

Colorado HB 22-1345 Requirements

The cookware disclosure requirements of colorado house bill 22-1345 are found in the Colorado revised statutes beginning at Section 25-15-601. On and after January 1, 2024, a manufacturer of cookware sold in the state that contains intentionally added PFAS chemicals in the handle of the product or in any product surface that comes into contact with food, foodstuffs, or beverages shall list the presence of pfas chemicals on the product label and shall include on the product label a statement, in both english and spanish, that reads: "for more information about PFAS chemicals in this product, visit" followed by both of the following:

- (i) An internet web site address for a web page that provides information about why the PFAS chemicals are intentionally added; and
- (ii) A quick response (QR) code or other machine-readable code, consisting of an array of squares, used for storing an internet website for a web page that provides information about why the pfas chemicals are intentionally added.

LG Electronics Food Safety

At LG Electronics, product safety is taken extremely seriously. All products are tested and certified to comply with relevant rules and regulations established by federal and state agencies.

LG Electronics is confident that our products do not pose a health risk.
