WASHINGTON : 2023

NOTE FROM THE DIRECTOR, LEGISLATIVE OPERATIONS

This committee print consists of the enrolled text and explanatory material for the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (H.R. 7776; Public Law 117–263).

This Act and the material found in this committee print are the product of an agreement between the Chairman and Ranking Member of the House Committee on Armed Services and the Chairman and Ranking Member of the Senate Committee on Armed Services on H.R. 7900, the National Defense Authorization Act for Fiscal Year 2023 as passed by the House of Representatives on July 14, 2022, and Senate amendment 5499, as modified, to H.R. 7900 as proposed by Chairman Jack Reed on October 11, 2022. Senate amendment 5499, as modified, was in the form of an amendment in the nature of a substitute to H.R. 7900 and consisted of the text of S. 4543, the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 as reported by the Senate Committee on Armed Services on July 18, 2022, as well as a number of amendments that were submitted for consideration during the Senate’s consideration of its bill that were cleared by both sides. The Senate began consideration of Senate amendment 5499, as modified, on October 11, 2022, but did not complete consideration and therefore was unable to initiate a formal conference with the House.

In order to ensure the enactment of an annual defense bill by the end of the calendar year, the Chairman and Ranking Member of the House Committee on Armed Services and the Chairman and Ranking Member of the Senate Committee on Armed Services agreed to reconcile the provisions of H.R. 7900 and Senate amendment 5499, as modified. The negotiated agreement was brought to the House Floor in the form of a House amendment to the Senate amendment to H.R. 7776. On December 8, 2022, pursuant to the provisions of H. Res. 1512, the House agreed to the House amendment to the Senate amendment to H.R. 7776 by the yeas and nays, 350–80 (Roll no. 516). On December 15, 2022, the Senate agreed to the House amendment to the Senate amendment to H.R. 7776 by a vote of 83–11 (Record Vote Number: 396). The President signed the legislation on December 23, 2022, and it became Public Law 117–263.

Because the agreed-upon language was brought to the House in the form of a House amendment to the Senate amendment to H.R. 7776, there is no conference report and no formal “joint explanatory statement of the conference committee” for H.R. 7776. Instead, Chairman Adam Smith submitted a “Joint Explanatory Statement to Accompany H.R. 7776, the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023” in the *Congressional Record* on December 8, 2022 (pages H9425–H9648). The text of the joint explanatory statement is included in this committee print.

Section 5 of H.R. 7776 specifies that this explanatory material shall have the same effect with respect to the implementation of this legislation as if it were a joint explanatory statement of a committee of conference.

In this committee print, the provisions of H.R. 7900, the House-passed version of the National Defense Authorization Act for Fiscal Year 2023, are generally referred to as “the House bill.” The provisions of Senate amendment 5499, as modified, to H.R. 7900 are generally referred to as “the Senate amendment.” The final form of the agreements reached during negotiations between the House and the Senate are referred to as “the agreement.”

The following pages are organized in the manner of a traditional conference report.

SEC. 530. SENSE OF CONGRESS REGARDING WOMEN INVOLUNTARILY SEPARATED FROM THE ARMED FORCES DUE TO PREGNANCY OR PARENTHOOD.

(a) **FINDINGS.**—Congress finds the following:

(1) In June 1948, Congress enacted the Women's Armed Services Integration Act of 1948, which formally authorized the appointment and enlistment of women in the regular components of the Armed Forces.

(2) With the expansion of the Armed Forces to include women, the possibility arose for the first time that members of the regular components of the Armed Forces could become pregnant.

(3) The response to such possibilities and actualities was Executive Order 10240, signed by President Harry S. Truman in 1951, which granted the Armed Forces the authority to involuntarily separate or discharge a woman if she became pregnant, gave birth to a child, or became a parent by adoption or a stepparent.

(4) The Armed Forces responded to the Executive order by systematically discharging any woman in the Armed Forces who became pregnant.

(5) The Armed Forces were required to offer women who were involuntarily separated or discharged due to pregnancy the opportunity to request retention in the military.

(6) The Armed Forces may not have provided required separation benefits, counseling, or assistance to the members of the Armed Forces who were separated or discharged due to pregnancy.

(7) Thousands of members of the Armed Forces were involuntarily separated or discharged from the Armed Forces as a result of pregnancy.

(8) Such involuntary separation or discharge from the Armed Forces on the basis of pregnancy was challenged in Federal district court by Stephanie Crawford in 1975, whose legal argument stated that this practice violated her constitutional right to due process of law.

(9) The Court of Appeals for the Second Circuit ruled in Stephanie Crawford's favor in 1976 and found that Executive Order 10240 and any regulations relating to the Armed Forces that made separation or discharge mandatory due to pregnancy were unconstitutional.

(10) *By 1976, all regulations that permitted involuntary separation or discharge of a member of the Armed Forces because of pregnancy or any form of parenthood were rescinded.*

(11) *Today, women comprise 17 percent of the Armed Forces, and many are parents, including 12 percent of whom are single parents.*

(12) *While military parents face many hardships, today's Armed Forces provide various lengths of paid family leave for mothers and fathers, for both birth and adoption of children.*

(b) *SENSE OF CONGRESS.—It is the sense of Congress that women who served in the Armed Forces before February 23, 1976, should not have been involuntarily separated or discharged due to pregnancy or parenthood.*

SEC. 1272. SENSE OF CONGRESS ON NATO AND UNITED STATES DEFENSE POSTURE IN EUROPE.

It is the sense of Congress as follows:

(1) *The Russian Federation’s further invasion of Ukraine poses a grave threat to United States security and interests*

around the globe and to the rules-based international order, including the North Atlantic Treaty Organization (NATO).

(2) *The Russian Federation has demonstrated a complete disregard for the safety of civilians during its unlawful and unprovoked invasion of Ukraine, which has involved indiscriminate bombing of civilian areas and executions of non-combatants.*

(3) *The United States stands with the people of Ukraine and condemns the heinous acts committed by the Russian Federation against them, and Congress strongly supports continued assistance to Ukraine to sustain its ability to repel Russian invasion forces and continue to retake its sovereign territory.*

(4) *NATO remains the strongest and most successful military alliance in the world, founded on a commitment by its members to uphold the principles of democracy, individual liberty, and the rule of law. The NATO alliance has grown more robust and more united in response to Russia's 2022 further invasion of Ukraine, as allies have enhanced their deterrence and defense posture, and continued to send military aid to bolster Ukraine's defenses.*

(5) *The United States—*

(A) strongly supports the path of Sweden and Finland toward NATO membership, as evidenced by the overwhelming bipartisan Senate vote providing advice and consent to the ratification of the Protocols of the North Atlantic Treaty of 1949 on the Accession of the Republic of Finland and the Kingdom of Sweden;

(B) urges all NATO allies who have not ratified their accession to do so as soon as possible;

(C) reaffirms its ironclad commitment to NATO as the foundation of transatlantic security and to upholding its obligations under the North Atlantic Treaty, including Article 5; and

(D) encourages NATO members to move swiftly to meet their commitments made at the June 2022 NATO Summit to expand NATO's multinational battle groups and enhance military posture on NATO's eastern flank, and to urgently continue progress on meeting their Wales Pledge commitments, capability targets, contributions to NATO missions and operations, and resilience commitments.

(6) *America's European allies and partners have—*

(A) made significant contributions to Ukraine's defense against the Russian invasion, including critical military, economic, and humanitarian aid, sanctions, and export controls, to erode Russia's ability to sustain its aggression; and

(B) welcomed millions of Ukrainian refugees forced to flee their homeland.

(7) *The United States must continue to work with these allies and partners to sustain this support, to collectively reconstitute weapons stocks, and to maintain unified resolve to reduce threats to critical infrastructure ranging from Russia's weaponization of energy to China's predatory investments in transportation and telecommunications infrastructure.*

(8) *The United States should develop and implement a long-term plan to adapt United States posture in Europe to the altered threat environment. The elevated United States posture currently in Europe is crucial in the current threat environment, and the United States posture changes announced during the June 2022 NATO Summit are important steps, including the establishment of the first permanently stationed headquarters in Poland, the commitment to maintain a rotational brigade combat team and headquarters in Romania, enhanced rotations to the Baltic countries, and the forward-stationing of two additional destroyers in Rota, Spain.*

(9) *European Deterrence Initiative (EDI) investments have proven crucial to United States and NATO abilities to rapidly reinforce the European theater leading up to and during Russia's further invasion of Ukraine. The United States should continue robust investments through EDI, including further enhancing United States posture in Europe and maintaining a committed schedule of exercises with allies.*

(10) *The Black Sea is critical to United States interests and to the security of NATO in the region, given Russia's unprovoked and unjustified war in Ukraine and Russia's attempts to directly intimidate, coerce, and otherwise influence countries in this region. These allies' and partners' security will have major consequences for broader European security and collective efforts to enhance Black Sea countries' defense and resilience capabilities are essential. In addition, the United States and NATO should consider adopting robust intergovernmental and interagency strategies for the Black Sea, to facilitate further collaboration among all countries in the region.*

(11) *Estonia, Latvia, and Lithuania play a critical role in strategic efforts to continue to deter Russia.*

(12) *The United States should continue to pursue efforts consistent with the comprehensive, multilateral Baltic Defense Assessment conducted by the Department of Defense. Robust support to accomplish United States strategic objectives, including by providing continued assistance to the Baltic countries through security cooperation, including cooperation referred to as the Baltic Security Initiative pursuant to sections 332 and 333 of title 10, United States Code, should continue to be prioritized in the years to come. Specifically, such assistance should include the continuation of—*

(A) enhancements to critical capabilities that will strengthen Baltic security as well as strengthen NATO's deterrence and defense posture, including integrated air and missile defense, maritime domain awareness, long-range precision fires, and command and control;

(B) efforts to enhance interoperability among Estonia, Latvia, and Lithuania and with NATO;

(C) infrastructure and other host-country support improvements that will enhance United States and allied military mobility across the region;

(D) efforts to improve resilience to hybrid and cyber threats in Estonia, Latvia, and Lithuania; and

(E) support for planning and budgeting efforts of Estonia, Latvia, and Lithuania that are regionally synchronized.

(13) It is in the United States interest to support efforts to enhance security and stability in the Western Balkans. The United States should continue its efforts to work with Western Balkans allies and partners to build interoperability and support institutional reforms. The United States should also support those countries' efforts to resist disinformation campaigns, predatory investments, and other means by which Russia and China may seek to influence this region.

(14) The United States should continue to work closely with European allies and partners to counter growing malign activities by the People's Republic of China across Europe, in the Indo-Pacific, and beyond.

PART 3—INCLUSION OF TAIWAN IN INTERNATIONAL ORGANIZATIONS

SEC. 5516. FINDINGS.

Congress makes the following findings:

(1) Since 2016, the Gambia, Sao Tome and Principe, Panama, the Dominican Republic, Burkina Faso, El Salvador, the Solomon Islands, and Kiribati have severed diplomatic relations with Taiwan in favor of diplomatic relations with China.

(2) Taiwan was invited to participate in the World Health Assembly (WHA), the decision-making body of the World Health Organization (WHO), as an observer annually between 2009 and 2016. Since the 2016 election of President Tsai, the PRC has increasingly resisted Taiwan's participation in the WHA. Taiwan was not invited to attend the WHA in 2017, 2018, 2019, 2020, or 2021.

(3) The Taipei Flight Information Region reportedly served 1,750,000 flights and 68,900,000 passengers in 2018, and is home to Taiwan Taoyuan International Airport, the eleventh busiest airport in the world. Taiwan has been excluded from participating at the International Civil Aviation Organization (ICAO) since 2013.

(4) United Nations (UN) General Assembly Resolution 2758 does not address the issue of representation of Taiwan and its people at the United Nations, nor does it give the PRC the right to represent the people of Taiwan.

SEC. 5517. SENSE OF CONGRESS ON TAIWAN'S MEANINGFUL PARTICIPATION IN THE INTERNATIONAL COMMUNITY.

(3) existing efforts to enhance United States cooperation with Taiwan to provide global public goods, including through development assistance, humanitarian assistance, and disaster relief, in trilateral and multilateral fora are laudable and should continue;

(4) nonetheless, significant structural, policy, and legal barriers remain to advancing Taiwan's meaningful participation in the international community; and

(5) *A survey of IOs that have allowed Taiwan’s meaningful participation, including an assessment of whether any erosion in Taiwan’s engagement has occurred within those organizations and how Taiwan’s participation has positively strengthened the capacity and activity of these organizations, thereby providing positive models for Taiwan’s inclusion in other similar forums.*

(6) *A list of no more than 20 IOs at which the United States Government will prioritize for using its voice, vote, and influence to advance Taiwan’s meaningful participation over the three-year period following the date of enactment of this Act. Subtitle F—Promotion of Freedom of Information and Countering of Censorship and Surveillance in North Korea

SEC. 5580. SHORT TITLE.

This subtitle may be cited as the “Otto Warmbier Countering North Korean Censorship and Surveillance Act of 2022”.

SEC. 5581. FINDINGS; SENSE OF CONGRESS.

(a) *FINDINGS.*—Congress makes the following findings:

- (1) The information landscape in North Korea is the most repressive in the world, consistently ranking last or near-last in the annual World Press Freedom Index.

(2) *Under the brutal rule of Kim Jung Un, the country's leader since 2012, the North Korean regime has tightened controls on access to information, as well as enacted harsh punishments for consumers of outside media, including sentencing to time in a concentration camp and a maximum penalty of death.*

(3) *Such repressive and unjust laws surrounding information in North Korea resulted in the death of 22-year-old United States citizen and university student Otto Warmbier, who had traveled to North Korea in December 2015 as part of a guided tour.*

(4) *Otto Warmbier was unjustly arrested, sentenced to 15 years of hard labor, and severely mistreated at the hands of North Korean officials. While in captivity, Otto Warmbier suffered a serious medical emergency that placed him into a comatose state. Otto Warmbier was comatose upon his release in June 2017 and died 6 days later.*

(5) *Despite increased penalties for possession and viewership of foreign media, the people of North Korea have increased their desire for foreign media content, according to a survey of 200 defectors concluding that 90 percent had watched South Korean or other foreign media before defecting.*

(6) *On March 23, 2021, in an annual resolution, the United Nations General Assembly condemned "the long-standing and ongoing systematic, widespread and gross violations of human rights in the Democratic People's Republic of Korea" and expressed grave concern at, among other things, "the denial of the right to freedom of thought, conscience, and religion . . . and of the rights to freedom of opinion, expression, and association, both online and offline, which is enforced through an absolute monopoly on information and total control over organized social life, and arbitrary and unlawful state surveillance that permeates the private lives of all citizens".*

(7) *In 2018, Typhoon Yutu caused extensive damage to 15 broadcast antennas used by the United States Agency for Global Media in Asia, resulting in reduced programming to North Korea. The United States Agency for Global Media has rebuilt 5 of the 15 antenna systems as of June 2021.*

(b) *SENSE OF CONGRESS.—It is the sense of Congress that—*

(1) *in the event of a crisis situation, particularly where information pertaining to the crisis is being actively censored or a false narrative is being put forward, the United States should be able to quickly increase its broadcasting capability to deliver fact-based information to audiences, including those in North Korea; and*

(2) *the United States International Broadcasting Surge Capacity Fund is already authorized under section 316 of the United States International Broadcasting Act of 1994 (22 U.S.C. 6216), and expanded authority to transfer unobligated balances from expired accounts of the United States Agency for Global Media would enable the Agency to more nimbly respond to crises.*

Subtitle D—Judicial Security and Privacy

SEC. 5931. SHORT TITLE.

This subtitle may be cited as the “Daniel Anderl Judicial Security and Privacy Act of 2022”.

SEC. 5932. FINDINGS AND PURPOSE.

(a) *FINDINGS*.—Congress finds the following:

(1) Members of the Federal judiciary perform the important function of interpreting the Constitution of the United States and administering justice in a fair and impartial manner.

(2) *In recent years, partially as a result of the rise in the use of social media and online access to information, members of the Federal judiciary have been exposed to an increased number of personal threats in connection to their role. The ease of access to free or inexpensive sources of covered information has considerably lowered the effort required for malicious actors to discover where individuals live and where they spend leisure hours and to find information about their family members. Such threats have included calling a judge a traitor with references to mass shootings and serial killings, a murder attempt on a justice of the Supreme Court of the United States, calling for an “angry mob” to gather outside a home of a judge and, in reference to a judge on the court of appeals of the United States, stating how easy it would be to “get them”.*

(3) *Between 2015 and 2019, threats and other inappropriate communications against Federal judges and other judiciary personnel increased from 926 in 2015 to approximately 4,449 in 2019.*

(4) *Over the past decade, several members of the Federal judiciary have experienced acts of violence against themselves or a family member in connection to their Federal judiciary role, including the murder in 2005 of the family of Joan Lefkow, a judge for the United States District Court for the Northern District of Illinois.*

(5) *On Sunday July 19, 2020, an assailant went to the home of Esther Salas, a judge for the United States District Court for the District of New Jersey, impersonating a package delivery driver, opening fire upon arrival, and killing Daniel Anderl, the 20-year-old only son of Judge Salas, and seriously wounding Mark Anderl, her husband.*

(6) *In the aftermath of the recent tragedy that occurred to Judge Salas and in response to the continuous rise of threats against members of the Federal judiciary, there is an immediate need for enhanced security procedures and increased availability of tools to protect Federal judges and their families.*

(b) **PURPOSE.**—*The purpose of this subtitle is to improve the safety and security of Federal judges, including senior, recalled, or retired Federal judges, and their immediate family members to ensure Federal judges are able to administer justice fairly without fear of personal reprisal from individuals affected by the decisions they make in the course of carrying out their public duties.*

Subtitle C—Reports and Other Matters

SEC. 6521. REPORT ON ASSESSING WILL TO FIGHT.

(a) **DEFINITIONS.**—*In this section:*

(1) **APPROPRIATE CONGRESSIONAL COMMITTEES.**—*The term “appropriate congressional committees” means the following:*

(A) *The congressional intelligence committees.*

(B) *The Committee on Foreign Relations, the Committee on Armed Services, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.*

(C) *The Committee on Foreign Affairs, the Committee on Armed Services, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.*

(2) **MILITARY WILL TO FIGHT.**—*The term “military will to fight” means, with respect to the military of a country, the disposition and decision to fight, act, or persevere as needed.*

(3) **NATIONAL WILL TO FIGHT.**—*The term “national will to fight” means, with respect to the government of a country, the resolve to conduct sustained military and other operations for an objective even when the expectation of success decreases or the need for significant political, economic, and military sacrifices increases.*

(b) **FINDINGS.**—*Congress finds the following:*

(1) According to a study by the RAND corporation, “will to fight” is poorly analyzed and the least understood aspect of war.

(2) In testimony before the Select Committee on Intelligence of the Senate in May 2022, top intelligence officials of the United States indicated that although the intelligence community accurately anticipated Russia’s invasion of Ukraine, the intelligence community did not accurately assess the will of Ukrainian forces to fight in opposition to a Russian invasion or that the Ukrainian forces would succeed in averting a rapid Russian military occupation of Kyiv.

(3) According to the RAND corporation, the intelligence community estimated that the Afghan government’s forces could hold out against the Taliban for as long as 2 years if all ground forces of the United States were withdrawn. This estimate was revised in June 2021 to reflect an intelligence community view that Afghanistan’s military collapse could come in 6 to 12 months. In August 2021, the Afghan government fell within days after the ground forces of the United States were withdrawn.

(4) Similarly, the rapid advance of the Islamic State in Iraq and Syria and near-total collapse of the Iraqi Security Forces in 2014 appeared to take the policymakers of the United States by surprise.

(5) The apparent gaps in these analyses had important implications for policy decisions of the United States toward Russia and Afghanistan, and suggest a need for further examination of how the intelligence community assesses a foreign military’s will to fight.

(c) *REPORT*.—Not later than 180 days after the date of the enactment of this Act, the Director of National Intelligence, acting through the National Intelligence Council and in coordination with the heads of the elements of the intelligence community that the Director determines appropriate, shall submit to the appropriate congressional committees a report examining the extent to which analyses of the military will to fight and the national will to fight informed the all-source analyses of the intelligence community regarding how the armed forces and governments of Ukraine, Afghanistan, and Iraq would perform at key junctures.

(d) *ELEMENTS*.—The report under subsection (c) shall include the following:

(1) The methodology of the intelligence community for measuring the military will to fight and the national will to fight of a foreign country.

(2) The extent to which analysts of the intelligence community applied such methodology when assessing the military will to fight and the national will to fight of—

(A) Afghanistan following the April 2021 announcement of the full withdrawal of the United States Armed Forces;

(B) Iraq in the face of the rapid emergence and advancement in 2014 of Islamic State in Iraq and Syria; and

(C) Ukraine and Russia during the initial phase of the invasion and march toward Kyiv by Russia in February 2022.

(3) *The extent to which—*

(A) *the assessments described in paragraph (2) depended on the observations of personnel of the United States Armed Forces who had trained Afghan, Iraqi, and Ukrainian armed forces; and*

(B) *such observations reflected any standardized, objective methodology.*

(4) *Whether shortcomings in assessing the military will to fight and the national will to fight may have affected the capacity of the intelligence community to provide “early warning” about the collapse of government forces in Iraq and Afghanistan.*

(5) *The extent to which “red teaming” was used to test the assessments described in paragraph (2).*

(6) *The extent to which dissenting opinions of intelligence analysts were highlighted in final written products presented to senior policymakers of the United States.*

(7) *The extent to which analysts and supervisors adhered to the policies, procedures, directives, and best practices of the intelligence community.*

(8) *Recommendations for analyses by the intelligence community going forward to incorporate lessons learned and enhance the quality of future analytical products to more accurately reflect the military will to fight and the national will to fight and improve the capacity of the intelligence community to accurately predict the success or failure of the armed forces of a foreign country.*

(e) **ANNEX.**—*In submitting the report under subsection (c) to the congressional intelligence committees, the Subcommittee on Defense of the Committee on Appropriations of the Senate, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives, the Director shall also include an accompanying annex, which shall be classified, providing an inventory of the following:*

(1) *Collection gaps and challenges that may have affected the analysis of the collapse of government forces in Iraq and Afghanistan.*

(2) *Actions that the Director of National Intelligence has taken to mitigate such gaps and challenges.*

(f) **FORM.**—*The report under subsection (c) may be submitted in classified form, but if so submitted, shall include an unclassified summary of key findings, consistent with the protection of intelligence sources and methods.*
