23 Representatives.”.

24 **SEC. 5511. FINDINGS AND STATEMENT OF POLICY.**

25 (a) FINDINGS.—Congress finds the following:

1 (1) Advancing peace and stability in the Indo-
2 Pacific has been a central element of United States
3 foreign policy toward the region.

4 (2) The Government of the People's Republic of
5 China (PRC), especially since the election of Tsai
6 Ing-Wen in 2016, has conducted a coordinated cam-
7 paign to weaken Taiwan diplomatically, economi-
8 cally, and militarily in a manner that threatens to
9 erode United States policy and create a fait accompli
10 on questions surrounding Taiwan's future.

11 (3) To secure United States interests and pre-
12 serve the ability of the people of Taiwan to deter-
13 mine their own future, it is necessary to reinforce
14 Taiwan's diplomatic, economic, and territorial space.

15 (b) STATEMENT OF POLICY.—It is the policy of the
16 United States to—

17 (1) maintain the position that peace and sta-
18 bility in the Western Pacific are in the political, se-
19 curity, and economic interests of the United States,
20 and are matters of international concern; and

21 (2) work with allies and partners to promote
22 peace and stability in the Indo-Pacific and deter
23 military acts or other forms of coercive behavior that
24 would undermine regional stability.

1 **SEC. 5512. SENSE OF CONGRESS ON TAIWAN DEFENSE RE-**
2 **LATIONS.**

3 It is the sense of Congress that—

4 (1) the Taiwan Relations Act (Public Law 96–
5 8; 22 U.S.C. et seq.) and the Six Assurances pro-
6 vided by the United States to Taiwan in July 1982
7 are the foundation for United States-Taiwan rela-
8 tions;

9 (2) as set forth in the Taiwan Relations Act,
10 the United States decision to establish diplomatic re-
11 lations with the People’s Republic of China rests
12 upon the expectation that the future of Taiwan will
13 be determined by peaceful means, and that any ef-
14 fort to determine the future of Taiwan by other than
15 peaceful means, including boycotts and embargoes,
16 is of grave concern to the United States;

17 (3) the increasingly coercive and aggressive be-
18 havior of the People’s Republic of China toward Tai-
19 wan is contrary to the expectation of the peaceful
20 resolution of the future of Taiwan;

21 (4) as set forth in the Taiwan Relations Act,
22 the capacity to resist any resort to force or other
23 forms of coercion that would jeopardize the security,
24 or the social or economic system, of the people on
25 Taiwan should be maintained;

1 (5) the United States should continue to sup-
2 port the development of capable, ready, and modern
3 defense forces necessary for Taiwan to maintain suf-
4 ficient defensive capabilities, including by—

5 (A) supporting acquisition by Taiwan of
6 defense articles and services through foreign
7 military sales, direct commercial sales, and in-
8 dustrial cooperation, with an emphasis on capa-
9 bilities that support an asymmetric strategy;

10 (B) ensuring timely review of and response
11 to requests of Taiwan for defense articles and
12 services;

13 (C) conducting practical training and mili-
14 tary exercises with Taiwan that enable Taiwan
15 to maintain sufficient defensive capabilities, as
16 described in the Taiwan Relations Act;

17 (D) exchanges between defense officials
18 and officers of the United States and Taiwan at
19 the strategic, policy, and functional levels, con-
20 sistent with the Taiwan Travel Act (Public Law
21 115–135; 132 Stat. 341), especially for the pur-
22 poses of—

23 (i) enhancing cooperation on defense
24 planning;

1 (ii) improving the interoperability of
2 the military forces of the United States
3 and Taiwan; and

4 (iii) improving the reserve force of
5 Taiwan;

6 (E) cooperating with Taiwan to improve its
7 ability to employ military capabilities in asym-
8 metric ways, as described in the Taiwan Rela-
9 tions Act; and

10 (F) expanding cooperation in humanitarian
11 assistance and disaster relief; and

12 (6) the United States should increase its sup-
13 port to a free and open society in the face of aggres-
14 sive efforts by the Government of the People's Re-
15 public of China to curtail or influence the free exer-
16 cise of rights and democratic franchise.

21 **WAN.**

22 (a) IN GENERAL.—Not later than 180 days after the
23 date of the enactment of this Act and annually thereafter
24 for the following 5 years, the Secretary of State, in coordi-

1 nation with the Director of National Intelligence, shall de-
2 velop and implement a strategy to respond to—

3 (1) covert, coercive, and corrupting activities
4 carried out to advance the Chinese Communist Par-
5 ty’s “United Front” work related to Taiwan, includ-
6 ing activities directed, coordinated, or otherwise sup-
7 ported by the United Front Work Department or its
8 subordinate or affiliated entities; and

9 (2) information and disinformation campaigns,
10 cyber attacks, and nontraditional propaganda meas-
11 ures supported by the Government of the People’s
12 Republic of China and the Chinese Communist
13 Party that are directed toward persons or entities in
14 Taiwan.

16 section (a) shall include descriptions of—

 4 gress that—

5 (1) the People’s Republic of China’s (PRC) in-
 6 creasing use of economic coercion against foreign
 7 governments, companies, organizations, other enti-
 8 ties, and individuals requires that the United States
 9 devise a comprehensive, effective, and multilateral
 10 response;

11 (2) the private sector is a crucial partner in
 12 helping the United States Government respond to
 13 the PRC’s coercive economic practices and hold the
 14 PRC accountable;

15 (3) improved engagement and communication
 16 with the private sector, including receiving informa-
 17 tion from the United States private sector about the
 18 PRC’s coercive economic practices would help the
 19 United States Government and private sector stake-
 20 holders conduct early assessments of potential pres-
 21 sure points and vulnerabilities; and

22 (4) PRC coercive economic practices create
 23 pressures for the private sector to behave in ways

4 **PART 3—INCLUSION OF TAIWAN IN**
5 **INTERNATIONAL ORGANIZATIONS**

6 **SEC. 5516. FINDINGS.**

7 Congress makes the following findings:

8 (1) Since 2016, the Gambia, Sao Tome and
9 Principe, Panama, the Dominican Republic, Burkina
10 Faso, El Salvador, the Solomon Islands, and
11 Kiribati have severed diplomatic relations with Tai-
12 wan in favor of diplomatic relations with China.

13 (2) Taiwan was invited to participate in the
14 World Health Assembly (WHA), the decision-making
15 body of the World Health Organization (WHO), as
16 an observer annually between 2009 and 2016. Since
17 the 2016 election of President Tsai, the PRC has in-
18 creasingly resisted Taiwan's participation in the
19 WHA. Taiwan was not invited to attend the WHA
20 in 2017, 2018, 2019, 2020, or 2021.

21 (3) The Taipei Flight Information Region re-
22 portedly served 1,750,000 flights and 68,900,000
23 passengers in 2018, and is home to Taiwan Taoyuan
24 International Airport, the eleventh busiest airport in
25 the world. Taiwan has been excluded from partici-

1 pating at the International Civil Aviation Organiza-
2 tion (ICAO) since 2013.

3 (4) United Nations (UN) General Assembly
4 Resolution 2758 does not address the issue of rep-
5 resentation of Taiwan and its people at the United
6 Nations, nor does it give the PRC the right to rep-
7 resent the people of Taiwan.

8 **SEC. 5517. SENSE OF CONGRESS ON TAIWAN'S MEANINGFUL**
9 **PARTICIPATION IN THE INTERNATIONAL**
10 **COMMUNITY.**

11 It is the sense of Congress that—

12 (1) Taiwan is an important contributor to the
13 global community, as a model for democracy, and by
14 providing expertise in global health, international
15 aviation security, emerging technology development,
16 and high environmental standards;

17 (2) multiple United States Government admin-
18 istrations of both political parties have taken impor-
19 tant steps to advance Taiwan's meaningful partici-
20 pation in international organizations;

21 (3) existing efforts to enhance United States
22 cooperation with Taiwan to provide global public
23 goods, including through development assistance, hu-
24 manitarian assistance, and disaster relief, in tri-

1 lateral and multilateral fora are laudable and should
2 continue;

3 (4) nonetheless, significant structural, policy,
4 and legal barriers remain to advancing Taiwan's
5 meaningful participation in the international com-
6 munity; and

7 (5) efforts to share Taiwan's expertise with
8 other parts of the global community could be further
9 enhanced through a systematic approach, along with
10 greater attention from Congress and the American
11 public to such efforts.

12 **SEC. 5518. STRATEGY TO SUPPORT TAIWAN'S MEANINGFUL**
13 **PARTICIPATION IN INTERNATIONAL ORGANI-**
14 **ZATIONS.**

15 (a) IN GENERAL.—Not later than 180 days after the
16 date of the enactment of this Act, the Secretary of State,
17 in consultation with other Federal departments and agen-

19 gressional committees a strategy—

20 (1) to advance Taiwan's meaningful participa-
21 tion in a prioritized set of international organiza-
22 tions (IOs); and

23 (2) that responds to growing pressure from the
24 PRC on foreign governments, IOs, commercial ac-

1 tors, and civil society organizations to comply with
2 its “One-China Principle”, with respect to Taiwan.

3 (b) MATTERS TO BE INCLUDED.—The strategy re-
4 quired under subsection (a) should include the following
5 elements:

6 (1) An assessment of the methods the PRC
7 uses to coerce actors to into adhering to its “One-
8 China Principle.” The methods should include those
9 employed against governments, IOs, and civil society
10 organizations. The assessment should also include
11 pressure on commercial actors, to the extent it is rel-
12 evant in the context of Taiwan’s meaningful partici-
13 pation in IOs.

14 (2) An assessment of the policies of foreign gov-
15 ernments toward the PRC and Taiwan, to identify
16 likeminded allies and partners who might become
17 public or private partners in the strategy.

18 (3) A systematic analysis of all IOs, as prac-
19 ticable, to identify IOs that best lend themselves to
20 advancing Taiwan’s participation.

21 (4) A plan to expand economic, security, and
22 diplomatic engagement with nations that have de-
23 monstrably strengthened, enhanced, or upgraded re-
24 lations with Taiwan, in accordance with United
25 States interests.

1 (5) A survey of IOs that have allowed Taiwan's
2 meaningful participation, including an assessment of
3 whether any erosion in Taiwan's engagement has oc-
4 curred within those organizations and how Taiwan's
5 participation has positively strengthened the capacity
6 and activity of these organizations, thereby providing
7 positive models for Taiwan's inclusion in other simi-
8 lar forums.

9 (6) A list of no more than 20 IOs at which the
10 United States Government will prioritize for using
11 its voice, vote, and influence to advance Taiwan's
12 meaningful participation over the three-year period
13 following the date of enactment of this Act. The list
14 should be derived from the IOs identified in para-

17 and the coalitions the United States Government

14 (2) Taiwan is a global leader and hub for inter-
15 national aviation, with a range of expertise, informa-
16 tion, and resources and the fifth busiest airport in
17 Asia (Taoyuan International Airport), and its mean-
18 ingful participation in ICAO would significantly en-
19 hance the ability of ICAO to ensure the safety and
20 security of global aviation; and

21 (3) coercion by the Chinese Communist Party
22 and the People's Republic of China has ensured the
23 systematic exclusion of Taiwan from meaningful par-
24 ticipation in ICAO, significantly undermining the

1 ability of ICAO to ensure the safety and security of
2 global aviation.

3 (b) PLAN FOR TAIWAN'S MEANINGFUL PARTICIPA-
4 TION IN THE INTERNATIONAL CIVIL AVIATION ORGANIZA-
5 TION.—The Secretary of State, in coordination with the
6 Secretary of Commerce and the Secretary of Transpor-

19 **SEC. 5525. SENSE OF CONGRESS ON EXPANDING UNITED**
20 **STATES ECONOMIC RELATIONS WITH TAI-**
21 **WAN.**

22 It is the sense of the Congress that—

23 (1) expanding United States economic relations
24 with Taiwan has benefitted the people of both the
25 United States and Taiwan, as Taiwan is now the

1 United States 10th largest goods trading partner,
2 13th largest export market, 13th largest source of
3 imports, and a key destination for United States ag-
4 ricultural exports;

5 (2) further integration would benefit both peo-
6 ples and is in the strategic and diplomatic interests
7 of the United States; and

8 (3) the United States should explore opportuni-
9 ties to expand economic agreements between Taiwan
10 and the United States, through dialogue, and by de-
11 veloping the legal templates required to support po-
12 tential future agreements.

13 **PART 5—SUPPORTING UNITED STATES EDU-**

20 Congress makes the following findings:

21 (1) The Taiwan Relations Act (Public Law 96–

24 friendly commercial, cultural, and other relations be-
25 tween the people of the United States and the people

1 on Taiwan, as well as the people on the China main-
2 land and all other peoples of the Western Pacific
3 area”.

4 (2) Consistent with the Asia Reassurance Ini-
5 tiative Act of 2018 (Public Law 115–409), the
6 United States has grown its strategic partnership
7 with Taiwan’s vibrant democracy of 23,000,000 peo-
8 ple.

9 (3) The creation of a United States fellowship
10 program with Taiwan would support—

11 (A) a key priority of expanding people-to-
12 people exchanges, which was outlined in Presi-
13 dent Donald J. Trump’s 2017 National Secu-
14 rity Strategy;

15 (B) President Joseph R. Biden’s commit-
16 ment to Taiwan, “a leading democracy and a
17 critical economic and security partner”, as ex-
18 pressed in his March 2021 Interim National Se-
19 curity Strategic Guidance; and

20 (C) April 2021 guidance from the Depart-
21 ment of State based on a review required under
22 the Taiwan Assurance Act of 2020 (subtitle B
23 of title III of division FF of Public Law 116–

1 ment with Taiwan that reflects our deepening
2 unofficial relationship”.

25 Health Organization, with partner countries, and

1 other key stakeholders, to support the establishment,
2 strengthening, and rapid response capacity of global
3 health emergency operations centers, at the partner
4 country and international levels, including efforts—

5 (A) to collect and share de-identified public
6 health data, assess risk, and operationalize
7 early warning;

8 (B) to secure, including through utilization
9 of stand-by arrangements and emergency fund-

16 (a) SENSE OF CONGRESS.—It is the sense of Con-
17 gress that—

18 (1) the United Nations Security Council has
19 not taken adequate steps to condemn the February
20 1, 2021, coup in Burma, pressure the Burmese mili-
21 tary to cease its violence against civilians, or secure
22 the release of those unjustly detained;

23 (2) countries, such as the People’s Republic of
24 China and the Russian Federation, that are directly
25 or indirectly shielding the Burmese military from

1 international scrutiny and action, should be obliged
2 to endure the reputational damage of doing so by
3 taking public votes on resolutions related to Burma
4 that apply greater pressure on the Burmese military
5 to restore Burma to its democratic path; and

6 (3) the United Nations Secretariat and the
7 United Nations Security Council should take con-
8 crete steps to address the coup and ongoing crisis in
9 Burma consistent with United Nations General As-
10 sembly resolution 75/287, “The situation in
11 Myanmar,” which was adopted on June 18, 2021.

21 to cease its violence against the people of Burma
22 and release without preconditions the journalists,
23 pro-democracy activists, and political officials that it
24 has unjustly detained;

1 (2) pushing the United Nations Security Coun-
2 cil to consider a resolution that immediately imposes
3 a global arms embargo against Burma to ensure
4 that the Burmese military is not able to obtain
5 weapons and munitions from other nations to fur-
6 ther harm, murder, and oppress the people of
7 Burma;

8 (3) pushing the United Nations and other
9 United Nations authorities to cut off assistance to
10 the Government of Burma while providing humani-
11 tarian assistance directly to the people of Burma
12 through United Nations bodies and civil society or-
13 ganizations, particularly such organizations working
14 with ethnic minorities that have been adversely af-
15 fected by the coup and the Burmese military's vio-
16 lent crackdown; and

17 (4) spurring the United Nations Security Coun-
18 cil to consider multilateral sanctions against the
19 Burmese military for its atrocities against Rohingya
20 and individuals of other ethnic and religious minori-
21 ties, its coup, and the atrocities it has and continues
22 to commit in the coup's aftermath.

23 (c) SENSE OF CONGRESS.—It is the sense of Con-
24 gress that the United States Permanent Representative to

1 the United Nations should use the voice, vote, and influ-
2 ence of the United States to—

3 (1) object to the appointment of representatives
4 to the United Nations and United Nations bodies
5 such as the Human Rights Council that are sanc-
6 tioned by the Burmese military; and

7 (2) work to ensure the Burmese military is not
8 recognized as the legitimate government of Burma
9 in any United Nations body.

10 **SEC. 5574. SUNSET.**

11 (a) IN GENERAL.—The authority to impose sanctions
12 and the sanctions imposed under this part shall terminate
13 on the date that is 8 years after the date of the enactment
14 of this Act.

15 (b) CERTIFICATION FOR EARLY SUNSET OF SANC-
16 TIONS.—Sanctions imposed under this part may be re-
17 moved before the date specified in subsection (a), if the
18 President submits to the appropriate congressional com-
19 mittees a certification that—

20 (1) the Burmese military has released all polit-
21 ical prisoners taken into custody on or after Feb-
22 ruary 1, 2021, or is providing legal recourse to those
23 that remain in custody;

1 (2) the elected government of Burma has been
2 reinstated or new free and fair elections have been
3 held;

4 (3) all legal charges against those winning elec-

6 (4) the 2008 constitution of Burma has been
7 amended or replaced to place the Burmese military
8 under civilian oversight and ensure that the Bur-
9 mese military no longer automatically receives 25
10 percent of seats in Burma's state, regional, and na-
11 tional Hluttaws.

12 (c) NOTIFICATION FOR EARLY SUNSET OF SANC-
13 TIONS ON INDIVIDUALS.—

18 tees—

19 (A) a notice of and justification for the
20 termination; and

21 (B) a notice that the individual is not en-
22 gaging in the activity or is no longer occupying
23 the position that was the basis for the sanctions
24 or has taken significant verifiable steps toward
25 stopping the activity.

2 (1) shall be submitted in unclassified form but may
3 include a classified annex.

3 **of Censorship and Surveillance**
4 **in North Korea**

5 **SEC. 5580. SHORT TITLE.**

6 This subtitle may be cited as the “Otto Warmbier
7 Countering North Korean Censorship and Surveillance
8 Act of 2022”.

9 **SEC. 5581. FINDINGS; SENSE OF CONGRESS.**

10 (a) FINDINGS.—Congress makes the following find-
11 ings:

12 (1) The information landscape in North Korea
13 is the most repressive in the world, consistently
14 ranking last or near-last in the annual World Press
15 Freedom Index.

16 (2) Under the brutal rule of Kim Jung Un, the
17 country’s leader since 2012, the North Korean re-
18 gime has tightened controls on access to informa-
19 tion, as well as enacted harsh punishments for con-
20 sumers of outside media, including sentencing to
21 time in a concentration camp and a maximum pen-
22 alty of death.

23 (3) Such repressive and unjust laws sur-
24 rounding information in North Korea resulted in the
25 death of 22-year-old United States citizen and uni-

1 versity student Otto Warmbier, who had traveled to
2 North Korea in December 2015 as part of a guided
3 tour.

4 (4) Otto Warmbier was unjustly arrested, sen-
5 tenced to 15 years of hard labor, and severely mis-
6 treated at the hands of North Korean officials.
7 While in captivity, Otto Warmbier suffered a serious
8 medical emergency that placed him into a comatose
9 state. Otto Warmbier was comatose upon his release
10 in June 2017 and died 6 days later.

11 (5) Despite increased penalties for possession
12 and viewership of foreign media, the people of North
13 Korean have increased their desire for foreign media
14 content, according to a survey of 200 defectors con-
15 cluding that 90 percent had watched South Korean
16 or other foreign media before defecting.

17 (6) On March 23, 2021, in an annual resolu-
18 tion, the United Nations General Assembly con-
19 demned “the long-standing and ongoing systematic,
20 widespread and gross violations of human rights in
21 the Democratic People’s Republic of Korea” and ex-
22 pressed grave concern at, among other things, “the
23 denial of the right to freedom of thought, conscience,
24 and religion . . . and of the rights to freedom of
25 opinion, expression, and association, both online and

1 offline, which is enforced through an absolute mo-
2 nopoly on information and total control over orga-
3 nized social life, and arbitrary and unlawful state
4 surveillance that permeates the private lives of all
5 citizens”.

6 (7) In 2018, Typhoon Yutu caused extensive
7 damage to 15 broadcast antennas used by the
8 United States Agency for Global Media in Asia, re-
9 sulting in reduced programming to North Korea.
10 The United States Agency for Global Media has re-
11 built 5 of the 15 antenna systems as of June 2021.

12 (b) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that—

14 (1) in the event of a crisis situation, particu-
15 larly where information pertaining to the crisis is
16 being actively censored or a false narrative is being
17 put forward, the United States should be able to
18 quickly increase its broadcasting capability to deliver
19 fact-based information to audiences, including those
20 in North Korea; and

21 (2) the United States International Broad-
22 casting Surge Capacity Fund is already authorized
23 under section 316 of the United States International
24 Broadcasting Act of 1994 (22 U.S.C. 6216), and ex-
25 panded authority to transfer unobligated balances

1 from expired accounts of the United States Agency
2 for Global Media would enable the Agency to more
3 nimbly respond to crises.

4 **SEC. 5582. STATEMENT OF POLICY.**

5 It is the policy of the United States—

6 (1) to provide the people of North Korea with
7 access to a diverse range of fact-based information;

8 (2) to develop and implement novel means of
9 communication and information sharing that in-
10 crease opportunities for audiences in North Korea to
11 safely create, access, and share digital and non-dig-
12 ital news without fear of repressive censorship, sur-
13 veillance, or penalties under law; and

14 (3) to foster and innovate new technologies to
15 counter North Korea's state-sponsored repressive
16 surveillance and censorship by advancing internet
17 freedom tools, technologies, and new approaches.

18 obligated balances from expired accounts would help
19 the United States Agency for Global Media in crisis
20 situations in the future.

23 alongside and augment existing programming from

16 It is the sense of Congress that—

17 (1) the People’s Republic of China is a fully in-
18 dustrialized nation and no longer a developing na-

21 or accords China a favorable status or treatment as
22 a “developing nation” should be updated to reflect
23 the status of China.

24 **SEC. 5599D. SENSE OF CONGRESS REGARDING ISRAEL.**

25 It is the sense of Congress that—

1 (1) since 1948, Israel has been one of the
2 strongest friends and allies of the United States;

3 (2) Israel is a stable, democratic country in a
4 region often marred by turmoil;

5 (3) it is essential to the strategic interest of the
6 United States to continue to offer security assistance
7 and related support to Israel; and

8 (4) such assistance and support is especially
9 vital as Israel confronts a number of potential chal-

1 **SEC. 5599F. CONDEMNING DETENTION AND INDICTMENT**
2 **OF RUSSIAN OPPOSITION LEADER VLADIMIR**
3 **VLADIMIROVICH KARA-MURZA.**

4 (a) FINDINGS.—Congress finds the following:

5 (1) Vladimir Vladimirovich Kara-Murza (re-
6 ferred to in this section as “Mr. Kara-Murza”) has
7 tirelessly worked for decades to advance the cause of
8 freedom, democracy, and human rights for the peo-
9 ple of the Russian Federation.

10 (2) In retaliation for his advocacy, two attempts
11 have been made on Mr. Kara-Murza’s life, as—

12 (A) on May 26, 2015, Mr. Kara-Murza fell
13 ill with symptoms indicative of poisoning and
14 was hospitalized; and

15 (B) on February 2, 2017, he fell ill with
16 similar symptoms and was placed in a medically
17 induced coma.

18 (3) Independent investigations conducted by
19 Bellingcat, the Insider, and Der Spiegel found that
20 the same unit of the Federal Security Service of the
21 Russian Federation responsible for poisoning Mr.
22 Kara-Murza was responsible for poisoning Russian
23 opposition leader Alexei Navalny and activists Timur
24 Kuashev, Ruslan Magomedragimov, and Nikita
25 Isayev.

1 (4) On February 24, 2022, Vladimir Putin
2 launched another unprovoked, unjustified, and illegal
3 invasion into Ukraine in contravention of the obliga-
4 tions freely undertaken by the Russian Federation to
5 respect the territorial integrity of Ukraine under the
6 Budapest Memorandum of 1994, the Minsk proto-
7 cols of 2014 and 2015, and international law.

8 (5) On March 5, 2022, Vladimir Putin signed
9 a law criminalizing the distribution of truthful state-
10 ments about the invasion of Ukraine by the Russian
11 Federation and mandating up to 15 years in prison
12 for such offenses.

13 (6) Since February 24, 2022, Mr. Kara-Murza
14 has used his voice and platform to join more than
15 15,000 citizens of the Russian Federation in peace-
16 fully protesting the war against Ukraine and mil-
17 lions more who silently oppose the war.

18 (7) On April 11, 2022, five police officers ar-
19 rested Mr. Kara-Murza in front of his home and de-
20 nied his right to an attorney, and the next day Mr.
21 Kara-Murza was sentenced to 15 days in prison for
22 disobeying a police order.

23 (8) On April 22, 2022, the Investigative Com-
24 mittee of the Russian Federation charged Mr. Kara-
25 Murza with violations under the law signed on

1 March 5, 2022, for his fact-based statements con-
2 demning the invasion of Ukraine by the Russian
3 Federation.

4 (9) Mr. Kara-Murza was then placed into pre-
5 trial detention and ordered to be held until at least
6 June 12, 2022.

7 (10) If convicted of those charges, Mr. Kara-
8 Murza faces detention in a penitentiary system that
9 human rights nongovernmental organizations have
10 criticized for widespread torture, ill-treatment, and
11 suspicious deaths of prisoners.

12 (b) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that Congress—

14 (1) condemns the unjust detention and indict-
15 ing of Russian opposition leader Vladimir
16 Vladimirovich Kara-Murza, who has courageously
17 stood up to oppression in the Russian Federation;

18 (2) expresses solidarity with Vladimir
19 Vladimirovich Kara-Murza, his family, and all indi-
20 viduals in the Russian Federation imprisoned for ex-
21 ercising their fundamental freedoms of speech, as-
22 sembly, and belief;

23 (3) urges the United States Government and
24 other allied governments to work to secure the im-
25 mediate release of Vladimir Vladimirovich Kara-

1 Murza, Alexei Navalny, and other citizens of the
2 Russian Federation imprisoned for opposing the re-
3 gime of Vladimir Putin and the war against
4 Ukraine; and

5 (4) calls on the President to increase support
6 provided by the United States Government for those
7 advocating for democracy and independent media in
8 the Russian Federation, which Vladimir
9 Vladimirovich Kara-Murza has worked to advance.

10 **SEC. 5599G. SENSE OF CONGRESS REGARDING DEVELOP-**
11 **MENT OF NUCLEAR WEAPONS BY IRAN.**

14 will never acquire a nuclear weapon;

15 (2) supports the important work of the Inter-
16 national Atomic Energy Agency (IAEA) in safe-
17 guarding nuclear material around the globe;

18 (3) condemns Iran for its lack of transparency
19 and meaningful cooperation with the IAEA on the
20 unresolved matter of uranium particles discovered at
21 undeclared sites in Iran and additional escalatory
22 actions related to its nuclear program; and

23 (4) applauds the IAEA Board of Governors'
24 resolution urging Iran's full cooperation with the

1 IAEA on outstanding safeguards issues on an ur-
2 gent basis.

6 (a) IN GENERAL.—Section 1216(a) of the Disaster

25 changes made to such processes.

1 **SEC. 5603. PRELIMINARY DAMAGE ASSESSMENT.**

2 (a) FINDINGS.—Congress finds the following:

3 (1) Preliminary damage assessments play a
4 critical role in assessing and validating the impact
5 and magnitude of a disaster.

6 (2) Through the preliminary damage assess-
7 ment process, representatives from the Federal
8 Emergency Management Agency validate informa-
9 tion gathered by State and local officials that serves
10 as the basis for disaster assistance requests.

11 (3) Various factors can impact the duration of
12 a preliminary damage assessment and the cor-
13 responding submission of a major disaster request,
14 however, the average time between when a disaster
15 occurs, and the submission of a corresponding dis-
16 aster request has been found to be approximately
17 twenty days longer for flooding disasters.

18 (4) With communities across the country facing
19 increased instances of catastrophic flooding and
20 other extreme weather events, accurate and efficient
21 preliminary damage assessments have become criti-

6 rise in the use of social media and online access to
7 information, members of the Federal judiciary have
8 been exposed to an increased number of personal
9 threats in connection to their role. The ease of ac-
10 cess to free or inexpensive sources of covered infor-
11 mation has considerably lowered the effort required
12 for malicious actors to discover where individuals
13 live and where they spend leisure hours and to find
14 information about their family members. Such
15 threats have included calling a judge a traitor with
16 references to mass shootings and serial killings, a
17 murder attempt on a justice of the Supreme Court
18 of the United States, calling for an “angry mob” to
19 gather outside a home of a judge and, in reference
20 to a judge on the court of appeals of the United
21 States, stating how easy it would be to “get them”.

22 (3) Between 2015 and 2019, threats and other
23 inappropriate communications against Federal
24 judges and other judiciary personnel increased from
25 926 in 2015 to approximately 4,449 in 2019.

1 (4) Over the past decade, several members of
2 the Federal judiciary have experienced acts of vio-
3 lence against themselves or a family member in con-
4 nection to their Federal judiciary role, including the
5 murder in 2005 of the family of Joan Lefkow, a
6 judge for the United States District Court for the
7 Northern District of Illinois.

8 (5) On Sunday July 19, 2020, an assailant
9 went to the home of Esther Salas, a judge for the
10 United States District Court for the District of New
11 Jersey, impersonating a package delivery driver,
12 opening fire upon arrival, and killing Daniel Anderl,
13 the 20-year-old only son of Judge Salas, and seri-
14 ously wounding Mark Anderl, her husband.

15 (6) In the aftermath of the recent tragedy that
16 occurred to Judge Salas and in response to the con-
17 tinuous rise of threats against members of the Fed-
18 eral judiciary, there is an immediate need for en-
19 hanced security procedures and increased availability
20 of tools to protect Federal judges and their families.

21 (b) PURPOSE.—The purpose of this subtitle is to im-
22 prove the safety and security of Federal judges, including

24 diate family members to ensure Federal judges are able
25 to administer justice fairly without fear of personal re-

1 praisal from individuals affected by the decisions they make
2 in the course of carrying out their public duties.

2 zone activity” has the meaning given that term in
3 section 825 of the Intelligence Authorization Act for
4 Fiscal Year 2022 (Public Law 117–103).

5 (3) GRAY ZONE ASSET.—The term “gray zone
6 asset”—

7 (A) means an entity or proxy that is con-

10 foreign adversary in connection with a gray
11 zone activity; and

12 (B) includes a state-owned enterprise of a
13 foreign adversary that is so used.

14 (b) INTELLIGENCE COMMUNITY ASSESSMENT RE-
15 GARDING RUSSIAN GRAY ZONE ASSETS.—

16 (1) INTELLIGENCE COMMUNITY ASSESSMENT.—
17 The Director of National Intelligence, acting
18 through the National Intelligence Council, shall

20 contains—

21 (A) a description of the gray zone assets of
22 Russia;

1 method of influencing the behavior of Russia;
2 and

22 any attempt of Russia to use force to change
23 existing borders or undermine the political inde-

19 **Subtitle C—Reports and Other** 20 **Matters**

21 **SEC. 6521. REPORT ON ASSESSING WILL TO FIGHT.**

22 (a) DEFINITIONS.—In this section:

23 (1) APPROPRIATE CONGRESSIONAL COMMIT-
24 TEES.—The term “appropriate congressional com-
25 mittees” means the following:

1 (A) The congressional intelligence commit-
2 tees.

3 (B) The Committee on Foreign Relations,
4 the Committee on Armed Services, and the
5 Subcommittee on Defense of the Committee on
6 Appropriations of the Senate.

7 (C) The Committee on Foreign Affairs, the
8 Committee on Armed Services, and the Sub-
9 committee on Defense of the Committee on Ap-
10 propriations of the House of Representatives.

11 (2) MILITARY WILL TO FIGHT.—The term
12 “military will to fight” means, with respect to the
13 military of a country, the disposition and decision to
14 fight, act, or persevere as needed.

15 (3) NATIONAL WILL TO FIGHT.—The term “na-
16 tional will to fight” means, with respect to the gov-
17 ernment of a country, the resolve to conduct sus-
18 tained military and other operations for an objective
19 even when the expectation of success decreases or
20 the need for significant political, economic, and mili-
21 tary sacrifices increases.

22 (b) FINDINGS.—Congress finds the following:

23 (1) According to a study by the RAND corpora-
24 tion, “will to fight” is poorly analyzed and the least
25 understood aspect of war.

1 (2) In testimony before the Select Committee
2 on Intelligence of the Senate in May 2022, top intel-
3 ligence officials of the United States indicated that
4 although the intelligence community accurately an-
5 ticipated Russia's invasion of Ukraine, the intel-
6 ligence community did not accurately assess the will
7 of Ukrainian forces to fight in opposition to a Rus-
8 sian invasion or that the Ukrainian forces would
9 succeed in averting a rapid Russian military occupa-
10 tion of Kyiv.

11 (3) According to the RAND corporation, the in-
12 telligence community estimated that the Afghan gov-
13 ernment's forces could hold out against the Taliban
14 for as long as 2 years if all ground forces of the
15 United States were withdrawn. This estimate was
16 revised in June 2021 to reflect an intelligence com-
17 munity view that Afghanistan's military collapse
18 could come in 6 to 12 months. In August 2021, the
19 Afghan government fell within days after the ground
20 forces of the United States were withdrawn.

21 (4) Similarly, the rapid advance of the Islamic
22 State in Iraq and Syria and near-total collapse of
23 the Iraqi Security Forces in 2014 appeared to take
24 the policymakers of the United States by surprise.

1 (5) The apparent gaps in these analyses had
2 important implications for policy decisions of the
3 United States toward Russia and Afghanistan, and
4 suggest a need for further examination of how the
5 intelligence community assesses a foreign military's
6 will to fight.

7 (c) REPORT.—Not later than 180 days after the date
8 of the enactment of this Act, the Director of National In-
9 telligence, acting through the National Intelligence Coun-
10 cil and in coordination with the heads of the elements of
11 the intelligence community that the Director determines
12 appropriate, shall submit to the appropriate congressional
13 committees a report examining the extent to which anal-
14 yses of the military will to fight and the national will to
15 fight informed the all-source analyses of the intelligence
16 community regarding how the armed forces and govern-
17 ments of Ukraine, Afghanistan, and Iraq would perform
18 at key junctures.

19 (d) ELEMENTS.—The report under subsection (c)
20 shall include the following:

21 (1) The methodology of the intelligence commu-
22 nity for measuring the military will to fight and the
23 national will to fight of a foreign country.

24 (2) The extent to which analysts of the intel-
25 ligence community applied such methodology when

1 assessing the military will to fight and the national
2 will to fight of—

3 (A) Afghanistan following the April 2021
4 announcement of the full withdrawal of the
5 United States Armed Forces;

6 (B) Iraq in the face of the rapid emergence
7 and advancement in 2014 of Islamic State in
8 Iraq and Syria; and

9 (C) Ukraine and Russia during the initial
10 phase of the invasion and march toward Kyiv
11 by Russia in February 2022.

12 (3) The extent to which—

13 (A) the assessments described in para-
14 graph (2) depended on the observations of per-
15 sonnel of the United States Armed Forces who
16 had trained Afghan, Iraqi, and Ukrainian
17 armed forces; and

18 (B) such observations reflected any stand-
19 ardized, objective methodology.

20 (4) Whether shortcomings in assessing the mili-
21 tary will to fight and the national will to fight may
22 have affected the capacity of the intelligence commu-
23 nity to provide “early warning” about the collapse of
24 government forces in Iraq and Afghanistan.

1 (5) The extent to which “red teaming” was
2 used to test the assessments described in paragraph
3 (2).

4 (6) The extent to which dissenting opinions of
5 intelligence analysts were highlighted in final written
6 products presented to senior policymakers of the
7 United States.

8 (7) The extent to which analysts and super-
9 visors adhered to the policies, procedures, directives,
10 and best practices of the intelligence community.

11 (8) Recommendations for analyses by the intel-
12 ligence community going forward to incorporate les-
13 sons learned and enhance the quality of future ana-
14 lytical products to more accurately reflect the mili-
15 tary will to fight and the national will to fight and
16 improve the capacity of the intelligence community
17 to accurately predict the success or failure of the
18 armed forces of a foreign country.

19 (e) ANNEX.—In submitting the report under sub-
20 section (c) to the congressional intelligence committees,
21 the Subcommittee on Defense of the Committee on Appro-
22 priations of the Senate, and the Subcommittee on Defense
23 of the Committee on Appropriations of the House of Rep-
24 resentatives, the Director shall also include an accom-

1 panying annex, which shall be classified, providing an in-
2 ventory of the following:

3 (1) Collection gaps and challenges that may
4 have affected the analysis of the collapse of govern-
5 ment forces in Iraq and Afghanistan.

6 (2) Actions that the Director of National Intel-
7 ligence has taken to mitigate such gaps and chal-
8 lenges.

9 (f) FORM.—The report under subsection (c) may be
10 submitted in classified form, but if so submitted, shall in-
11 clude an unclassified summary of key findings, consistent
12 with the protection of intelligence sources and methods.

16 ing the use of hypersonic weapons.

17 (3) An assessment of how allies and partners of
18 the United States view the threat of hypersonic
19 weapons.

20 (4) An assessment of the degree to which the

22 hypersonic weapons used by Russia would enhance
23 or reduce the ability of the United States to deter
24 Russia from threatening the national security of the
25 United States.

2 submitted in classified form.

21 gress that the efforts of the United States Government
22 regarding atrocity prevention and response through inter-
23 agency coordination, such as the Atrocity Warning Task
24 Force, are critically important and that the Director of

12 Department of Defense personnel authorized to sup-
13 port and grant an authorization to operate. Such
14 plan shall include—

16 such implementation;

17 (2) the Secretary of Defense shall designate an
18 official of the Department of Defense responsible for
19 implementing this section on behalf of the Secretary

4 facilities for the purpose of providing such con-
5 tractors with a facility to securely perform
6 work; and

7 (B) provide to the congressional intel-

18 the sensitive compartmented information facility
19 by such contractor upon—

20 (i) the expiration of the contract or
21 agreement of the contractor; or

25 agreement.

1 (G) Pricing structures for the use of sen-
2 sitive compartmented information facilities by
3 contractors for the purpose specified in para-
4 graph (1). Such pricing structures—

5 (i) may include free use (for the pur-

5 with an authorized navigation project, the Secretary shall,
6 notwithstanding the authorized dimensions of the jetty or
7 breakwater, ensure that such repair or maintenance activ-
8 ity is sufficient to meet the authorized purpose of such
9 project, including ensuring that any harbor or inland har-
10 bor associated with the project is protected from projected
11 changes in wave action or height (including changes that
12 result from relative sea level change over the useful life
13 of the project).

14 (b) **CLASSIFICATION OF ACTIVITY.**—The Secretary
15 may not classify any repair or maintenance activity of a
16 Federal jetty or breakwater carried out under subsection
17 (a) as major rehabilitation of such jetty or breakwater—

18 (1) if the Secretary determines that—

19 (A) projected changes in wave action or
20 height, including changes that result from rel-
21 ative sea level change, will diminish the
22 functionality of the jetty or breakwater to meet
23 the authorized purpose of the project; and

24 (B) such repair or maintenance activity is
25 necessary to restore such functionality; or

1 (2) if—

2 (A) the Secretary has not carried out reg-

21 authorized dimensions of the structure or project, to a
22 level sufficient to meet the authorized purpose of such
23 structure or project, whichever provides greater protec-
24 tion, when, in the discretion of the Chief of Engineers,
25 such repair and restoration is warranted for the adequate

1 functioning of the structure or project for hurricane or
2 shore protection, including to ensure the structure or
3 project is functioning adequately to protect against pro-
4 jected changes in wave action or height or storm surge
5 (including changes that result from relative sea level
6 change over the useful life of the structure or project),
7 subject to the condition that the Chief of Engineers may,
8 if requested by the non-Federal sponsor, include modifica-
