### HON. GREGG HARPER

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 24, 2009*

Mr. HARPER. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part H.R. 3293—Labor-HHS-Education Appropriations Act, 2010:

Requesting Member: Congressman GREGG HARPER

Bill Number: H.R. 3293

Account: Elementary and Secondary Education

Project Name: The Mississippi Early Childhood Bridges Project

Recipient and Address: Mississippi State University, Early Childhood Institute, P.O. Box 6013, Mississippi State, MS 39762

Amount: \$630,000

Description: Funding would be used to create and pilot a new early childhood teacher delivery system to improve the quality of instruction and prevent attrition of teachers in early care and education centers.

Requesting Member: Congressman GREGG HARPER

Bill Number: H.R. 3293

Account: Museums and Libraries

Project Name: Outreach Programs, Mississippi Museum of Natural Science

Recipient and Address: Mississippi Museum of Natural Science Foundation, 2148 Riverside Drive, Jackson, MS 39202

Amount: \$220,000

Description: Funding would be used for the acquisition of education outreach vans and equipment so the museum's science literacy programs can reach approximately 120,000 students throughout the state; and for biological database services to assist land managers and economic developers to improve their efficiency and effectiveness by providing tools to streamline planning and permitting processes.

#### EARMARK DECLARATION

### HON. MARY FALLIN

OF OKLAHOMA

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 24, 2009*

Ms. FALLIN. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3293—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

I requested and received on behalf of Oklahoma State University—Center for Health Systems located at 1111 West 17th Street, Tulsa, OK 74107 the amount of \$300,000.

This project seeks to do two things: (1) expand and enhance the OSU Center for Health Science's health information technology system, including its telemedicine and distance learning as well as electronic medical records network, and (2) bring diagnostic and medical services to geographic regions in Oklahoma where even telemedicine is not yet feasible or reasonably located by use of a mobile clinic. The mobile clinics will be available to provide medical services in response to natural or manmade disasters.

I requested and received on behalf of Oklahoma State University located at Oklahoma State University—Stillwater, Oklahoma 74078 the amount of \$350,000.

Oklahoma State University and ProCure Treatment Centers Inc. have formed a public-private partnership for training, education and research in proton therapy for the treatment of cancer. In many situations cancer treatment by means of precisely directed beams of energetic protons is the most effective therapeutic alternative to more traditional surgical and radiation cancer treatment procedures. ProCure is currently completing construction of a multi-million dollar, proton treatment facility in Oklahoma City, dedicated to the treatment of cancer. It will allow access to world-leading technology for patients in the central region of the United States and is the first of several such centers planned by ProCure throughout the country in the coming years. We propose to place Oklahoma at the forefront of proton cancer treatment by establishing a world-class, research and education center at OSU, in partnership with ProCure, in order to train accredited personnel in this next-generation cancer treatment modality. Scientists at the world-renowned Radiation Physics Laboratory at OSU have been conducting research in the characterization and monitoring of proton beams used in cancer therapy for over fifteen years. The OSU group has recently teamed with ProCure to establish a research and training program at OSU. The requested federal funding will build from the existing private funding to establish a leading national center of excellence. Establishing a proton therapy center in the middle of Oklahoma will be of tremendous benefit to the citizens of this state and surrounding states. There are estimated to be over 250,000 cancer patients nationwide, and over 3,000 each year in a 250 mile radius of Oklahoma City, many of whom can benefit from proton radiation therapy.

I requested and received on behalf of Oklahoma City Community College located at 7777 South May Ave., OKC, OK 73150 the amount of \$200,000.

In anticipation of the need to provide enhanced services for the predicted increase in service members attending OCCC, a full time Coordinator of Veterans Services position was established this year. Additional personnel to support this special population includes licensed professional counselor, career advisors, clerical support, and tutoring services.

Expansion of services for service members enrolled in classes at OCCC should be promoted to these students by the Veterans Services Office functioning as a centralized source of information and referral. Information, services, and referral should include but is not limited to: readjustment counseling; academic assessment and remediation (if needed); academic advising and development of an individualized education plan; review of veteran benefits; career counseling; workshops; networking; and an opportunity to have the same level of camaraderie that is experienced in the military.

To succeed in college, it is critical that veterans have a successful transition from the military into campus life. The aim of this program is to provide intensive transitional and support services for military veterans as many veterans have a difficult time readjusting to civilian life and translating their military service into applicable college and career goals. We would provide enhanced and specialized support services to military veteran students from the time they commit to attending the OCCC through the end of their education with us and beyond.

#### EARMARK DECLARATION

### HON. STEVE KING

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 24, 2009*

Mr. KING of Iowa. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3293, Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman STEVE KING

Bill Number H.R. 3293, Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

Account: Department of Education, Higher Education

Amount: \$100,000

Legal Name of Requesting Entity: Briar Cliff University

Address of Requesting Entity: 3303 Rebecca Street, Sioux City, IA 51104

Description of Request: The requested funds will be used to help fund the Nursing and Health Education Improvement Project at Briar Cliff University. Since 1930, Briar Cliff University has provided superior healthcare education to students, which has positively affected the quality of life for the citizens of the Siouland region. Many healthcare professionals in the region were educated at Briar Cliff University. In keeping with this legacy, Briar Cliff University is inaugurating a new center for gerontology during 2009. In support of this program and the nursing and
