**Privacy Act Notice:** Section 111 of title 17 of the United States Code authorizes the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.

<b>E</b>  <b>Secondary Transmission Service: Subscribers and Rates</b>	<p><b>SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES</b>  <b>In General:</b> The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be).  <b>Number of Subscribers:</b> Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service).  <b>Rate:</b> Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment.  <b>Block 1:</b> In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. <b>Note:</b> Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential subscriber who pays extra for cable service to additional sets would be included in the count under "Service to the first set" and would be counted once again under "Service to additional set(s)."  <b>Block 2:</b> If your cable system has rate categories for secondary transmission service that are different from those printed in block 1 (for example, tiers of services that include one or more secondary transmissions), list them, together with the number of subscribers and rates, in the right-hand block. A two- or three-word description of the service is sufficient.</p>

<b>F</b>  <b>Services Other Than Secondary Transmissions: Rates</b>	<p><b>SERVICES OTHER THAN SECONDARY TRANSMISSIONS: RATES</b>  <b>In General:</b> Space F calls for rate (not subscriber) information with respect to all your cable system's services that were not covered in space E, that is, those services that are not offered in combination with any secondary transmission service for a single fee. There are two exceptions: you do not need to give rate information concerning (1) services furnished at cost or (2) services or facilities furnished to nonsubscribers. Rate information should include both the amount of the charge and the unit in which it is usually billed. If any rates are charged on a variable per-program basis, enter only the letters "PP" in the rate column.  <b>Block 1:</b> Give the standard rate charged by the cable system for each of the applicable services listed.  <b>Block 2:</b> List any services that your cable system furnished or offered during the accounting period that were not listed in block 1 and for which a separate charge was made or established. List these other services in the form of a brief (two- or three-word) description and include the rate for each.</p>

**Column 1:** Give the title of every nonnetwork television program ("substitute program") that, during the accounting period, was broadcast by a distant station and that your cable system substituted for the programming of another station under certain FCC rules, regulations, or authorizations. See page (v) of the general instructions for further information. Do not use general categories like "movies" or "basketball." List specific program titles, for example, "I Love Lucy" or "NBA Basketball: 76ers vs. Bulls."

**Column 2:** If the program was broadcast live, enter "Yes." Otherwise enter "No."

**Column 3:** Give the call sign of the station broadcasting the substitute program.

**Column 4:** Give the broadcast station's location (the community to which the station is licensed by the FCC or, in the case of Mexican or Canadian stations, if any, the community with which the station is identified).

**Column 5:** Give the month and day when your system carried the substitute program. Use numerals, with the month first. Example: for May 7 give "5/7."

**Column 6:** State the times when the substitute program was carried by your cable system. List the times accurately to the nearest five minutes. Example: a program carried by a system from 6:01:15 p.m. to 6:28:30 p.m. should be stated as "6:00-6:30 p.m."

**Column 7:** Enter the letter "R" if the listed program was substituted for programming that your system was *required* to delete under FCC rules and regulations in effect during the accounting period; enter the letter "P" if the listed program was substituted for programming that your system was permitted to delete under FCC rules and regulations in effect on October 19, 1976.
