this title, the transmission of the sound recording is accompanied by the information encoded in that sound recording, if any, by or under the authority of the copyright owner of that sound recording, that identifies the title of the sound recording, the featured recording artist who performs on the sound recording, and related information, including information concerning the underlying musical work and its writer.

“(3) LICENSES FOR TRANSMISSIONS BY INTERACTIVE SERVICES.—

“(A) No interactive service shall be granted an exclusive license under section 106(6) for the performance of a sound recording publicly by means of digital audio transmission for a period in excess of 12 months, except that with respect to an exclusive license granted to an interactive service by a licensor that holds the copyright to 1,000 or fewer sound recordings, the period of such license shall not exceed 24 months: *Provided, however*, That the grantee of such exclusive license shall be ineligible to receive another exclusive license for the performance of that sound recording for a period of 13 months from the expiration of the prior exclusive license.

“(B) The limitation set forth in subparagraph (A) of this paragraph shall not apply if—

“(i) the licensor has granted and there remain in effect licenses under section 106(6) for the public performance of sound recordings by means of digital audio transmission by at least 5 different interactive services: *Provided, however,* That each such license must be for a minimum of 10 percent of the copyrighted sound recordings owned by the licensor that have been licensed to interactive services, but in no event less than 50 sound recordings; or

“(ii) the exclusive license is granted to perform publicly up to 45 seconds of a sound recording and the sole purpose of the performance is to promote the distribution or performance of that sound recording.

“(C) Notwithstanding the grant of an exclusive or non-exclusive license of the right of public performance under section 106(6), an interactive service may not publicly perform a sound recording unless a license has been granted for the public performance of any copyrighted musical work contained in the sound recording: *Provided,* That such license to publicly perform the copyrighted musical work may be granted either by a performing rights society representing the copyright owner or by the copyright owner.

“(D) The performance of a sound recording by means of a retransmission of a digital audio transmission is not an infringement of section 106(6) if—

“(i) the retransmission is of a transmission by an interactive service licensed to publicly perform the sound recording to a particular member of the public as part of that transmission; and

“(ii) the retransmission is simultaneous with the licensed transmission, authorized by the transmitter, and limited to that particular member of the public intended by the interactive service to be the recipient of the transmission.

“(E) For the purposes of this paragraph—

“(i) a ‘licensor’ shall include the licensing entity and any other entity under any material degree of common ownership, management, or control that owns copyrights in sound recordings; and

“(ii) a ‘performing rights society’ is an association or corporation that licenses the public performance of nondramatic musical works on behalf of the copyright owner, such as the American Society of Composers, Authors and Publishers, Broadcast Music, Inc., and SESAC, Inc.

“(4) RIGHTS NOT OTHERWISE LIMITED.—

“(A) Except as expressly provided in this section, this section does not limit or impair the exclusive right to perform a sound recording publicly by means of a digital audio transmission under section 106(6).

“(B) Nothing in this section annuls or limits in any way—

“(i) the exclusive right to publicly perform a musical work, including by means of a digital audio transmission, under section 106(4);

“(ii) the exclusive rights in a sound recording or the musical work embodied therein under sections 106(1), 106(2) and 106(3); or

“(iii) any other rights under any other clause of section 106, or remedies available under this title, as such rights or remedies exist either before or after the date of enactment of the Digital Performance Right in Sound Recordings Act of 1995.

“(C) Any limitations in this section on the exclusive right under section 106(6) apply only to the exclusive right under section 106(6) and not to any other exclusive rights under section 106. Nothing in this section shall be construed to annul, limit, impair or otherwise affect in any way the ability of the owner of a copyright in a sound recording to exercise the rights under sections 106(1), 106(2) and 106(3), or to obtain the remedies available under this title pursuant to such rights, as such rights and remedies exist either before or after the date of enactment of the Digital Performance Right in Sound Recordings Act of 1995.”; and

(4) by adding after subsection (d) the following:

“(e) **AUTHORITY FOR NEGOTIATIONS.**—

“(1) Notwithstanding any provision of the antitrust laws, in negotiating statutory licenses in accordance with subsection (f), any copyright owners of sound recordings and any entities performing sound recordings affected by this section may negotiate and agree upon the royalty rates and license terms and conditions for the performance of such sound recordings and the proportionate division of fees paid among copyright owners, and may designate common agents on a nonexclusive basis to negotiate, agree to, pay, or receive payments.

“(2) For licenses granted under section 106(6), other than statutory licenses, such as for performances by interactive services or performances that exceed the sound recording performance complement—

“(A) copyright owners of sound recordings affected by this section may designate common agents to act on their behalf to grant licenses and receive and remit royalty payments: *Provided*, That each copyright owner shall establish the royalty rates and material license terms and conditions unilaterally, that is, not in agreement, combination, or concert with other copyright owners of sound recordings; and

“(B) entities performing sound recordings affected by this section may designate common agents to act on their behalf to obtain licenses and collect and pay royalty fees: *Provided*, That each entity performing sound recordings shall determine the royalty rates and material license terms and conditions unilaterally, that is, not in agreement, combination, or concert with other entities performing sound recordings.

“(f) **LICENSES FOR NONEXEMPT SUBSCRIPTION TRANSMISSIONS.**—

“(1) No later than 30 days after the enactment of the Digital Performance Right in Sound Recordings Act of 1995,

the Librarian of Congress shall cause notice to be published in the Federal Register of the initiation of voluntary negotiation proceedings for the purpose of determining reasonable terms and rates of royalty payments for the activities specified by subsection (d)(2) of this section during the period beginning on the effective date of such Act and ending on December 31, 2000. Such terms and rates shall distinguish among the different types of digital audio transmission services then in operation. Any copyright owners of sound recordings or any entities performing sound recordings affected by this section may submit to the Librarian of Congress licenses covering such activities with respect to such sound recordings. The parties to each negotiation proceeding shall bear their own costs.

“(2) In the absence of license agreements negotiated under paragraph (1), during the 60-day period commencing 6 months after publication of the notice specified in paragraph (1), and upon the filing of a petition in accordance with section 803(a)(1), the Librarian of Congress shall, pursuant to chapter 8, convene a copyright arbitration royalty panel to determine and publish in the Federal Register a schedule of rates and terms which, subject to paragraph (3), shall be binding on all copyright owners of sound recordings and entities performing sound recordings. In addition to the objectives set forth in section 801(b)(1), in establishing such rates and terms, the copyright arbitration royalty panel may consider the rates and terms for comparable types of digital audio transmission services and comparable circumstances under voluntary license agreements negotiated as provided in paragraph (1). The Librarian of Congress shall also establish requirements by which copyright owners may receive reasonable notice of the use of their sound recordings under this section, and under which records of such use shall be kept and made available by entities performing sound recordings.

Records.

“(3) License agreements voluntarily negotiated at any time between one or more copyright owners of sound recordings and one or more entities performing sound recordings shall be given effect in lieu of any determination by a copyright arbitration royalty panel or decision by the Librarian of Congress.

“(4)(A) Publication of a notice of the initiation of voluntary negotiation proceedings as specified in paragraph (1) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe—

Regulations.

“(i) no later than 30 days after a petition is filed by any copyright owners of sound recordings or any entities performing sound recordings affected by this section indicating that a new type of digital audio transmission service on which sound recordings are performed is or is about to become operational; and

“(ii) in the first week of January, 2000 and at 5-year intervals thereafter.

“(B)(i) The procedures specified in paragraph (2) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe, upon the filing of a petition in accordance with section 803(a)(1) during a 60-day period commencing—

“(I) six months after publication of a notice of the initiation of voluntary negotiation proceedings under paragraph (1) pursuant to a petition under paragraph (4)(A)(i); or

“(II) on July 1, 2000 and at 5-year intervals thereafter.

“(ii) The procedures specified in paragraph (2) shall be concluded in accordance with section 802.

“(5)(A) Any person who wishes to perform a sound recording publicly by means of a nonexempt subscription transmission under this subsection may do so without infringing the exclusive right of the copyright owner of the sound recording—

“(i) by complying with such notice requirements as the Librarian of Congress shall prescribe by regulation and by paying royalty fees in accordance with this subsection; or

“(ii) if such royalty fees have not been set, by agreeing to pay such royalty fees as shall be determined in accordance with this subsection.

“(B) Any royalty payments in arrears shall be made on or before the twentieth day of the month next succeeding the month in which the royalty fees are set.

“(g) PROCEEDS FROM LICENSING OF SUBSCRIPTION TRANSMISSIONS.—

“(1) Except in the case of a subscription transmission licensed in accordance with subsection (f) of this section—

“(A) a featured recording artist who performs on a sound recording that has been licensed for a subscription transmission shall be entitled to receive payments from the copyright owner of the sound recording in accordance with the terms of the artist's contract; and

“(B) a nonfeatured recording artist who performs on a sound recording that has been licensed for a subscription transmission shall be entitled to receive payments from the copyright owner of the sound recording in accordance with the terms of the nonfeatured recording artist's applicable contract or other applicable agreement.

“(2) The copyright owner of the exclusive right under section 106(6) of this title to publicly perform a sound recording by means of a digital audio transmission shall allocate to recording artists in the following manner its receipts from the statutory licensing of subscription transmission performances of the sound recording in accordance with subsection (f) of this section:

“(A) 2½ percent of the receipts shall be deposited in an escrow account managed by an independent administrator jointly appointed by copyright owners of sound recordings and the American Federation of Musicians (or any successor entity) to be distributed to nonfeatured musicians (whether or not members of the American Federation of Musicians) who have performed on sound recordings.

“(B) 2½ percent of the receipts shall be deposited in an escrow account managed by an independent administrator jointly appointed by copyright owners of sound recordings and the American Federation of Television and Radio Artists (or any successor entity) to be distributed to nonfeatured vocalists (whether or not members of the

American Federation of Television and Radio Artists) who have performed on sound recordings.

“(C) 45 percent of the receipts shall be allocated, on a per sound recording basis, to the recording artist or artists featured on such sound recording (or the persons conveying rights in the artists’ performance in the sound recordings).

“(h) LICENSING TO AFFILIATES.—

“(1) If the copyright owner of a sound recording licenses an affiliated entity the right to publicly perform a sound recording by means of a digital audio transmission under section 106(6), the copyright owner shall make the licensed sound recording available under section 106(6) on no less favorable terms and conditions to all bona fide entities that offer similar services, except that, if there are material differences in the scope of the requested license with respect to the type of service, the particular sound recordings licensed, the frequency of use, the number of subscribers served, or the duration, then the copyright owner may establish different terms and conditions for such other services.

“(2) The limitation set forth in paragraph (1) of this subsection shall not apply in the case where the copyright owner of a sound recording licenses—

“(A) an interactive service; or

“(B) an entity to perform publicly up to 45 seconds of the sound recording and the sole purpose of the performance is to promote the distribution or performance of that sound recording.

“(i) NO EFFECT ON ROYALTIES FOR UNDERLYING WORKS.— License fees payable for the public performance of sound recordings under section 106(6) shall not be taken into account in any administrative, judicial, or other governmental proceeding to set or adjust the royalties payable to copyright owners of musical works for the public performance of their works. It is the intent of Congress that royalties payable to copyright owners of musical works for the public performance of their works shall not be diminished in any respect as a result of the rights granted by section 106(6).

“(j) DEFINITIONS.—As used in this section, the following terms have the following meanings:

“(1) An ‘affiliated entity’ is an entity engaging in digital audio transmissions covered by section 106(6), other than an interactive service, in which the licensor has any direct or indirect partnership or any ownership interest amounting to 5 percent or more of the outstanding voting or non-voting stock.

“(2) A ‘broadcast’ transmission is a transmission made by a terrestrial broadcast station licensed as such by the Federal Communications Commission.

“(3) A ‘digital audio transmission’ is a digital transmission as defined in section 101, that embodies the transmission of a sound recording. This term does not include the transmission of any audiovisual work.

“(4) An ‘interactive service’ is one that enables a member of the public to receive, on request, a transmission of a particular sound recording chosen by or on behalf of the recipient. The ability of individuals to request that particular sound recordings be performed for reception by the public at large

does not make a service interactive. If an entity offers both interactive and non-interactive services (either concurrently or at different times), the non-interactive component shall not be treated as part of an interactive service.

“(5) A ‘nonsubscription’ transmission is any transmission that is not a subscription transmission.

“(6) A ‘retransmission’ is a further transmission of an initial transmission, and includes any further retransmission of the same transmission. Except as provided in this section, a transmission qualifies as a ‘retransmission’ only if it is simultaneous with the initial transmission. Nothing in this definition shall be construed to exempt a transmission that fails to satisfy a separate element required to qualify for an exemption under section 114(d)(1).

“(7) The ‘sound recording performance complement’ is the transmission during any 3-hour period, on a particular channel used by a transmitting entity, of no more than—

“(A) 3 different selections of sound recordings from any one phonorecord lawfully distributed for public performance or sale in the United States, if no more than 2 such selections are transmitted consecutively; or

“(B) 4 different selections of sound recordings—

“(i) by the same featured recording artist; or

“(ii) from any set or compilation of phonorecords lawfully distributed together as a unit for public performance or sale in the United States,

if no more than three such selections are transmitted consecutively:

Provided, That the transmission of selections in excess of the numerical limits provided for in clauses (A) and (B) from multiple phonorecords shall nonetheless qualify as a sound recording performance complement if the programming of the multiple phonorecords was not willfully intended to avoid the numerical limitations prescribed in such clauses.

“(8) A ‘subscription’ transmission is a transmission that is controlled and limited to particular recipients, and for which consideration is required to be paid or otherwise given by or on behalf of the recipient to receive the transmission or a package of transmissions including the transmission.

“(9) A ‘transmission’ includes both an initial transmission and a retransmission.”.

SEC. 4. MECHANICAL ROYALTIES IN DIGITAL PHONORECORD DELIVERIES.

Section 115 of title 17, United States Code, is amended—
(1) in subsection (a)(1)—

(A) in the first sentence by striking out “any other person” and inserting in lieu thereof “any other person, including those who make phonorecords or digital phonorecord deliveries,”; and

(B) in the second sentence by inserting before the period “, including by means of a digital phonorecord delivery”;

(2) in subsection (c)(2) in the second sentence by inserting “and other than as provided in paragraph (3),” after “For this purpose,”;

(3) by redesignating paragraphs (3), (4), and (5) of subsection (c) as paragraphs (4), (5), and (6), respectively, and by inserting after paragraph (2) the following new paragraph:

“(3)(A) A compulsory license under this section includes the right of the compulsory licensee to distribute or authorize the distribution of a phonorecord of a nondramatic musical work by means of a digital transmission which constitutes a digital phonorecord delivery, regardless of whether the digital transmission is also a public performance of the sound recording under section 106(6) of this title or of any nondramatic musical work embodied therein under section 106(4) of this title. For every digital phonorecord delivery by or under the authority of the compulsory licensee—

“(i) on or before December 31, 1997, the royalty payable by the compulsory licensee shall be the royalty prescribed under paragraph (2) and chapter 8 of this title; and

“(ii) on or after January 1, 1998, the royalty payable by the compulsory licensee shall be the royalty prescribed under subparagraphs (B) through (F) and chapter 8 of this title.

“(B) Notwithstanding any provision of the antitrust laws, any copyright owners of nondramatic musical works and any persons entitled to obtain a compulsory license under subsection (a)(1) may negotiate and agree upon the terms and rates of royalty payments under this paragraph and the proportionate division of fees paid among copyright owners, and may designate common agents to negotiate, agree to, pay or receive such royalty payments. Such authority to negotiate the terms and rates of royalty payments includes, but is not limited to, the authority to negotiate the year during which the royalty rates prescribed under subparagraphs (B) through (F) and chapter 8 of this title shall next be determined.

“(C) During the period of June 30, 1996, through December 31, 1996, the Librarian of Congress shall cause notice to be published in the Federal Register of the initiation of voluntary negotiation proceedings for the purpose of determining reasonable terms and rates of royalty payments for the activities specified by subparagraph (A) during the period beginning January 1, 1998, and ending on the effective date of any new terms and rates established pursuant to subparagraph (C), (D) or (F), or such other date (regarding digital phonorecord deliveries) as the parties may agree. Such terms and rates shall distinguish between (i) digital phonorecord deliveries where the reproduction or distribution of a phonorecord is incidental to the transmission which constitutes the digital phonorecord delivery, and (ii) digital phonorecord deliveries in general. Any copyright owners of nondramatic musical works and any persons entitled to obtain a compulsory license under subsection (a)(1) may submit to the Librarian of Congress licenses covering such activities. The parties to each negotiation proceeding shall bear their own costs.

“(D) In the absence of license agreements negotiated under subparagraphs (B) and (C), upon the filing of a petition in accordance with section 803(a)(1), the Librarian of Congress shall, pursuant to chapter 8, convene a copyright arbitration royalty panel to determine and publish in the Federal Register a schedule of rates and terms which, subject to subparagraph

(E), shall be binding on all copyright owners of nondramatic musical works and persons entitled to obtain a compulsory license under subsection (a)(1) during the period beginning January 1, 1998, and ending on the effective date of any new terms and rates established pursuant to subparagraph (C), (D) or (F), or such other date (regarding digital phonorecord deliveries) as may be determined pursuant to subparagraphs (B) and (C). Such terms and rates shall distinguish between (i) digital phonorecord deliveries where the reproduction or distribution of a phonorecord is incidental to the transmission which constitutes the digital phonorecord delivery, and (ii) digital phonorecord deliveries in general. In addition to the objectives set forth in section 801(b)(1), in establishing such rates and terms, the copyright arbitration royalty panel may consider rates and terms under voluntary license agreements negotiated as provided in subparagraphs (B) and (C). The royalty rates payable for a compulsory license for a digital phonorecord delivery under this section shall be established de novo and no precedential effect shall be given to the amount of the royalty payable by a compulsory licensee for digital phonorecord deliveries on or before December 31, 1997. The Librarian of Congress shall also establish requirements by which copyright owners may receive reasonable notice of the use of their works under this section, and under which records of such use shall be kept and made available by persons making digital phonorecord deliveries.

Records.

“(E)(i) License agreements voluntarily negotiated at any time between one or more copyright owners of nondramatic musical works and one or more persons entitled to obtain a compulsory license under subsection (a)(1) shall be given effect in lieu of any determination by the Librarian of Congress. Subject to clause (ii), the royalty rates determined pursuant to subparagraph (C), (D) or (F) shall be given effect in lieu of any contrary royalty rates specified in a contract pursuant to which a recording artist who is the author of a nondramatic musical work grants a license under that person’s exclusive rights in the musical work under sections 106 (1) and (3) or commits another person to grant a license in that musical work under sections 106 (1) and (3), to a person desiring to fix in a tangible medium of expression a sound recording embodying the musical work.

“(ii) The second sentence of clause (i) shall not apply to—

“(I) a contract entered into on or before June 22, 1995, and not modified thereafter for the purpose of reducing the royalty rates determined pursuant to subparagraph (C), (D) or (F) or of increasing the number of musical works within the scope of the contract covered by the reduced rates, except if a contract entered into on or before June 22, 1995, is modified thereafter for the purpose of increasing the number of musical works within the scope of the contract, any contrary royalty rates specified in the contract shall be given effect in lieu of royalty rates determined pursuant to subparagraph (C), (D) or (F) for the number of musical works within the scope of the contract as of June 22, 1995; and

“(II) a contract entered into after the date that the sound recording is fixed in a tangible medium of expression

substantially in a form intended for commercial release, if at the time the contract is entered into, the recording artist retains the right to grant licenses as to the musical work under sections 106(1) and 106(3).

“(F) The procedures specified in subparagraphs (C) and (D) shall be repeated and concluded, in accordance with regulations that the Librarian of Congress shall prescribe, in each fifth calendar year after 1997, except to the extent that different years for the repeating and concluding of such proceedings may be determined in accordance with subparagraphs (B) and (C).

Regulations.

“(G) Except as provided in section 1002(e) of this title, a digital phonorecord delivery licensed under this paragraph shall be accompanied by the information encoded in the sound recording, if any, by or under the authority of the copyright owner of that sound recording, that identifies the title of the sound recording, the featured recording artist who performs on the sound recording, and related information, including information concerning the underlying musical work and its writer.

“(H)(i) A digital phonorecord delivery of a sound recording is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and section 509, unless—

“(I) the digital phonorecord delivery has been authorized by the copyright owner of the sound recording; and

“(Ii) the owner of the copyright in the sound recording or the entity making the digital phonorecord delivery has obtained a compulsory license under this section or has otherwise been authorized by the copyright owner of the musical work to distribute or authorize the distribution, by means of a digital phonorecord delivery, of each musical work embodied in the sound recording.

“(ii) Any cause of action under this subparagraph shall be in addition to those available to the owner of the copyright in the nondramatic musical work under subsection (c)(6) and section 106(4) and the owner of the copyright in the sound recording under section 106(6).

“(I) The liability of the copyright owner of a sound recording for infringement of the copyright in a nondramatic musical work embodied in the sound recording shall be determined in accordance with applicable law, except that the owner of a copyright in a sound recording shall not be liable for a digital phonorecord delivery by a third party if the owner of the copyright in the sound recording does not license the distribution of a phonorecord of the nondramatic musical work.

“(J) Nothing in section 1008 shall be construed to prevent the exercise of the rights and remedies allowed by this paragraph, paragraph (6), and chapter 5 in the event of a digital phonorecord delivery, except that no action alleging infringement of copyright may be brought under this title against a manufacturer, importer or distributor of a digital audio recording device, a digital audio recording medium, an analog recording device, or an analog recording medium, or against a consumer, based on the actions described in such section.

“(K) Nothing in this section annuls or limits (i) the exclusive right to publicly perform a sound recording or the musical

work embodied therein, including by means of a digital transmission, under sections 106(4) and 106(6), (ii) except for compulsory licensing under the conditions specified by this section, the exclusive rights to reproduce and distribute the sound recording and the musical work embodied therein under sections 106(1) and 106(3), including by means of a digital phonorecord delivery, or (iii) any other rights under any other provision of section 106, or remedies available under this title, as such rights or remedies exist either before or after the date of enactment of the Digital Performance Right in Sound Recordings Act of 1995.

“(L) The provisions of this section concerning digital phonorecord deliveries shall not apply to any exempt transmissions or retransmissions under section 114(d)(1). The exemptions created in section 114(d)(1) do not expand or reduce the rights of copyright owners under section 106 (1) through (5) with respect to such transmissions and retransmissions.”; and

(5) by adding after subsection (c) the following:

“(d) DEFINITION.—As used in this section, the following term has the following meaning: A ‘digital phonorecord delivery’ is each individual delivery of a phonorecord by digital transmission of a sound recording which results in a specifically identifiable reproduction by or for any transmission recipient of a phonorecord of that sound recording, regardless of whether the digital transmission is also a public performance of the sound recording or any nondramatic musical work embodied therein. A digital phonorecord delivery does not result from a real-time, non-interactive subscription transmission of a sound recording where no reproduction of the sound recording or the musical work embodied therein is made from the inception of the transmission through to its receipt by the transmission recipient in order to make the sound recording audible.”.

SEC. 5. CONFORMING AMENDMENTS.

(a) DEFINITIONS.—Section 101 of title 17, United States Code, is amended by inserting after the definition of “device”, “machine”, or “process” the following:

“A ‘digital transmission’ is a transmission in whole or in part in a digital or other non-analog format.”.

(b) LIMITATIONS ON EXCLUSIVE RIGHTS: SECONDARY TRANSMISSIONS.—Section 111(c)(1) of title 17, United States Code, is amended in the first sentence by inserting “and section 114(d)” after “of this subsection”.

(c) LIMITATIONS ON EXCLUSIVE RIGHTS: SECONDARY TRANSMISSIONS OF SUPERSTATIONS AND NETWORK STATIONS FOR PRIVATE HOME VIEWING.—

(1) Section 119(a)(1) of title 17, United States Code, is amended in the first sentence by inserting “and section 114(d)” after “of this subsection”.
