his competition in track and field and to pursue a degree in business.

Mr. Speaker, I would also be remiss if I did not recognize Darren's two biggest cheerleaders: his mother, Erica, and his father, Nicholas, who serves as a senior constituent advocate assisting residents of Pennsylvania's 11th Congressional District.

I congratulate Darren on his success this year. We are all very proud of his accomplishments and look forward to seeing what he accomplishes next.

THE SOUTHERN BORDER CRISIS

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Mr. Speaker, a recent report published by Republicans on the Senate Foreign Relations Committee tells us exactly how the Biden administration is fueling the southern border crisis and how that crisis is threatening our national security.

Border Patrol officials tell us two things drive immigration: economic opportunity and perception of U.S. immigration policy. By dismantling Trump administration policies, President Biden sent a message to millions of people, including transnational criminal organizations, that our borders are open.

There have been 2.6 million migrant encounters since President Biden took the oath of office. We see a new record set every month. Still, the Biden administration wants to end Title 42 and the remain in Mexico policy.

Additionally, on this President's watch, Border Patrol officials have also seized more than 1 million pounds of illegal drugs. Overdose deaths in this country are at an all-time high. The President must enforce our laws and save American lives.

HONORING POLICE CHIEF MICHAEL INSERRA

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to honor and celebrate my good friend, former New Hartford Police Chief Michael Inserra, who retired at the end of June after an absolutely incredible career.

Michael has served our local communities in law enforcement over 40 years. Born and raised in my hometown of New Hartford, New York, Michael started out in 1982 with the Whitestown Police Department and quickly moved to the town of Kirkland Police Department. In 1988, Michael made his big move to the New Hartford Police Department to start a new career in law enforcement where he would serve for another 34 years.

Inserra was a sergeant in the department during one of the most challenging times in its history, during the line-of-duty death of Officer Joseph Corr. Inserra played a key role in apprehending the suspects and helping the department and community navigate the horrible tragedy and aftermath.

In 2010, Inserra was named chief of the New Hartford Police Department. Shortly after taking charge, the department made immediate changes, including modernizing its IT equipment, adding computers to all of their patrol cars, testing body cameras for their officers, and joining social media, which Inserra said helped strengthen the bond with the community.

To this day, Michael Inserra gives credit to the department for their continued success, commending them for professionalism and unwavering dedication to duty.

I thank Chief Inserra for his lifetime of service and commitment to the town of New Hartford. Our communities are grateful for his many years of service as is the New Hartford Police Department, which continues to thrive from his insight.

WASHINGTON DEMOCRATS ARE FUELING THE ECONOMIC CRISIS

(Mr. SMITH of Missouri asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Missouri. Mr. Speaker, as families are forced to make tough financial decisions every day because of sky-high inflation, Washington Democrats are fueling the economic crisis by spending hundreds of billions of dollars to advance their radical agenda.

But that is just the spending they are trying to pass through Congress. President Biden is using executive actions to secretly put his radical agenda in place, footing taxpayers with a $532 billion bill without any input of Congress.

He spent $85 billion to continue a pandemic-era student loan payment moratorium benefiting higher-income earners. He put $11 billion down the drain by eliminating strengthened work requirements to SNAP for able-bodied adults without dependents.

Instead of spending half a trillion dollars on things like reducing work incentives and giving handouts to the wealthy, President Biden needs to get serious about solving the significant challenges facing our Nation.

(a) FINDINGS.—Congress finds the following:

(1) Vladimir Vladimirovich Kara-Murza (referred to in this section as ''Mr. Kara-Murza'') has tirelessly worked for decades to advance the cause of freedom, democracy, and human rights for the people of the Russian Federation.

(2) In retaliation for his advocacy, two attempts have been made on Mr. Kara-Murza's life, as—

(A) on May 26, 2015, Mr. Kara-Murza fell ill with symptoms indicative of poisoning and was hospitalized; and

(B) on February 2, 2017, he fell ill with similar symptoms and was placed in a medically induced coma.

(3) Independent investigations conducted by Bellingcat, the Insider, and Der Spiegel found that the same unit of the Federal Security Service of the Russian Federation responsible for poisoning Mr. Kara-Murza was responsible for poisoning Russian opposition leader Alexei Navalny and activists Timur Kuashev, Ruslan Magomedragimov, and Nikita Isayev.

(4) On February 24, 2022, Vladimir Putin launched another unprovoked, unjustified, and illegal invasion into Ukraine in contravention of the obligations freely undertaken by the Russian Federation to respect the territorial integrity of Ukraine under the Budapest Memorandum of 1994, the Minsk protocols of 2014 and 2015, and international law.

(5) On March 5, 2022, Vladimir Putin signed a law criminalizing the distribution of truthful statements about the invasion of Ukraine by the Russian Federation and mandating up to 15 years in prison for such offenses.

(6) Since February 24, 2022, Mr. Kara-Murza has used his voice and platform to join more than 15,000 citizens of the Russian Federation in peacefully protesting the war against Ukraine and millions more who silently oppose the war.

(7) On April 11, 2022, five police officers arrested Mr. Kara-Murza in front of his home and denied his right to an attorney, and the next day Mr. Kara-Murza was sentenced to 15 days in prison for disobeying a police order.

(8) On April 22, 2022, the Investigative Committee of the Russian Federation charged Mr. Kara-Murza with violations under the law signed on March 5, 2022, for his fact-based statements condemning the invasion of Ukraine by the Russian Federation.

(9) Mr. Kara-Murza was then placed into pretrial detention and ordered to be held until at least June 12, 2022.

(10) If convicted of those charges, Mr. Kara-Murza faces detention in a penitentiary system that human rights nongovernmental organizations have criticized for widespread torture, ill-treatment, and suspicious deaths of prisoners.

(b) SENSE OF CONGRESS.—It is the sense of Congress that Congress—

(1) condemns the unjust detention and indicting of Russian opposition leader Vladimir Vladimirovich Kara-Murza, who has courageously stood up to oppression in the Russian Federation;

(2) expresses solidarity with Vladimir Vladimirovich Kara-Murza, his family, and all individuals in the Russian Federation imprisoned for exercising their fundamental freedoms of speech, assembly, and belief;

(3) urges the United States Government and other allied governments to work to secure the immediate release of Vladimir Vladimirovich Kara-Murza, Alexei Navalny, and other citizens of the Russian Federation imprisoned for opposing the regime of Vladimir Putin and the war against Ukraine; and

(4) calls on the President to increase support provided by the United States Government for those advocating for democracy and independent media in the Russian Federation, which Vladimir Vladimirovich Kara-Murza has worked to advance.

Subtitle A—Matters Relating to the Conflict in Burma

SEC. 5911. FINDINGS.

Congress makes the following findings:

(1) Since 1988, the United States policy of principled engagement has fostered positive

democratic reforms in Burma, with elections in 2010, 2015, and 2020, helping to bring about the partial transition to civilian rule and with the latter 2 elections resulting in resounding electoral victories for the National League for Democracy.

(2) That democratic transition remained incomplete, with the military retaining significant power and independence from civilian control following the 2015 elections, including through control of 25 percent of parliamentary seats, a de facto veto over constitutional reform, authority over multiple government ministries, and the ability to operate with impunity and no civilian oversight.

(3) Despite some improvements with respect for human rights and fundamental freedoms beginning in 2010, and the establishment of a quasi-civilian government following credible elections in 2015, Burma's military leaders have, since 2016, overseen an increase in restrictions to freedom of expression (including for members of the press), freedom of peaceful assembly, freedom of association, and freedom of religion or belief.

(4) On August 25, 2017, Burmese military and security forces launched a genocidal military campaign against Rohingya, resulting in a mass exodus of some 750,000 Rohingya from Burma's Rakhine State into Bangladesh, where they remain. The military has since taken no steps to improve conditions for Rohingya still in Rakhine State, who remain at high risk of genocide and other atrocities, or to create conditions conducive to the voluntary return of Rohingya refugees and other internally displaced persons (IDPs).

(5) The Burmese military has also engaged in renewed violence with other ethnic minority groups across the country. The military has continued to commit atrocities in Chin, Kachin, Kayah, and Shan. Fighting in northern Burma has forced more than 100,000 people from their homes and into camps for internally displaced persons. The Burmese military continues to heavily proscribe humanitarian and media access to conflict-affected populations across the country.

(6) With more nearly $470,000,000 in humanitarian assistance in response to the crisis in fiscal year 2021, the United States is the largest humanitarian donor to populations in need as a result of conflicts in Burma. In May 2021, the United States announced nearly $155,000,000 in additional humanitarian assistance to meet the urgent needs of Rohingya refugees and host communities in Bangladesh and people affected by ongoing violence in Burma's Rakhine, Kachin, Shan, and Chin states. In September 2021, the United States provided nearly $180,000,000 in additional critical humanitarian assistance to the people of Burma, bringing the total fiscal year 2021 to more than $434,000,000.

(7) Both government- and military-initiated investigations into human rights abuses in Burma involving violence between ethnic minorities and Burmese security forces have failed to yield credible results or hold perpetrators accountable.

(8) In its report dated September 17, 2018, the United Nations Independent International Fact-Finding Mission on Myanmar concluded, on reasonable grounds, that the factors allowing inference of ''genocidal intent'' are present with respect to the attacks against Rohingya in Rakhine State, and acts by Burmese security forces against Rohingya in Rakhine State and other ethnic minorities in Kachin and Shan States amount to ''crimes against humanity'' and ''war crimes''. The Independent International Fact-Finding Mission on Myanmar established by the United Nations Human Rights Council recommended that the United Nations Security Council ''should ensure accountability for crimes under international law committed in Myanmar, preferably by referring the situation to the International Criminal Court or alternatively by creating an ad hoc international criminal tribunal''. The Mission also recommended the imposition of targeted economic sanctions, including an arms embargo on Burma.

(9) On December 13, 2018, the United States House of Representatives passed House Resolution 1091 (115th Congress), which expressed the sense of the House that ''the atrocities committed against the Rohingya by the Burmese military and security forces since August 2017 constitute crimes against humanity and genocide'' and called upon the Secretary of State to review the available evidence and make a similar determination.

(10) In a subsequent report dated August 5, 2019, the United Nations Independent International Fact-Finding Mission on Myanmar found that the Burmese military's economic interests ''enable its conduct'' and that it benefits from and supports extractive industry businesses operating in conflict-affected areas in northern Burma, including natural resources, particularly oil and gas, minerals and gems and argued that ''through controlling its own business empire, the Tatmadaw can evade the accountability and oversight that normally arise from civilian oversight of military budgets''. The report called for the United Nations and individual governments to place targeted sanctions on all senior officials in the Burmese military as well as their economic interests, especially Myanma Economic Holdings Limited and Myanmar Economic Corporation.

(11) Burma's November 2020 election resulted in a landslide victory for the National League of Democracy, with the National League for Democracy winning a large majority of seats in Burma's national parliament. The elections were judged to be credible, and marked an important step in the country's democratic transition.

(12) On February 1, 2021, the Burmese military conducted a coup d'état, declaring a year-long state of emergency and detaining State Counsellor Aung San Suu Kyi, President Win Myint, and dozens of other government officials and elected members of parliament, thus derailing Burma's transition to democracy and disregarding the will of the people of Burma as expressed in the November 2020 general elections, which were determined to be credible by international and national observers.

(13) Following the coup, some ousted members of parliament established the Committee Representing the Pyidaungsu Hluttaw (CRPH), which subsequently established the National Unity Consultative Council in March of 2021. The National Unity Consultative Council includes representatives from a broad spectrum of stakeholders in Burma opposed to the military and the coup: elected representatives from the CRPH, representatives from the ethnic armed organizations, members of Burma's civil disobedience movement, and other anti-coup forces.

(14) The CRPH subsequently released the Federal Democracy Charter in March 2021 and established the National Unity Government in April 2021. The National Unity Government includes representatives from ethnic minority groups, civil society organizations, women's groups, leaders of the civil disobedience movement, and others.

(15) Since the coup on February 1, 2021, the Burmese military has—

(A) used lethal force on peaceful protestors on multiple occasions, killing more than 2,000 people, including more than 142 children;

(B) detained more than 10,000 peaceful protestors, participants in the Civil Disobedience Movement, labor leaders, government officials and elected members of parliament, members of the media, and others, according to the Assistance Association for Political Prisoners;

(C) issued laws and directives used to further impede fundamental freedoms, including freedom of expression (including for members of the press), freedom of peaceful assembly, and freedom of association; and

(D) imposed restrictions on the internet and telecommunications.

(16) According to the UNHCR, more than 758,000 people have been internally displaced since the coup, while an estimated 40,000 have sought refuge in neighboring countries. Nevertheless, the Burmese military continues to block humanitarian assistance to populations in need. According to the World Health Organization, the military has carried out more than 286 attacks on health care entities since the coup and killed at least 30 health workers. Dozens more have been arbitrarily detained, and hundreds have warrants out for their arrest. The military continued such attacks even as they inhibited efforts to combat a devastating third wave of COVID–19. The brutality of the Burmese military was on full display on March 27, 2021, Armed Forces Day, when, after threatening on state television to shoot protesters in the head, security forces killed more than 150 people.

(17) The coup represents a continuation of a long pattern of violent and anti-democratic behavior by the military that stretches back decades, with the military having previously taken over Burma in coups d'état in 1962 and 1988, and having ignored the results of the 1990 elections, and a long history of violently repressing protest movements, including killing and imprisoning thousands of peaceful protestors during pro-democracy demonstrations in 1988 and 2007.

(18) On February 11, 2021, President Biden issued Executive Order 14014 in response to the coup d'état, authorizing sanctions against the Burmese military, its economic interests, and other perpetrators of the coup.

(19) Since the issuance of Executive Order 14014, President Biden has taken several steps to impose costs on the Burmese military and its leadership, including by designating or otherwise imposing targeted sanctions with respect to—

(A) multiple high-ranking individuals and their family members, including the Commander-in-Chief of the Burmese military, Min Aung Hlaing, Burma's Chief of Police, Than Hlaing, and the Bureau of Special Operations commander, Lieutenant General Aung Soe, and over 35 other individuals;

(B) state-owned and military controlled companies, including Myanma Economic Holdings Public Company, Ltd., Myanmar Economic Corporation, Ltd., Myanmar Economic Holdings Ltd., Myanmar Ruby Enterprise, Myanmar Imperial Jade Co., Ltd., and Myanma Gems Enterprise; and

(C) other corporate entities, Burmese military units, and Burmese military entities, including the military regime's State Administrative Council.

(20) The United States has also implemented new restrictions on exports and reexports to Burma pursuant to Executive Order 14014; and

(21) On April 24, 2021, the Association of Southeast Asian Nations (ASEAN) agreed to a five-point consensus which called for an ''immediate cessation of violence'', ''constructive dialogue among all parties'', the appointment of an ASEAN special envoy, the provision of humanitarian assistance through ASEAN's AHA Centre, and a visit by the ASEAN special envoy to Burma. Except for the appointment of the Special Envoy in

August 2021, the other elements of the ASEAN consensus remain unimplemented due to obstruction by the Burmese military.

(22) In June 2021, the National Unity Government included ethnic minorities and women among its cabinet and released a policy paper outlining pledges to Rohingya and calling for ''justice and reparations'' for the community. The statement affirms the Rohingya right to citizenship in Burma, a significant break from past Burmese government policies.

(23) On March 21, 2022, Secretary of State Antony Blinken announced that the United States had concluded that ''members of the Burmese military committed genocide and crimes against humanity against Rohingya''.

SEC. 5925. SUPPORT FOR GREATER UNITED NATIONS ACTION WITH RESPECT TO BURMA.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United Nations Security Council has not taken adequate steps to condemn the February 1, 2021, coup in Burma, pressure the Burmese military to cease its violence against civilians, or secure the release of those unjustly detained; and

(2) countries, such as the People's Republic of China and the Russian Federation, that are directly or indirectly shielding the Burmese military from international scrutiny and action, should be obliged to endure the reputational damage of doing so by taking public votes on resolutions related to Burma that apply greater pressure on the Burmese military to restore Burma to its democratic path.

(3) The United Nations Secretariat and the United Nations Security Council should take concrete steps to address the coup and ongoing crisis in Burma consistent with the UN General Assembly resolution 75/287, ''The situation in Myanmar,'' which was adopted on June 18, 2021.

(b) SUPPORT FOR GREATER ACTION.—The President shall direct the United States Permanent Representative to the United Nations to use the voice, vote, and influence of the United States to spur greater action by the United Nations and the United Nations Security Council with respect to Burma by—

(1) pushing the United Nations Security Council to consider a resolution condemning the February 1, 2021, coup and calling on the Burmese military to cease its violence against the people of Burma and release without preconditions the journalists, prodemocracy activists, and political officials that it has unjustly detained;

(2) pushing the United Nations Security Council to consider a resolution that immediately imposes a global arms embargo against Burma to ensure that the Burmese military is not able to obtain weapons and munitions from other nations to further harm, murder, and oppress the people of Burma;

(3) pushing the United Nations and other United Nations authorities to cut off assistance to the Government of Burma while providing humanitarian assistance directly to the people of Burma through UN bodies and civil society organizations, particularly such organizations working with ethnic minorities that have been adversely affected by the coup and the Burmese military's violent crackdown;

(4) objecting to the appointment of representatives to the United Nations and United Nations bodies such as the Human Rights Council that are sanctioned by the Burmese military;

(5) working to ensure the Burmese military is not recognized as the legitimate government of Burma in any United Nations body; and

(6) spurring the United Nations Security Council to consider multilateral sanctions against the Burmese military for its atrocities against Rohingya and individuals of other ethnic and religious minorities, its coup, and the crimes against humanity it has and continues to commit in the coup's aftermath.

At the end of title LVIII, add the following:

SEC. 58___. POLICY REGARDING DEVELOPMENT OF NUCLEAR WEAPONS BY IRAN.

(a) FINDINGS.—Congress finds the following:

(1) Congress and several successive Presidential administrations have long sought to prevent Iran from ever acquiring a nuclear weapon.

(2) It is currently estimated that Iran is almost to the point of having enough highly-enriched nuclear material to produce a nuclear weapon, if further enriched.

(3) On March 3, 2020, the International Atomic Energy Agency (IAEA) Director General reported to the Agency's Board of Governors that nuclear material was found at three previously undisclosed locations in Iran.

(4) The IAEA reported it began investigating this matter pursuant to Iran's IAEA safeguards obligations in 2019.

(5) On March 5, 2022, the IAEA and the Atomic Energy Organization of Iran announced an agreement wherein Iran committed to provide the IAEA with information and documents in response to the IAEA's questions related to uranium particles discovered at undeclared sites in Iran.

(6) On June 6, 2022, the Director General of the IAEA stated that ''Iran has not provided explanations that are technically credible in relation to the Agency's findings at three undeclared locations in Iran. Nor has Iran informed the Agency of the current location, or locations, of the nuclear material and/or of the equipment contaminated with nuclear material, that was moved from Turquzabad in 2018.''.

(7) On June 8, 2022, the IAEA Board of Governors overwhelmingly adopted a resolution calling on Iran to cooperate with the IAEA on an urgent basis to fulfil its safeguards obligations and expressing profound concern with Iran's insufficient substantive cooperation thus far, with 30 Board Members voting in favor, two voting against, and three abstaining.

(8) The IAEA Board of Governors's resolution called upon Iran to ''act on an urgent basis to fulfill its legal obligations and, without delay, take up the Director General's offer of further engagement to clarify and resolve all outstanding safeguards issues.''.

(9) Shortly before the IAEA Board of Governors's vote adopting the resolution, Iran announced it would remove 27 IAEA cameras installed to monitor the separate issue of Iran's JCPOA commitments at certain Iranian facilities and Iran has since followed through on disconnecting these cameras.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the gentleman from Washington (Mr. SMITH) and the gentleman from Alabama (Mr. ROGERS) each will control 15 minutes.

The Chair recognizes the gentleman from Washington.

Mr. SMITH of Washington. Mr. Speaker, I have no speakers at this time on this amendment and I am prepared to close.

Mr. ROGERS of Alabama. Mr. Speaker, I intend to support the en bloc package even though it is not in our jurisdiction.

At this time, I yield 2 minutes to the gentleman from California (Mr. ISSA), my friend and colleague.

Mr. ISSA. Mr. Speaker, I thank the gentleman for yielding time.

Mr. Speaker, 2 minutes is not enough time to describe the fog of war. Two minutes is not enough time to describe a level of heroism that occurred more than half a century ago over the waters of North Korea.

But today, one of the amendments en bloc will, in fact, recognize for the Congressional Medal of Honor the unsung hero of that war. Royce Williams, who took on six MiGs of superior capability all by himself, and defended the entire fleet on behalf of himself, came home to his aircraft carrier with over 200 holes in his aircraft, landed it at almost twice the speed that aircraft would be able to land, and his record was impounded in secrecy and classified for decades.

Only now, after the Soviet Union fell, can we begin to understand his heroism and his success.

Today, on behalf of all the members of the San Diego delegation of both parties who support this amendment, on behalf of the more than 100 flag officers who have signed on recommending that he receive the Medal of Honor, I am proud to say that it has been ruled in order, and I thank all those involved in bringing it to the floor.

Mr. SMITH of Washington. Mr. Speaker, I reserve the balance of my time.

Mr. ROGERS of Alabama. Mr. Speaker, I intend to support this package, and I urge its adoption.

Mr. Speaker, I yield back the balance of my time.

Mr. SMITH of Washington. Mr. Speaker, I yield myself the balance of my time not to speak on the en bloc, but this is the last opportunity to speak about the bill.

We are going to have three other amendments after this en bloc, so I just want to do a quick closing and urge all Members to vote in favor of the bill.

You have seen the process play out. I think this has been an incredibly inclusive process, starting in the committee in a bipartisan way and moving to the floor, where we have had the opportunity for all Members to contribute and participate in this process.

I think we have a good product that is going to enable us to continue to exercise our oversight of the Pentagon, fulfill our duties as Members of Congress, and support the men and women of our Armed Forces in carrying out the missions that we ask them to do. I urge Members to support the bill.

Mr. Speaker, I yield 2 minutes to the gentleman from Alabama (Mr. ROGERS) for his closing remarks.

Mr. ROGERS of Alabama. Mr. Speaker, I thank the chairman for his leadership in this endeavor. This is a very important piece of legislation, a very bipartisan product, and I hope that our colleagues on both sides of the aisle will join the chairman and I in giving final passage to this important piece of legislation.

Mr. SMITH of Washington. Mr. Speaker, in closing, I urge all Members to support the defense bill. I appreciate the staff and everybody who worked on the effort. I recognize the Rules Committee staff, the Armed Services Committee staff, the floor staff, and the Parliamentarians who are the ones who have to process those 1,200 amendments, figure out how to write them out, how to make sure we are doing it right.

I don't understand fully how you are able to do that, so I very much appreciate that you do, and we get a good product at the end of it. I think we have all participated in a good process. I urge Members to support the bill.

Mr. Speaker, I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I rise today to express my opposition to Amendment No. 554 to H.R. 7900 Offered by Mr. LANGEVIN of Rhode Island.

I think we can all agree that increasing cybersecurity coordination across different sectors is an important goal. However, I have concerns with the functions of the Interagency Council for Critical Infrastructure Cybersecurity Coordination. I am concerned that this amendment is assigning the Council tasks that it does not have the qualifications to complete.

The Council is charged with reviewing existing regulatory authorities that could be used to strengthen cybersecurity for critical infrastructure. It is also supposed to identify regulatory gaps that could invite cybersecurity risks to critical infrastructure and develop legislative proposals to resolve such regulatory gaps.

I am worried the Council does not have the expertise to review regulations and propose legislation for our critical infrastructure. While I appreciate that the Council will include representatives from Sector Risk Management Agencies and potentially other federal departments and agencies as determined by the Secretary of National Cyber Security, I am concerned that each councilmember's expertise within a given sector or within cybersecurity generally is not adequate to perform this regulatory assessment or potential legislative proposals required by this bill.

For example, I do not agree that a councilmember whose expertise is in the financial sector should be reviewing regulations of the dams sector. Nor should the councilmember for the dams sector be proposing legislation for the health and public health sector.

While I understand that there are commonalities to cybersecurity risks posed to different sectors, the regulatory and statutory regimes—including those related to cybersecurity—must account for the unique operations of each sector, the type of actors in each sector, and technical feasibility within each sector.

Therefore, I oppose the creation of the Interagency Council for Critical Infrastructure Cybersecurity Coordination as structured by this amendment. I urge my colleagues to oppose this amendment.

Mr. SMITH of New Jersey. Mr. Speaker, the Smith-Norcross amendment to the Fiscal Year 2023 NDAA directs the Army Corps of Engineers to ensure high-quality workmanship on federal construction projects by providing each of their districts with clarifying, uniform guidance and to enforce compliance more strongly with already existing laws—especially the Davis-Bacon Act—that mandate proper worker classification and the corresponding wages.

Additionally, it requires the Corps to investigate worker classification complaints and third-party related complaints within 30 days of filings and reaffirms transparency and disclosure requirements for certified payroll reports.

For years, we have witnessed disingenuous contractors purposely hire underqualified workers for military construction projects and put them in high-skilled jobs for which they lack the needed expertise—a practice known as "worker misclassification". These contractors dishonestly undercut their more skilled, better-value competitors, only to have those important projects mismanaged, understaffed, delayed, unfinished, and in some cases, rebid—then properly redone by high-skilled tradesmen and women who should have gotten the job in the first place.

There are two different types of misclassification: craft misclassification and independent contractor misclassification. Craft misclassification occurs when dishonest contractors misclassify high-skilled workers as general laborers or lower wage classifications in order to avoid paying the higher prevailing wage rate applicable to the high-skilled work actually performed. Independent contractor misclassification occurs when contractors misclassify employees as independent contractors to avoid paying prevailing wages thereby reducing labor costs and avoiding state and federal taxes.

These practices deny workers of their rights to critical benefits and protections, including

prevailing wages, worker's compensation, and unemployment insurance; and communities suffer because misclassification results in lower tax revenues for federal, state, and local governments.

Additionally, the end product is often compromised by shoddy workmanship which can lead to do-overs and substantial cost overruns.

Congress has passed laws to prevent such problems and punish the offenders. The Davis-Bacon Act is critical in this effort as it requires contractors working on certain federally funded construction projects to pay their workers a prevailing wage to ensure that our federal projects are completed by skilled workers who have been properly trained, classified, and paid according to their expertise and locality. The Act stands as a check and balance designed to protect employees from low-wage, low-bidding contractors who look to do the job cheaply while hurting the workers and the client, i.e. the federal taxpayer.

When it comes to domestic construction projects, the Army Corps of Engineers procures more than most divisions of the Department of Defense. As recently as 2019, the Corps obligated over $11 billion for domestic construction contracts, according to the Government Accountability Office (GAO)—the federal government's ''watchdog'' agency.

Each federal agency is primarily responsible for enforcing the Davis-Bacon protections at its construction worksites. The Army Corps has a lot of construction projects and federal construction monies to properly oversee. Unfortunately, federal construction projects in my district, including Army Corps projects at Joint Base McGuire-Dix-Lakehurst—have fallen short in oversight and compliance and have run into trouble with unqualified, subpar bidders who avoid hiring needed skilled workers. We have seen cases of sophisticated work—HVAC, plumbing and sheet metal—needing to be ripped up and redone after the irresponsible bidders failed to properly do the work.

To combat this persistent problem and ensure these important laws are being enforced, in 2019, Congress passed an amendment I authored, cosponsored by Congressman Norcross, to the 2020 NDAA directing the GAO to study the contracting practices of the Corps with a focus on the monitoring and enforcement of the Davis-Bacon Act.

The GAO conducted its audit from May 2020 to March 2021 examining Corps guidance, relevant documents about the Davis-Bacon Act, Department of Labor guidance and other relevant laws and regulations. They conducted semi-structured interviews in four Army Corps district offices—Louisville, New Orleans, New York and Walla Walla—based on the district's activities and representing ''various geographical areas in the U.S. and a mixture of volume and type of construction contracts (e.g. military and civil projects)''. They interviewed Corps headquarters officials, DOL officials and four external groups including two labor unions and two trade associations.

The GAO said that ''monitoring, including payroll reviews and on-site inspections, are key to ensuring that the Corps enforces contractor's compliance with the Davis-Bacon Act''.

But the report also described implementation inconsistencies across the various districts that can easily lead to gaps in compliance with Davis-Bacon.

The GAO concluded that aspects of the reviews and on-site inspections ''may not be sufficient.'' They found that ''Corps documents lack information'' and said that ''In the absence of directions to consistently document on-the-ground conditions, like the number of employees on site'' district officials ''may not be fully using on-site inspection to ensure contractors' compliance with the [Davis-Bacon] Act.''

Ultimately, the GAO recommended that the Army Corps provide clarifying information on how they conduct payroll reviews and document on-site inspections to ensure the proper monitoring of the number of workers and work performed.

More work remains to be done to implement these recommendations and crack down on this harmful practice.

Today's amendment addresses those problems and instructs the Corps' to fully comply with relevant federal laws and regulations for: building quality facilities—labs, hangars, housing, and workspaces—for our military men and women; providing an honest wage for construction workers; and providing the best investment for the taxpayer.

Mr. Speaker, working with partners such as the AFL–CIO, North America's Building Trades Unions, New Jersey trades like the IBEW and the Plumbers and Pipefitters, and my friend, Congressman NORCROSS, we can finally ensure that military construction is done with the best possible workmanship, that we make best use of the hardworking Americans' taxpayer dollars, and that the men and women who work with our military are treated fairly.

Mr. LYNCH. Mr. Speaker, I rise in support of En Bloc 5 to H.R. 7900, the National Defense Authorization Act for Fiscal Year 2023, which includes my two final amendments to this legislation. These additional provisions will strengthen how we enforce U.S. sanctions and provide the Congress with vital information about the China-Afghan economic relationship.

Amendment No. 561 establishes the Office of Foreign Assets Control (OFAC) Exchange within OFAC. This voluntary public-private partnership would advance information sharing between law enforcement agencies, national security agencies, financial institutions, and OFAC. It would facilitate sanctions administration and enforcement that target foreign countries and regimes, terrorists, international narcotics traffickers, and other threats to national security, foreign policy, or the U.S. economy. This collaboration will allow for U.S. economic and trade sanctions to be better administered and enforced, and, ultimately, make them more effective.

Amendment No. 562 would require the Secretary of the Treasury to brief the Congress on the identification and analysis of Chinese economic, commercial, and financial connections to Afghanistan which fuel both Chinese and Taliban interests, to include illicit financial networks involved in narcotics trafficking, illicit financial transactions, official corruption, natural resources exploitation, and terrorist networks. Earlier this year, China, among other nations, pledged to deepen its economic and trade ties with Afghanistan through the so-called ''Tunxi Initiative.'' However, China has a history of seeking to increase its influence through development and economic assistance that completely ignores, or even undermines, rule of law, independent civil society, and protection of human rights. After all that the United States has invested and sacrificed in Afghanistan, it is vital that Congress understand the extent of China's connections, and intentions, in Afghanistan so we can respond accordingly.

Once again I would like to express my sincerest thanks to Armed Services Committee Chairman ADAM SMITH, Ranking Member MIKE ROGERS, and their staffs for including my amendments in this last En Bloc. I would urge all my colleagues to vote in favor of this final En Bloc.

Mr. SABLAN. Mr. Speaker, my amendment No. 606, which is included in En Bloc 5, creates a VA advisory committee for veterans living in the U.S. insular areas and in the Freely Associated States. Veterans in my district, especially, and in the other insular areas, too, face barriers to VA services no vet should be forced to endure.

My amendment creates a Department of Veterans Affairs advisory committee representing veterans living in the U.S. insular areas of the Northern Mariana Islands, Guam, American Samoa, Puerto Rico, and the U.S. Virgin Islands as well as the Freely Associated States of Palau, Marshall Islands, and the Federated States of Micronesia.

In my district, the Northern Mariana Islands, there are no VA clinics and no Vet Centers. Veterans there sometimes fly 3,700 miles to Hawai'i or over 6,000 miles to California to access VA services. Even reaching VA services in nearby Guam is a challenge.

That is why my amendment, establishing a committee to educate the Secretary of Veterans Affairs on the obstacles insular area veterans face, is so important. Each U.S. insular area and each of the three Freely Associated States would have a seat on the advisory committee. They would be able to describe the barriers their veterans face in receiving VA services.

Establishing an advisory committee will not solve every logistical problem for veterans who live in geographically remote areas of America. But, at least, those veterans on the margins will have a way to communicate directly with the Secretary of Veterans Affairs on how to improve VA programs and services in their communities.

This amendment is, with minor technical changes, the same legislation as H.R. 3730, which passed in the House last fall with strong bipartisan support. The American Legion, Veterans of Foreign Wars, Iraq and Afghanistan Veterans of America, Disabled American Veterans, and Minority Veterans of America have endorsed the legislation.

I ask my colleagues to support En Bloc 5.

The SPEAKER pro tempore. Pursuant to House Resolution Number 1224, the previous question is ordered on the amendments en bloc offered by the gentleman from Washington (Mr. SMITH).

The question is on the amendments en bloc.

The en bloc amendments were agreed to.

A motion to reconsider was laid on the table.

AMENDMENT NO. 587 OFFERED BY MS. MENG

The SPEAKER pro tempore. It is now in order to consider amendment No. 587 printed in part A of House Report 117–405.

Ms. MENG. Mr. Speaker, I have an amendment at the desk.

The SPEAKER pro tempore. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title LI of division E, insert the following new section:

SEC. 51____. DEPARTMENT OF VETERANS AFFAIRS AWARENESS CAMPAIGN ON FERTILITY SERVICES.

(1) the Committees on Armed Services of the House of Representatives and the Senate; and

(2) the Committees on Veterans' Affairs of the House of Representatives and the Senate.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the gentlewoman from New York (Ms. MENG) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from New York.

Ms. MENG. Mr. Speaker, I yield myself such time as I may consume.

My amendment requires the VA to conduct an outreach campaign to veterans to make them aware of the full range of fertility treatments, procedures, and services covered under the VA's medical benefits package.

I emphasize that this amendment was included in the fiscal year 2022 House-passed NDAA as part of an en bloc package and received overwhelming support from both sides of the aisle.

Our veterans, who served our country honorably, deserve every opportunity to begin the family of their dreams. A study released last year on reproductive-aged veteran women found that the rate of infertility among veterans is more than 50 percent higher than among the general female population.

For years, the VA has provided a range of fertility treatments and services to veterans. Many veterans have brought to my attention the issue that because they are unaware of the fertility services covered by the VA, they instead seek out expensive private care to help them begin a family.

This amendment is simple. We provide critical funding to the VA to offer comprehensive medical care to our veterans. The VA should be doing outreach to all veterans to ensure that they are fully aware of the critical healthcare services covered by the VA.

Those who have served our country honorably and now struggle with infertility as a result of their service deserve assistance in trying to build a family.

Mr. Speaker, I yield back the balance of my time.

Mr. BOST. Mr. Speaker, I claim time in opposition.

The SPEAKER pro tempore. The gentleman is recognized for 5 minutes.

Mr. BOST. Mr. Speaker, this amendment would direct the VA to conduct an awareness campaign regarding types of fertility treatments, procedures, and services that are available to veterans.

While I do agree that all veterans should be made aware of the care and services covered under the earned VA medical benefits package, I must oppose this inclusion of the amendment in the NDAA.

I cannot support an outreach campaign that champions a process like in vitro fertilization, a process that creates life in a petri dish and then either destroys, discards, or forever freezes it on a shelf. This is not life-affirming. This is not right for veterans or their spouses or their children.

Being a father is one of the highlights of my life. I wish every veteran could know the joy of parenthood, and I want to help veterans struggling with infertility to connect with life-affirming resources and support.

I hope to work with my colleagues and fellow veterans to find a better way forward for veterans who are unable to conceive. Dropping an amendment into the NDAA is not the way forward, and for that reason, I am opposed to the amendment.

Mr. Speaker, I mentioned earlier in my statement, I cannot support this amendment that promotes the provision of in vitro fertilization as part of the VA medical benefits package, and I urge Members to oppose the amendment.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the previous question is ordered on the amendment offered by the gentlewoman from New York (Ms. MENG).

The question is on the amendment.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. BOST. Mr. Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3(s) of House Resolution 8, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this question are postponed.

AMENDMENT NO. 637 OFFERED BY MR. TAKANO

The SPEAKER pro tempore. It is now in order to consider amendment No. 637 printed in part A of House Report 117–405.

Mr. TAKANO. Mr. Speaker, I have an amendment at the desk.

The SPEAKER pro tempore. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title LI, insert the following:

SEC. 51____. PROVISION OF HEALTH CARE BENEFITS FOR CERTAIN INDIVIDUALS WHO SERVED IN THE ARMED FORCES OF THE REPUBLIC OF KOREA.

Section 109 of title 38, United States Code, is amended by adding at the end the following new subsection:

''(d)(1) Any person described in paragraph (2) shall be entitled to hospital and domiciliary care and medical services within the United States under chapter 17 of this title to the same extent as if the service described in such paragraph had been performed in the Armed Forces of the United States.

''(2) A person described in this paragraph is a person whom the Secretary determines meets the following criteria:

''(A) The person served in Vietnam as a member of the armed forces of the Republic of Korea at any time during the period beginning on January 9, 1962, and ending on May 7, 1975, or such other period as determined appropriate by the Secretary for purposes of this subsection.

''(B) The person became a citizen of the United States on or after the date on which such service in the armed forces of the Republic of Korea ended.''.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the gentleman from California (Mr. TAKANO) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. TAKANO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of my amendment, which would correct a decades-long gap in VA's Allied Beneficiary Program by extending this program to South Korean veterans now living in the United States who served alongside the United States during the Vietnam war.

For 63 years, veterans of allied forces from World Wars I and II have been able to enroll in VA healthcare. The U.K., Australia, France, New Zealand, and Canada have had reciprocal agreements with the United States, reimbursing the VA for care provided to their veterans and vice versa.

In the 1970s, Congress also made veterans of the Czech and Polish Armed Forces who have been American citizens for at least 10 years eligible for VA healthcare. However, neither the Czech Republic nor Poland have reciprocal agreements with the United States, so VA is not reimbursed for the care provided to these veterans.

Yet still today, veterans of the Republic of Korea who fought alongside us in the Vietnam war and then went on to become citizens of the United States are denied what their European counterparts already have: access to veteran-centric, high-quality care from VA.

Over 300,000 Koreans fought alongside the United States in Vietnam. Thousands went on to build lives here and

become citizens, but today only 300 of these veterans are still living.

However, despite their service as our allies in the Korean military, these Korean Americans are not recognized as U.S. veterans in theory or in title and are therefore not granted access to VA services under the law. They are also not covered by the Korean healthcare system while living here in the United States.

Once they are naturalized United States citizens, they are recognized by South Korea as foreign nationals, with no benefits available to them in the United States. This is the decades-long inequity that this amendment would seek to address. This amendment is about supporting naturalized United States citizens as much as it is about sending a clear message to our allies abroad: If you serve alongside us in times of war, we will have your back.

This is important not only to provide vital healthcare to veterans here in the United States but also to instill confidence in our country as an international partner and ally. Three hundred Korean Vietnam veterans, now Americans, are asking this country to respect their service as fully as we respect the service of our European allies.

Mr. Speaker, I urge my colleagues to support this amendment, and I reserve the balance of my time.

Mr. BOST. Mr. Speaker, I claim time in opposition.

The SPEAKER pro tempore. The gentleman is recognized for 5 minutes.

Mr. BOST. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this amendment would provide access to VA medical care and services for veterans who served in the Armed Forces of the Republic of Korea during the Vietnam conflict.

There are approximately 3,000 Korean veterans living in the U.S. as citizens and who served alongside American forces during the Vietnam conflict. This amendment would grant them eligibility to enroll in the VA healthcare system. This would create an inequity between these individuals and veterans of U.S. Armed Forces who are not currently eligible to enroll in the VA care.

It would also create a disparity with the veterans of other allies of other conflicts who later became U.S. citizens. Ultimately, the amendment unfairly singles out one group of service above others. That is why I cannot support the amendment's inclusion in the NDAA.

Mr. Speaker, I reserve the balance of my time.

Mr. TAKANO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I appreciate my friend, the ranking member of the Veterans' Affairs Committee, implying that he would be supportive of this if we included other categories and other cohorts of veterans in a similar place. I go along with that.

I would be willing to work with the ranking member to address these other cohorts because I believe that we need to extend this particular offer to these others, but there is no reason for us not to act on this particular amendment because we have these 300 now-naturalized Korean-American citizens who served with us in the Vietnam war who have critical health needs.

Let us take care of these veterans now, but I pledge to work with the ranking member to address the other categories of naturalized American citizens who have served in a similar vein as our Czech Americans, our Polish Americans, and all of our other American allies.

Mr. Speaker, I reserve the balance of my time.

Mr. BOST. Mr. Speaker, I appreciate the chairman's willingness to work on doing that as well, but this amendment itself being included in the NDAA will not take care of those others. I would like to work with him to make sure that everybody that needs to be included is included.

Mr. Speaker, I reserve the balance of my time.

Mr. TAKANO. Mr. Speaker, again, I just urge that all Members of Congress support this amendment. The ranking member and I can work on the other classifications, other classes of veterans.

Mr. Speaker, I yield back the balance of my time.

Mr. BOST. Mr. Speaker, as I mentioned earlier in my statement, I cannot support the amendment that would provide benefits to one group of allied veterans before considering that same eligibility for all veterans. I appreciate the opportunity for the chairman to work with us to make sure that all the U.S. Armed Forces that have supported us over the years, that we can come to some sort of agreement.

Mr. Speaker, I urge Members to oppose this amendment, and I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the previous question is ordered on the amendment offered by the gentleman from California (Mr. TAKANO).

The question is on the amendment.

The amendment was agreed to.

A motion to reconsider was laid on the table.

AMENDMENT NO. 650 OFFERED BY MS. WILD

The SPEAKER pro tempore. It is now in order to consider amendment No. 650 printed in part A of House Report 117–405.

Ms. WILD. Mr. Speaker, I have an amendment at the desk.

The SPEAKER pro tempore. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of title LVIII, add the following:

SEC. 58__. PROHIBITION ON CERTAIN ASSISTANCE TO THE PHILIPPINES.

(a) IN GENERAL.—No funds authorized to be appropriated or otherwise made available to the Department of State are authorized to be made available to provide assistance for the Philippine National Police, including assistance in the form of equipment or training, until the Secretary of State certifies to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate that the Government of the Philippines has—

(1) investigated and successfully prosecuted members of the Philippine National Police who have violated human rights, ensured that police personnel cooperated with judicial authorities in such cases, and affirmed that such violations have ceased;

(2) established that the Philippine National Police effectively protects the rights of trade unionists, journalists, human rights defenders, critics of the government, faith and religious leaders, and other civil society activists to operate without interference;

(3) taken effective steps to guarantee a judicial system that is capable of investigating, prosecuting, and bringing to justice members of the police and military who have committed human rights abuses; and

(4) fully complied with domestic and United States audits and investigations regarding the improper use of prior security assistance.

(b) WAIVER.—The President may, on a case-by-case basis and for periods not to exceed 180 days each, waive the prohibition under subsection (a) if the President certifies to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate not later than 15 days before such waiver is to take effect that such waiver is vital to the national security interests of the United States or its partners and allies.

The SPEAKER pro tempore. Pursuant to House Resolution 1224, the gentlewoman from Pennsylvania (Ms. WILD) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Pennsylvania.

Ms. WILD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, at its core what this amendment says is simple: After an estimated 30,000 extrajudicial killings in the Philippines between 2016 and today, after the assassinations, arbitrary arrests, torture, and red tagging of labor organizers and opposition leaders, after former President Duterte's calls for assassinating politically engaged bishops, after the Philippines has been named year after year by the International Trade Union Confederation as one of the world's 10 most repressive countries for the labor movement and workers, the time is long overdue to begin putting some basic human rights guardrails in place in the United States-Philippines relationship.

I believe our policy should be built on a clear principle: Our constituents' tax dollars should not be used to supply weapons, training, or any other assistance to state security forces that violently target political opponents, including a United States citizen, Brandon Lee, a human rights activist, who was shot by state security forces in 2019 and remains paralyzed from the chest down today as a result of that attack. Brandon deserves to know that his government stands with him, not with his attackers.

I have made this point to the Trump administration, and I am making it to

the Biden administration. If we in the United States are going to say that we stand for human rights around the world, then we need to stand for human rights around the world, not just when it is politically convenient and not just when it is easy.

Is it too much to ask that our country put some modest conditions on arming and assisting the security forces of an authoritarian government waging war on its own people?

Is it too much to ask that our government side with workers and the labor movement here at home and around the world? With faith and religious leaders? With human rights activists and dissidents who are simply trying to build a free society?

Those who oppose this amendment will claim that providing uncritical, unconditional assistance to the Philippines, regardless of the war its government is waging against its own population, is critical for our national security objective of countering China. But the need to counter the Chinese regime's authoritarianism on the international stage is precisely why it is so important that we maintain our credibility on human rights. It is why it is so vital that we do not undermine our own case for democracy and open ourselves up to charges of hypocrisy by supporting brutal regimes out of short-term political expediency.

Let's pass this amendment and send a resounding signal to the world that we are prepared to make respect for human rights a cornerstone of U.S. foreign policy rather than an empty slogan that we yield arbitrarily.

Mr. Speaker, I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I claim time in opposition to the amendment.

The SPEAKER pro tempore. The gentleman is recognized for 5 minutes.

Mr. CHABOT. Mr. Speaker, I would note if there has to be a Democrat in that seat, there is no Democrat I would rather see than the gentleman from New York. He is a fine gentleman who I have worked with over the years and respect greatly.

As the ranking member of the Asia and Pacific Subcommittee and a co-chair of the U.S.-Philippines Friendship Caucus, I would submit that our alliance with the Philippines is one of our most important relationships across the globe. We have partnered with them for over 70 years now, and cooperation between our two nations is just as important today as it has ever been.

In the face of territorial aggression in the South China Sea by the People's Liberation Army, which of course is the military wing of the Chinese Communist Party, the CCP, our partnership with the Philippines serves as a geostrategic counterweight to China. As Chairman Xi seeks to control international maritime trade routes, including key waterways like the Luzon Strait, the Philippines remains a critical partner in checking his nefarious ambitions.

As with all our strongest alliances, our relationship with the Philippines extends beyond military affairs, for example, to cooperation in law enforcement. Our joint efforts with the Philippines in this regard are really critical to strengthening maritime security as well as tackling the evils of human trafficking and narcotics trafficking.

Of course, we have all been appalled by former President Duterte's brutal drug war, particularly its extrajudicial killings. Such brutality was the primary reason why Congress suspended International Narcotics Control and Law Enforcement assistance to the Philippine National Police.

However, it would be self-defeating to simply cut off all cooperation with Philippine law enforcement, as this amendment seeks to do. The amendment would end maritime law enforcement activities that strengthen U.S. national security. It would block joint efforts to pursue drug traffickers and child traffickers, and it would stop human rights and rule of law assistance.

Fortunately, the June 30 inauguration of President Marcos is an opportunity to strengthen the U.S.-Philippines relationship to address not only threats to maritime security in the Indo-Pacific but also human rights and respect for rule of law.

This amendment would undermine the Biden administration and those of us in Congress who are working towards these efforts. It would curtail cooperative efforts between our security forces at a time when Chairman Xi seeks to dismantle our more than 70-year mutual security partnership with the Philippines. It doesn't make sense.

Mr. Speaker, I urge my colleagues for all the reasons that I just mentioned to oppose this amendment, and I reserve the balance of my time.

Ms. WILD. Mr. Speaker, my colleague across the aisle is arguing for the status quo. As I said before, it is critical for our own national security objectives of countering China that we maintain our credibility on human rights issues. It is absolutely vital that we do not undermine our own case for democracy.

□ 1200

If I have one message for all those who defend the status quo on this issue, all those who claim that we effectively need to choose between our security and our principles, it is this: It doesn't need to be this way. Abdicating our values makes us less secure in the long run. That is why I urge my colleagues to pass this amendment by a resounding margin and to cosponsor my bill, the Philippines Human Rights Act.

The vote on this amendment is just a first step of what must be a sustained commitment to standing with the people of the Philippines. Together, we can finally begin shaping a U.S. policy toward the Philippines that is anchored in respect for human rights and human dignity, those of the people of the Philippines as well as those of our people and all people around the world.

Mr. Speaker, I yield back the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, just to conclude and actually reiterate some of my previous remarks, I have been the co-chair of the Philippines Friendship Caucus, the Republican co-chair, along with my colleague BOBBY SCOTT from Virginia, for quite a few years now. We were both appalled by President Duterte's looking the other way and actually probably being involved to some degree directly in the command of a lot of the extrajudicial killings as well as the loss of life and brutality that took place for quite a few years.

We agreed with him on the war on drugs. Drugs kill far too many Filipinos and kill far too many Americans. But we do not agree on extrajudicial measures which take human life.

However, this is an opportunity now, because that government is in the past, and we have a new government. This is a new opportunity to build up this relationship once again between these two key allies, the United States and the Philippines. It is an important relationship, particularly when one considers that our principal challenge across the globe right now is countering the nefarious actions of the CCP, the Chinese Communist Party.

So I would urge my colleagues to oppose this amendment. Although well intentioned, I think ultimately it would do more harm than good.

Mr. Speaker, I urge my colleagues to oppose it, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. CUELLAR). Pursuant to House Resolution 1224, the previous question is ordered on the amendment offered by the gentlewoman from Pennsylvania (Ms. WILD).

The question is on the amendment.

The amendment was agreed to.

A motion to reconsider was laid on the table.

(BY UNANIMOUS CONSENT, MS. PELOSI WAS ALLOWED TO SPEAK OUT OF ORDER.)

TRIBUTE TO JAIME LIZARRAGA

Ms. PELOSI. Madam Speaker, I rise today to honor a departing member of my office, my longtime senior adviser, Jaime Lizarraga.

This is a moment of great official pride as, last week, he was unanimously confirmed by the Senate to serve as a Commissioner of the Securities and Exchange Commission.

His departure is also bittersweet for me, as he has been an invaluable member of our team for the last 15 years.

All of those who have ever had the privilege of working with Jaime know firsthand, he is the model of an outstanding, patriotic public servant in a bipartisan way.

He has dedicated his entire career to doing the people's work. He has excelled not only in my office but also on the House Financial Services Committee, where he worked with then-Chairman Barney Frank; at the Treasury Department; and as a staffer at the SEC.

Indeed, President Biden's selection of Jaime to serve on the SEC is a testament to Jaime's deep expertise, strategic mind, and strong values.

His unanimous confirmation in the Senate was a tremendous victory for working families and for the entire country.

Here in the House, his masterful leadership was instrumental in enabling and enacting some of the most consequential economic legislation in a generation. During the financial meltdown of 2008, he helped stabilize the markets with the Troubled Assets Relief Program, TARP.

In the wake of economic catastrophe, he also helped strengthen the oversight of Wall Street with the historic Dodd-Frank legislation.

As COVID ravaged the Nation, he helped negotiate multiple relief packages that saved lives and spared livelihoods.

For years, he has been a relentless champion in the Congress for restructuring Puerto Rico's debt, supporting affordable housing, reforming our immigration system, and building economic opportunity for all.

Beyond his many impressive legislative achievements, Jaime is truly the embodiment of the American Dream. The proud son of immigrants from Mexico, he has never forgotten his parents' sacrifices to give him and his sister a brighter future. In that spirit, every day, he fights relentlessly to open doors of opportunity for every American family.

Jaime's brilliance, expertise, and personal kindness will be sorely missed in my office and in Congress. But our Nation will greatly benefit from his continued public service at the SEC as he strives to build a fairer financial future for all.

On behalf of the House, we congratulate Jaime on this remarkable achievement and wish him so much success in his new role. We send best wishes to him, his beloved wife, and his 5 dear children as they begin this exciting chapter.

Congratulations, Jaime, and thank you for your service.
