15 “(a) VIOLATIONS REGARDING CIRCUMVENTION OF
16 TECHNOLOGICAL MEASURES.—(1)(A) No person shall cir-
17 cumvent a technological measure that effectively controls
18 access to a work protected under this title. The prohibition
19 contained in the preceding sentence shall take effect at
20 the end of the 2-year period beginning on the date of the
21 enactment of this chapter.

1 “(B)(i) The prohibition contained in subparagraph
2 (A) shall not apply to persons with respect to a copy-
3 righted work which is in a particular class of works and
4 to which such persons have gained initial lawful access,
5 if such persons are, or are likely to be in the succeeding
6 3-year period, adversely affected by virtue of such prohibi-
7 tion in their ability to make noninfringing uses of that
8 particular class of works under this title, as determined
9 under subparagraph (C).

10 “(ii) The prohibition contained in subparagraph (A)
11 shall not apply to nonprofit libraries, archives, or edu-
12 cational institutions, or to any entity described in section
13 501(c)(3), (4), or (6) of the Internal Revenue Code of
14 1986 that is exempt from tax under section 501(a) of such
15 Code, with respect to a particular class of works, if such
16 entities are, or are likely to be in the succeeding 3-year
17 period, adversely affected by virtue of such prohibition in
18 their ability to make noninfringing uses of that particular
19 class of works under this title, as determined under sub-
20 paragraph (C).

21 “(C) During the 2-year period described in subpara-
22 graph (A), and during each succeeding 3-year period, the
23 Secretary of Commerce, in consultation with the Under
24 Secretary of Commerce for Intellectual Property Policy,
25 the Assistant Secretary of Commerce for Communications

1 and Information, and the Register of Copyrights, shall
2 conduct a rulemaking on the record to make the deter-
3 mination for purposes of subparagraph (B) of whether
4 nonprofit libraries, archives, or educational institutions
5 and other entities described in subparagraph (B) or per-
6 sons who have gained initial lawful access to a copyrighted
7 work are, or are likely to be in the succeeding 3-year pe-
8 riod, adversely affected by the prohibition under subpara-

4 of Commerce for Communications and Information,
5 and the Register of Copyrights, considers appro-
6 priate.

7 “(D) The Secretary shall publish any class of copy-
8 righted works for which the Secretary has determined,
9 pursuant to the rulemaking conducted under subpara-
10 graph (C), that noninfringing uses by nonprofit libraries,
11 archives, or educational institutions and other entities de-
12 scribed in subparagraph (B) or by persons who have
13 gained initial lawful access to a copyrighted work are, or
14 are likely to be, adversely affected, and the prohibition
15 contained in subparagraph (A) shall not apply to such en-
16 tities with respect to such class of works, or to such per-
17 sons with respect to such copyrighted work, for the ensu-
18 ing 3-year period.

19 “(E) Neither the exception under subparagraph (B)
20 from the applicability of the prohibition contained in sub-
21 paragraph (A), nor any determination made in a rule-
22 making conducted under subparagraph (C), may be used
23 as a defense in any action to enforce any provision of this
24 title other than this paragraph.

1 “(2) No person shall manufacture, import, offer to
2 the public, provide, or otherwise traffic in any technology,
3 product, service, device, component, or part thereof,

6 purpose of circumventing a technological measure
7 that effectively controls access to a work protected
8 under this title;

10 purpose or use other than to circumvent a techno-
11 logical measure that effectively controls access to a
12 work protected under this title; or

13 “(C) is marketed by that person or another act-
14 ing in concert with that person with that person’s
15 knowledge for use in circumventing a technological
16 measure that effectively controls access to a work
17 protected under this title.

18 “(3) As used in this subsection—

19 “(A) to ‘circumvent a technological measure’
20 means to descramble a scrambled work, to decrypt
21 an encrypted work, or otherwise to avoid, bypass, re-
22 move, deactivate, or impair a technological measure,
23 without the authority of the copyright owner; and

24 “(B) a technological measure ‘effectively con-
25 trols access to a work’ if the measure, in the ordi-

1 nary course of its operation, requires the application
2 of information, or a process or a treatment, with the
3 authority of the copyright owner, to gain access to
4 the work.

5 “(b) ADDITIONAL VIOLATIONS.—(1) No person shall
6 manufacture, import, offer to the public, provide, or other-
7 wise traffic in any technology, product, service, device,
8 component, or part thereof, that—

9 “(A) is primarily designed or produced for the
10 purpose of circumventing protection afforded by a
11 technological measure that effectively protects a
12 right of a copyright owner under this title in a work
13 or a portion thereof;

14 “(B) has only limited commercially significant
15 purpose or use other than to circumvent protection
16 afforded by a technological measure that effectively
17 protects a right of a copyright owner under this title
18 in a work or a portion thereof; or

19 “(C) is marketed by that person or another act-
20 ing in concert with that person with that person’s
21 knowledge for use in circumventing protection af-
22 farded by a technological measure that effectively
23 protects a right of a copyright owner under this title
24 in a work or a portion thereof.

25 “(2) As used in this subsection—

1 “(A) to ‘circumvent protection afforded by a
2 technological measure’ means avoiding, bypassing,
3 removing, deactivating, or otherwise impairing a
4 technological measure; and

5 “(B) a technological measure ‘effectively pro-
6 tects a right of a copyright owner under this title’
7 if the measure, in the ordinary course of its oper-
8 ation, prevents, restricts, or otherwise limits the ex-
9 ercise of a right of a copyright owner under this
10 title.

11 “(c) OTHER RIGHTS, ETC., NOT AFFECTED.—(1)
12 Nothing in this section shall affect rights, remedies, limi-
13 tations, or defenses to copyright infringement, including
14 fair use, under this title.

15 “(2) Nothing in this section shall enlarge or diminish
16 vicarious or contributory liability for copyright infringe-
17 ment in connection with any technology, product, service,
18 device, component, or part thereof.

19 “(3) Nothing in this section shall require that the de-
20 sign of, or design and selection of parts and components
21 for, a consumer electronics, telecommunications, or com-
22 puting product provide for a response to any particular
23 technological measure.

24 “(4) Nothing in this section shall enlarge or diminish
25 any rights of free speech or the press for activities using

1 consumer electronics, telecommunications, or computing
2 products.

3 “(d) EXEMPTION FOR NONPROFIT LIBRARIES, AR-
4 CHIVES, AND EDUCATIONAL INSTITUTIONS.—(1) A non-
5 profit library, archives, or educational institution which
6 gains access to a commercially exploited copyrighted work
7 solely in order to make a good faith determination of
8 whether to acquire a copy of that work for the sole purpose
9 of engaging in conduct permitted under this title shall not
10 be in violation of subsection (a)(1)(A). A copy of a work
11 to which access has been gained under this paragraph—

12 “(A) may not be retained longer than necessary
13 to make such good faith determination; and

14 “(B) may not be used for any other purpose.

15 “(2) The exemption made available under paragraph
16 (1) shall only apply with respect to a work when an iden-
17 tical copy of that work is not reasonably available in an-
18 other form.

19 “(3) A nonprofit library, archives, or educational in-
20 stitution that willfully for the purpose of commercial ad-
21 vantage or financial gain violates paragraph (1)—

22 “(A) shall, for the first offense, be subject to
23 the civil remedies under section 1203; and

1 “(B) shall, for repeated or subsequent offenses,
2 in addition to the civil remedies under section 1203,
3 forfeit the exemption provided under paragraph (1).

4 “(4) This subsection may not be used as a defense
5 to a claim under subsection (a)(2) or (b), nor may this
6 subsection permit a nonprofit library, archives, or edu-
7 cational institution to manufacture, import, offer to the
8 public, provide, or otherwise traffic in any technology,
9 product, service, component, or part thereof, which cir-
10 cumvents a technological measure.

11 “(5) In order for a library or archives to qualify for
12 the exemption under this subsection, the collections of that
13 library or archives shall be—

14 “(A) open to the public; or

15 “(B) available not only to researchers affiliated
16 with the library or archives or with the institution
17 of which it is a part, but also to other persons doing
18 research in a specialized field.

19 “(e) LAW ENFORCEMENT AND INTELLIGENCE AC-
20 TIVITIES.—This section does not prohibit any lawfully au-
21 thorized investigative, protective, or intelligence activity of
22 an officer, agent, or employee of the United States, a
23 State, or a political subdivision of a State, or a person
24 acting pursuant to a contract with the United States, a
25 State, or a political subdivision of a State.

1 “(f) REVERSE ENGINEERING.—(1) Notwithstanding
2 the provisions of subsection (a)(1)(A), a person who has
3 lawfully obtained the right to use a copy of a computer
4 program may circumvent a technological measure that ef-
5 fectively controls access to a particular portion of that pro-
6 gram for the sole purpose of identifying and analyzing
7 those elements of the program that are necessary to
8 achieve interoperability of an independently created com-
9 puter program with other programs, and that have not
10 previously been readily available to the person engaging
11 in the circumvention, to the extent any such acts of identi-
12 fication and analysis do not constitute infringement under
13 this title.

14 “(2) Notwithstanding the provisions of subsections
15 (a)(2) and (b), a person may develop and employ techno-
16 logical means to circumvent a technological measure, or
17 to circumvent protection afforded by a technological meas-
18 ure, in order for that person to make the identification
19 and analysis permitted under paragraph (1), or for the
20 limited purpose of that person achieving interoperability
21 of an independently created computer program with other
22 programs, if such means are necessary to achieve such
23 interoperability, to the extent that doing so does not con-
24 stitute infringement under this title.

1 “(3) The information acquired through the acts per-
2 mitted under paragraph (1), and the means permitted
3 under paragraph (2), may be made available to others if
4 the person referred to in paragraphs (1) and (2) provides
5 such information or means solely for the purpose of
6 achieving interoperability of an independently created
7 computer program with other programs, and to the extent
8 that doing so does not constitute infringement under this
9 title or violate other applicable law.

10 “(4) For purposes of this subsection, the term ‘inter-
11 operability’ means the ability of computer programs to ex-
12 change information, and of such programs mutually to use
13 the information which has been exchanged.

14 “(g) ENCRYPTION RESEARCH.—

15 “(1) DEFINITIONS.—For purposes of this sub-
16 section—

17 “(A) the term ‘encryption research’ means
18 activities necessary to identify and analyze
19 flaws and vulnerabilities of encryption tech-
20 nologies applied to copyrighted works, if these
21 activities are conducted to advance the state of
22 knowledge in the field of encryption technology
23 or to assist in the development of encryption
24 products; and

1 “(B) the term ‘encryption technology’
2 means the scrambling and descrambling of in-
3 formation using mathematical formulas or algo-
4 rithms.

5 “(2) PERMISSIBLE ACTS OF ENCRYPTION RE-
6 SEARCH.—Notwithstanding the provisions of sub-
7 section (a)(1)(A), it is not a violation of that sub-
8 section for a person to circumvent a technological
9 measure as applied to a copy, phonorecord, perform-
10 ance, or display of a published work in the course
11 of an act of good faith encryption research if—

12 “(A) the person lawfully obtained the
13 encrypted copy, phonorecord, performance, or
14 display of the published work;

15 “(B) such act is necessary to conduct such
16 encryption research;

17 “(C) the person made a good faith effort
18 to obtain authorization before the circumven-
19 tion; and

20 “(D) such act does not constitute infringe-
21 ment under this title or a violation of applicable
22 law other than this section, including section
23 1030 of title 18 and those provisions of title 18
24 amended by the Computer Fraud and Abuse
25 Act of 1986.

1 “(3) FACTORS IN DETERMINING EXEMPTION.—

2 In determining whether a person qualifies for the ex-
3 emption under paragraph (2), the factors to be con-
4 sidered shall include—

5 “(A) whether the information derived from
6 the encryption research was disseminated, and
7 if so, whether it was disseminated in a manner
8 reasonably calculated to advance the state of
9 knowledge or development of encryption tech-
10 nology, versus whether it was disseminated in a
11 manner that facilitates infringement under this
12 title or a violation of applicable law other than
13 this section, including a violation of privacy or
14 breach of security;

15 “(B) whether the person is engaged in a
16 legitimate course of study, is employed, or is
17 appropriately trained or experienced, in the
18 field of encryption technology; and

19 “(C) whether the person provides the copy-
20 right owner of the work to which the techno-
21 logical measure is applied with notice of the
22 findings and documentation of the research,
23 and the time when such notice is provided.

24 “(4) USE OF TECHNOLOGICAL MEANS FOR RE-
25 SEARCH ACTIVITIES.—Notwithstanding the provi-

1 sions of subsection (a)(2), it is not a violation of
2 that subsection for a person to—

3 “(A) develop and employ technological
4 means to circumvent a technological measure
5 for the sole purpose of that person performing
6 the acts of good faith encryption research de-
7 scribed in paragraph (2); and

8 “(B) provide the technological means to
9 another person with whom he or she is working
10 collaboratively for the purpose of conducting the
11 acts of good faith encryption research described
12 in paragraph (2) or for the purpose of having
13 that other person verify his or her acts of good
14 faith encryption research described in para-
15 graph (2).

16 “(5) REPORT TO CONGRESS.—Not later than 1
17 year after the date of the enactment of this chapter,
18 the Under Secretary of Commerce for Intellectual
19 Property Policy, the Assistant Secretary of Com-
20 merce for Communications and Information, and the
21 Register of Copyrights shall jointly report to the
22 Congress on the effect this subsection has had on—

23 “(A) encryption research and the develop-
24 ment of encryption technology;

1 “(B) the adequacy and effectiveness of
2 technological measures designed to protect
3 copyrighted works; and

4 “(C) protection of copyright owners
5 against the unauthorized access to their
6 encrypted copyrighted works.

7 The report shall include legislative recommendations,
8 if any.

9 “(h) EXCPETIONS REGARDING MINORS.—(1) In ap-

14 paragraph (1) complies with rules concerning
15 the refreshing, reloading, or other updating of
16 the material when specified by the person mak-
17 ing the material available online in accordance
18 with a generally accepted industry standard
19 data communications protocol for the system or
20 network through which that person makes the
21 material available, except that this subpara-
22 graph applies only if those rules are not used
23 by the person described in paragraph (1)(A) to
24 prevent or unreasonably impair the intermedi-
25 ate storage to which this subsection applies;

1 “(C) the service provider does not interfere
2 with the ability of technology associated with
3 the material to return to the person described
4 in paragraph (1)(A) the information that would
5 have been available to that person if the mate-
6 rial had been obtained by the subsequent users
7 described in paragraph (1)(C) directly from
8 that person, except that this subparagraph ap-
9 plies only if that technology—

10 “(i) does not significantly interfere
11 with the performance of the provider’s sys-
12 tem or network or with the intermediate
13 storage of the material;

14 “(ii) is consistent with generally ac-
15 cepted industry standard communications
16 protocols; and

17 “(iii) does not extract information
18 from the provider’s system or network
19 other than the information that would have
20 been available to the person described in
21 paragraph (1)(A) if the subsequent users
22 had gained access to the material directly
23 from that person;

24 “(D) if the person described in paragraph
25 (1)(A) has in effect a condition that a person

1 must meet prior to having access to the mate-
2 rial, such as a condition based on payment of
3 a fee or provision of a password or other infor-
4 mation, the service provider permits access to
5 the stored material in significant part only to
6 users of its system or network that have met
7 those conditions and only in accordance with
8 those conditions; and

9 “(E) if the person described in paragraph
10 (1)(A) makes that material available online
11 without the authorization of the copyright
12 owner of the material, the service provider re-
13 sponds expeditiously to remove, or disable ac-
14 cess to, the material that is claimed to be in-
15 fringing upon notification of claimed infringe-
16 ment as described in subsection (c)(3), except
17 that this subparagraph applies only if—

18 “(i) the material has previously been
19 removed from the originating site or access
20 to it has been disabled, or a court has or-
21 dered that the material be removed from
22 the originating site or that access to the
23 material on the originating site be dis-
24 abled; and

1 “(ii) the party giving the notification
2 includes in the notification a statement
3 confirming that the material has been re-
4 moved from the originating site or access
5 to it has been disabled or that a court has
6 ordered that the material be removed from
7 the originating site or that access to the
8 material on the originating site be dis-
9 abled.

10 “(c) INFORMATION RESIDING ON SYSTEMS OR
11 NETWORKS AT DIRECTION OF USERS.—

12 “(1) IN GENERAL.—A service provider shall not
13 be liable for monetary relief, or, except as provided
14 in subsection (i), for injunctive or other equitable re-
15 lief, for infringement of copyright by reason of the
16 storage at the direction of a user of material that re-
17 sides on a system or network controlled or operated
18 by or for the service provider, if the service pro-
19 vider—

20 “(A)(i) does not have actual knowledge
21 that the material or an activity using the mate-
22 rial on the system or network is infringing;

23 “(ii) in the absence of such actual knowl-
24 edge, is not aware of facts or circumstances
25 from which infringing activity is apparent; or

1 “(iii) upon obtaining such knowledge or
2 awareness, acts expeditiously to remove, or dis-
3 able access to, the material;

4 “(B) does not receive a financial benefit di-
5 rectly attributable to the infringing activity, in
6 a case in which the service provider has the
7 right and ability to control such activity; and

8 “(C) upon notification of claimed infringe-
9 ment as described in paragraph (4), responds
10 expeditiously to remove, or disable access to,
11 the material that is claimed to be infringing or
12 to be the subject of infringing activity.

13 “(2) LIMITATION ON LIABILITY OF NONPROFIT
14 EDUCATIONAL INSTITUTIONS.—A nonprofit edu-
15 cational institution that is a service provider shall
16 not be liable for monetary relief, or, except as pro-
17 vided in subsection (i), for injunctive or other equi-
18 table relief, by reason of the acts or omissions of a
19 faculty member, administrative employee, student, or
20 graduate student, unless such faculty member, ad-
21 ministrative employee, student, or graduate student
22 is exercising managerial or operational responsibil-
23 ities that directly relate to the institution’s function
24 as a service provider.

1 “(3) DESIGNATED AGENT.—The limitations on
2 liability established in this subsection apply to a
3 service provider only if the service provider has des-
4 ignated an agent to receive notifications of claimed
5 infringement described in paragraph (4), by making
6 available through its service, including on its website
7 in a location accessible to the public, and by provid-
8 ing to the Copyright Office, substantially the follow-
9 ing information:

10 “(A) the name, address, phone number,
11 and electronic mail address of the agent.

12 “(B) other contact information which the
13 Register of Copyrights may deem appropriate.

14 The Register of Copyrights shall maintain a current
15 directory of agents available to the public for inspec-
16 tion, including through the Internet, in both elec-
17 tronic and hard copy formats, and may require pay-
18 ment of a fee by service providers to cover the costs
19 of maintaining the directory.

20 “(4) ELEMENTS OF NOTIFICATION.—

21 “(A) To be effective under this subsection,
22 a notification of claimed infringement must be
23 a written communication provided to the des-
24 ignated agent of a service provider that includes
25 substantially the following:

1 “(i) A physical or electronic signature
2 of a person authorized to act on behalf of
3 the owner of an exclusive right that is al-
4 legedly infringed.

5 “(ii) Identification of the copyrighted
6 work claimed to have been infringed, or, if
7 multiple copyrighted works at a single on-
8 line site are covered by a single notifica-
9 tion, a representative list of such works at
10 that site.

11 “(iii) Identification of the material
12 that is claimed to be infringing or to be
13 the subject of infringing activity and that
14 is to be removed or access to which is to
15 be disabled, and information reasonably
16 sufficient to permit the service provider to
17 locate the material.

18 “(iv) Information reasonably sufficient
19 to permit the service provider to contact
20 the complaining party, such as an address,
21 telephone number, and, if available, an
22 electronic mail address at which the com-
23 plaining party may be contacted.

24 “(v) A statement that the complaining
25 party has a good faith belief that use of

1 the material in the manner complained of
2 is not authorized by the copyright owner,
3 its agent, or the law.

4 “(vi) A statement that the informa-
5 tion in the notification is accurate, and
6 under penalty of perjury, that the com-
7 plaining party is authorized to act on be-
8 half of the owner of an exclusive right that
9 is allegedly infringed.

10 “(B)(i) Subject to clause (ii), a notification
11 from a copyright owner or from a person au-
12 thorized to act on behalf of the copyright owner
13 that fails to comply substantially with the provi-
14 sions of subparagraph (A) shall not be consid-
15 ered under paragraph (1)(A) in determining
16 whether a service provider has actual knowledge
17 or is aware of facts or circumstances from
18 which infringing activity is apparent.

19 “(ii) In a case in which the notification
20 that is provided to the service provider’s des-
21 ignated agent fails to comply substantially with
22 all the provisions of subparagraph (A) but sub-
23 stantially complies with clauses (ii), (iii), and
24 (iv) of subparagraph (A), clause (i) of this sub-
25 paragraph applies only if the service provider

1 promptly attempts to contact the person mak-
2 ing the notification or takes other reasonable
3 steps to assist in the receipt of notification that
4 substantially complies with all the provisions of
5 subparagraph (A).

6 “(d) INFORMATION LOCATION TOOLS.—A service
7 provider shall not be liable for monetary relief, or, except
8 as provided in subsection (i), for injunctive or other equi-
9 table relief, for infringement of copyright by reason of the
10 provider referring or linking users to an online location
11 containing infringing material or infringing activity, by
12 using information location tools, including a directory,
13 index, reference, pointer, or hypertext link, if the service
14 provider—

15 “(1)(A) does not have actual knowledge that
16 the material or activity is infringing;

17 “(B) in the absence of such actual knowledge,
18 is not aware of facts or circumstances from which
19 infringing activity is apparent; or

20 “(C) upon obtaining such knowledge or aware-
21 ness, acts expeditiously to remove, or disable access
22 to, the material;

23 “(2) does not receive a financial benefit directly
24 attributable to the infringing activity, in a case in

1 which the service provider has the right and ability
2 to control such activity; and

3 “(3) upon notification of claimed infringement
4 as described in subsection (c)(4), responds expedi-
5 tiously to remove, or disable access to, the material
6 that is claimed to be infringing or to be the subject
7 of infringing activity, except that, for purposes of
8 this paragraph, the information described in sub-
9 section (c)(4)(A)(iii) shall be identification of the
10 reference or link, to material or activity claimed to
11 be infringing, that is to be removed or access to
12 which is to be disabled, and information reasonably
13 sufficient to permit the service provider to locate
14 that reference or link.

15 “(e) MISREPRESENTATIONS.—Any person who know-
16 ingly materially misrepresents under this section—

17 “(1) that material or activity is infringing, or

18 “(2) that material or activity was removed or
19 disabled by mistake or misidentification,

20 shall be liable for any damages, including costs and attor-
21 neys’ fees, incurred by the alleged infringer, by any copy-
22 right owner or copyright owner’s authorized licensee, or
23 by a service provider, who is injured by such misrepresen-
24 tation, as the result of the service provider relying upon
25 such misrepresentation in removing or disabling access to

1 the material or activity claimed to be infringing, or in re-
2 placing the removed material or ceasing to disable access
3 to it.

4 “(f) REPLACEMENT OF REMOVED OR DISABLED MA-
5 TERIAL AND LIMITATION ON OTHER LIABILITY.—

6 “(1) NO LIABILITY FOR TAKING DOWN GEN-
7 ERALLY.—Subject to paragraph (2), a service pro-
8 vider shall not be liable to any person for any claim
9 based on the service provider’s good faith disabling
10 of access to, or removal of, material or activity
11 claimed to be infringing or based on facts or cir-
12 cumstances from which infringing activity is appar-
13 ent, regardless of whether the material or activity is
14 ultimately determined to be infringing.

15 “(2) EXCEPTION.—Paragraph (1) shall not
16 apply with respect to material residing at the direc-
17 tion of a subscriber of the service provider on a sys-
18 tem or network controlled or operated by or for the
19 service provider that is removed, or to which access
20 is disabled by the service provider, pursuant to a no-
21 tice provided under subsection (c)(1)(C), unless the
22 service provider—

23 “(A) takes reasonable steps promptly to
24 notify the subscriber that it has removed or dis-
25 abled access to the material;

1 “(B) upon receipt of a counter notification
2 described in paragraph (3), promptly provides
3 the person who provided the notification under
4 subsection (c)(1)(C) with a copy of the counter
5 notification, and informs that person that it will
6 replace the removed material or cease disabling
7 access to it in 10 business days; and

8 “(C) replaces the removed material and
9 ceases disabling access to it not less than 10,
10 nor more than 14, business days following re-
11 ceipt of the counter notice, unless its designated
12 agent first receives notice from the person who
13 submitted the notification under subsection
14 (c)(1)(C) that such person has filed an action
15 seeking a court order to restrain the subscriber
16 from engaging in infringing activity relating to
17 the material on the service provider’s system or
18 network.

19 “(3) CONTENTS OF COUNTER NOTIFICATION.—

20 To be effective under this subsection, a counter noti-
21 fication must be a written communication provided
22 to the service provider’s designated agent that in-
23 cludes substantially the following:

24 “(A) A physical or electronic signature of
25 the subscriber.

1 “(B) Identification of the material that has
2 been removed or to which access has been dis-
3 abled and the location at which the material ap-
4 peared before it was removed or access to it was
5 disabled.

6 “(C) A statement under penalty of perjury
7 that the subscriber has a good faith belief that
8 the material was removed or disabled as a re-
9 sult of mistake or misidentification of the mate-
10 rial to be removed or disabled.

11 “(D) The subscriber’s name, address, and
12 telephone number, and a statement that the
13 subscriber consents to the jurisdiction of Fed-
14 eral District Court for the judicial district in
15 which the address is located, or if the subscrib-
16 er’s address is outside of the United States, for
17 any judicial district in which the service pro-
18 vider may be found, and that the subscriber will
19 accept service of process from the person who
20 provided notification under subsection (c)(1)(C)
21 or an agent of such person.

22 “(4) LIMITATION ON OTHER LIABILITY.—A
23 service provider’s compliance with paragraph (2)
24 shall not subject the service provider to liability for
25 copyright infringement with respect to the material

1 identified in the notice provided under subsection
2 (c)(1)(C).

3 “(g) SUBPOENA TO IDENTIFY INFRINGER.—

4 “(1) REQUEST.—A copyright owner or a person
5 authorized to act on the owner’s behalf may request
6 the clerk of any United States district court to issue
7 a subpoena to a service provider for identification of
8 an alleged infringer in accordance with this sub-
9 section.

10 “(2) CONTENTS OF REQUEST.—The request
11 may be made by filing with the clerk—

12 “(A) a copy of a notification described in
13 subsection (c)(4)(A);

14 “(B) a proposed subpoena; and

15 “(C) a sworn declaration to the effect that
16 the purpose for which the subpoena is sought is
17 to obtain the identity of an alleged infringer
18 and that such information will only be used for
19 the purpose of protecting rights under this title.

20 “(3) CONTENTS OF SUBPOENA.—The subpoena
21 shall authorize and order the service provider receiv-
22 ing the notification and the subpoena to expedi-
23 tiously disclose to the copyright owner or person au-
24 thorized by the copyright owner information suffi-
25 cient to identify the alleged infringer of the material

1 described in the notification to the extent such infor-
2 mation is available to the service provider.

3 “(4) BASIS FOR GRANTING SUBPOENA.—If the
4 notification filed satisfies the provisions of sub-
5 section (c)(4)(A), the proposed subpoena is in proper
6 form, and the accompanying declaration is properly
7 executed, the clerk shall expeditiously issue and sign
8 the proposed subpoena and return it to the requester
9 for delivery to the service provider.

10 “(5) ACTIONS OF SERVICE PROVIDER RECEIV-
11 ING SUBPOENA.—Upon receipt of the issued sub-
12 poena, either accompanying or subsequent to the re-
13 ceipt of a notification described in subsection
14 (c)(4)(A), the service provider shall expeditiously
15 disclose to the copyright owner or person authorized
16 by the copyright owner the information required by
17 the subpoena, notwithstanding any other provision of
18 law and regardless of whether the service provider
19 responds to the notification.

20 “(6) RULES APPLICABLE TO SUBPOENA.—Un-
21 less otherwise provided by this section or by applica-
22 ble rules of the court, the procedure for issuance and
23 delivery of the subpoena, and the remedies for non-
24 compliance with the subpoena, shall be governed to
25 the greatest extent practicable by those provisions of

1 the Federal Rules of Civil Procedure governing the
2 issuance, service, and enforcement of a subpoena
3 duces tecum.

4 “(h) CONDITIONS FOR ELIGIBILITY.—

5 “(1) ACCOMMODATION OF TECHNOLOGY.—The
6 limitations on liability established by this section
7 shall apply to a service provider only if the service
8 provider—

9 “(A) has adopted and reasonably imple-
10 mented, and informs subscribers and account
11 holders of the service provider’s system or net-
12 work of, a policy that provides for the termi-
13 nation in appropriate circumstances of subscrib-
14 ers and account holders of the service provider’s
15 system or network who are repeat infringers;
16 and

17 “(B) accommodates and does not interfere
18 with standard technical measures.

19 “(2) DEFINITION.—As used in this subsection,
20 the term ‘standard technical measures’ means tech-
21 nical measures that are used by copyright owners to
22 identify or protect copyrighted works and—

23 “(A) have been developed pursuant to a
24 broad consensus of copyright owners and serv-

1 ice providers in an open, fair, voluntary, multi-
2 industry standards process;

3 “(B) are available to any person on rea-
4 sonable and nondiscriminatory terms; and

5 “(C) do not impose substantial costs on
6 service providers or substantial burdens on their
7 systems or networks.

8 “(i) INJUNCTIONS.—The following rules shall apply
9 in the case of any application for an injunction under sec-
10 tion 502 against a service provider that is not subject to
11 monetary remedies under this section:

12 “(1) SCOPE OF RELIEF.—(A) With respect to
13 conduct other than that which qualifies for the limi-
14 tation on remedies set forth in subsection (a), the
15 court may grant injunctive relief with respect to a
16 service provider only in one or more of the following
17 forms:

18 “(i) An order restraining the service pro-
19 vider from providing access to infringing mate-
20 rial or activity residing at a particular online
21 site on the provider’s system or network.

22 “(ii) An order restraining the service pro-
23 vider from providing access to a subscriber or
24 account holder of the service provider’s system
25 or network who is engaging in infringing activ-

1 ity and is identified in the order, by terminating
2 the accounts of the subscriber or account holder
3 that are specified in the order.

4 “(iii) Such other injunctive relief as the
5 court may consider necessary to prevent or re-
6 strain infringement of copyrighted material
7 specified in the order of the court at a particu-
8 lar online location, if such relief is the least
9 burdensome to the service provider among the
10 forms of relief comparably effective for that
11 purpose.

12 “(B) If the service provider qualifies for the
13 limitation on remedies described in subsection (a),
14 the court may only grant injunctive relief in one or
15 both of the following forms:

16 “(i) An order restraining the service pro-
17 vider from providing access to a subscriber or
18 account holder of the service provider’s system
19 or network who is using the provider’s service
20 to engage in infringing activity and is identified
21 in the order, by terminating the accounts of the
22 subscriber or account holder that are specified
23 in the order.

24 “(ii) An order restraining the service pro-
25 vider from providing access, by taking reason-

1 able steps specified in the order to block access,
2 to a specific, identified, online location outside
3 the United States.

4 “(2) CONSIDERATIONS.—The court, in consid-
5 ering the relevant criteria for injunctive relief under
6 applicable law, shall consider—

7 “(A) whether such an injunction, either
8 alone or in combination with other such injunc-
9 tions issued against the same service provider
10 under this subsection, would significantly bur-
11 den either the provider or the operation of the
12 provider’s system or network;

13 “(B) the magnitude of the harm likely to
14 be suffered by the copyright owner in the digi-
15 tal network environment if steps are not taken
16 to prevent or restrain the infringement;

17 “(C) whether implementation of such an
18 injunction would be technically feasible and ef-
19 fective, and would not interfere with access to
20 noninfringing material at other online locations;
21 and

22 “(D) whether other less burdensome and
23 comparably effective means of preventing or re-
24 straining access to the infringing material are
25 available.

1 “(3) NOTICE AND EX PARTE ORDERS.—In-
2 junctive relief under this subsection shall be avail-
3 able only after notice to the service provider and an
4 opportunity for the service provider to appear are
5 provided, except for orders ensuring the preservation
6 of evidence or other orders having no material ad-
7 verse effect on the operation of the service provider’s
8 communications network.

9 “(j) DEFINITIONS.—

10 “(1) SERVICE PROVIDER.—(A) As used in sub-
11 section (a), the term ‘service provider’ means an en-
12 tity offering the transmission, routing, or providing
13 of connections for digital online communications, be-
14 tween or among points specified by a user, of mate-
15 rial of the user’s choosing, without modification to
16 the content of the material as sent or received.

17 “(B) As used in this section, other than sub-
18 section (a), the term ‘service provider’ means a pro-
19 vider of online services or network access, or the op-
20 erator of facilities therefor, and includes an entity
21 described in subparagraph (A).

22 “(2) MONETARY RELIEF.—As used in this sec-
23 tion, the term ‘monetary relief’ means damages,
24 costs, attorneys’ fees, and any other form of mone-
25 tary payment.

1 “(k) OTHER DEFENSES NOT AFFECTED.—The fail-
2 ure of a service provider’s conduct to qualify for limitation
3 of liability under this section shall not bear adversely upon
4 the consideration of a defense by the service provider that
5 the service provider’s conduct is not infringing under this
6 title or any other defense.

7 “(l) PROTECTION OF PRIVACY.—Nothing in this sec-
8 tion shall be construed to condition the applicability of
9 subsections (a) through (d) on—

10 “(1) a service provider monitoring its service or
11 affirmatively seeking facts indicating infringing ac-
12 tivity, except to the extent consistent with a stand-
13 ard technical measure complying with the provisions
14 of subsection (h); or

15 “(2) a service provider gaining access to, re-
16 moving, or disabling access to material in cases in
17 which such conduct is prohibited by law.

18 “(m) CONSTRUCTION.—Subsections (a), (b), (c), and
19 (d) describe separate and distinct functions for purposes
20 of applying this section. Whether a service provider quali-
21 fies for the limitation on liability in any one of those sub-
22 sections shall be based solely on the criteria in that sub-
23 section, and shall not affect a determination of whether
24 that service provider qualifies for the limitations on liabil-
25 ity under any other such subsection.”.

2 tions for chapter 5 of title 17, United States Code, is

13 and is destroyed immediately after the maintenance

20 “(A) in the case of a subscription trans-
21 mission not exempt under paragraph (1) or an
22 eligible nonsubscription transmission—

23 “(i) the transmission is not part of an
24 interactive service;

25 “(ii) except in the case of a trans-

4 program channel to another; and

5 “(iii) except as provided in section
6 1002(e), the transmission of the sound re-

21 “(i) the transmission does not exceed
22 the sound recording performance com-
23 plement;

24 “(ii) the transmitting entity does not
25 cause to be published by means of an ad-

1 vance program schedule or prior announce-

11 “(i) the transmission does not exceed
12 the sound recording performance com-

17 that does not have the right or ability to
18 control the programming of the broadcast
19 station making the broadcast transmission,
20 unless the broadcast station makes broad-
21 cast transmissions—

22 “(I) in digital format that regu-
23 larly exceed the sound recording per-
24 formance complement; or

1 “(II) in analog format, a sub-

25 specified future time period and, in any 1-

1 hour period, no more than 3 such an-

8 owner or featured recording artist of the
9 activities of the transmitting entity other
10 than the performance of the sound record-
11 ing itself;

12 “(v) the transmitting entity cooper-
13 ates to prevent, to the extent feasible with-
14 out imposing substantial costs or burdens,
15 a transmission recipient or any other per-

17 the transmitting entity’s transmissions to-
18 gether with transmissions by other trans-
19 mitting entities to select a particular sound
20 recording to be transmitted to the trans-
21 mission recipient;

22 “(vi) the transmitting entity takes
23 reasonable steps to ensure, to the extent
24 within its control, that the transmission re-
25 cipient cannot make a phonorecord in a

1 digital format of the transmission, and the
2 transmitting entity takes no affirmative
3 steps to cause or induce the making of a
4 phonorecord by the transmission recipient;

5 “(vii) phonorecords of the sound re-

12 phonorecord lawfully made under this title;

13 “(viii) the transmitting entity accom-
14 modates and does not interfere with the
15 transmission of technical measures that
16 are widely used by sound recording copy-

19 sible of being transmitted by the transmit-
20 ting entity without imposing substantial
21 costs on the transmitting entity or result-
22 ing in perceptible aural or visual degrada-
23 tion of the digital signal; and

24 “(ix) in the case of an eligible non-
25 subscription transmission, the transmitting

1 entity identifies the sound recording dur-
2 ing, but not before, the time it is per-
3 formed, including the title of the sound re-
4 cording, the title of the phonorecord em-
5 bodying such sound recording, if any, and
6 the featured recording artist in a manner
7 to permit it to be perceived by the trans-

13 (2) Subsection (f) is amended to read as fol-

22 services”; and

23 (III) by striking “2000” and in-

1 (ii) by amending the third sentence to
2 read as follows: “Any copyright owners of
3 sound recordings or any preexisting sub-
4 scription services may submit to the Li-
5 brarian of Congress licenses covering such
6 subscriptions transmissions with respect to
7 such sound recordings.”; and

8 (B) by striking paragraphs (2), (3), (4),
9 and (5) and inserting the following:

10 “(B) In the absence of license agreements nego-
11 tiated under subparagraph (A), during the 60-day
12 period commencing 6 months after publication of the
13 notice specified in subparagraph (A), and upon the
14 filing of a petition in accordance with section
15 803(a)(1), the Librarian of Congress shall, pursuant
16 to chapter 8, convene a copyright arbitration royalty
17 panel to determine and publish in the Federal Reg-
18 ister a schedule of rates and terms which, subject to
19 paragraph (3), shall be binding on all copyright own-
20 ers of sound recordings and preexisting subscription
21 services. In establishing rates and terms for pre-
22 existing subscription services, in addition to the ob-
23 jectives set forth in section 801(b)(1), the copyright
24 arbitration royalty panel may consider the rates and
25 terms for comparable types of subscription digital

1 audio transmission services and comparable cir-
2 cumstances under voluntary license agreements ne-
3 gotiated as provided in subparagraph (A).

4 “(C)(i) Publication of a notice of the initiation
5 of voluntary negotiation proceedings as specified in
6 subparagraph (A) shall be repeated, in accordance
7 with regulations that the Librarian of Congress shall
8 prescribe—

9 “(I) no later than 30 days after a petition
10 is filed by any copyright owners of sound re-
11 cordings or any preexisting subscription services
12 indicating that a new type of subscription digi-
13 tal audio transmission service on which sound
14 recordings are performed is or is about to be-
15 come operational; and

16 “(II) in the first week of January, 2001,
17 and at 5-year intervals thereafter.

18 “(ii) The procedures specified in subparagraph
19 (B) shall be repeated, in accordance with regulations
20 that the Librarian of Congress shall prescribe, upon
21 filing of a petition in accordance with section
22 803(a)(1) during a 60-day period commencing—

23 “(I) 6 months after publication of a notice
24 of the initiation of voluntary negotiation pro-
25 ceedings under subparagraph (A) pursuant to a

1 petition under clause (i)(I) of this subpara-
2 graph; or

3 “(II) on July 1, 2001, and at 5-year inter-
4 vals thereafter.

5 “(iii) The procedures specified in subparagraph
6 (B) shall be concluded in accordance with section
7 802.

8 “(2)(A) No later than 30 days after the date of
9 the enactment of the Digital Millennium Copyright
10 Act, the Librarian of Congress shall cause notice to
11 be published in the Federal Register of the initiation
12 of voluntary negotiation proceedings for the purpose
13 of determining reasonable terms and rates of royalty
14 payments for eligible nonsubscription transmissions
15 and transmissions by new subscription services spec-
16 ified by subsection (d)(2) during the period begin-
17 ning on the date of the enactment of such Act and
18 ending on December 31, 2000, or such other date as
19 the parties may agree. Such rates and terms shall
20 distinguish among the different types of eligible non-
21 subscription transmission services then in operation
22 and shall include a minimum fee for each such type
23 of service. Any copyright owners of sound recordings
24 or any entities performing sound recordings affected
25 by this section may submit to the Librarian of Con-

1 gress licenses covering such eligible nonsubscription
2 transmissions with respect to such sound recordings.
3 The parties to each negotiation proceeding shall bear
4 their own costs.

5 “(B) In the absence of license agreements nego-
6 tiated under subparagraph (A), during the 60-day
7 period commencing 6 months after publication of the
8 notice specified in subparagraph (A), and upon the
9 filing of a petition in accordance with section
10 803(a)(1), the Librarian of Congress shall, pursuant
11 to chapter 8, convene a copyright arbitration royalty
12 panel to determine and publish in the Federal Reg-
13 ister a schedule of rates and terms which, subject to
14 paragraph (3), shall be binding on all copyright own-
15 ers of sound recordings and entities performing
16 sound recordings during the period beginning on the
17 date of the enactment of the Digital Millennium
18 Copyright Act and ending on December 31, 2000, or
19 such other date as the parties may agree. Such rates
20 and terms shall distinguish among the different
21 types of eligible nonsubscription, transmission serv-
22 ices then in operation and shall include a minimum
23 fee for each such type of service, such differences to
24 be based on criteria, including, but not limited to,
25 the quantity and nature of the use of sound record-

1 ings and the degree to which use of the service may
2 substitute for or may promote the purchase of
3 phonorecords by consumers. In establishing rates
4 and terms for transmissions by eligible nonsubscrip-
5 tion services and new subscription services, the copy-
6 right arbitration royalty panel shall establish rates
7 and terms that most clearly represent the rates and
8 terms that would have been negotiated in the mar-
9 ketplace between a willing buyer and a willing seller.
10 In determining such rates and terms, the copyright
11 arbitration royalty panel shall base its decision on
12 economic, competitive and programming information
13 presented by the parties, including—

14 “(i) whether use of the service may sub-
15 stitute for or may promote the sales of
16 phonorecords or otherwise may interfere with or
17 may enhance the sound recording copyright
18 owner’s other streams of revenue from its
19 sound recordings; and

20 “(ii) the relative roles of the copyright
21 owner and the copyright user in the copyrighted
22 work and the service made available to the pub-
23 lic with respect to relative creative contribution,
24 technological contribution, capital investment,
25 cost, and risk.

1 “(C)(i) Publication of a notice of the initiation
2 of voluntary negotiation proceedings as specified in
3 subparagraph (A) shall be repeated in accordance
4 with regulations that the Librarian of Congress shall
5 prescribe—

6 “(I) no later than 30 days after a petition
7 if filed by any copyright owners of sound re-
8 cordings or any eligible nonsubscription service
9 or new subscription service indicating that a
10 new type of eligible nonsubscription service or
11 new subscription service on which sound record-
12 ings are performed is or is about to become
13 operational; and

14 “(II) in the first week of January 2000,
15 and at 2-year intervals thereafter, except to the
16 extent that different years for the repeating of
17 such proceedings may be determined in accord-
18 ance with subparagraph (A).

19 “(ii) The procedures specified in subparagraph
20 (B) shall be repeated, in accordance with regulations
21 that the Librarian of Congress shall prescribe, upon
22 filing of a petition in accordance with section
23 803(a)(1) during a 60-day period commencing—

24 “(I) 6 months after publication of a notice
25 of the initiation of voluntary negotiation pro-

1 ceedings under subparagraph (A) pursuant to a
2 petition under clause (i)(I); or

3 “(II) on July 1, 2000, and at 2-year inter-
4 vals thereafter, except to the extent that dif-
5 ferent years for the repeating of such proceed-
6 ings may be determined in accordance with sub-
7 paragraph (A).

8 “(iii) The procedures specified in subparagraph
9 (B) shall be concluded in accordance with section
10 802.

11 “(3) License agreements voluntarily negotiated
12 at any time between 1 or more copyright owners of
13 sound recordings and 1 or more entities performing
14 sound recordings shall be given effect in lieu of any
15 determination by a copyright arbitration royalty
16 panel or decision by the Librarian of Congress.

17 “(4)(A) The Librarian of Congress shall also
18 establish requirements by which copyright owners
19 may receive reasonable notice of the use of their
20 sound recordings under this section, and under
21 which records of such use shall be kept and made
22 available by entities performing sound recordings.

23 “(B) Any person who wishes to perform a
24 sound recording publicly by means of a transmission
25 eligible for statutory licensing under this subsection

1 may do so without infringing the exclusive right of
2 the copyright owner of the sound recording—

3 “(i) by complying with such notice require-
4 ments as the Librarian of Congress shall pre-
5 scribe by regulation and by paying royalty fees
6 in accordance with this subsection; or

7 “(ii) if such royalty fees have not been set,
8 by agreeing to pay such royalty fees as shall be
9 determined in accordance with this subsection.

10 “(C) Any royalty payments in arrears shall be
11 made on or before the twentieth day of the month
12 next succeeding the month in which the royalty fees
13 are set.”.

14 (3) Subsection (g) is amended—

15 (A) in the subsection heading by striking
16 “SUBSCRIPTION”;

17 (B) in paragraph (1) in the matter preced-
18 ing subparagraph (A), by striking “subscription
19 transmission licensed” and inserting “trans-
20 mission licensed under a statutory license”;

21 (C) in subparagraphs (A) and (B) by strik-
22 ing “subscription”; and

23 (D) in paragraph (2) by striking “sub-
24 scription”.

25 (4) Subsection (j) is amended—

1 (A) by redesignating paragraphs (2), (3),
2 (5), (6), (7), and (8) as paragraphs (3), (5),
3 (9), (11), (12), and (13), respectively;

4 (B) by inserting after paragraph (1) the
5 following:

6 “(2) An ‘archived program’ is a prerecorded
7 program that is available repeatedly on demand and
8 that is performed in the same predetermined order
9 from the beginning.”;

10 (C) by inserting after paragraph (3), as so
11 redesignated, the following:

12 “(4) A ‘continuous program’ is a prerecorded
13 program that is continuously performed in the same
14 predetermined order and the point in the program at
15 which it is accessed is beyond the control of the
16 transmission recipient.”;

17 (D) by inserting after paragraph (5), as so
18 redesignated, the following:

19 “(6) An ‘eligible nonsubscription transmission’
20 is a noninteractive, nonsubscription transmission
21 made as part of a service that provides audio pro-
22 gramming consisting, in whole or in part, of per-
23 formances of sound recordings, including retrans-
24 missions of broadcast transmissions, if the primary
25 purpose of the service is to provide to the public

1 such audio or other entertainment programming,
2 and the primary purpose of the service is not to sell,
3 advertise, or promote particular products or services
4 other than sound recordings, live concerts, or other
5 music-related events.

6 “(7) An ‘interactive service’ is one that enables
7 a member of the public to receive a transmission of
8 a program specially created for the recipient, or on
9 request, a transmission of a particular sound record-
10 ing, whether or not as part of a program, which is
11 selected by or on behalf of the recipient. The ability
12 of individuals to request that particular sound re-
13 cordings be performed for reception by the public at
14 large does not make a service interactive, if the pro-
15 gramming on each channel of the service does not
16 substantially consist of sound recordings that are
17 performed within 1 hour of the request or at a time
18 designated by either the transmitting entity or the
19 individual making such request. If an entity offers
20 both interactive and noninteractive services (either
21 concurrently or at different times), the noninter-
22 active component shall not be treated as part of an
23 interactive service.

24 “(8) A ‘new subscription service’ is a service
25 that performs sound recordings by means of sub-

1 scription digital audio transmissions and that is not
2 a preexisting subscription service.”;

3 (E) by inserting after paragraph (9), as so
4 redesignated, the following:

5 “(10) A ‘preexisting subscription service’ is a
6 service that performs sound recordings by means of
7 noninteractive audio-only subscription digital audio
8 transmissions, which was in existence and was mak-
9 ing such transmission to the public for a fee on or
10 before July 31, 1998.”; and

11 (F) by adding at the end the following:

12 “(14) A ‘transmission’ is either an initial trans-
13 mission or a retransmission.”.

14 (b) EPHEMERAL RECORDINGS.—Section 112 of title
15 17, United States Code, is amended by adding at the end
16 the following:

17 “(f) STATUTORY LICENSE.—(1) An ephemeral re-
18 cording of a sound recording by a transmitting organiza-
19 tion entitled to transmit to the public a performance of
20 that sound recording by means of a digital audio trans-
21 mission under a statutory license in accordance with sec-
22 tion 114(f) or an exemption provided in section
23 114(d)(1)(B) or (C) is subject to statutory licensing under
24 the conditions specified by this subsection.

1 “(2) A statutory license under this subsection grants
2 a transmitting organization entitled to transmit to the
3 public a performance of a sound recording by means of
4 a digital audio transmission under a statutory license in
5 accordance with section 114(f) or an exemption provided
6 in section 114(d)(1)(B) or (C) the privilege of making no
7 more than 1 phonorecord of the sound recording (unless
8 the terms and conditions of the statutory license allow for
9 more), if—

10 “(A) the phonorecord is retained and used sole-
11 ly by the transmitting organization that made it,
12 and no further phonorecords are reproduced from it;
13 and

14 “(B) the phonorecord is used solely for the
15 transmitting organization’s own transmissions in the
16 United States under a statutory license in accord-
17 ance with section 114(f) or an exemption provided in
18 section 114(d)(1)(B) or (C);

19 “(C) unless preserved exclusively for purposes
20 of archival preservation, the phonorecord is de-
21 stroyed within 6 months from the date the sound re-
22 cording was first transmitted to the public using the
23 phonorecord; and

24 “(D) phonorecords of the sound recording have
25 been distributed to the public in the United States

1 under the authority of the copyright owner or the
2 copyright owner authorizes the transmitting entity
3 to transmit the sound recording, and the transmit-
4 ting entity makes the transmission from a phono-
5 record lawfully made and acquired under this title.

6 “(3) Notwithstanding any provision of the antitrust
7 laws, any copyright owners of sound recordings and any
8 transmitting organizations entitled to obtain a statutory
9 license under this subsection may negotiate and agree
10 upon royalty rates and license terms and conditions for
11 ephemeral recordings of such sound recordings and the
12 proportionate division of fees paid among copyright own-
13 ers, and may designate common agents to negotiate, agree
14 to, pay, or receive such royalty payments.

15 “(4) No later than 30 days after the date of the en-
16 actment of the Digital Millennium Copyright Act, the Li-
17 brarian of Congress shall cause notice to be published in
18 the Federal Register of the initiation of voluntary negotia-
19 tion proceedings for the purpose of determining reasonable
20 terms and rates of royalty payments for the activities spec-
21 ified by paragraph (2) of this subsection during the period
22 beginning on the date of the enactment of such Act and
23 ending on December 31, 2000, or such other date as the
24 parties may agree. Such rates shall include a minimum
25 fee for each type of service. Any copyright owners of sound

1 recordings or any transmitting organizations entitled to
2 obtain a statutory license under this subsection may sub-
3 mit to the Librarian of Congress licenses covering such
4 activities with respect to such sound recordings. The par-
5 ties to each negotiation proceeding shall bear their own
6 costs.

7 “(5) In the absence of license agreements negotiated
8 under paragraph (3), during the 60-day period commene-
9 ing 6 months after publication of the notice specified in
10 paragraph (4), and upon the filing of a petition in accord-
11 ance with section 803(a)(1), the Librarian of Congress
12 shall, pursuant to chapter 8, convene a copyright arbitra-
13 tion royalty panel to determine and publish in the Federal
14 Register a schedule of reasonable rates and terms which,
15 subject to paragraph (6), shall be binding on all copyright
16 owners of sound recordings and transmitting organiza-
17 tions entitled to obtain a statutory license under this sub-
18 section during the period beginning on the date of the en-
19 actment of the Digital Millennium Copyright Act and end-
20 ing on December 31, 2000, or such other date as the par-
21 ties may agree. Such rates shall include a minimum fee
22 for each type of service. The copyright arbitration royalty
23 panel shall establish rates that most clearly represent the
24 fees that would have been negotiated in the marketplace
25 between a willing buyer and a willing seller. In determin-

1 ing such rates and terms, the copyright arbitration royalty
2 panel shall base its decision on economic, competitive, and
3 programming information presented by the parties, includ-
4 ing—

5 “(A) whether use of the service may substitute
6 for or may promote the sales of phonorecords or oth-
7 erwise interferes with or enhances the copyright
8 owner’s traditional streams of revenue;

9 “(B) the relative rules of the copyright owner
10 and the copyright user in the copyrighted work and
11 the service made available to the public with respect
12 to relative creative contribution, technological con-
13 tribution, capital investment, cost, and risk.

14 In establishing such rates and terms, the copyright arbi-
15 tration royalty panel may consider the rates and terms
16 under voluntary license agreements negotiated as provided
17 in paragraphs (3) and (4). The Librarian of Congress
18 shall also establish requirements by which copyright own-
19 ers may receive reasonable notice of the use of their sound
20 recordings under this section, and under which records of
21 such use shall be kept and made available by transmitting
22 organizations entitled to obtain a statutory license under
23 this subsection.

24 “(6) License agreements voluntarily negotiated at
25 any time between 1 or more copyright owners of sound

1 recordings and 1 or more transmitting organizations enti-
2 tled to obtain a statutory license under this subsection
3 shall be given effect in lieu of any determination by a copy-
4 right arbitration royalty panel or decision by the Librarian
5 of Congress.

6 “(7) Publication of a notice of the initiation of vol-
7 untary negotiation proceedings as specified in paragraph
8 (4) shall be repeated, in accordance with regulations that
9 the Librarian of Congress shall prescribe, in the first week
10 of January 2000, and at 2-year intervals thereafter, ex-
11 cept to the extent that different years for the repeating
12 of such proceedings may be determined in accordance with
13 paragraph (4). The procedures specified in paragraph (5)
14 shall be repeated, in accordance with regulations that the
15 Librarian of Congress shall prescribe, upon filing of a peti-
16 tion in accordance with section 803(a)(1) during a 60-day
17 period commencing on July 1, 2000, and at 2-year inter-
18 vals thereafter, except to the extent that different years
19 for the repeating of such proceedings may be determined
20 in accordance with paragraph (4). The procedures speci-
21 fied in paragraph (5) shall be concluded in accordance
22 with section 802.

23 “(8)(A) Any person who wishes to make an ephem-
24 eral recording of a sound recording under a statutory li-
25 cense in accordance with this subsection may do so with-

1 out infringing the exclusive right of the copyright owner
2 of the sound recording under section 106(1)—

3 “(i) by complying with such notice requirements
4 as the Librarian of Congress shall prescribe by regu-
5 lation and by paying royalty fees in accordance with
6 this subsection; or

7 “(ii) if such royalty fees have not been set, by
8 agreeing to pay such royalty fees as shall be deter-
9 mined in accordance with this subsection.

10 “(B) Any royalty payments in arrears shall be made
11 on or before the 20th day of the month next succeeding
12 the month in which the royalty fees are set.

13 “(9) If a transmitting organization entitled to make
14 a phonorecord under this subsection is prevented from
15 making such phonorecord by reason of the application by
16 the copyright owner of technical measures that prevent the
17 reproduction of the sound recording, the copyright owner
18 shall make available to the transmitting organization the
19 necessary means for permitting the making of such phono-
20 record within the meaning of this subsection, if it is tech-
21 nologically feasible and economically reasonable for the
22 copyright owner to do so. If the copyright owner fails to
23 do so in a timely manner in light of the transmitting orga-
24 nization’s reasonable business requirements, the transmit-
25 ting organization shall not be liable for a violation of sec-

1 tion 1201(a)(1) of this title for engaging in such activities
 2 as are necessary to make such phonorecords as permitted
 3 under this subsection.”.

4 **SEC. 416. ASSUMPTION OF CONTRACTUAL OBLIGATIONS**
 5 **RELATED TO TRANSFERS OF RIGHTS IN MO-**
 6 **TION PICTURES.**

7 (a) IN GENERAL.—Part VI of title 28, United States
 8 Code, is amended by adding at the end the following new
 9 chapter:

10 **“CHAPTER 180—ASSUMPTION OF CERTAIN**
 11 **CONTRACTUAL OBLIGATIONS**

“Sec.

“4001. Assumption of contractual obligations related to transfers of rights in
 motion pictures.

12 **“§ 4001. Assumption of contractual obligations relat-**
 13 **ed to transfers of rights in motion pic-**
 14 **tures**

15 “(a) ASSUMPTION OF OBLIGATIONS.—In the case of
 16 a transfer of copyright ownership in a motion picture (as
 17 defined in section 101 of title 17) that is produced subject
 18 to 1 or more collective bargaining agreements negotiated
 19 under the laws of the United States, if the transfer is exe-
 20 cuted on or after the effective date of this chapter and
 21 is not limited to public performance rights, the transfer
 22 instrument shall be deemed to incorporate the assumption
 23 agreements applicable to the copyright ownership being
 24 transferred that are required by the applicable collective

1 bargaining agreement, and the transferee shall be subject
2 to the obligations under each such assumption agreement
3 to make residual payments and provide related notices, ac-
4 cruing after the effective date of the transfer and applica-
5 ble to the exploitation of the rights transferred, and any
6 remedies under each such assumption agreement for
7 breach of those obligations, as those obligations and rem-
8 edies are set forth in the applicable collective bargaining
9 agreement, if—

10 “(1) the transferee knows or has reason to
11 know at the time of the transfer that such collective
12 bargaining agreement was or will be applicable to
13 the motion picture; or

14 “(2) in the event of a court order confirming an
15 arbitration award against the transferor under the
16 collective bargaining agreement, the transferor does
17 not have the financial ability to satisfy the award
18 within 90 days after the order is issued.

19 “(b) FAILURE TO NOTIFY.—If the transferor under
20 subsection (a) fails to notify the transferee under sub-
21 section (a) of applicable collective bargaining obligations
22 before the execution of the transfer instrument, and sub-
23 section (a) is made applicable to the transferee solely by
24 virtue of subsection (a)(2), the transferor shall be liable

1 to the transferee for any damages suffered by the trans-
2 feree as a result of the failure to notify.

3 “(c) DETERMINATION OF DISPUTES AND CLAIMS.—
4 Any dispute concerning the application of subsection (a)
5 and any claim made under subsection (b) shall be deter-
6 mined by an action in United States district court, and
7 the court in its discretion may allow the recovery of full
8 costs by or against any party and may also award a rea-
9 sonable attorney’s fee to the prevailing party as part of
10 the costs.”.

11 (b) CONFORMING AMENDMENT.—The table of chap-
12 ters for part VI of title 28, United States Code, is amend-
13 ed by adding at the end the following:

“180. Assumption of Certain Contractual Obligations 4001”.

14 **SEC. 417. FIRST SALE CLARIFICATION.**

15 Section 109(a) of title 17, United States Code, is
16 amended by striking the first sentence and inserting the
17 following: “Notwithstanding the provisions of section
18 106(3), the owner of a particular lawfully made copy or
19 phonorecord that has been distributed in the United
20 States by the authority of the copyright owner, or any per-
21 son authorized by the owner of that copy or phonorecord,
22 is entitled, without the authority of the copyright owner,
23 to sell or otherwise dispose of the possession of that copy
24 or phonorecord.”.

1 intangible material capable of being collected and or-
2 ganized in a systematic way.

3 “(3) POTENTIAL MARKET.—The term ‘potential
4 market’ means any market that a person claiming
5 protection under section 1302 has current and de-
6 monstrable plans to exploit or that is commonly ex-
7 ploited by persons offering similar products or serv-
8 ices incorporating collections of information.

9 “(4) COMMERCE.—The term ‘commerce’ means
10 all commerce which may be lawfully regulated by the
11 Congress.

12 “(5) PRODUCT OR SERVICE.—A product or
13 service incorporating a collection of information does
14 not include a product or service incorporating a col-
15 lection of information gathered, organized, or main-
16 tained to address, route, forward, transmit, or store
17 digital online communications or provide or receive
18 access to connections for digital online communica-
19 tions.

20 **“§ 1302. Prohibition against misappropriation**

21 “Any person who extracts, or uses in commerce, all
22 or a substantial part, measured either quantitatively or
23 qualitatively, of a collection of information gathered, orga-
24 nized, or maintained by another person through the invest-
25 ment of substantial monetary or other resources, so as to

1 cause harm to the actual or potential market of that other
2 person, or a successor in interest of that other person, for
3 a product or service that incorporates that collection of
4 information and is offered or intended to be offered for
5 sale or otherwise in commerce by that other person, or
6 a successor in interest of that person, shall be liable to
7 that person or successor in interest for the remedies set
8 forth in section 1306.

9 **“§ 1303. Permitted acts**

10 “(a) INDIVIDUAL ITEMS OF INFORMATION AND
11 OTHER INSUBSTANTIAL PARTS.—Nothing in this chapter
12 shall prevent the extraction or use of an individual item
13 of information, or other insubstantial part of a collection
14 of information, in itself. An individual item of information,
15 including a work of authorship, shall not itself be consid-
16 ered a substantial part of a collection of information under
17 section 1302. Nothing in this subsection shall permit the
18 repeated or systematic extraction or use of individual
19 items or insubstantial parts of a collection of information
20 so as to circumvent the prohibition contained in section
21 1302.

22 “(b) GATHERING OR USE OF INFORMATION OB-
23 TAINED THROUGH OTHER MEANS.—Nothing in this
24 chapter shall restrict any person from independently gath-
25 ering information or using information obtained by means

1 other than extracting it from a collection of information
2 gathered, organized, or maintained by another person
3 through the investment of substantial monetary or other
4 resources.

5 “(c) USE OF INFORMATION FOR VERIFICATION.—
6 Nothing in this chapter shall restrict any person from ex-
7 tracting or using a collection of information within any
8 entity or organization, for the sole purpose of verifying
9 the accuracy of information independently gathered, orga-
10 nized, or maintained by that person. Under no cir-
11 cumstances shall the information so used be extracted
12 from the original collection and made available to others
13 in a manner that harms the actual or potential market
14 for the collection of information from which it is extracted
15 or used.

16 “(d) NONPROFIT EDUCATIONAL, SCIENTIFIC, OR RE-
17 SEARCH USES.—Notwithstanding section 1302, no person
18 shall be restricted from extracting or using information
19 for nonprofit educational, scientific, or research purposes
20 in a manner that does not harm directly the actual market
21 for the product or service referred to in section 1302.

22 “(e) NEWS REPORTING.—Nothing in this chapter
23 shall restrict any person from extracting or using informa-
24 tion for the sole purpose of news reporting, including news
25 gathering, dissemination, and comment, unless the infor-

1 mation so extracted or used is time sensitive and has been
2 gathered by a news reporting entity, and the extraction
3 or use is part of a consistent pattern engaged in for the
4 purpose of direct competition.

5 “(f) TRANSFER OF COPY.—Nothing in this chapter
6 shall restrict the owner of a particular lawfully made copy
7 of all or part of a collection of information from selling
8 or otherwise disposing of the possession of that copy.

9 **“§ 1304. Exclusions**

10 “(a) GOVERNMENT COLLECTIONS OF INFORMA-
11 TION.—

12 “(1) EXCLUSION.—Protection under this chap-
13 ter shall not extend to collections of information
14 gathered, organized, or maintained by or for a gov-
15 ernment entity, whether Federal, State, or local, in-
16 cluding any employee or agent of such entity, or any
17 person exclusively licensed by such entity, within the
18 scope of the employment, agency, or license. Nothing
19 in this subsection shall preclude protection under
20 this chapter for information gathered, organized, or
21 maintained by such an agent or licensee that is not
22 within the scope of such agency or license, or by a
23 Federal or State educational institution in the
24 course of engaging in education or scholarship.

1 “(2) EXCEPTION.—The exclusion under para-
2 graph (1) does not apply to any information re-
3 quired to be collected and disseminated—

4 “(A) under the Securities Exchange Act of
5 1934 by a national securities exchange, a reg-
6 istered securities association, or a registered se-
7 curities information processor, subject to sec-
8 tion 1305(g) of this title; or

9 “(B) under the Commodity Exchange Act
10 by a contract market, subject to section
11 1305(g) of this title.

12 “(b) COMPUTER PROGRAMS.—

13 “(1) PROTECTION NOT EXTENDED.—Subject to
14 paragraph (2), protection under this chapter shall
15 not extend to computer programs, including, but not
16 limited to, any computer program used in the manu-
17 facture, production, operation, or maintenance of a
18 collection of information, or any element of a com-
19 puter program necessary to its operation.

20 “(2) INCORPORATED COLLECTIONS OF INFOR-
21 MATION.—A collection of information that is other-
22 wise subject to protection under this chapter is not
23 disqualified from such protection solely because it is
24 incorporated into a computer program.

1 **“§ 1305. Relationship to other laws**

2 “(a) OTHER RIGHTS NOT AFFECTED.—Subject to
3 subsection (b), nothing in this chapter shall affect rights,
4 limitations, or remedies concerning copyright, or any other
5 rights or obligations relating to information, including
6 laws with respect to patent, trademark, design rights,
7 antitrust, trade secrets, privacy, access to public docu-
8 ments, and the law of contract.

9 “(b) PREEMPTION OF STATE LAW.—On or after the
10 effective date of this chapter, all rights that are equivalent
11 to the rights specified in section 1302 with respect to the
12 subject matter of this chapter shall be governed exclusively
13 by Federal law, and no person is entitled to any equivalent
14 right in such subject matter under the common law or
15 statutes of any State. State laws with respect to trade-
16 mark, design rights, antitrust, trade secrets, privacy, ac-
17 cess to public documents, and the law of contract shall
18 not be deemed to provide equivalent rights for purposes
19 of this subsection.

20 “(c) RELATIONSHIP TO COPYRIGHT.—Protection
21 under this chapter is independent of, and does not affect
22 or enlarge the scope, duration, ownership, or subsistence
23 of, any copyright protection or limitation, including, but
24 not limited to, fair use, in any work of authorship that
25 is contained in or consists in whole or part of a collection
26 of information. This chapter does not provide any greater

1 protection to a work of authorship contained in a collec-
2 tion of information, other than a work that is itself a col-
3 lection of information, than is available to that work under
4 any other chapter of this title.

5 “(d) ANTITRUST.—Nothing in this chapter shall limit
6 in any way the constraints on the manner in which prod-
7 ucts and services may be provided to the public that are
8 imposed by Federal and State antitrust laws, including
9 those regarding single suppliers of products and services.

10 “(e) LICENSING.—Nothing in this chapter shall re-
11 strict the rights of parties freely to enter into licenses or
12 any other contracts with respect to the use of collections
13 of information.

14 “(f) COMMUNICATIONS ACT OF 1934.—Nothing in
15 this chapter shall affect the operation of the provisions
16 of the Communications Act of 1934 (47 U.S.C. 151 et
17 seq.), or shall restrict any person from extracting or using
18 subscriber list information, as such term is defined in sec-
19 tion 222(f)(3) of the Communications Act of 1934 (47
20 U.S.C. 222(f)(3)), for the purpose of publishing telephone
21 directories in any format.

22 “(g) SECURITIES AND COMMODITIES MARKET IN-
23 FORMATION.—

24 “(1) FEDERAL AGENCIES AND ACTS.—Nothing
25 in this Act shall affect:

1 “(A) the operation of the provisions of the
2 Securities Exchange Act of 1934 (15 U.S.C.
3 78a et seq.) or the Commodity Exchange Act (7
4 U.S.C. 1 et seq.);

5 “(B) the jurisdiction or authority of the
6 Securities and Exchange Commission and the
7 Commodity Futures Trading Commission; or

8 “(C) the functions and operations of self-
9 regulatory organizations and securities informa-
10 tion processors under the provisions of the Se-
11 curities Exchange Act of 1934 and the rules
12 and regulations thereunder, including making
13 market information available pursuant to the
14 provisions of that Act and the rules and regula-
15 tions promulgated thereunder.

16 “(2) PROHIBITION.—Notwithstanding any pro-
17 vision in subsection (a), (b), (c), (d), or (f) of section
18 1303, nothing in this chapter shall permit the ex-
19 traction, use, resale, or other disposition of real-time
20 market information except as the Securities Ex-
21 change Act of 1934, the Commodity Exchange Act,
22 and the rules and regulations thereunder may other-
23 wise provide. In addition, nothing in subsection (e)
24 of section 1303 shall be construed to permit any
25 person to extract or use real-time market informa-

1 tion in a manner that constitutes a market sub-
2 stitute for a real-time market information service
3 (including the real-time systematic updating of or
4 display of a substantial part of market information)
5 provided on a real-time basis.

6 “(3) DEFINITION.—As used in this subsection,
7 the term ‘market information’ means information re-
8 lating to quotations and transactions that is col-

12 the Commodity Futures Trading Commission pursu-
13 ant to the Commodity Exchange Act and the rules
14 and regulations thereunder.

15 **“§ 1306. Civil remedies**

16 “(a) CIVIL ACTIONS.—Any person who is injured by
17 a violation of section 1302 may bring a civil action for
18 such a violation in an appropriate United States district
19 court without regard to the amount in controversy, except
20 that any action against a State governmental entity may
21 be brought in any court that has jurisdiction over claims
22 against such entity.

23 “(b) TEMPORARY AND PERMANENT INJUNCTIONS.—
24 Any court having jurisdiction of a civil action under this
25 section shall have the power to grant temporary and per-

1 manent injunctions, according to the principles of equity
2 and upon such terms as the court may deem reasonable,
3 to prevent a violation of section 1302. Any such injunction
4 may be served anywhere in the United States on the per-
5 son enjoined, and may be enforced by proceedings in con-
6 tempt or otherwise by any United States district court
7 having jurisdiction over that person.

8 “(c) IMPOUNDMENT.—At any time while an action
9 under this section is pending, the court may order the im-
10 pounding, on such terms as it deems reasonable, of all cop-
11 ies of contents of a collection of information extracted or
12 used in violation of section 1302, and of all masters, tapes,
13 disks, diskettes, or other articles by means of which such
14 copies may be reproduced. The court may, as part of a
15 final judgment or decree finding a violation of section
16 1302, order the remedial modification or destruction of
17 all copies of contents of a collection of information ex-
18 tracted or used in violation of section 1302, and of all
19 masters, tapes, disks, diskettes, or other articles by means
20 of which such copies may be reproduced.

21 “(d) MONETARY RELIEF.—When a violation of sec-
22 tion 1302 has been established in any civil action arising
23 under this section, the plaintiff shall be entitled to recover
24 any damages sustained by the plaintiff and defendant’s
25 profits not taken into account in computing the damages

1 sustained by the plaintiff. The court shall assess such
2 profits or damages or cause the same to be assessed under
3 its direction. In assessing profits the plaintiff shall be re-
4 quired to prove defendant's gross revenue only and the
5 defendant shall be required to prove all elements of cost
6 or deduction claims. In assessing damages the court may
7 enter judgment, according to the circumstances of the
8 case, for any sum above the amount found as actual dam-
9 ages, not exceeding three times such amount. The court
10 in its discretion may award reasonable costs and attor-
11 ney's fees to the prevailing party and shall award such
12 costs and fees where it determines that an action was
13 brought under this chapter in bad faith against a non-
14 profit educational, scientific, or research institution, li-
15 brary, or archives, or an employee or agent of such an
16 entity, acting within the scope of his or her employment.

17 “(e) REDUCTION OR REMISSION OF MONETARY RE-
18 LIEF FOR NONPROFIT EDUCATIONAL, SCIENTIFIC, OR
19 RESEARCH INSTITUTIONS.—The court shall reduce or
20 remit entirely monetary relief under subsection (d) in any
21 case in which a defendant believed and had reasonable
22 grounds for believing that his or her conduct was permis-
23 sible under this chapter, if the defendant was an employee
24 or agent of a nonprofit educational, scientific, or research

1 institution, library, or archives acting within the scope of
2 his or her employment.

3 “(f) ACTIONS AGAINST UNITED STATES GOVERN-
4 MENT.—Subsections (b) and (c) shall not apply to any ac-
5 tion against the United States Government.

6 “(g) RELIEF AGAINST STATE ENTITIES.—The relief
7 provided under this section shall be available against a
8 State governmental entity to the extent permitted by ap-
9 plicable law.

10 **“§ 1307. Criminal offenses and penalties**

11 “(a) VIOLATION.—

12 “(1) IN GENERAL.—Any person who violates
13 section 1302 willfully, and—

14 “(A) does so for direct or indirect commer-
15 cial advantage or financial gain; or

16 “(B) causes loss or damage aggregating
17 \$10,000 or more in any 1-year period to the
18 person who gathered, organized, or maintained
19 the information concerned,
20 shall be punished as provided in subsection (b).

21 “(2) INAPPLICABILITY.—This section shall not
22 apply to an employee or agent of a nonprofit edu-
23 cational, scientific, or research institution, library, or
24 archives acting within the scope of his or her em-
25 ployment.

1 “(b) PENALTIES.—An offense under subsection (a)
 2 shall be punishable by a fine of not more than \$250,000
 3 or imprisonment for not more than 5 years, or both. A
 4 second or subsequent offense under subsection (a) shall
 5 be punishable by a fine of not more than \$500,000 or im-
 6 prisonment for not more than 10 years, or both.

7 **“§ 1308. Limitations on actions**

 9 ceeding shall be maintained under this chapter unless it
 10 is commenced within three years after the cause of action
 11 arises.

 13 tained under this chapter unless it is commenced within
 14 three years after the cause of action arises or claim ac-
 15 crues.

16 “(c) ADDITIONAL LIMITATION.—No criminal or civil
 17 action shall be maintained under this chapter for the ex-
 18 traction or use of all or a substantial part of a collection
 19 of information that occurs more than 15 years after the
 20 investment of resources that qualified the portion of the
 21 collection of information for protection under this chapter
 22 that is extracted or used.”.

1 **“§ 1401. Designs protected**

2 “(a) DESIGNS PROTECTED.—

3 “(1) IN GENERAL.—The designer or other
 4 owner of an original design of a useful article which
 5 makes the article attractive or distinctive in appear-
 6 ance to the purchasing or using public may secure
 7 the protection provided by this chapter upon comply-
 8 ing with and subject to this chapter.

9 “(2) VESSEL HULLS.—The design of a vessel
 10 hull, including a plug or mold, is subject to protec-
 11 tion under this chapter, notwithstanding section
 12 1402(4).

13 “(b) DEFINITIONS.—For the purpose of this chapter,
 14 the following terms have the following meanings:

1 “(1) A design is ‘original’ if it is the result of
2 the designer’s creative endeavor that provides a dis-
3 tinguishable variation over prior work pertaining to
4 similar articles which is more than merely trivial and
5 has not been copied from another source.

6 “(2) A ‘useful article’ is a vessel hull, including
7 a plug or mold, which in normal use has an intrinsic
8 utilitarian function that is not merely to portray the
9 appearance of the article or to convey information.
10 An article which normally is part of a useful article
11 shall be deemed to be a useful article.

12 “(3) A ‘vessel’ is a craft, especially one larger
13 than a rowboat, designed to navigate on water, but
14 does not include any such craft that exceeds 200
15 feet in length.

16 “(4) A ‘hull’ is the frame or body of a vessel,
17 including the deck of a vessel, exclusive of masts,
18 sails, yards, and rigging.

19 “(5) A ‘plug’ means a device or model used to
20 make a mold for the purpose of exact duplication,
21 regardless of whether the device or model has an in-
22 trinsic utilitarian function that is not only to portray
23 the appearance of the product or to convey informa-
24 tion.

1 “(6) A ‘mold’ means a matrix or form in which
2 a substance for material is used, regardless of
3 whether the matrix or form has an intrinsic utilitar-
4 ian function that is not only to portray the appear-
5 ance of the product or to convey information.

6 **“§ 1402. Designs not subject to protection**

7 “Protection under this chapter shall not be available
8 for a design that is—

9 “(1) not original;

10 “(2) staple or commonplace, such as a standard
11 geometric figure, a familiar symbol, an emblem, or
12 a motif, or another shape, pattern, or configuration
13 which has become standard, common, prevalent, or
14 ordinary;

15 “(3) different from a design excluded by para-
16 graph (2) only in insignificant details or in elements
17 which are variants commonly used in the relevant
18 trades;

19 “(4) dictated solely by a utilitarian function of
20 the article that embodies it; or

21 “(5) embodied in a useful article that was made
22 public by the designer or owner in the United States
23 or a foreign country more than 1 year before the
24 date of the application for registration under this
25 chapter.

1 **“§ 1403. Revisions, adaptations, and rearrangements**

2 “Protection for a design under this chapter shall be
3 available notwithstanding the employment in the design
4 of subject matter excluded from protection under section
5 1402 if the design is a substantial revision, adaptation,
6 or rearrangement of such subject matter. Such protection
7 shall be independent of any subsisting protection in sub-
8 ject matter employed in the design, and shall not be con-
9 strued as securing any right to subject matter excluded
10 from protection under this chapter or as extending any
11 subsisting protection under this chapter.

12 **“§ 1404. Commencement of protection**

13 “The protection provided for a design under this
14 chapter shall commence upon the earlier of the date of
15 publication of the registration under section 1413(a) or
16 the date the design is first made public as defined by sec-
17 tion 1410(b).

18 **“§ 1405. Term of protection**

19 “(a) IN GENERAL.—Subject to subsection (b), the
20 protection provided under this chapter for a design shall
21 continue for a term of 10 years beginning on the date of
22 the commencement of protection under section 1404.

23 “(b) EXPIRATION.—All terms of protection provided
24 in this section shall run to the end of the calendar year
25 in which they would otherwise expire.

1 “(c) TERMINATION OF RIGHTS.—Upon expiration or
2 termination of protection in a particular design under this
3 chapter, all rights under this chapter in the design shall
4 terminate, regardless of the number of different articles
5 in which the design may have been used during the term
6 of its protection.

7 **“§ 1406. Design notice**

8 “(a) CONTENTS OF DESIGN NOTICE.—(1) Whenever
9 any design for which protection is sought under this chap-
10 ter is made public under section 1410(b), the owner of
11 the design shall, subject to the provisions of section 1407,
12 mark it or have it marked legibly with a design notice con-
13 sisting of—

14 “(A) the words ‘Protected Design’, the abbrevi-
15 vation ‘Prot’d Des.’, or the letter ‘D’ with a circle,
16 or the symbol *D*;

17 “(B) the year of the date on which protection
18 for the design commenced; and

19 “(C) the name of the owner, an abbreviation by
20 which the name can be recognized, or a generally ac-
21 cepted alternative designation of the owner.

22 Any distinctive identification of the owner may be used
23 for purposes of subparagraph (C) if it has been recorded
24 by the Administrator before the design marked with such
25 identification is registered.

1 “(2) After registration, the registration number may
2 be used instead of the elements specified in subparagraphs
3 (B) and (C) of paragraph (1).

4 “(b) LOCATION OF NOTICE.—The design notice shall
5 be so located and applied as to give reasonable notice of
6 design protection while the useful article embodying the
7 design is passing through its normal channels of com-
8 merce.

9 “(c) SUBSEQUENT REMOVAL OF NOTICE.—When the
10 owner of a design has complied with the provisions of this
11 section, protection under this chapter shall not be affected
12 by the removal, destruction, or obliteration by others of
13 the design notice on an article.

14 **“§ 1407. Effect of omission of notice**

15 “(a) ACTIONS WITH NOTICE.—Except as provided in
16 subsection (b), the omission of the notice prescribed in sec-
17 tion 1406 shall not cause loss of the protection under this
18 chapter or prevent recovery for infringement under this
19 chapter against any person who, after receiving written
20 notice of the design protection, begins an undertaking
21 leading to infringement under this chapter.

22 “(b) ACTIONS WITHOUT NOTICE.—The omission of
23 the notice prescribed in section 1406 shall prevent any re-
24 covery under section 1423 against a person who began an
25 undertaking leading to infringement under this chapter

1 before receiving written notice of the design protection. No
2 injunction shall be issued under this chapter with respect
3 to such undertaking unless the owner of the design reim-
4 burses that person for any reasonable expenditure or con-
5 tractual obligation in connection with such undertaking
6 that was incurred before receiving written notice of the
7 design protection, as the court in its discretion directs.
8 The burden of providing written notice of design protec-
9 tion shall be on the owner of the design.

10 **“§ 1408. Exclusive rights**

11 “The owner of a design protected under this chapter
12 has the exclusive right to—

13 “(1) make, have made, or import, for sale or
14 for use in trade, any useful article embodying that
15 design; and

16 “(2) sell or distribute for sale or for use in
17 trade any useful article embodying that design.

18 **“§ 1409. Infringement**

19 “(a) ACTS OF INFRINGEMENT.—Except as provided
20 in subsection (b), it shall be infringement of the exclusive
21 rights in a design protected under this chapter for any
22 person, without the consent of the owner of the design,
23 within the United States and during the term of such pro-
24 tection, to—

1 “(1) make, have made, or import, for sale or
2 for use in trade, any infringing article as defined in
3 subsection (e); or

4 “(2) sell or distribute for sale or for use in
5 trade any such infringing article.

6 “(b) ACTS OF SELLERS AND DISTRIBUTORS.—A sell-
7 er or distributor of an infringing article who did not make
8 or import the article shall be deemed to have infringed
9 on a design protected under this chapter only if that per-
10 son—

11 “(1) induced or acted in collusion with a manu-
12 facturer to make, or an importer to import such ar-
13 ticle, except that merely purchasing or giving an
14 order to purchase such article in the ordinary course
15 of business shall not of itself constitute such induce-
16 ment or collusion; or

17 “(2) refused or failed, upon the request of the
18 owner of the design, to make a prompt and full dis-
19 closure of that person’s source of such article, and
20 that person orders or reorders such article after re-
21 ceiving notice by registered or certified mail of the
22 protection subsisting in the design.

23 “(c) ACTS WITHOUT KNOWLEDGE.—It shall not be
24 infringement under this section to make, have made, im-
25 port, sell, or distribute, any article embodying a design

1 which was created without knowledge that a design was
2 protected under this chapter and was copied from such
3 protected design.

4 “(d) ACTS IN ORDINARY COURSE OF BUSINESS.—A
5 person who incorporates into that person’s product of
6 manufacture an infringing article acquired from others in
7 the ordinary course of business, or who, without knowl-
8 edge of the protected design embodied in an infringing ar-
9 ticle, makes or processes the infringing article for the ac-
10 count of another person in the ordinary course of business,
11 shall not be deemed to have infringed the rights in that
12 design under this chapter except under a condition con-
13 tained in paragraph (1) or (2) of subsection (b). Accepting
14 an order or reorder from the source of the infringing arti-
15 cle shall be deemed ordering or reordering within the
16 meaning of subsection (b)(2).

17 “(e) INFRINGING ARTICLE DEFINED.—As used in
18 this section, an ‘infringing article’ is any article the design
19 of which has been copied from a design protected under
20 this chapter, without the consent of the owner of the pro-
21 tected design. An infringing article is not an illustration
22 or picture of a protected design in an advertisement, book,
23 periodical, newspaper, photograph, broadcast, motion pic-
24 ture, or similar medium. A design shall not be deemed to
25 have been copied from a protected design if it is original

1 and not substantially similar in appearance to a protected
2 design.

3 “(f) ESTABLISHING ORIGINALITY.—The party to any
4 action or proceeding under this chapter who alleges rights
5 under this chapter in a design shall have the burden of
6 establishing the design’s originality whenever the opposing
7 party introduces an earlier work which is identical to such
8 design, or so similar as to make prima facie showing that
9 such design was copied from such work.

10 “(g) REPRODUCTION FOR TEACHING OR ANALY-
11 SIS.—It is not an infringement of the exclusive rights of
12 a design owner for a person to reproduce the design in
13 a useful article or in any other form solely for the purpose
14 of teaching, analyzing, or evaluating the appearance, con-
15 cepts, or techniques embodied in the design, or the func-
16 tion of the useful article embodying the design.

17 **“§ 1410. Application for registration**

18 “(a) TIME LIMIT FOR APPLICATION FOR REGISTRA-
19 TION.—Protection under this chapter shall be lost if appli-
20 cation for registration of the design is not made within
21 two years after the date on which the design is first made
22 public.

23 “(b) WHEN DESIGN IS MADE PUBLIC.—A design is
24 made public when an existing useful article embodying the
25 design is anywhere publicly exhibited, publicly distributed,

1 or offered for sale or sold to the public by the owner of
2 the design or with the owner's consent.

3 “(c) APPLICATION BY OWNER OF DESIGN.—Applica-
4 tion for registration may be made by the owner of the de-
5 sign.

6 “(d) CONTENTS OF APPLICATION.—The application
7 for registration shall be made to the Administrator and
8 shall state—

9 “(1) the name and address of the designer or
10 designers of the design;

11 “(2) the name and address of the owner if dif-
12 ferent from the designer;

13 “(3) the specific name of the useful article em-
14 bodying the design;

15 “(4) the date, if any, that the design was first
16 made public, if such date was earlier than the date
17 of the application;

18 “(5) affirmation that the design has been fixed
19 in a useful article; and

20 “(6) such other information as may be required
21 by the Administrator.

22 The application for registration may include a description
23 setting forth the salient features of the design, but the
24 absence of such a description shall not prevent registration
25 under this chapter.

1 “(e) SWORN STATEMENT.—The application for reg-
2 istration shall be accompanied by a statement under oath
3 by the applicant or the applicant’s duly authorized agent
4 or representative, setting forth, to the best of the appli-
5 cant’s knowledge and belief—

6 “(1) that the design is original and was created
7 by the designer or designers named in the applica-
8 tion;

9 “(2) that the design has not previously been
10 registered on behalf of the applicant or the appli-
11 cant’s predecessor in title; and

12 “(3) that the applicant is the person entitled to
13 protection and to registration under this chapter.

14 If the design has been made public with the design notice
15 prescribed in section 1406, the statement shall also de-
16 scribe the exact form and position of the design notice.

17 “(f) EFFECT OF ERRORS.—(1) Error in any state-
18 ment or assertion as to the utility of the useful article
19 named in the application under this section, the design
20 of which is sought to be registered, shall not affect the
21 protection secured under this chapter.

22 “(2) Errors in omitting a joint designer or in naming
23 an alleged joint designer shall not affect the validity of
24 the registration, or the actual ownership or the protection

1 of the design, unless it is shown that the error occurred
2 with deceptive intent.

3 “(g) DESIGN MADE IN SCOPE OF EMPLOYMENT.—

4 In a case in which the design was made within the regular
5 scope of the designer’s employment and individual author-
6 ship of the design is difficult or impossible to ascribe and
7 the application so states, the name and address of the em-
8 ployer for whom the design was made may be stated in-
9 stead of that of the individual designer.

10 “(h) PICTORIAL REPRESENTATION OF DESIGN.—

11 The application for registration shall be accompanied by
12 two copies of a drawing or other pictorial representation
13 of the useful article embodying the design, having one or
14 more views, adequate to show the design, in a form and
15 style suitable for reproduction, which shall be deemed a
16 part of the application.

17 “(i) DESIGN IN MORE THAN ONE USEFUL ARTI-

18 CLE.—If the distinguishing elements of a design are in
19 substantially the same form in different useful articles, the
20 design shall be protected as to all such useful articles when
21 protected as to one of them, but not more than one reg-
22 istration shall be required for the design.

23 “(j) APPLICATION FOR MORE THAN ONE DESIGN.—

24 More than one design may be included in the same appli-
25 cation under such conditions as may be prescribed by the

1 Administrator. For each design included in an application
2 the fee prescribed for a single design shall be paid.

3 **“§ 1411. Benefit of earlier filing date in foreign coun-**
4 **try**

5 “An application for registration of a design filed in
6 the United States by any person who has, or whose legal
7 representative or predecessor or successor in title has, pre-
8 viously filed an application for registration of the same
9 design in a foreign country which extends to designs of
10 owners who are citizens of the United States, or to appli-
11 cations filed under this chapter, similar protection to that
12 provided under this chapter shall have that same effect
13 as if filed in the United States on the date on which the
14 application was first filed in such foreign country, if the
15 application in the United States is filed within 6 months
16 after the earliest date on which any such foreign applica-
17 tion was filed.

18 **“§ 1412. Oaths and acknowledgments**

19 “(a) IN GENERAL.—Oaths and acknowledgments re-
20 quired by this chapter—

21 “(1) may be made—

22 “(A) before any person in the United
23 States authorized by law to administer oaths; or

24 “(B) when made in a foreign country, be-
25 fore any diplomatic or consular officer of the

1 United States authorized to administer oaths,
2 or before any official authorized to administer
3 oaths in the foreign country concerned, whose
4 authority shall be proved by a certificate of a
5 diplomatic or consular officer of the United
6 States; and

7 “(2) shall be valid if they comply with the laws
8 of the State or country where made.

9 “(b) WRITTEN DECLARATION IN LIEU OF OATH.—

10 (1) The Administrator may by rule prescribe that any doc-
11 ument which is to be filed under this chapter in the Office
12 of the Administrator and which is required by any law,
13 rule, or other regulation to be under oath, may be sub-
14 scribed to by a written declaration in such form as the
15 Administrator may prescribe, and such declaration shall
16 be in lieu of the oath otherwise required.

17 “(2) Whenever a written declaration under paragraph
18 (1) is used, the document containing the declaration shall
19 state that willful false statements are punishable by fine
20 or imprisonment, or both, pursuant to section 1001 of title
21 18, and may jeopardize the validity of the application or
22 document or a registration resulting therefrom.

1 **“§ 1413. Examination of application and issue or re-**
2 **fusal of registration**

3 “(a) DETERMINATION OF REGISTRABILITY OF DE-
4 SIGN; REGISTRATION.—Upon the filing of an application
5 for registration in proper form under section 1410, and
6 upon payment of the fee prescribed under section 1416,
7 the Administrator shall determine whether or not the ap-
8 plication relates to a design which on its face appears to
9 be subject to protection under this chapter, and, if so, the
10 Register shall register the design. Registration under this
11 subsection shall be announced by publication. The date of
12 registration shall be the date of publication.

13 “(b) REFUSAL TO REGISTER; RECONSIDERATION.—
14 If, in the judgment of the Administrator, the application
15 for registration relates to a design which on its face is
16 not subject to protection under this chapter, the Adminis-
17 trator shall send to the applicant a notice of refusal to
18 register and the grounds for the refusal. Within 3 months
19 after the date on which the notice of refusal is sent, the
20 applicant may, by written request, seek reconsideration of
21 the application. After consideration of such a request, the
22 Administrator shall either register the design or send to
23 the applicant a notice of final refusal to register.

24 “(c) APPLICATION TO CANCEL REGISTRATION.—Any
25 person who believes he or she is or will be damaged by
26 a registration under this chapter may, upon payment of

1 the prescribed fee, apply to the Administrator at any time
2 to cancel the registration on the ground that the design
3 is not subject to protection under this chapter, stating the
4 reasons for the request. Upon receipt of an application for
5 cancellation, the Administrator shall send to the owner of
6 the design, as shown in the records of the Office of the
7 Administrator, a notice of the application, and the owner
8 shall have a period of 3 months after the date on which
9 such notice is mailed in which to present arguments to
10 the Administrator for support of the validity of the reg-
11 istration. The Administrator shall also have the authority
12 to establish, by regulation, conditions under which the op-
13 posing parties may appear and be heard in support of
14 their arguments. If, after the periods provided for the
15 presentation of arguments have expired, the Administrator
16 determines that the applicant for cancellation has estab-
17 lished that the design is not subject to protection under
18 this chapter, the Administrator shall order the registration
19 stricken from the record. Cancellation under this sub-
20 section shall be announced by publication, and notice of
21 the Administrator's final determination with respect to
22 any application for cancellation shall be sent to the appli-
23 cant and to the owner of record.

1 **“§ 1414. Certification of registration**

2 “Certificates of registration shall be issued in the
3 name of the United States under the seal of the Office
4 of the Administrator and shall be recorded in the official
5 records of the Office. The certificate shall state the name
6 of the useful article, the date of filing of the application,
7 the date of registration, and the date the design was made
8 public, if earlier than the date of filing of the application,
9 and shall contain a reproduction of the drawing or other
10 pictorial representation of the design. If a description of
11 the salient features of the design appears in the applica-
12 tion, the description shall also appear in the certificate.
13 A certificate of registration shall be admitted in any court
14 as prima facie evidence of the facts stated in the certifi-
15 cate.

16 **“§ 1415. Publication of announcements and indexes**

17 “(a) PUBLICATIONS OF THE ADMINISTRATOR.—The
18 Administrator shall publish lists and indexes of registered
19 designs and cancellations of designs and may also publish
20 the drawings or other pictorial representations of reg-
21 istered designs for sale or other distribution.

22 “(b) FILE OF REPRESENTATIVES OF REGISTERED
23 DESIGNS.—The Administrator shall establish and main-
24 tain a file of the drawings or other pictorial representa-
25 tions of registered designs. The file shall be available for

1 use by the public under such conditions as the Adminis-
2 trator may prescribe.

3 **“§ 1416. Fees**

4 “The Administrator shall by regulation set reason-
5 able fees for the filing of applications to register designs
6 under this chapter and for other services relating to the
7 administration of this chapter, taking into consideration
8 the cost of providing these services and the benefit of a
9 public record.

10 **“§ 1417. Regulations**

11 “The Administrator may establish regulations for the
12 administration of this chapter.

13 **“§ 1418. Copies of records**

14 “Upon payment of the prescribed fee, any person may
15 obtain a certified copy of any official record of the Office
16 of the Administrator that relates to this chapter. That
17 copy shall be admissible in evidence with the same effect
18 as the original.

19 **“§ 1419. Correction of errors in certificates**

20 “The Administrator may, by a certificate of correc-
21 tion under seal, correct any error in a registration in-
22 curred through the fault of the Office, or, upon payment
23 of the required fee, any error of a clerical or typographical
24 nature occurring in good faith but not through the fault
25 of the Office. Such registration, together with the certifi-

1 cate, shall thereafter have the same effect as if it had been
2 originally issued in such corrected form.

3 **“§ 1420. Ownership and transfer**

4 “(a) PROPERTY RIGHT IN DESIGN.—The property
5 right in a design subject to protection under this chapter
6 shall vest in the designer, the legal representatives of a
7 deceased designer or of one under legal incapacity, the em-
8 ployer for whom the designer created the design in the
9 case of a design made within the regular scope of the de-
10 signer’s employment, or a person to whom the rights of
11 the designer or of such employer have been transferred.
12 The person in whom the property right is vested shall be
13 considered the owner of the design.

14 “(b) TRANSFER OF PROPERTY RIGHT.—The prop-
15 erty right in a registered design, or a design for which
16 an application for registration has been or may be filed,
17 may be assigned, granted, conveyed, or mortgaged by an
18 instrument in writing, signed by the owner, or may be be-
19 queathed by will.

20 “(c) OATH OR ACKNOWLEDGEMENT OF TRANS-
21 FER.—An oath or acknowledgment under section 1412
22 shall be prima facie evidence of the execution of an assign-
23 ment, grant, conveyance, or mortgage under subsection
24 (b).

1 “(d) RECORDATION OF TRANSFER.—An assignment,
2 grant, conveyance, or mortgage under subsection (b) shall
3 be void as against any subsequent purchaser or mortgagee
4 for a valuable consideration, unless it is recorded in the
5 Office of the Administrator within 3 months after its date
6 of execution or before the date of such subsequent pur-
7 chase or mortgage.

8 **“§ 1421. Remedy for infringement**

9 “(a) IN GENERAL.—The owner of a design is enti-
10 tled, after issuance of a certificate of registration of the
11 design under this chapter, to institute an action for any
12 infringement of the design.

13 “(b) REVIEW OF REFUSAL TO REGISTER.—(1) Sub-
14 ject to paragraph (2), the owner of a design may seek judi-
15 cial review of a final refusal of the Administrator to reg-
16 ister the design under this chapter by bringing a civil ac-
17 tion, and may in the same action, if the court adjudges
18 the design subject to protection under this chapter, en-
19 force the rights in that design under this chapter.

20 “(2) The owner of a design may seek judicial review
21 under this section if—

22 “(A) the owner has previously duly filed and
23 prosecuted to final refusal an application in proper
24 form for registration of the design;

1 “(B) the owner causes a copy of the complaint
2 in the action to be delivered to the Administrator
3 within 10 days after the commencement of the ac-
4 tion; and

5 “(C) the defendant has committed acts in re-
6 spect to the design which would constitute infringe-
7 ment with respect to a design protected under this
8 chapter.

9 “(c) ADMINISTRATOR AS PARTY TO ACTION.—The
10 Administrator may, at the Administrator’s option, become
11 a party to the action with respect to the issue of
12 registrability of the design claim by entering an appear-
13 ance within 60 days after being served with the complaint,
14 but the failure of the Administrator to become a party
15 shall not deprive the court of jurisdiction to determine that
16 issue.

17 “(d) USE OF ARBITRATION TO RESOLVE DISPUTE.—
18 The parties to an infringement dispute under this chapter,
19 within such time as may be specified by the Administrator
20 by regulation, may determine the dispute, or any aspect
21 of the dispute, by arbitration. Arbitration shall be gov-
22 erned by title 9. The parties shall give notice of any arbi-
23 tration award to the Administrator, and such award shall,
24 as between the parties to the arbitration, be dispositive
25 of the issues to which it relates. The arbitration award

1 shall be unenforceable until such notice is given. Nothing
2 in this subsection shall preclude the Administrator from
3 determining whether a design is subject to registration in
4 a cancellation proceeding under section 1413(c).

5 **§ 1422. Injunctions**

6 “(a) IN GENERAL.—A court having jurisdiction over
7 actions under this chapter may grant injunctions in ac-
8 cordance with the principles of equity to prevent infringe-
9 ment of a design under this chapter, including, in its dis-
10 cretion, prompt relief by temporary restraining orders and
11 preliminary injunctions.

12 “(b) DAMAGES FOR INJUNCTIVE RELIEF WRONG-
13 FULLY OBTAINED.—A seller or distributor who suffers
14 damage by reason of injunctive relief wrongfully obtained
15 under this section has a cause of action against the appli-
16 cant for such injunctive relief and may recover such relief
17 as may be appropriate, including damages for lost profits,
18 cost of materials, loss of good will, and punitive damages
19 in instances where the injunctive relief was sought in bad
20 faith, and, unless the court finds extenuating cir-
21 cumstances, reasonable attorney’s fees.

22 **“§ 1423. Recovery for infringement**

23 “(a) DAMAGES.—Upon a finding for the claimant in
24 an action for infringement under this chapter, the court
25 shall award the claimant damages adequate to compensate

1 for the infringement. In addition, the court may increase
2 the damages to such amount, not exceeding \$50,000 or
3 \$1 per copy, whichever is greater, as the court determines
4 to be just. The damages awarded shall constitute com-
5 pensation and not a penalty. The court may receive expert
6 testimony as an aid to the determination of damages.

7 “(b) INFRINGER’S PROFITS.—As an alternative to
8 the remedies provided in subsection (a), the court may
9 award the claimant the infringer’s profits resulting from
10 the sale of the copies if the court finds that the infringer’s
11 sales are reasonably related to the use of the claimant’s
12 design. In such a case, the claimant shall be required to
13 prove only the amount of the infringer’s sales and the in-
14 fringer shall be required to prove its expenses against such
15 sales.

16 “(c) STATUTE OF LIMITATIONS.—No recovery under
17 subsection (a) or (b) shall be had for any infringement
18 committed more than 3 years before the date on which
19 the complaint is filed.

20 “(d) ATTORNEY’S FEES.—In an action for infringe-
21 ment under this chapter, the court may award reasonable
22 attorney’s fees to the prevailing party.

23 “(e) DISPOSITION OF INFRINGING AND OTHER ARTI-
24 CLES.—The court may order that all infringing articles,
25 and any plates, molds, patterns, models, or other means

1 specifically adapted for making the articles, be delivered
2 up for destruction or other disposition as the court may
3 direct.

4 **“§ 1424. Power of court over registration**

5 “In any action involving the protection of a design
6 under this chapter, the court, when appropriate, may
7 order registration of a design under this chapter or the
8 cancellation of such a registration. Any such order shall
9 be certified by the court to the Administrator, who shall
10 make an appropriate entry upon the record.

11 **“§ 1425. Liability for action on registration fraudu-**
12 **lently obtained**

13 “Any person who brings an action for infringement
14 knowing that registration of the design was obtained by
15 a false or fraudulent representation materially affecting
16 the rights under this chapter, shall be liable in the sum
17 of \$10,000, or such part of that amount as the court may
18 determine. That amount shall be to compensate the de-
19 fendant and shall be charged against the plaintiff and paid
20 to the defendant, in addition to such costs and attorney’s
21 fees of the defendant as may be assessed by the court.

22 **“§ 1426. Penalty for false marking**

23 “(a) IN GENERAL.—Whoever, for the purpose of de-
24 ceiving the public, marks upon, applies to, or uses in ad-
25 vertising in connection with an article made, used, distrib-

1 uted, or sold, a design which is not protected under this
2 chapter, a design notice specified in section 1406, or any
3 other words or symbols importing that the design is pro-
4 tected under this chapter, knowing that the design is not
5 so protected, shall pay a civil fine of not more than \$500
6 for each such offense.

7 “(b) SUIT BY PRIVATE PERSONS.—Any person may
8 sue for the penalty established by subsection (a), in which
9 event one-half of the penalty shall be awarded to the per-
10 son suing and the remainder shall be awarded to the
11 United States.

12 **“§ 1427. Penalty for false representation**

13 “Whoever knowingly makes a false representation
14 materially affecting the rights obtainable under this chap-
15 ter for the purpose of obtaining registration of a design
16 under this chapter shall pay a penalty of not less than
17 \$500 and not more than \$1,000, and any rights or privi-
18 leges that individual may have in the design under this
19 chapter shall be forfeited.

20 **“§ 1428. Enforcement by Treasury and Postal Service**

21 “(a) REGULATIONS.—The Secretary of the Treasury
22 and the United States Postal Service shall separately or
23 jointly issue regulations for the enforcement of the rights
24 set forth in section 1408 with respect to importation. Such
25 regulations may require, as a condition for the exclusion

1 of articles from the United States, that the person seeking
2 exclusion take any one or more of the following actions:

3 “(1) Obtain a court order enjoining, or an order
4 of the International Trade Commission under sec-
5 tion 337 of the Tariff Act of 1930 excluding, impor-
6 tation of the articles.

7 “(2) Furnish proof that the design involved is
8 protected under this chapter and that the importa-
9 tion of the articles would infringe the rights in the
10 design under this chapter.

11 “(3) Post a surety bond for any injury that
12 may result if the detention or exclusion of the arti-
13 cles proves to be unjustified.

14 “(b) SEIZURE AND FORFEITURE.—Articles imported
15 in violation of the rights set forth in section 1408 are sub-
16 ject to seizure and forfeiture in the same manner as prop-
17 erty imported in violation of the customs laws. Any such
18 forfeited articles shall be destroyed as directed by the Sec-
19 retary of the Treasury or the court, as the case may be,
20 except that the articles may be returned to the country
21 of export whenever it is shown to the satisfaction of the
22 Secretary of the Treasury that the importer had no rea-
23 sonable grounds for believing that his or her acts con-
24 stituted a violation of the law.

1 **“§ 1429. Relation to design patent law**

2 “The issuance of a design patent under title 35 for
3 an original design for an article of manufacture shall ter-
4 minate any protection of the original design under this
5 chapter.

6 **“§ 1430. Common law and other rights unaffected**

7 “Nothing in this chapter shall annul or limit—

8 “(1) common law or other rights or remedies,
9 if any, available to or held by any person with re-
10 spect to a design which has not been registered
11 under this chapter; or

12 “(2) any right under the trademark laws or any
13 right protected against unfair competition.

14 **“§ 1431. Administrator; Office of the Administrator**

15 “In this chapter, the ‘Administrator’ is the Register
16 of Copyrights, and the ‘Office of the Administrator’ and
17 the ‘Office’ refer to the Copyright Office of the Library
18 of Congress.

19 **“§ 1432. No retroactive effect**

20 “Protection under this chapter shall not be available
21 for any design that has been made public under section
22 1410(b) before the effective date of this chapter.”.
