8 3901(b)(2)), by striking “handicapping condition”

12 pears and inserting “disability”;

14 4102(11)(A)), by striking “handicapping condition”

23 amended—

24 (1) in the first sentence—

2 after “with the Foreign Service”; and

3 (B) by striking “Foreign service Act of

1 **TITLE XCIII—EMBASSY**
2 **SECURITY AND CONSTRUCTION**
3 **SEC. 9301. AMENDMENTS TO SECURE EMBASSY CONSTRUC-**
4 **TION AND COUNTERTERRORISM ACT OF 1999.**

5 (a) **SHORT TITLE.**—This section may be cited as the
6 “Secure Embassy Construction and Counterterrorism Act
7 of 2022”.

8 (b) **FINDINGS.**—Congress makes the following find-
9 ings:

10 (1) The Secure Embassy Construction and
11 Counterterrorism Act of 1999 (title VI of division A
12 of appendix G of Public Law 106–113) was a nec-
13 essary response to bombings on August 7, 1998, at
14 the United States embassies in Nairobi, Kenya, and
15 in Dar es Salaam, Tanzania, that were destroyed by
16 simultaneously exploding bombs. The resulting ex-
17 plosions killed 220 persons and injured more than
18 4,000 others. Twelve Americans and 40 Kenyan and
19 Tanzanian employees of the United States Foreign
20 Service were killed in the attacks.

21 (2) Those bombings, followed by the expedi-
22 tionary diplomatic efforts in Iraq and Afghanistan,
23 demonstrated the need to prioritize the security of
24 United States posts and personnel abroad above
25 other considerations.

1 (3) Between 1999 and 2022, the risk calculus
2 of the Department impacted the ability of United
3 States diplomats around the world to advance the
4 interests of the United States through access to local
5 populations, leaders, and places.

6 (4) America's competitors and adversaries do
7 not have the same restrictions that United States
8 diplomats have, especially in critically important me-
9 dium-threat and high-threat posts.

10 (5) The Department's 2021 Overseas Security
11 Panel report states that—

12 (A) the requirement for setback and col-
13 location of diplomatic posts under paragraphs
14 (2) and (3) of section 606(a) of the Secure Em-
15 bassy Construction and Counterterrorism Act of
16 1999 (22 U.S.C. 4865(a)) has led to sky-
17 rocketing costs of new embassies and con-
18 sulates; and

19 (B) the locations of such posts have be-
20 come less desirable, creating an extremely sub-
21 optimal nexus that further hinders United
22 States diplomats who are willing to accept more
23 risk in order to advance United States inter-
24 ests.

1 (c) SENSE OF CONGRESS.—It is the sense of Con-
2 gress that—

3 (1) the setback and collocation requirements re-
4 ferred to in subsection (b)(5)(A), even with available
5 waivers, no longer provide the security such require-
6 ments used to provide because of advancement in
7 technologies, such as remote controlled drones, that
8 can evade walls and other such static barriers;

9 (2) the Department should focus on creating
10 performance security standards that—

11 (A) attempt to keep the setback require-
12 ments of diplomatic posts as limited as possible;
13 and

14 (B) provide diplomats access to local popu-
15 lations as much as possible, while still providing
16 a necessary level of security;

17 (3) collocation of diplomatic facilities is often
18 not feasible or advisable, particularly for public di-
19 plomacy spaces whose mission is to reach and be ac-
20 cessible to wide sectors of the public, including in
21 countries with repressive governments, since such
22 spaces are required to permit the foreign public to
23 enter and exit the space easily and openly;

24 (4) the Bureau of Diplomatic Security should—

1 (A) fully utilize the waiver process pro-
2 vided under paragraphs (2)(B) and (3)(B) of
3 section 606(a) of the Secure Embassy Con-
4 struction and Counterterrorism Act of 1999 (22
5 U.S.C. 4865(a)); and

6 (B) appropriately exercise such waiver
7 process as a tool to right-size the appropriate
8 security footing at each diplomatic post rather
9 than only approving waivers in extreme cir-
10 cumstances;

11 (5) the return of great power competition re-
12 quires—

13 (A) United States diplomats to do all they
14 can to outperform our adversaries; and

15 (B) the Department to better optimize use
16 of taxpayer funding to advance United States
17 national interests; and

18 (6) this section will better enable United States
19 diplomats to compete in the 21st century, while sav-
20 ing United States taxpayers millions in reduced
21 property and maintenance costs at embassies and
22 consulates abroad.

23 (d) DEFINITION OF UNITED STATES DIPLOMATIC
24 FACILITY.—Section 603 of the Secure Embassy Construc-
25 tion and Counterterrorism Act of 1999 (title VI of division

1 A of appendix G of Public Law 106–113) is amended to
2 read as follows:

3 **“SEC. 603. UNITED STATES DIPLOMATIC FACILITY DE-**
4 **FINED.**

5 “In this title, the terms ‘United States diplomatic fa-
6 cility’ and ‘diplomatic facility’ mean any chancery, con-
7 sulate, or other office that—

8 “(1) is considered by the Secretary of State to
9 be diplomatic or consular premises, consistent with
10 the Vienna Convention on Diplomatic Relations,
11 done at Vienna April 18, 1961, and the Vienna Con-
12 vention on Consular Relations, done at Vienna April
13 24, 1963, and was notified to the host government
14 as such; or

15 “(2) is otherwise subject to a publicly available
16 bilateral agreement with the host government (con-
17 tained in the records of the United States Depart-
18 ment of State) that recognizes the official status of
19 the United States Government personnel present at
20 the facility.”.

21 (e) **GUIDANCE AND REQUIREMENTS FOR DIPLO-**
22 **MATIC FACILITIES.—**

23 (1) **GUIDANCE FOR CLOSURE OF PUBLIC DIPLO-**
24 **MACY FACILITIES.—**Section 5606(a) of the Public
25 Diplomacy Modernization Act of 2021 (Public Law

1 117–81; 22 U.S.C. 1475g note) is amended to read
2 as follows:

3 “(a) IN GENERAL.—In order to preserve public diplo-
4 macy facilities that are accessible to the publics of foreign
5 countries, not later than 180 days after the date of the
6 enactment of the Secure Embassy Construction and
7 Counterterrorism Act of 2022, the Secretary of State shall
8 adopt guidelines to collect and utilize information from
9 each diplomatic post at which the construction of a new
10 embassy compound or new consulate compound could re-
11 sult in the closure or co-location of an American Space
12 that is owned and operated by the United States Govern-
13 ment, generally known as an American Center, or any
14 other public diplomacy facility under the Secure Embassy
15 Construction and Counterterrorism Act of 1999 (22
16 U.S.C. 4865 et seq.).”.

17 (2) SECURITY REQUIREMENTS FOR UNITED
18 STATES DIPLOMATIC FACILITIES.—Section 606(a) of
19 the Secure Embassy Construction and Counterter-
20 rorism Act of 1999 (22 U.S.C. 4865(a)) is amend-
21 ed—

22 (A) in paragraph (1)(A), by striking “the
23 threat” and inserting “a range of threats, in-
24 cluding that”;

25 (B) in paragraph (2)—

1 (i) in subparagraph (A)—

2 (I) by inserting “in a location
3 that has certain minimum ratings
4 under the Security Environment
5 Threat List as determined by the Sec-
6 retary in his or her discretion” after
7 “abroad”; and

8 (II) by inserting “, personnel of
9 the Peace Corps, and personnel of any
10 other type or category of facility that
11 the Secretary may identify” after
12 “military commander”; and

13 (ii) in subparagraph (B)—

14 (I) by amending clause (i) to
15 read as follows:

16 “(i) IN GENERAL.—Subject to clause
17 (ii), the Secretary of State may waive sub-
18 paragraph (A) if the Secretary, in con-
19 sultation with, as appropriate, the head of
20 each agency employing personnel that
21 would not be located at the site, if applica-
22 ble, determines that it is in the national in-
23 terest of the United States after taking ac-
24 count of any considerations the Secretary
25 in his or her discretion considers relevant,

1 which may include security conditions.”;
2 and

3 (II) in clause (ii), by striking
4 “(ii) CHANCERY OR CONSULATE
5 BUILDING.—” and all that follows
6 through “15 days prior” and inserting
7 the following:

8 “(ii) CHANCERY OR CONSULATE
9 BUILDING.—Prior”; and
10 (C) in paragraph (3)—

11 (i) by amending subparagraph (A) to
12 read as follows:

13 “(A) REQUIREMENT.—

14 “(i) IN GENERAL.—Each newly ac-
15 quired United States diplomatic facility in
16 a location that has certain minimum rat-
17 ings under the Security Environment
18 Threat List as determined by the Sec-
19 retary of State in his or her discretion
20 shall—

21 “(I) be constructed or modified
22 to meet the measured building blast
23 performance standard applicable to a
24 diplomatic facility sited not less than
25 100 feet from the perimeter of the

1 property on which the facility is situ-
2 ated; or

3 “(II) fulfill the criteria described
4 in clause (ii).

5 “(ii) ALTERNATIVE ENGINEERING
6 EQUIVALENCY STANDARD REQUIRE-
7 MENT.—Each facility referred to in clause
8 (i) may, instead of meeting the require-
9 ment under such clause, fulfill such other
10 criteria as the Secretary is authorized to
11 employ to achieve an engineering standard
12 of security and degree of protection that is
13 equivalent to the numerical perimeter dis-
14 tance setback described in such clause
15 seeks to achieve.”; and

16 (ii) in subparagraph (B)—

17 (I) in clause (i)—

18 (aa) by striking “security
19 considerations permit and”; and

20 (bb) by inserting “after tak-
21 ing account of any considerations
22 the Secretary in his or her discre-
23 tion considers relevant, which
24 may include security conditions”

1 after “national interest of the
2 United States”;

3 (II) in clause (ii), by striking
4 “(ii) CHANCERY OR CONSULATE
5 BUILDING.—” and all that follows
6 through “15 days prior” and inserting
7 the following:

8 “(ii) CHANCERY OR CONSULATE
9 BUILDING.—Prior”; and

10 (III) in clause (iii), by striking
11 “an annual” and inserting “a quar-
12 terly”.

13 **SEC. 9302. DIPLOMATIC SUPPORT AND SECURITY.**

14 (a) **SHORT TITLE.**—This section may be cited as the
15 “Diplomatic Support and Security Act of 2022”.

16 (b) **FINDINGS.**—Congress makes the following find-
17 ings:

18 (1) A robust overseas diplomatic presence is
19 part of an effective foreign policy, particularly in
20 volatile environments where a flexible and timely
21 diplomatic response can be decisive in preventing
22 and addressing conflict.

23 (2) Diplomats routinely put themselves and
24 their families at great personal risk to serve their
25 country overseas where they face threats related to

1 international terrorism, violent conflict, and public
2 health.

3 (3) The Department has a remarkable record of
4 protecting personnel while enabling an enormous
5 amount of global diplomatic activity, often in unse-
6 cure and remote places and facing a variety of evol-
7 ving risks and threats. With support from Congress,
8 the Department has revised policy, improved phys-
9 ical security through retrofitting and replacing old
10 facilities, deployed additional security personnel and
11 armored vehicles, and greatly enhanced training re-
12 quirements and training facilities, including the new
13 Foreign Affairs Security Training Center in Black-
14 stone, Virginia.

15 (4) Diplomatic missions rely on robust staffing
16 and ambitious external engagement to advance
17 United States interests as diverse as competing with
18 China's malign influence around the world, fighting
19 terrorism and transnational organized crime, pre-
20 venting and addressing violent conflict and humani-
21 tarian disasters, promoting United States businesses
22 and trade, protecting the rights of marginalized
23 groups, addressing climate change, and preventing
24 pandemic disease.

1 (5) Efforts to protect personnel overseas have
2 often resulted in inhibiting diplomatic activity and
3 limiting engagement between embassy personnel and
4 local governments and populations.

5 (6) Given that Congress currently provides an-
6 nual appropriations in excess of \$1,900,000,000 for
7 embassy security, construction, and maintenance,
8 the Department should be able to ensure a robust
9 overseas presence without inhibiting the ability of
10 diplomats to—

11 (A) meet outside United States secured fa-
12 cilities with foreign leaders to explain, defend,
13 and advance United States priorities;

14 (B) understand and report on foreign po-
15 litical, social, and economic conditions through
16 meeting and interacting with community offi-
17 cials outside of United States facilities;

18 (C) provide United States citizen services;
19 and

20 (D) collaborate and, at times, compete
21 with other diplomatic missions, particularly
22 those, such as that of the People's Republic of
23 China, that do not have restrictions on meeting
24 locations.

1 (7) Given these stakes, Congress has a respon-
2 sibility to empower, support, and hold the Depart-
3 ment accountable for implementing an aggressive
4 strategy to ensure a robust overseas presence that
5 mitigates potential risks and adequately considers
6 the myriad direct and indirect consequences of a
7 lack of diplomatic presence.

8 (c) ENCOURAGING EXPEDITIONARY DIPLOMACY.—

9 (1) PURPOSE.—Section 102(b) of the Diplo-
10 matic Security Act of 1986 (22 U.S.C. 4801(b)) is
11 amended—

12 (A) by amending paragraph (3) to read as
13 follows:

14 “(3) to promote strengthened security meas-
15 ures, institutionalize a culture of learning, and, in
16 the case of apparent gross negligence or breach of
17 duty, recommend that the Secretary investigate ac-
18 countability for United States Government personnel
19 with security-related responsibilities under chief of
20 mission authority;”;

21 (B) by redesignating paragraphs (4) and
22 (5) as paragraphs (5) and (6), respectively; and

23 (C) by inserting after paragraph (3) the
24 following:

1 “(4) to support a culture of risk management,
2 instead of risk avoidance, that enables the Depart-
3 ment of State to pursue its vital goals with full
4 knowledge that it is neither desirable nor possible
5 for the Department to avoid all risks;”.

6 (2) BRIEFINGS ON EMBASSY SECURITY.—Sec-
7 tion 105(a)(1) of the Diplomatic Security Act (22
8 U.S.C. 4804(a)) is amended—

9 (A) by striking “any plans to open or re-
10 open a high risk, high threat post” and insert-
11 ing “progress towards opening or reopening a
12 high risk, high threat post, and the risk to na-
13 tional security of the continued closure or any
14 suspension of operations and remaining barriers
15 to doing so”;

16 (B) in subparagraph (A), by inserting “the
17 risk to United States national security of the
18 post’s continued closure or suspension of oper-
19 ations,” after “national security of the United
20 States,”; and

21 (C) in subparagraph (C), by inserting “the
22 type and level of security threats such post
23 could encounter, and” before “security
24 ‘tripwires’”.

1 (d) SECURITY REVIEW COMMITTEES.—Section 301
2 of the Diplomatic Security Act (22 U.S.C. 4831) is
3 amended—

4 (1) in the section heading, by striking “**AC-**
5 **COUNTABILITY REVIEW BOARDS**” and inserting
6 “**SECURITY REVIEW COMMITTEES**”;

7 (2) in subsection (a)—

8 (A) by amending paragraph (1) to read as
9 follows:

10 “(1) CONVENING THE SECURITY REVIEW COM-
11 MITTEE.—In any case of a serious security incident
12 involving loss of life, serious injury, or significant
13 destruction of property at, or related to, a United
14 States Government diplomatic mission abroad (re-
15 ferred to in this title as a ‘Serious Security Inci-
16 dent’), and in any case of a serious breach of secu-
17 rity involving intelligence activities of a foreign gov-
18 ernment directed at a United States Government
19 mission abroad, the Secretary of State shall convene
20 a Security Review Committee, which shall issue a re-
21 port providing a full account of what occurred, con-
22 sistent with section 304.”;

23 (B) by redesignating paragraphs (2) and
24 (3) as paragraphs (3) and (4), respectively;

1 (C) by inserting after paragraph (1) the
2 following:

3 “(2) COMMITTEE COMPOSITION.—The Sec-
4 retary shall designate a Chairperson and may des-
5 ignate additional personnel of commensurate senior-
6 ity to serve on the Security Review Committee,
7 which shall include—

8 “(A) the Director of the Office of Manage-
9 ment Strategy and Solutions;

10 “(B) the Assistant Secretary responsible
11 for the region where the incident occurred;

12 “(C) the Assistant Secretary of State for
13 Diplomatic Security;

14 “(D) the Assistant Secretary of State for
15 Intelligence and Research;

16 “(E) an Assistant Secretary-level rep-
17 resentative from any involved United States
18 Government department or agency; and

19 “(F) other personnel determined to be nec-
20 essary or appropriate.”;

21 (D) in paragraph (3), as redesignated by
22 subclause (B)—

23 (i) in the paragraph heading, by strik-
24 ing “DEPARTMENT OF DEFENSE FACILI-
25 TIES AND PERSONNEL” and inserting “EX-

1 CEPTIONS TO CONVENING A SECURITY RE-
2 VIEW COMMITTEE”;

3 (ii) by striking “The Secretary of
4 State is not required to convene a Board
5 in the case” and inserting the following:

6 “(A) IN GENERAL.—The Secretary of
7 State is not required to convene a Security Re-
8 view Committee—

9 “(i) if the Secretary determines that
10 the incident involves only causes unrelated
11 to security, such as when the security at
12 issue is outside of the scope of the Sec-
13 retary of State’s security responsibilities
14 under section 103;

15 “(ii) if operational control of overseas
16 security functions has been delegated to
17 another agency in accordance with section
18 106;

19 “(iii) if the incident is a cybersecurity
20 incident and is covered by other review
21 mechanisms; or

22 “(iv) in the case”; and

17 **AND A DIPLOMATIC PRESENCE IN VANUATU.**

18 (a) FINDINGS.—Congress makes the following find-

20 (1) The Pacific Islands are vital to United
21 States national security and national interests in the
22 Indo-Pacific region and globally.

23 (2) The Pacific Islands region spans 15 percent
24 of the world's surface area and controls access to
25 open waters in the Central Pacific, sea lanes to the

1 Western Hemisphere, supply lines to United States
2 forward-deployed forces in East Asia, and economi-
3 cally important fisheries.

4 (3) The Pacific Islands region is home to the
5 State of Hawaii, 11 United States territories, United
6 States Naval Base Guam, and United States Ander-
7 sen Air Force Base.

8 (4) Pacific Island countries cooperate with the
9 United States and United States partners on mari-
10 time security and efforts to stop illegal, unreported,
11 and destructive fishing.

12 (5) The Pacific Islands are rich in biodiversity
13 and are on the frontlines of environmental chal-
14 lenges and climate issues.

15 (6) The People's Republic of China seeks to in-
16 crease its influence in the Pacific Islands region, in-
17 cluding through infrastructure development under

20 the Solomon Islands.

22 Solomon Islands in 1993.

9 physical and operational security of our efforts in
10 those countries to deepen relations, protect United
11 States national security, and pursue United States
12 national interests.

21 **PARTNERSHIPS**

22 **SEC. 10201. FINDINGS; PURPOSES.**

23 (a) FINDINGS.—Congress makes the following find-
24 ings:

1 (1) The ocean and coastal waters and the Great
2 Lakes of the United States are foundational to the
3 economy, security, global competitiveness, and well-
4 being of the United States and continuously serve
5 the people of the United States and other countries
6 as an important source of food, energy, economic
7 productivity, recreation, beauty, and enjoyment.

8 (2) Over many years, the resource productivity
9 and water quality of the ocean, coastal, and Great
10 Lakes areas of the United States have been dimin-
11 ished by pollution, increasing population demands,
12 economic development, and natural and man-made
13 hazard events, both acute and chronic.

14 (3) The ocean, coastal, and Great Lakes areas
15 of the United States are managed by State and Fed-
16 eral resource agencies and Indian Tribes and regu-
17 lated on an interstate and regional scale by various
18 overlapping Federal authorities, thereby creating a
19 significant need for interstate coordination to en-
20 hance regional priorities, including the ecological and
21 economic health of those areas.

22 (4) Indian Tribes have unique expertise and
23 knowledge important for the stewardship of the
24 ocean and coastal waters and the Great Lakes of the
25 United States.

1 (b) PURPOSES.—The purposes of this title are as fol-
2 lows:

3 (1) To complement and expand cooperative vol-
4 untary efforts intended to manage, conserve, and re-
5 store ocean, coastal, and Great Lakes areas span-
6 ning across multiple State and Indian Tribe jurisdic-
7 tions.

8 (2) To expand Federal support for monitoring,
9 data management, restoration, research, and con-
10 servation activities in ocean, coastal, and Great
11 Lakes areas.

12 (3) To commit the United States to a com-
13 prehensive cooperative program to achieve improved
14 water quality in, and improvements in the produc-
15 tivity of living resources of, oceans, coastal, and
16 Great Lakes ecosystems.

17 (4) To authorize Regional Ocean Partnerships
18 as intergovernmental coordinators for shared re-
19 gional priorities among States and Indian Tribes re-
20 lating to the collaborative management of the large
21 marine ecosystems, thereby reducing duplication of
22 efforts and maximizing opportunities to leverage
23 support in the ocean and coastal regions.

24 (5) To empower States to take a lead role in
25 managing oceans, coastal, and Great Lakes areas.

1 (6) To incorporate rights of Indian Tribes in
2 the management of oceans, coasts, and Great Lakes
3 resources and provide resources to support Indian
4 Tribe participation in and engagement with Regional
5 Ocean Partnerships.

6 (7) To enable Regional Ocean Partnerships, or
7 designated fiscal management entities of such part-
8 nerships, to receive Federal funding to conduct the
9 scientific research, conservation, and restoration ac-
10 tivities, and priority coordination on shared regional
11 priorities necessary to achieve the purposes described
12 in paragraphs (1) through (6).
