STARTUP
COMMUNITY

Innovation Belt

A 'belt' of vibrant innovation hubs, bringing together ecosystem players in one place to enable collaboration and exchange of ideas

SPECIALISED LABORATORIES

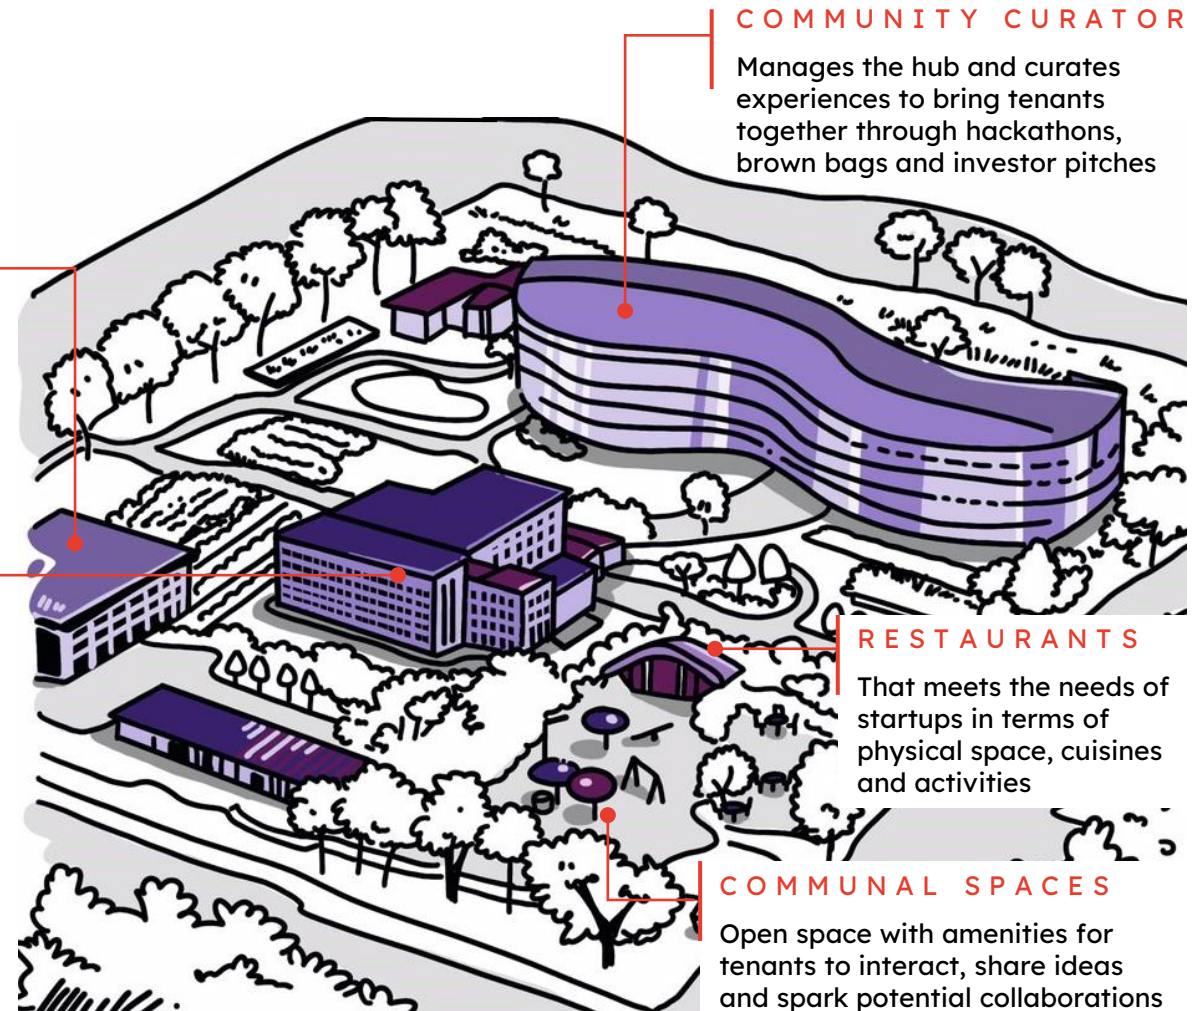

Areas with specialised infrastructure and equipment to support ongoing research projects

OFFICE SPACE

Repurposed buildings with office space and high-speed Internet for 20-100 companies

Example anchor tenants (Agritech):

- Agricultural drone technology startup with global customers
- APAC-based VC with a \$1B global agrifood fund

Unicorn Golden Pass

Globally recognised startups setting up a significant presence in MY, acting as the centre of gravity for startup hubs, and infusing talent into the ecosystem

Is your startup ...

Bold and innovative

High valuation reflecting strong growth potential and investor interest

Validated by the market

High revenues showing consistent market traction for your products and services

Sustainable long-term

Clear path to positive cashflow demonstrating business model viability

What we can offer you ...

Funding opportunities from leading VC investors

Visas for your team *(with fee exemption)*

Concessio-
nary tax rate on corporate profits

Top-tier office space within a startup hub

Industry-specific benefits tailored to you

We want you to ...

Establish a physical office in Malaysia

Build a leadership team in Malaysia

Hire a team based in Malaysia to support regional operations

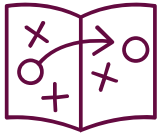

A LARGE
ADDRESSABLE
MARKET

Startup City Connect

Deep collaboration and integration between Malaysia and other major regions/economies, allowing startups to operate seamlessly across markets

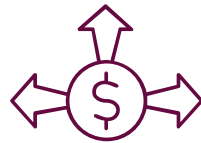

Example areas for collaboration

Accelerated business setup for companies already registered in one country

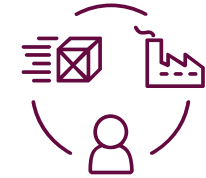

Mutually-recognised visas enabling holders to freely move and work in each country

Seamless access to investment opportunities across both countries for registered investors

Increased connectivity through higher flight frequency and express immigration lanes

Regulatory harmonisation over the longer term to enable frictionless trade across both countries

AVAILABLE
FUNDING
AT ALL STAGES
