

Dear Registrar,

The voting period for proposed global amendment to the 2013 Registrar Accreditation Agreement (RAA Global Amendment) has concluded and the final results are being tallied and verified by Votenet.

Preliminary results show that Registrar Approval was obtained. Please see the [2024 Global Amendment webpage](#) for a more detailed overview of the preliminary voting results and further information. The ICANN organization (org) will share an update on the final results once available.

As a reminder, now that the vote has closed, the proposed RAA Global Amendment will be shared with the ICANN Board for consideration.

Thank you for your continued support and participation in the ICANN multistakeholder model.

Sincerely,
