READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 2. INVESTIGATIONS

PART B(1). Investigating Grand Juries

Rule 229. Control of Investigating Grand Jury Transcript/Evidence.

Except as otherwise set forth in these rules, the [court] supervising judge of the grand jury shall control the original and all copies of the transcript and shall maintain their secrecy. When physical evidence is presented before the investigating grand jury, the [court] supervising judge of the grand jury shall establish procedures for supervising custody.

Comment

This rule requires that the [court] supervising judge of the grand jury retain control over the tran-

script of the investigating grand jury proceedings and all copies thereof, as the record is transcribed, until such time as the transcript is released as provided in these rules.

[Reference to the court in this rule and in Rule 230 is intended to be to the supervising judge of the grand jury.]

Official Note: Rule 261 adopted June 26, 1978, effective January 9, 1979; Comment revised October 22, 1981, effective January 1, 1982; renumbered Rule 229 and amended March 1, 2000, effective April 1, 2001; amended , 2017, effective , 2017.

Committee Explanatory Reports:

Report explaining the proposed amendment to clarify the terminology of the supervising authority published for comment at 47 Pa.B. 3959 (July 22, 2017).

Rule 230. Disclosure of Testimony Before Investi- gating Grand Jury.

(A) Attorney for the Commonwealth:

Upon receipt of the certified transcript of the proceedings before the investigating grand jury, the [court] supervising judge of the grand jury shall furnish a copy of the transcript to the attorney for the Commonwealth for use in the performance of official duties.

(B) Defendant in a Criminal Case:

(1) When a defendant in a criminal case has testified before an investigating grand jury concerning the subject matter of the charges against him or her, upon application of such defendant the [court] supervising judge of the grand jury shall order that the defendant be furnished with a copy of the transcript of such testimony.

(2) When a witness in a criminal case has previously testified before an investigating grand jury concerning the subject matter of the charges against the defendant, upon application of such defendant the [court] supervising judge of the grand jury shall order that the defendant be furnished with a copy of the transcript of such testimony; however, such testimony may be made available only after the direct testimony of that witness at trial, **unless the parties agree, with the approval of the supervising judge of the grand jury, that an earlier disclosure is in the interests of justice.**

(3) Upon appropriate motion of a defendant in a criminal case, the [court] supervising judge of the grand jury shall order that the transcript of any testimony before an investigating grand jury that is exculpatory to the defendant, or any physical evidence presented to the grand jury that is exculpatory to the defendant, be made available to such defendant.

(C) Other Disclosures:

Upon appropriate motion, and after a hearing into relevancy, the [court] supervising judge of the grand jury may order that a transcript of testimony before an investigating grand jury, or physical evidence before the investigating grand jury, may be released to

another investigative agency, under such other conditions as the [court] supervising judge of the grand jury may impose.

Comment

It is intended that the “official duties” of the attorney for the Commonwealth may include reviewing investigating grand jury testimony with a prospective witness in a criminal case stemming from the investigation, when such testimony relates to the subject matter of the criminal case. It is not intended that a copy of such testimony be released to the prospective witness.

Paragraph (B)(2) was amended in 2017 to recognize a common practice of the parties coming to an agreement on the disclosure of a trial witness’ prior grand jury testimony at a point earlier than cross-examination. This practice should be encouraged where it is utilized to avoid undue trial delay.

Subparagraph (B)(3) is intended to reflect the line of cases beginning with *Brady v. Maryland*, 373 U.S. 83 (1963), and the refinements of the *Brady* standards embodied in subsequent judicial decisions.

Official Note: Rule 263 adopted June 26, 1978, effective January 9, 1979; renumbered Rule 230 and amended March 1, 2000, effective April 1, 2001; amended September 21, 2012, effective November 1, 2012; **amended** , **2017, effective** , **2017.**

REPORT

Proposed Amendment of Pa.Rs.Crim.P. 229 and 230 Disclosure of Investigating Grand Jury Testimony

As part of the Committee’s ongoing supervision of the rules, the Committee recently examined investigating grand juries procedures, particularly with regard to the disclosure of evidence adduced before an investigating grand jury. Of particular concern was Rule 230(B)(2) that provides, when a witness who is testifying in a criminal case and who has previously testified before an investigating grand jury, the testimony of that witness shall be made available upon application by the defendant but only after the direct testimony of the witness.¹ The suggestion was made that the rule should permit an earlier disclosure. The argument in favor of earlier disclosure was that providing the grand jury testimony only after direct testimony at trial often results in a delay in trial to allow for the study of the grand jury testimony before cross-examination can be conducted.

As an initial matter, the Committee discussed the question of who held the authority to make disclosure determinations. The Committee agreed that this power is vested solely in the judge supervising the investigating grand jury. This would be clarified in Rules 229 and 230

¹ Paragraphs (B)(1), providing for the disclosure of grand jury testimony by the defendant, and (B)(3), providing for the disclosure of grand jury testimony that is exculpatory to the defendant, do not contain the time limitation of paragraph (B)(2).

by replacing references in those rules to “the court” with the term “supervising judge.” The proposal also would remove Rule 229 Comment language containing this definition as unnecessary.

Regarding the time limitation on disclosure, the Committee examined some of the limited case law regarding this provision. The Pennsylvania Supreme Court upheld the Rule 230(B)(2) limitation on disclosure in *Commonwealth v. Chamberlain*, 30 A.3d 381, 424 (Pa. 2011). In *Chamberlain*, the Court rejected a claim that the testimony of grand jury witnesses should have been turned over to the defense prior to trial in the interests of justice, holding that Rule 230(B)(2) is clear and that the defendant was not entitled to an earlier disclosure. The Committee also examined *Commonwealth v. Hemmingway*, 13 A.3d 491 (Pa. Super. 2011) in which the Pennsylvania Superior Court held that the Commonwealth could agree to disclose grand jury testimony as part of a pretrial discovery agreement.

The Committee considered a proposal that would have permitted the supervising judge the discretion to order disclosure of the grand jury testimony of a witness who will testify at trial earlier than the conclusion of direct examination. However, there was a concern such a provision would negatively affect investigating grand jury secrecy and the Committee could not agree on how to define what potential witnesses could be subject to such a disclosure. Some members argued that no rule change should be made since the current practice is for the prosecution to turn over the material earlier to avoid delay in trial. As a compromise, it was suggested that the rules should recognize an agreement among the parties for an earlier disclosure. This would be consistent with the holding in *Hemmingway*, *supra*.

The proposed rule changes would add the phrase “unless the parties agree, with approval of the supervising judge of the grand jury, that an earlier disclosure is in the interests of justice” be added to Rule 230(B)(2). Also, language would be added to the Comment to further explain that the practice of agreeing to early disclosure.

Rule 462(D) provides for the dismissal of an appeal when the defendant fails to appear for the trial *de novo*.

See Rule 462(F) regarding the retention of a case at the court of common pleas when a petition to file an appeal *nunc pro tunc* has been denied.

Certiorari was abolished by the Criminal Rules in 1973 pursuant to Article V Schedule Section 26 of the Constitution of Pennsylvania, which specifically empowers the Supreme Court of Pennsylvania to do so by rule. This Schedule section is still viable, and the substance of this Schedule section has also been included in the Judicial Code, 42 Pa.C.S. § 934. The abolition of *certiorari* continues with this rule.

(E) If the defendant withdraws the appeal, the trial judge shall enter judgment in the court of common pleas on the judgment of the issuing authority.

(F) If the defendant has petitioned the trial judge to permit the taking of an appeal *nunc pro tunc* and this petition is denied, the trial judge shall enter judgment in the court of common pleas on the judgment of the issuing authority.

[(F)] (G) The verdict and sentence, if any, shall be announced in open court immediately upon the conclusion of the trial, or, in cases in which the defendant may be sentenced to intermediate punishment, the trial judge may delay the proceedings pending confirmation of the defendant's eligibility for intermediate punishment.

[(G)] (H) At the time of sentencing, the trial judge shall:

* * * * *

[(H)] (I) After sentence is imposed by the trial judge, the case shall remain in the court of common pleas for the execution of sentence, including the collection of any fine and restitution, and for the collection of any costs.

Comment

* * * * *

The procedures for conducting the trial *de novo* in the court of common pleas set forth in paragraphs (B), [(F), and] (G) and (H) are comparable to the summary case trial procedures in Rule 454 (Trial in Summary Cases).

Pursuant to paragraph (B), the decision whether to appear and assume control of the prosecution of the trial *de novo* is solely within the discretion of the attorney for the Commonwealth. When no attorney appears at the trial *de novo* on behalf of the Commonwealth or a municipality, the trial judge may ask questions of any witness who testifies, and the affiant may request the trial judge to ask specific questions. In the appropriate circumstances, the trial judge also may permit the affiant to question Commonwealth witnesses, cross-examine defense witnesses, and make recommendations about the case to the trial judge.

The provisions of paragraph (C) that permit the court to continue the case if there is good cause for the officer's unavailability were added in response to *Commonwealth v. Hightower*, 652 A.2d 873 (Pa. Super. 1995).

Paragraph (D) makes it clear that the trial judge may dismiss a summary case appeal when the judge determines that the defendant is absent without cause from the trial *de novo*. If the appeal is dismissed, the trial judge should enter judgment and order execution of any sentence imposed by the issuing authority.

New paragraph (F) was added in 2017 to clarify that a case in which a defendant seeks to file an appeal *nunc pro tunc*, and the common pleas judge denies that petition, the case will remain at the court of common pleas. This is consistent with the long-standing policy under the rules that once a case has moved from the minor judiciary to the court of common pleas, the case remains at common pleas.

Paragraph [(F)] (G) was amended in 2008 to permit a trial judge to delay imposition of sentence in order to investigate a defendant's eligibility for intermediate punishment for certain offenses, including summary violations of 75 Pa.C.S. § 1543(b) (driving while license is under a DUI-related suspension), but only if he or she meets certain eligibility requirements, such as undergoing a drug and alcohol assessment. Potentially this information may not be available to the trial judge following a trial *de novo* at the time of sentencing.

Pursuant to paragraph [(G)] (H), if the defendant is convicted, the trial judge must impose sentence, and advise the defendant of the payment schedule, if any, and the defendant's appeal rights. See Rule 704(A)(3) and Rule 720(D). No defendant may be sentenced to imprisonment or probation if the right to counsel was not afforded at trial. See *Alabama v. Shelton*, 535 U.S. 654 (2002), *Scott v. Illinois*, 440 U.S. 367 (1979), and *Argersinger v. Hamlin*, 407 U.S. 25 (1972).

Certain costs are mandatory and must be imposed. See, e.g., Section 1101 of the Crime Victims Act, 18 P.S. § 11.1101.

Once sentence is imposed, paragraph [(H)] (I) makes it clear that the case is to remain in the court of common pleas for execution of the sentence and collection of any costs, and the case may not be returned to the magisterial district judge. The execution of sentence includes the collection of any fines and restitution.

For the procedures concerning sentences that include restitution in court cases, see Rule 705.1.

For the procedures for appeals from the Philadelphia Municipal Court Traffic Division, see Rule 1037.

Official Note: Former Rule 86 adopted July 12, 1985, effective January 1, 1986; revised September 23, 1985, effective January 1, 1986; the January 1, 1986 effective dates extended to July 1, 1986; amended February 2, 1989, effective March 1, 1989; amended March 22, 1993, effective January 1, 1994; amended October 28, 1994, effective as to cases instituted on or after January 1, 1995; amended February 27, 1995, effective July 1, 1995; amended October 1, 1997, effective October 1, 1998; amended May 14, 1999, effective July 1, 1999; rescinded March 1, 2000, effective April 1, 2001, and paragraph (G) replaced by Rule 462. Proposed Amendment of Pa.R.Crim.P. 462; Proposed Revision of the Comment to Pa.R.Crim.P. 460

Summary Appeal Remand

The Committee recently examined an issue that has come up occasionally regarding the Court's "no-remand" policy in summary cases. The scenario is that a defendant is convicted of a summary offense before a magisterial district judge (MDJ) and then files a petition to be allowed to file a summary appeal *nunc pro tunc*. The common pleas court denies the petition and orders that the case be "remanded" back to the MDJ office. The common pleas judge in these situations has taken the position that, because the common pleas court has never addressed the actual appeal, the case is not subject to the "no remand" provisions of Rule 462(H).

Under Rule 460(D), when an appeal is filed in a summary case, the case and associated documents are transferred from the MDJ to the clerk of courts and then adjudicated by a common pleas judge. Paragraph (H) of Rule 462 states:

(H) After sentence is imposed by the trial judge, the case shall remain in the court of common pleas for the execution of sentence, including the collection of any fine and restitution, and for the collection of any costs.

This provision is one part of the Court's long-standing "no remands" policy. It has been the Court's position that once a case "goes up" from the minor judiciary to the court of common pleas, it should stay at common pleas. This policy has been articulated in rule changes that were adopted in 2003 (clarifying when an appeal for a trial *de novo* in a summary case or a contempt adjudication is taken, the case remains in the court of common pleas for the execution of any sentence and collection of any fines and restitution, and collection of any costs), in 2006 (clarifying the procedures for handling cases in which a summary offense is joined with misdemeanor, felony, or murder charges both when the case is before the issuing authority and after the case is held for court), and in 2010 (addressing three areas in which remands from the court of common pleas to the issuing authority still are occurring despite the Court's policy that prohibits such remands: (1) the practice of remanding cases for a preliminary hearing where a defendant who was designated as "NEI" is apprehended; (2) use of remands as remedies for a waived preliminary hearing; and (3) the practice of remanding cases without court involvement when the district attorney withdraws felony/misdemeanor prior to the filing of the information).¹

Additionally, in 2006, then-Chief Justice Cappy sent a letter to all President Judges reiterating the "no remand"

¹ See 33 Pa.B. 1324 (March 15, 2003), 36 Pa.B. 1385 (March 25, 2006), and 40 Pa.B. 1068 (February 27, 2010).

policy and how it applied specifically to summary appeals. In that letter, Chief Justice Cappy noted that Rule 462 contains paragraph (D), which provides that the case is retained at common pleas if a defendant fails to appear for the trial *de novo* and the MDJ sentence is entered at common pleas and paragraph (E), which provides similarly when the defendant withdraws the appeal. As noted above, paragraph (H) provides that when a sentence has been entered by the common pleas judge, it remains at common pleas for execution of sentence. The rationale for this policy is to prevent cases from “bouncing back and forth” between the MDJ and common pleas courts. This could result in confusion and the potential repeated transfer of court records and case-associated money.

None of these pronouncements by the Court addressed the situation of the dismissal of a late filed summary appeal. The Committee examined the above history of the no-remand policy and concluded that the underlying rationale of the policy would be applicable to the situation at issue. Since the common pleas court must make a decision on the petition, the case is transferred from the MDJ to the common pleas court. The same concerns about transferring the case record and money are present here as in other summary appeal situations. Additionally, the Committee noted the instances mentioned above where a case in which a full trial *de novo* has not been held, such as when a defendant fails to appear for the trial, still is retained at the common pleas court.

Therefore, a new paragraph (F) would be added to Rule 462 that would state specifically that a late-filed appeal adjudicated at common pleas court would remain at common pleas court. Additionally, a cross-reference to this new provision would be added to the Comment to Rule 460 since that rule provides the procedures for filing appeals, including time limitations.

CHAPTER 12. COMMENCEMENT OF PROCEEDINGS, EMERGENCY CUSTODY, AND PRE-ADJUDICATORY PLACEMENT

PART A. COMMENCING PROCEEDINGS

(Editor’s Note: The following rule is proposed to be added and printed in regular type to enhance readability.)

Rule 1205. Indian Child.

A. Inquiry and Determination.

1) At the commencement of the initial proceeding, the court shall inquire as to the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child. All responses shall be placed on the record.

2) Unless the court is convinced there is no reason to know whether the child is an Indian child, the court shall make such inquiry at all subsequent proceedings.

3) The court shall advise the participants of their obligation to report to the court if they subsequently learn information that provides a reason to know the child is an Indian child.

B. Finding of Court. The court shall make a finding as to whether the child is an Indian child.

C. Additional Requirements.

1) In the event the court has reason to know the child is an Indian child, but lacks sufficient evidence to make such a finding, the court must confirm due diligence has been used to make such determination and the court shall treat the child as an Indian child until it can determine, from the record, that the child does not meet the definition of an Indian child.

2) If the court has sufficient evidence to conclude the child is an Indian child, then the notification and rights under the Indian Child Welfare Act apply.

Comment

The Indian Child Welfare Act, 25 U.S.C. § 1901 *et seq.* and the Bureau of Indian Affairs regulations, 25 C.F.R. § 23.107, requires the court to determine if any participant has reason to know whether the child is an Indian child. The Act and federal regulations define an Indian child as one who is 1) unmarried, 2) under eighteen, and 3) a tribal member or eligible for tribal membership. 25 U.S.C. § 1903(4) and 25 C.F.R. § 23.2. The regulations place the burden on the court to ask every participant if there is any reason to know whether the child is an Indian child and to inform each participant of their ongoing obligation to inform the court if they subsequently learn of any reason to believe the child is an Indian child. If the court finds there is reason to believe the child is an Indian child, certain notification and rights become effective. *See* the Indian Child Welfare Act, 25 U.S.C. § 1901 *et seq.* and the Bureau of Indian Affairs regulations, 25 C.F.R. Part 23.

The court must make a finding, on the record, as to whether the child is an Indian child.

In the event the court has reason to believe the child is an Indian child but does not have sufficient evidence to make a finding either way, the protections and notifications of the Act apply until such a time the record supports a determination that the child is not an Indian child. The tribe has exclusive jurisdiction and the authority to determine whether a child is either a member of the tribe or eligible for tribal membership. Specific notification and rights become applicable once a court makes a judicial determination that the child is an Indian child. *See* the Indian Child Welfare Act, 25 U.S.C. § 1901 *et seq.* and the Bureau of Indian Affairs regulations, 25 C.F.R. Part 23.

B. Finding of [court] Court.

* * * * *

2) At the time the court issues a protective custody order, the court shall inquire as to whether family finding efforts pursuant to Rule 1149 have been initiated by the county agency, **and as to the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1205. All responses must be placed on the record.**

See Rule 1205.

Pursuant to paragraph (D)(8), the county agency should be looking for family and kin as a resource to aid and assist the family to prevent removal of the child from the home. When removal of the child is necessary, placement with family and kin will help reduce the potential trauma of the removal from the home. See Rule 1149 regarding family finding requirements.

C. *Court [order] Order.* The court shall include the following in its court order:

* * * * *

Comment

Before the court can find a child to be dependent, there must be clear and convincing evidence in support of the petition. The burden of proof is on the petitioner. The court's inquiry is to be comprehensive and its findings are to be supported by specific findings of fact and a full discussion of the evidence. *In re LaRue*, [244 Pa. Super. 218,] 366 A.2d 1271 (Pa. Super. 1976). See also *In re Frank W.D., Jr.*, [315 Pa. Super. 510,] 462 A.2d 708 (Pa. Super. 1983); *In re Clouse*, [244 Pa. Super. 396,] 368 A.2d 780 (Pa. [The court is not free to apply the best interest of the child standard as the requirements of the Juvenile Act, 42 Pa.C.S. § 6341(c), require clear and convincing evidence that the child is dependent is the proper standard.] The court must apply the clear and convincing evidence standard (the best interest of the child standard) that the child is dependent per the requirements of the Juvenile Act, 42 Pa.C.S. § 6341(c). *In re Haynes*, [326 Pa. Super. 311,] 473 A.2d 1365 (Pa. Super. 1983). A child, whose non-custodial parent is ready, willing, and able to provide adequate care for the child, cannot be found dependent on the basis of lacking proper parental care and control. *In re M.L.*, [562 Pa. 646,] 757 A.2d 849 (Pa. 2000). A trial court has the authority to transfer custody or modify custody to the child's non-custodial parent without a finding of dependency if sufficient evidence of dependency would have existed but for the availability of the non-custodial parent. *In re Justin S.*, [375 Pa. Super. 88,] 543 A.2d 1192 (Pa. Super. 1988).

* * * * *

If the requirements of Rule 1149 regarding family finding have not been met, the court is to make necessary orders to ensure compliance by enforcing this legislative

mandate. See 62 P.S. § 1301 *et seq.* See also Rules 1242(E)(3) and 1609(D) and Comments to Rules 1242, 1408, 1512, 1514, 1515, [1608, 1609, 1610, and 1611] 1608—1611.

PART B(2). PERMANENCY HEARING

Rule 1608. Permanency Hearing.

A. Purpose and [timing of hearing] **Timing of Hearing.** For every case, the court shall conduct a permanency hearing at least every six months for purposes of determining or reviewing:

* * * * *

D. Court's [findings] **Findings.**

1) Findings at all six-month hearings. At each permanency hearing, the court shall enter its findings and conclusions of law into the record and enter an order pursuant to Rule 1609. On the record in open court, the court shall state:

* * * * *

p) whether sufficient steps have been taken by the county agency to ensure the child has been provided regular, ongoing opportunities to engage in age-appropriate or developmentally-appropriate activities, including:

i) consulting the child in an age-appropriate or developmentally-appropriate manner about the opportunities to participate in activities; and

ii) identifying and addressing any barriers to participation; [and]

q) whether the visitation schedule for the child with the child's guardian is adequate, unless a finding is made that visitation is contrary to the safety or well-being of the child[.]; and

r) the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1205.

2) Another Planned Permanent Living Arrangement (APPLA) for Children Sixteen Years of Age or Older. APPLA shall not be utilized for any child under the age of sixteen. At each permanency hearing for a child who is sixteen years or older and has a permanency goal of APPLA, the following additional considerations, inquiry, and findings shall be made by the court:

* * * * *

Comment

* * * * *

In addition to the permanency hearing contemplated by this rule, courts may also conduct additional [and/or] or more frequent intermittent review hearings or status conferences that address specific issues based on the circumstances of the case and assist the court in ensuring timely permanency.

* * * * *

Pursuant to paragraph (D)(1)(o), the county agency is to testify and enter evidence into the record on how it took sufficient steps to ensure the caregiver is exercising the reasonable and prudent parent standard. For the definition of "caregiver" and the "reasonable and prudent parent standard," see Rule 1120. Pursuant to paragraph (D)(1)(p), when documenting its steps taken, the county agency is to include how it consulted with the child in an age-appropriate or developmentally-appropriate manner about the opportunities of the child to participate in activities. For the definition of "age-appropriate or developmentally-appropriate," see Rule 1120. These additions have been made to help dependent children have a sense of normalcy in their lives. These children should be able to participate in extracurricular, enrichment, cultural, and social activities without having to consult caseworkers and ask the court's permission many days prior to the event. See also Preventing Sex Trafficking and Strengthening Families Act (P.L. 113-183), 42 U.S.C. §§ 675 and 675a (2014).

Pursuant to paragraph (D)(1)(r), the court is to determine the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1205. Paragraph (D)(1)(r) is intended to implement the requirements of the Indian Child Welfare Act, 25 U.S.C. § 1901 et seq. and the Bureau of Indian Affairs regulations, 25 C.F.R. § 23.107. See Rule 1205.

Pursuant to paragraph (D)(2), there are additional considerations, inquiries, and findings when the court conducts a permanency hearing for a child, who is sixteen years of age or older and has a permanency plan of APPLA. APPLA should only be utilized as a permanency plan when all other alternatives have been exhausted. Even after exhaustive efforts have been made, the county agency should identify at least one supportive adult to be involved in the life of the child. Diligent efforts to search for relatives, guardians, adoptive parents, or kin are to be utilized. See Rule 1149 on family finding. Independent living services should also be addressed. Under paragraph (D)(2)(a)(i)(B), a fit and willing relative may include adult siblings.

Pursuant to the Juvenile Act, the court has authority to order a physical or mental examination of a child and

medical or surgical treatment of a minor, who is suffering from a serious physical condition or illness which requires prompt treatment in the opinion of a physician. The court may order the treatment even if the guardians have not been given notice of the pending hearing, are not available, or without good cause inform the court that they do not consent to the treatment. 42 Pa.C.S. § 6339(b).

Pursuant to paragraph (H), the court is to determine the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1205. Paragraph (H) is intended to implement the requirements of the Indian Child Welfare Act, 25 U.S.C. § 1901 et seq. and the Bureau of Indian Affairs regulations, 25 C.F.R. § 23.107. See Rule 1205.

REPORT

Proposed Adoption of Pa.R.J.C.P. 1205; Proposed Amendment of Pa.R.J.C.P. 1120, 1210, 1240, 1242, 1330, 1408, 1409, 1512, 1514, 1515, 1608, and 1609

The Juvenile Court Procedural Rules Committee proposes a package to improve the Rules of Juvenile Court Procedure as they relate to the federal Indian Child Welfare Act and Bureau of Indian Affairs regulations. The package contains two components: 1) a new Rule 1205 to implement the Indian Child Welfare Act ("Act"), 25 U.S.C. § 1901 et seq. and the Bureau of Indian Affairs regulations, 25 C.F.R. § 23.107; and 2) amendments of Rules 1120, 1210, 1240, 1242, 1330, 1408, 1409, 1512, 1514, 1515, 1608, and 1609 to incorporate and reference the new Rule 1205. These changes are intended to reflect the requirements of the Act and federal regulations.

Indian Child Welfare Act

Briefly, the Act creates a policy for the United States "to protect the best interests of Indian children and to promote the stability and security of Indian tribes and families by the establishment of minimal Federal standards for the removal of Indian children from their families and the placement of such children in foster or adoptive homes which will reflect the unique values of Indian culture, and by providing for assistance to Indian tribes in the operation of child and family service programs." 25 U.S.C. § 1902. The Act provides "[a]n Indian tribe shall have jurisdiction exclusive as to any State over any child custody proceeding involving an Indian child. . . ." *Id.* § 1911.

In 2016, the Bureau of Indian Affairs promulgated regulations relating to the Act. The regulations require state courts to determine on the record, at the initial proceeding, whether a child subject to a “child custody proceeding” is an Indian child. *See also* 25 U.S.C. § 1903; 25 C.F.R. § 23.2 (defining “child custody proceeding”); 25 C.F.R. § 23.103 (identifying proceedings in which the Act applies). The courts must also advise the participants of an ongoing obligation to inform the court if any of them subsequently learns the child is an Indian child. 25 C.F.R. § 23.107. If there is reason to believe the child is an Indian child, several protections outlined in the Act and regulations must be afforded to the child.

The Committee believes it is important to update the Rules to reflect these procedural requirements. Accordingly, the Committee proposes a new Rule 1205 and amendments to Rules 1120, 1210, 1240, 1242, 1330, 1408, 1409, 1512, 1514, 1515, 1608, and 1609 to require juvenile courts at the initial proceeding and thereafter to inquire as to the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child. The court would be required to advise the participants of an ongoing obligation to inform the court if any of them subsequently learn the child is an Indian child.

Reader may observe that federal requirements include only “determination” and “advisement” components; whereas, the proposed state procedures include “inquiry,” “determination,” and “advisement” components. The addition of the “inquiry” aspect in the Juvenile Court Procedural Rules for Indian children was intended to be consistent with the court’s responsibility to inquire as to the efforts made by the county agency to comply with family finding requirements. *See* Pa.R.J.C.P. 1149(A).

The Committee invites all comments, concerns, and suggestions regarding this rulemaking proposal.

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart B. DEPENDENCY MATTERS

CHAPTER 16. POST-DISPOSITIONAL PROCEDURES

PART A. SUMMONS, NOTICE, AND REPORTS

Rule 1601. Permanency Hearing Notice.

A. At least fifteen days prior to the hearing, the court or its designee shall give notice of the permanency hearing to:

- 1) all parties;
- 2) the attorney for the county agency;
- 3) the child’s attorney
- 4) the guardian’s attorney;
- 5) the parents, child’s foster parent, preadoptive parent, or relative providing care for the child;
- 6) the court appointed special advocate, if assigned;
- 7) the educational decision maker, if applicable; and
- 8) any other persons as directed by the court.

B. If a party intends to request a goal change from reunification, then either the notice shall state this purpose or the party shall give separate notice of the intended goal change in accordance with paragraph (A).

Comment

Given the significance of discontinuing the goal of reunification, the requirement of paragraph (B) is to ensure that parties, counsel, and interested persons have notice of the purpose of the hearing and are able to prepare for and attend the hearing.

D. Court's [findings] Finding.

1) **Findings at all [six-month hearings] Six-Month Hearings.** At each permanency hearing, the court shall enter its findings and conclusions of law into the record and enter an order pursuant to Rule 1609. On the record in open court, the court shall state:

* * * * *

c) the appropriateness and feasibility of the current placement goal for the child **provided that at no time may a goal be changed from reunification unless notice has been provided in accordance with Rule 1601(B);**

* * * * *

Comment

* * * * *

Every child should have a concurrent plan, which is a secondary plan to be pursued if the primary permanency plan for the child cannot be achieved. See Comment to Rule 1512. For example, the primary plan may be reunification with the guardian. If the guardian does not substantially comply with the requirements of the court-ordered services, subsidized legal guardianship may be utilized as the concurrent plan. Because of time requirements, the concurrent plan is to be in place so that permanency may be achieved in a timely manner.

Paragraph (D)(1)(c) is intended to provide adequate notice and the opportunity to be heard when a goal is being changed from reunification. If the court intends to change the child's goal from reunification without a prior notice provided by a party pursuant to Rule 1601(B), then the court shall direct the county agency to provide such notice in accordance with Rule 1601(B).

Pursuant to paragraph (D)(1)(h), the court is to determine whether the county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding, including the location and engagement of relatives and kin at least every six months, prior to each permanency hearing. If the county agency has failed to meet the diligent family finding efforts requirements of Rule 1149, the court is to utilize its powers to enforce this legislative mandate. See 62 P.S. § 1301 *et seq.*; see also Rules 1210(D)(8), 1242(E)(3), 1409(C), 1609(D), and 1611(C) and Comments to Rules 1242, 1408, 1409, 1512, 1514, 1515, 1609, and 1611.

REPORT

Proposed Amendment of Pa.R.J.C.P. 1601 and 1608

The Juvenile Court Procedural Rules Committee proposes the amendment of Rule 1601 to require notice of the intention to seek a goal change discontinuing reunification and Rule 1608 to require notice before a goal can be changed from reunification.

The Committee was informed of circumstances wherein permanency review hearings were resulting in goal changes discontinuing reunification without prior notice that such a goal change was to be decided at the hearing. The Committee notes that "goal change hearings" may be emotional for both the child and the parents. Further, it is best practice to provide notice of an upcoming goal change hearing. See Pennsylvania Children's Roundtable Initiative. *Pennsylvania Dependency Benchbook* at p. 119. Harrisburg, PA: Office of Children and Families in the Courts, 2010.

Previously, the Committee proposed amendments to Rule 1601 and 1609 to require the county agency to give notice that a goal change is being sought in a permanency review hearing. See 47 Pa.B. 947 (February 18, 2017). To provide timely notice and the opportunity to prepare for and attend the hearing, the Committee proposed to

amend Rule 1601 to add paragraph (B) to require either the permanency hearing notice to indicate whether the county agency seeks to discontinue a goal of reunification or for the county agency to provide separate notice consistent with paragraph (A) in terms of recipients and timeliness.

The Committee also proposed to amend Rule 1609 to provide for a discretionary rehearing if notice was not given in accordance with Rule 1601(B). The language of the amendment was based, in part, upon Rule 1243(B) providing for a discretionary rehearing for shelter care hearings. The proposal was not intended to encourage noncompliance with Rule 1601(B); rather, it rejected a categorical mandate for a rehearing in every instance and invested the judge with the discretion to determine whether a rehearing is warranted.

After reviewing comments and deliberating further on the proposal, the Committee has made several revisions. First, proposed Rule 1601(B) is expanded to include all parties rather than solely the county agency. Second, the provision for a discretionary rehearing was eliminated. The Committee was persuaded that the effect of a goal change from reunification was so significant that notions of due process require timely notice of the possibility of a goal change from reunifications in all instances. The Committee disagreed with the suggestion that an intention to seek a goal change from reunification does not change the dynamic of the permanency review hearing in terms of preparation, witnesses, and significance. A commenter suggested that parties should be prepared for goal change from reunification at every hearing, negating the need for notice. However, the Committee recognized that this was not practical in the environment in which these cases are heard. Hearings to determine if a goal should be changed from reunification are often populated by witnesses beyond those required at a typical permanency review hearing. To expect parties to be prepared for a goal change from reunification at every permanency review hearing would obligate the party to bring every witness that could be required if the county agency seeks to change the goal from reunification with notice or the court does so unilaterally. Further, the Committee considered the common practice in many counties of the Judge to inform the party at their permanency review hearing that if progress does not improve or circumstances do not change, the goal may very well be changed at the next permanency review hearing. This may qualify as adequate notice under Rule 1601(B) provided it is done in writing and within the time frame established by the Rule.

Given the gravity of a permanency review hearing that may result in a goal change from reunification, the Committee proposes to amend Rule 1608(d)(1)(c) to require that notice in accordance with proposed Rule 1601(B) be given before a court can order a goal change from reunification. As indicated in the revised Comment to Rule 1608, the court should direct the county agency to give notice to all other parties when the court seeks to change the goal in the absence of such notice.

In light of these changes, the Committee is republishing this proposal and all comments, concerns, and suggestions.

C. *Statutory Authority*

This proposed amendment to § 105.3 (relating to unacceptable boating practices) is published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. *Purpose and Background*

This proposed rulemaking is designed to improve, enhance and update the Commission's boating regulations. The specific purpose of the proposed amendment is described in more detail under the summary of proposal. On February 23, 2017, the Boating Advisory Board considered this proposal and recommended that the Commission approve the publication of a proposed rulemaking.

E. *Summary of Proposal*

In late 2015, Volvo Penta (Volvo) approached the Commission about amending § 105.3(12) to permit boaters within this Commonwealth to utilize Volvo's new forward facing drive for wake surfing. The Commonwealth is one of three states that has regulations in place that forbid wake surfing behind inboard/outboard motors. This topic was discussed at the annual conference of the National Association of State Boating Law Administrators, at which time the safety protocols that manufacturers were held to by the United States Coast Guard (USCG) were reviewed. The consensus was that if the manufacturer was under strict guidelines from the USCG for development, states should do what they could to allow those approved developments to be used on state waters.

Before the boating season in 2016, this issue was reviewed by the Commission's Bureau of Law Enforcement (BLE). This review included a review of other states' laws and regulations pertaining to the subject, as well as any accident statistics. It was found that most states do not have motor restrictions for wake surfing beyond using common sense. Several states that are considering regulations are not looking to limit motors

such as the forward facing drive. At that time, an enforcement guidance memo was issued by BLE headquarters allowing discretionary usage of this type of motor if found on Commonwealth waters.

With this in mind, the Commission proposes to amend § 105.3 to allow for advancements within the boating industry to be used upon Commonwealth waters. The Commission proposes to amend § 105.3 to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will not have adverse fiscal impacts on the Commonwealth or its political subdivisions. This proposed rulemaking will not impose new costs on the private sector or general public.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/reg comments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Summary Notice of the Availability of the Draft 2017 Annual Action Plan; Public Hearing

The Department of Community and Economic Development (Department) announces the availability of the Commonwealth's draft Federal fiscal year 2017 Annual Action Plan (Plan). The Plan is submitted to the United States Department of Housing and Urban Development (HUD) as the annual application for Federal funds administered by the Commonwealth. The HUD funding programs covered by the Plan and administered by the Department are the Community Development Block Grant (CDBG), the HOME Investment Partnership (HOME), the Emergency Solutions Grant (ESG) programs, Community Development Block Grant—Disaster Recovery (CDBG-DR) and Neighborhood Stabilization Program (NSP). Also covered by the Plan is the Housing Opportunities for Persons with AIDS (HOPWA) program which the Department of Health administers and the National Housing Trust Fund which is administered by the Pennsylvania Housing Finance Agency.

This summary is designed to provide an opportunity for citizens, local governmental officials and interested organizations of this Commonwealth to comment about the Plan prior to its submission to HUD. Written comments may be submitted to the Department by e-mail to RADCEDcdbg&homequestions@pa.gov or mailed to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. All written comments must be received by 4 p.m. on August 7, 2017, to be included as testimony in the Plan.

Purpose

The Plan takes the strategy developed in the Consolidated Plan and applies it to the administration of the CDBG, HOME, ESG, CDBG-DR, NSP, HOPWA and National Housing Trust Fund programs for 2017. HUD must approve the Plan for the Commonwealth to receive funding under the identified HUD programs.

Content

The 2017 Plan will include the methods of distribution for all Federal programs as well as the goals and outcomes expected during the 2017 calendar year. The approved plan may be viewed on the Department's web site at <http://dced.pa.gov> as well as on HUD's web site at <https://www.hudexchange.info/consolidated-plan/con-plans-aaps-capers/>.

*Major changes in the method of distribution for 2017 by program**CDBG—*

*Entitlement—*Besides meeting one of the three National objectives, applicants must also support that the proposed activities do not benefit moderate income families to the exclusion of low income families.

Competitive—

a. The Department also reserves the right to fund projects scoring less than 50 if the demand for the funds is not greater than the set aside. These projects must be eligible and meet the National objective.

b. The Department may approve a grant greater than \$750,000 if the project benefits more than one municipality and will significantly improve the health and safety of the residents of the area. The Department also reserves the right to fund a project for less than the requested amount if the sources and uses of funds are duplicative.

c. Request for administrative funds should take into consideration the type of activity and whether other entitlement funds are being used for the activity. The Department recommends that no more than 10% be allocated to administrative costs for competitive requests.

The Department reserves the right to reduce the amount of administrative costs if the project is also using entitlement funding for the same project.

CDBG-DR—The Department may also contract with other State or local agencies who have the capacity to undertake these eligible activities.

HOME—All of the changes proposed in the 2016 Substantial Amendment II will be continued into the 2017 program.

ESG—

a. The Department will support the Federal strategy outlined by the United States Interagency Council on Homelessness and prioritize applicants who request funding to address the specific homeless populations in *Opening Doors: A Federal Plan to End Homelessness*.

b. The Department will continue to permit applicants to design diverse projects to meet their local needs. However, the Department requires each applicant to coordinate their efforts with the local Continuum of Care, address the Department's primary priority activity and demonstrate capacity to meet all program requirements.

c. The Department will also prioritize the Housing First model to ending homelessness with ESG funds.

d. The following funding priorities have been established for the 2017 ESG allocation:

- 1) *Primary priority*—Rapid rehousing
- 2) *Secondary priorities*—Street outreach, homelessness prevention, emergency shelter: essential services
- 3) *Nonpriority*—Emergency shelter: operations (applicants applying for operation funds may only request ESG funds equal to 25% of the total shelter operations budget)
- 4) *Priority populations*—Veterans, chronically homeless, families with children or youth

e. The Department will provide maximum support available to applicants who address these specific areas. However, no less than 40% of the State's grant will be allocated to rapid rehousing, excluding administration and data collection activities for the Pennsylvania Homeless Management Information System.

f. The Department reserves the right to modify any of the priorities as deemed necessary. Decisions to modify priorities are based on data assessments.

g. The Department will target funding the following activities:

1. *Street outreach*—

In an effort to reduce Statewide homelessness, in the 2017 application the Department is targeting street outreach projects in the Pennsylvania Balance of State CoC counties having participated in the 2017 Point in Time count and identified homeless individuals and families that are not housed or sheltered.

2. *Housing locator services*—

Housing locator services focus on services or activities necessary to assist program participants in locating, obtaining and retaining suitable permanent housing and increasing housing stability and self-sufficiency.

h. Direct HUD ESG entitlement entities are eligible to compete for ESG funding but will not be given priority over the nonentitlement applicants. The Department will

only fund rapid rehousing activities for the direct ESG entitlement entities leaving more funding flexibility for the nonentitlements.

i. Fifty percent of the ESG grant awarded to the grantee must be expended within the first 9 months of the grant even with the shorten contract period.

Public Review

The 2017 Plan is available on the Internet or in hard copy for public comment from July 23, 2017, through August 7, 2017. The normal 30-day comment period has been shortened by HUD due to the lateness of the approval of the 2017 Federal budget and deadline to award Federal funding. Compact disk copies of the Plan can be obtained by calling (717) 720-7404.

Written Comments

Written comments may be submitted to the Department by e-mail to RA-DCEDcdbg&homequestions@pa.gov or by mail to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. Written comments must be received by 4 p.m. on August 7, 2017, to be included as testimony in the Plan.

Public Hearing

The public hearing for the 2017 Plan will be conducted electronically in conjunction with the public hearing for the 2015 and 2016 Substantial Amendments by means of the Internet on Thursday, July 27, 2017. Access to the discussion by means of the Internet will occur between 10 a.m. and 11 a.m. This more widely available computer access/conference call will replace the onsite public hearing. The format will be more accessible than an in person meeting because those who wish to make comment or discuss policy may participate directly from an electronic device, telephone or from a computer located at a public library.

Any individual or organization may give testimony or comments by means of the Internet. Comments will be accepted on the content of the Commonwealth's draft Plan including the various changes to the method of distribution previously outlined and the process by which the public input is gathered. The Commonwealth encourages public participation in this process.

Anyone who wishes to participate must register in advance. Contact Megan L. Snyder at (717) 720-7404 to receive registration instructions for the Internet meeting at least 24 hours prior to the hearing date. During the hearing, if support is required, call (717) 787-5327. The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability or limited English proficiency who wish to participate in the public hearing should contact Megan L. Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225, (717) 720-7404 or TDD at (717) 346-0308 to discuss how the Department can accommodate their needs.

Higher Education, Early Child Care and Community-Based Partnerships Working to Implement Innovative and Sustained Pathways Designed Specifically to Meet the Needs of this Commonwealth's Current Early Childhood Work- force; Building Capacity for Early Childhood Educators to Help All Young Children Learn and Develop

The Innovative Programs for Pennsylvania's Early Childhood Education Workforce application guidelines (guidelines) are established to ensure that early childhood education (ECE) professionals have the required knowledge and skills to help all young children learn and develop. As a result these guidelines provide direction to partnerships as they submit applications focusing on building new innovative and sustained career-oriented pathways for current early childhood workers to earn the following ECE industry-recognized credentials:

- A credit-bearing Child Development Associate certificate.
- An associate's degree.
- A bachelor's degree.
- A Pennsylvania ECE PreK—4 instructional certificate.

Pathways created under these guidelines are designed to develop the capacity for early childhood educators to help all young children learn across the age groups of birth to 8 years of age. Applications submitted in response to these guidelines are limited to partnerships aimed at nurturing and sustaining high quality cross-systems relationships among and between 2-year and 4-year institutions of higher education (IHE) and this Commonwealth's early learning programs that:

1. Institutionalize changes in associate degree, bachelor degree and early childhood teacher preparation certification programs that are more closely aligned with the knowledge, skills and pedagogy required for early childhood workforce effectiveness that emerges as improved teaching and learning for young children of this Commonwealth; partnerships are expected to continue implementing innovations developed under these guidelines beyond the term of the grant award.
2. Culminate in high quality supervisory experiences for this Commonwealth's early childhood workforce wishing to become certified early childhood teachers.
3. Identify "value added" contributions of partners that can be shared and scaled-up with other IHEs and early childhood centers.
4. Identify effective coaching strategies for higher education faculty, collaborating teachers and center directors designed to improve the requisite knowledge, skills and pedagogy required for succeeding in early childhood centers.
5. Build early learning programs and IHE capacity as they participate in specially-designed courses related to: the Commonwealth's Standards Aligned System; the Commonwealth's Learning Standards for Early Childhood Infant and Toddlers and Pre-Kindergarten; early childhood subject matter; developing knowledge and skills for educating young children whose primary language is not English, who are not part of the dominant culture and children who have special needs; persistent challenging behaviors; effective coaching strategies; and data driven decision making.
6. Incorporate evidence-based ECE professional practices.

Partnerships are expected to continue implementing innovations developed under these guidelines beyond the term of the grant award. A written report consisting of both quantitative and qualitative information will be requested after the first year of program implementation.

Approximately \$1.4 million is available on a competitive basis under this grant application for one funding cycle beginning in fall 2017 and ending December 31, 2017, unless the United States Department of Education grants a 1-year, no cost extension. In that event, funds will be available through December 31, 2018. Each regional or Statewide partnership will be limited to \$400,000.

Eligibility Requirements

Funded partnerships may be regional or Statewide and must include at least one 2-year IHE and one 4-year IHE

one State-funded professional development organization, and one early childhood learning center that has currently employed ECE educators who do not hold ECE workforce-related credentials. A listing of the eligible ECE centers is available at <https://www.compass.state.pa.us/compass.web/public/cmphome>.

Eligible partnerships under these guidelines are designed to meet this Commonwealth's early childhood workforce needs by equipping ECE professionals with the requisite knowledge, skills and capacity to help all young children learn to higher standards. Federal Race to the Top—Early Learning Challenge funds will support partnership activities submitted in response to these guidelines. To submit a proposal under these guidelines, a partnership shall include at a minimum:

1. At least one early childhood program whose currently employed ECE educators do not hold ECE workforce-related credentials. A listing of eligible ECE programs is available at <https://www.compass.state.pa.us/compass.web/public/cmphome>.

2. At least one 2-year IHE that offers early childhood development programs¹ that culminate in an associate's degree. Each 2-year IHE must be eligible to participate in the T.E.A.C.H.² financial aid program at the time the application is submitted.

3. At least one 4-year IHE that offers early childhood development-related program that culminate in a bachelor's degree and may or may not lead to a PreK—4 instructional certification.³ Each 4-year IHE must be eligible to participate in the T.E.A.C.H. financial aid program at the time application is submitted.

4. At least one Office of Child Development and Early Learning funded professional development organization. See T.E.A.C.H. Early Childhood Pennsylvania at <https://www.pacca.org/teach.php> for a list of funded organizations.

Additional partners may include:

1. Other educational agencies, including a local school district or career technology center with an ECE program of study.

2. An intermediate unit or nonprofit cultural or educational organization.

3. Teacher organizations.

4. Early learning program associations or organizations.

5. Business and community members.

¹The name of a degree program is inconsequential under these competitive guidelines.

²Eligibility information for T.E.A.C.H. financial aid is available at <https://www.pacca.org/teach.php>.

³A Department of Education-approved PreK—4 instructional certification preparation must also comply with PreK—4 Framework Guidelines and other requirements related to approval of this preparation program.

Competitive applications submitted under these guidelines will assist this Commonwealth's IHE's and early learning programs to:

1. Develop sustainable relationships that culminate in high quality practice-based/clinical experiences for this Commonwealth's current and future early childhood workforce.

2. Integrate the Commonwealth's Learning Standards for Early Childhood Infant and Toddlers and Pre-Kindergarten into their respective early childhood courses and degree programs (Early Learning Standards Infants and Toddlers at <http://www.education.pa.gov/Documents/Early%20Learning/Early%20Learning%20Standards/Early%20Learning%20Standards%20-%20Infants%20and%20Toddlers%202014.pdf> and Early Learning Standards Pre-kindergarten at <http://www.education.pa.gov/Documents/Early%20Learning/Early%20Learning%20Standards/Early%20Learning%20Standards%20-%20Prekindergarten%202014.pdf>).

3. Incorporate the Commonwealth's Core Knowledge Competencies for Early Childhood and School-Age Professionals.

4. Integrate the Pennsylvania Association for Infant Mental Health's Infant Mental Health Competencies for Level 1 at <http://www.pa-aimh.org/#/>.

5. Identify and implement effective coaching strategies for collaborating teachers, early learning program directors and higher education faculty who "supervise" student teachers to improve retention and professional practice.

6. Integrate change in early learning programs and in-school settings that are more closely aligned with the knowledge, skills and pedagogy required for early childhood educators to be effective in improving teaching and learning for young children of this Commonwealth.

Each partnership will designate an IHE as the lead organization that will be responsible for all aspects of the project.

Application Deadline

Applications are due by 5 p.m. on September 29, 2017.

The grant guidelines and forms are available on the Department of Education's web site at www.education.pa.gov. Questions concerning the grant application should be addressed to Susan Polojac, Race to the Top—Early Learning Challenge Director, Office of Child Development and Early Learning, 333 Market Street, Harrisburg, PA 17126, (717) 265-8911, spoljac@pa.gov.

Description of Proposed Action/Activity: This application is for modification of the 0.001275 MGD New Milford Campus Annex Small Flow Treatment Facility (SFTF). The holding tank has been pumped on a regular basis and wastewater has been hauled off-site for disposal. Approval is requested to permit the modification of the existing 4,000-gallon flow equalization tank into a holding tank. The remaining system components will remain functional in a "stand by" mode due to insufficient flow through the existing zero discharge greenhouse system which depends on the flow to sustain the aquatic plants necessary to treat the wastewater. The project is located along Harford Road, approximately 0.25 mile north from Exit 219 of Interstate 81.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or

suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person

submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

36-001GC: Transcontinental Gas Pipeline Company, LLC (P.O. Box 1396, Houston, Texas 77251-1396) Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval 36-001GC to allow transfer and use of 106.0 tons of nitrogen oxide (NO_x) Emission Reduction Credits (ERCs) to the Atlantic Sunrise project construction activities in **Lancaster County** to offset emissions from construction activities and satisfy requirements specified by the Federal Energy Regulatory Commission’s (FERC) General Conformity Determination for the project.

General Conformity requirements are promulgated at 40 CFR Part 93, Subpart B (relating to determining conformity of general Federal actions to state or Federal implementation plans) and adopted and incorporated by reference in their entirety in 25 Pa. Code Chapter 127, Subchapter J (relating to general conformity). The General Conformity Rule ensures that federal actions comply with the National Ambient Air Quality Standards (NAAQS). The Atlantic Sunrise project construction activities exceed the 100 ton per calendar year threshold of emissions for NO_x as described in 40 CFR 93.153(b). General Conformity requires that all direct and indirect project emissions be mitigated or offset to ensure that a project in a nonattainment or maintenance area for the NAAQS conforms to the State Implementation Plan and that air quality is not adversely affected. Lancaster County is a nonattainment area for the 2008 Ozone NAAQS and an attainment/maintenance area for the 1997 fine particulate matter NAAQS. Emissions of NO_x are a precursor to both ozone and fine particulate matter formation. The 106 tons of NO_x ERCs address both the ozone and fine particulate matter NAAQS. ERCs originally generated from the Harford County Resource Recovery Facility in Harford County, MD, are being transferred, used, and ultimately retired to offset NO_x emissions from the Atlantic Sunrise project construction activities.

The plan approval application, the Department’s review memorandum, the proposed plan approval, and other relevant information are available for review by any interested party at the Rachel Carson State Office Build-

ing, 400 Market Street, Harrisburg, PA 17105. To request a review of the plan approval application for the pipeline construction activities, a person may contact the Department at 717-787-9702.

A person may submit written comments on the proposed plan approval to the Department by mail at Pennsylvania Department of Environmental Protection, 400 Market Street, 12th Floor, Harrisburg, PA 17105-8468, or by e-mail at RA-EPAIRCOMMENTS@pa.gov. Each set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval, and a concise statement with the relevant facts upon which the statement is based. The Department is only considering comments regarding the appropriateness of the location of where the ERCs were obtained and the amount of ERCs used to offset emissions from the Atlantic Sunrise project construction activities in Lancaster County. All written comments must be received prior to 4:30 pm, August 21, 2017.

This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver

Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media;

benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Public Notice of Draft NPDES General Permit for Point Source Discharges from the Application of Pesticides (PAG-15)

The Department of Environmental Protection (Department) is announcing the availability of a draft National Pollutant Discharge Elimination System (NPDES) General Permit for Point Source Discharges from the Application of Pesticides (PAG-15). The PAG-15 General Permit is applicable to certain entities that make a decision to control mosquitoes and flying insect pests, weeds and algae, animal pests, and forest canopy pests in and near water's edge, exceeding annual treatment area thresholds. The draft General Permit and related documents are

available at www.elibrary.dep.state.pa.us (select “Permit and Authorization Packages,” then “Clean Water,” then “PAG-15 (Draft)”).

The PAG-15 General Permit is intended to provide NPDES permit coverage to persons applying pesticides that result in discharges to surface waters of the Commonwealth that are not considered High Quality or Exceptional Value. The existing PAG-15 General Permit in effect at this time will expire on October 28, 2017. The Department is proposing to reissue a final PAG-15 General Permit on or before that date.

The draft PAG-15 General Permit includes the following proposed significant changes in comparison to the existing PAG-15 General Permit:

- The existing General Permit requires submission of an annual report to the Department by January 28th of each year. The draft General Permit would extend the due date to March 1st. In addition, the Department has revised the annual report template.
- The Department is proposing that after coverage under the General Permit is authorized, coverage will continue without the need to submit a Notice of Intent (NOI) for renewal of coverage as long as the permittee complies with the terms and conditions of the PAG-15 General Permit currently in effect, unless the Department specifically requires the submission of an NOI in writing.
- The existing General Permit NOI fee is \$250. The proposed NOI fee for coverage under the General Permit is \$500 per year the permittee operates under the General Permit. The NOI fee will be paid in installments due at the time the annual report is due, with the initial fee of \$500 submitted with the NOI for permit coverage

and an installment of \$500 to be submitted with the annual report, if the permittee does not wish to terminate permit coverage.

Written Comments

Interested persons are invited to submit written comments regarding the draft PAG-15 through Monday, August 21, 2017. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator’s name and address. Commentators are encouraged to submit comments using the Department’s online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063.

Written comments submitted during the 30-day comment period will be retained by the Department and considered in finalizing the General Permit. The Department will provide an opportunity for any interested person or group of persons, any affected state, any affected interstate agency, the United States Environmental Protection Agency or any interested agency to request or petition for a public hearing with respect to the proposed General Permit. The request or petition for public hearing, which must be filed within the 30-day period allowed for filing of written comments, must indicate the interest of the party filing the request and the reasons why a hearing is warranted. A hearing will be held if there is significant public interest.

Minimum Levels of Controlled Substances or Their Metabolites in Blood to Establish Presence of Controlled Substance

Under 75 Pa.C.S. § 1547(c)(4) (relating to chemical testing to determine amount of alcohol or controlled substance), the Department of Health (Department) is publishing a notice of the minimum levels of Schedule I, nonprescribed Schedule II and nonprescribed Schedule III controlled substances or their metabolites that must be present in a person's blood for the test results to be admissible in a prosecution for a violation of 75 Pa.C.S. § 1543(b)(1.1), § 3802(d)(1), (2) or (3) or § 3808(a)(2) (relating to driving while operating privilege is suspended or revoked; driving under influence of alcohol or controlled substance; and illegally operating a motor vehicle not equipped with ignition interlock).

Testing for controlled substances in blood is normally a two-step process. The first step involves screening of the blood using a relatively rapid and inexpensive procedure to presumptively determine whether a specimen contains a controlled substance or a metabolite of a controlled substance. The second step utilizes an alternate procedure to confirm the presence of the controlled substance or metabolite that was presumptively detected by the screening procedure. Confirmatory analyses employed to substantiate the presence of a controlled substance or metabolite are also used to determine the concentration of the controlled substance or metabolite. A limit of quantitation (LOQ) for a controlled substance or metabolite is the lowest concentration that a laboratory can reliably determine. A laboratory's LOQ for each controlled substance or metabolite will depend upon the equipment and procedures the laboratory employs for confirmatory testing.

Laboratories that operate in this Commonwealth and perform analyses of blood to determine controlled substance content must be approved by the Department in accordance with 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) and be listed in notices published in the *Pennsylvania Bulletin*. The minimum levels listed in this notice were developed by reviewing the LOQs reported by the laboratories approved by the Department to analyze blood for controlled substances or their metabolites. Laboratories are not required to have LOQs for controlled substances or their metabolites that are equal to or below minimum levels listed. The levels listed are intended to establish the lowest reportable results admissible in a prosecution.

Not all approved laboratories will have proficiency testing results at the minimum levels listed in this notice. Approved laboratories and their individual proficiency testing results may be reviewed on the Bureau of Laboratories' web site at www.minimumlevels.health.pa.gov.

The Department recognizes that testing may be conducted for controlled substances and metabolites not listed in this notice. When this testing is necessary,

interested parties should contact the laboratory performing the test to inquire as to that laboratory's specific method of testing, the equipment used and any policies or procedures employed by that laboratory to ensure that the test results are valid. In subsequent notices, the

Department will revise, as needed, the minimum levels of controlled substances or metabolites already included in this notice and add new controlled substances or metabolites when warranted.

DEPARTMENT OF LABOR AND INDUSTRY

Public Comment on the 2-Year Modification of the Vocational Rehabilitation Services Portion of the Commonwealth's Workforce Innovation and Opportunity Act Combined State Plan; Public Meetings

The Department of Labor and Industry (Department), Office of Vocational Rehabilitation (OVR), announces a period of public comment on its proposed Year 2 of the Vocational Rehabilitation (VR) Services Portion of the Commonwealth's 4-year Workforce Innovation and Opportunity Act (WIOA) Combined State Plan (Plan). Given the multiyear life of the Plan, states must revisit State Plan strategies regularly, reassess their effectiveness and labor market relevance, and, when needed, recalibrate these strategies to respond to the changing economic conditions and workforce needs of the state. The VR Services Portion is the blueprint for the provision of VR services to persons with disabilities living in this Commonwealth. This notice is provided under the Rehabilitation Act of 1973, as amended by the WIOA of 2014.

The OVR is required to develop and implement its VR Services Portion as part of the Plan, whereas, at minimum, states must submit a modification to the Plan at the end of the first 2-year period of any 4-year plan. These revisions take the form of updates to existing descriptions, previously known as attachments. The Plan from July 1, 2016, to June 30, 2020, is currently in effect and is a compliance document on file with the Commissioner, Rehabilitation Services Administration and United States Departments of Labor and Education.

The OVR must obtain public input prior to amending the VR Services Portion of the Plan under 34 CFR 361.20 (relating to public participation requirements). As referenced in 34 CFR 361.20(a), which requires public meetings to be held throughout the state, "public meeting" means a gathering of people in a physical or virtual (as in the case of videoconferences or teleconferences) location to gather valuable input from individuals with disabilities, community rehabilitation programs and other stakeholders.

This comment period provides individuals, advocates and other interested parties or organizations, or both, opportunities to present their views and recommendations regarding VR services for persons with disabilities. In this Commonwealth, these services are provided by the OVR through a network of 21 district offices and the Hiram G. Andrews Center. Comments are being solicited regarding the following VR Services Portion of the Plan descriptions and estimates:

- Input and recommendations of the Pennsylvania Rehabilitation Council.
- Coordination with education officials.
- Coordination with employers.
- Statewide assessment.
- Comprehensive system of personnel development.
- Annual estimate of individuals to be served and costs of services.
- The OVR's goals and priorities.
- Order of selection.

- Goals and plans for distribution of Title VI funds.
- Supported employment services.
- Innovation and expansion activities.

In addition, the Department's Bureau of Blindness and Visual Services (BBVS) will accept public comment on:

- The Business Enterprise Program.
- Specialized services for children and adults.
- Independent living services for older persons who are blind.

This year, the OVR will be utilizing video conference capabilities to broadcast public meetings to each of the district office locations simultaneously. OVR public meetings will be held Statewide in each OVR district office on Wednesday, August 16, 2017, from 1 p.m. to 3:30 p.m. and Tuesday, August 29, 2017, from 3 p.m. to 5:30 p.m. It is not necessary to attend both sessions because the same information will be provided on these dates to enable more people to participate and allow time for local comment.

All meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public meeting. For additional information, reasonable accommodation requests or alternative format requests, call the OVR district office conducting the public. Written comments may be submitted by mail to the appropriate district office serving the area in which the individual/organization member resides.

In addition, individuals who are not able to attend in person but would like to participate by phone should call the following:

August 16, 2017
(800) 260-0718
Participant access code: 426702

August 29, 2017
(800) 260-0718
Participant access code: 426705

All written comments must be received no later than 5 p.m. on Friday, September 8, 2017.

A copy of the proposed Year 2 of the VR Services Portion for the Plan and other information will be available on the OVR's web site at www.dli.state.pa.us (select "Individuals," then "Disability Services," then "Publications").

Additionally, the United States Department of Labor and Education announced the availability of the approved WIOA Unified or Combined State Plans at <http://www2.ed.gov/about/offices/list/osers/rsa/wioa/state-plans/index.html>. The public and workforce system stakeholders may view, download or search the State Plans for information on how states are undertaking the implementation of WIOA.

The OVR public meetings will be held Statewide in each OVR district office on Wednesday, August 16, 2017, from 1 p.m. to 3:30 p.m. and Tuesday, August 29, 2017, from 3 p.m. to 5:30 p.m.

Classification of Wild Trout Streams; Additions and Revisions

The Fish and Boat Commission (Commission) approved the addition of 99 new waters to its list of wild trout streams and the revision of the section limits of 7 waters already on the list as published at 47 Pa.B. 2676 (May 6, 2017). Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Commission to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams. The Commission's Fisheries Management Division maintains the complete list of wild trout streams and it is available on the Commission's web site at <http://www.fishandboat.com/Fish/PennsylvaniaFishes/Trout/Pages/TroutWaterClassifications.aspx>.

Classification of Wild Trout Streams; Proposed Additions, Revisions and Removals; September 2017

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on September 25 and 26, 2017, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

Criteria for Courses of Instruction in Boating Safety Education

Under 58 Pa. Code § 91.7 (relating to criteria for courses of instruction in boating safety education), the Executive Director of the Fish and Boat Commission (Commission) shall establish criteria for courses of instruction in boating safety education, and the Executive Director shall publish the criteria in the *Pennsylvania Bulletin*. The Executive Director therefore has established the following Criteria for Internet, Correspondence and Classroom Boating Safety Education Courses, effective July 1, 2017. Criteria were last published at 42 Pa.B. 1190 (March 3, 2012). The substantive criteria for the courses remain unchanged; only minor changes were made, shown in bold text as follows.

By separate notice, the Executive Director approved boating safety education courses that meet these criteria and published a list of approved boating safety education courses at 47 Pa.B. 3672 (July 1, 2017), effective July 1, 2017.

JOHN A. ARWAY,
Executive Director

Criteria for Internet Boating Safety Education Courses

The Commission will use the following criteria to approve Internet boating safety education courses. The Commission will only issue Pennsylvania Boating Safety Education Certificates to Commonwealth residents who have successfully completed an approved course.

Overview

The Internet boating safety education course allows students to study boating and boating safety information and take a certification examination online in a secure Internet environment. The Internet course will consist of a complete educational curriculum covering the basics of boating safety, regulations and accepted best practices. The course will be presented in lesson format with in-depth coverage of the various topics listed in following sections. The information will be presented in a narrative fashion followed by review questions and discussion points. Courses that consist solely of questions with a correct answer description will not be deemed to meet the criteria contained in this document.

Providers

Approved Internet courses shall be offered by providers that meet the requirements of the Commission. Individuals or organizations that desire to provide an Internet

boating safety education course that is approved for Pennsylvania boaters shall be willing to enter into an agreement with the Commission containing the Commonwealth's standard terms and conditions and the additional terms set forth in Exhibit A. Prior to entering into an agreement with the Commission, providers shall submit a request in writing to the Commission's **Director of Law Enforcement** or designee and shall demonstrate to the Commission's satisfaction that the provider is capable of performing its obligations under the agreement. Providers shall demonstrate their capability by submitting the following documentation along with their request to the Commission:

1. A description of the provider and its capabilities, including a description of type and number of staff and their responsibilities.
2. Proof of ability to manage certification data securely and digitally. This will be demonstrated by providing either:
 - o An existing computer-based database management system designed to manage certification data, or
 - o Detailed specifications and a project plan to deliver such a computer-based system.
3. Copies of certification by the Payment Card Industry (PCI) to demonstrate provider's secure handling of students' credit card data.
4. Proof that provider's course(s) have been approved by the National Association of State Boating Law Administrators (NASBLA).
5. The web address (URL) of the Internet course.

Course Content

1. The course must be approved by NASBLA. Information on NASBLA approval is available on the NASBLA web site at <http://www.nasbla.org/> or by calling the NASBLA office at 859-225-9487
2. In addition to NASBLA requirements, course content will include:
 - o A description of boating in Pennsylvania.
 - o Commission regulatory responsibilities.
 - o Types of boats, boat motors, and boat hulls.
 - o Boat terminology including, but not limited, to: hull, bow, forward, aft, stern, port, starboard, transom, keel, freeboard, draft, beam, gunwale, bilge, waterline.
 - o Long distance communication on the water.

- o Boat handling.
- o Process for passage through river locks.

Organization

1. Internet course contents will be organized in chapters or lessons.
2. Internet course will include chapter/lesson review exercises.
3. Internet course will have a comprehensive final examination.

Animation quality

1. Internet course will include animations or video clips where appropriate to illustrate concepts.
2. Animations will be developed using vector-based graphics for viewing on a variety of screen resolutions.
3. Animations and/or video clips will be of reasonable file size for quick download and delivery on a wide variety of user platforms and connection speeds.
4. Animations and/or video clips will allow student-paced instruction, where the student controls the pacing of the instructional segment and can re-play the instructional segment.
5. Animations and/or video clips will be created in a contemporary design to engage all age groups, particularly the youth segment of the boating education market.

Internet course design quality

1. Internet course web page design will have an attractive, easy-to-read, and contemporary look and feel.
2. Internet course web page design will support all common user environments (various operating systems, web browsers, and connection speeds).
3. Boating terms used in the Internet course will be hyperlinked to their definitions the first time they appear in the course material.
4. Internet course will include hyperlinks to locations within the Commission's website from all appropriate locations within the Internet course.

ADA version of Internet course design quality

1. Standard Internet course design will be developed so that it complies with all Priority 1 checkpoints within the Web Content Accessibility Guidelines 1.0 (WCAG) developed by the World Wide Web Consortium (W3C).
2. Internet course design will be compliant with the Americans with Disabilities Act. Course provider will schedule annual reviews of its course material to verify continuing ADA-compliance and implement any changes needed as a result in its development of new course material.

Internet Course Chapter Review Quiz, Pre-Test and Online Certification Examination

1. The Internet course must be organized into at least six chapters with a chapter review quiz at the end of each chapter.
2. The Internet course must be designed so that the student actively participates.
3. Students will not be able to access the certification examination without first successfully completing the chapter review quiz for each chapter.
4. Students will not be permitted to take the chapter review quiz without spending the minimum study time assigned to that chapter. The minimum study time

assigned to each chapter must be approved by the Commission. The minimum time for the Internet course to be completed by the student, not including the certification examination, is three hours.

5. There must be at least ten review questions for each chapter.

6. Students must successfully complete each chapter review quiz before progressing to the next chapter. Students may proceed once they have achieved at least a seventy percent on the chapter review quiz.

7. Students failing the chapter review quiz will be directed to study the material again and may not retake the quiz until they have again spent the minimum study time assigned to that chapter.

8. The testing portion of the Internet course will include a Pennsylvania-specific pre-test and certification examinations. The Commission will review and approve all questions that are included in the examination question pool.

9. Internet course will have a testing algorithm for the pre-test and certification examinations.

10. The pre-test and final examination will contain at least 50 questions randomly drawn from a pool of questions written to NASBLA Education Standard 9.

11. The pre-test and final examination will also include, at least, an additional 10 Pennsylvania-specific questions drawn from the pool of at least 30 such questions developed by course provider and written to NASBLA Education Standard 9.

12. The randomization algorithm for online testing will create examinations that meet NASBLA Education Standard 9.2: Testing Standard 3.

13. Examination presentation will allow for the questions to be presented with color graphics or photos in order to test knowledge of aids-to-navigation, navigation rules, boating at night, and other subjects.

14. Testing questions will be grouped into the number of categories requested or approved by the Commission. Each category will be defined by the Commission in terms of the category description and the number of questions from that category that should appear on each randomly-generated pre-test or examination.

15. Each occurrence of the pre-test or certification examinations will be generated individually and uniquely for every student. The questions on each pre-test or examination will be chosen randomly from each of the defined categories according to the number of questions specified for that category included in NASBLA Education Standard 9.2: Test Standard 3 to ensure that each important topic is tested. The course certification examination process and design will not provide for or promote the use of reference materials during the examination process.

16. The pool of examination questions and associated graphics, the number and description of categories, the number of questions per category and the total number of questions on the pre-test and certification examination will be changed at any time upon request of the Commission.

17. The pre-test and certification examinations will be graded automatically and the student given their score online.

18. A test critique will be generated and presented to the student each time a chapter/lesson review exercise, pre-test or certification examination is completed.

19. Students completing the pre-test will be presented with only the topics (categories) of questions for which they gave incorrect answers. The pre-test will not show students specifically which questions they missed.

20. Students completing the certification examination will be presented with the questions, the correct answers for those questions, explanations of the correct answers, and hyperlinks back to the relevant course material where those questions are covered.

21. The passing grade for the final examination will be 80%.

Certification

1. The course certification examination registration process will contain Commission defined personal data fields to be collected from student applicants.

2. The online registration process will validate the data fields to ensure data integrity.

3. The registration process will check that all required data fields have been supplied by the student, and the process will allow data for fields such as hair color or race to be selected from a Commission-specified list of allowed values.

4. Students passing the course certification examination with a minimum grade of 80% will be issued a temporary boating safety education certificate. Provider will not allow the downloading of the form to the student's computer in a form that can be edited by the recipient. This will be accomplished by a locked PDF file or other secure method. The provider will arrange for resolution of any printing problems and provide for the mailing of the original or duplicate temporary certificate. The temporary boating safety education certificate will display a code (character string) that is tied uniquely to that student's personal data, so that the Commission can decode it easily to determine if the temporary certificate was generated fraudulently.

5. The temporary boating safety certificate expires 60 days after the date of issue. STATE HORSE RACING COMMISSION

New Primary Racetrack Facility and Pari-Mutuel License Application Procedures; New Submission Period

The State Horse Racing Commission (Commission) provides notice that on June 28, 2017, it approved a new application time period for the submission of applications for the sole remaining Standardbred (harness) horse race meeting license and proposed new primary racetrack facility. The Commission previously adopted new primary racetrack facility and pari-mutuel application procedures and an application submission period which were published at 47 Pa.B. 922 (February 11, 2017) and on the Commission's web site at <http://www.agriculture.pa.gov/Protect/RacingCommission/Pages/Publications.aspx>.

As of June 14, 2017, the end of the previous application submission period, the Commission received no applications for the sole remaining Standardbred license. Therefore, the Commission has determined the necessity to open a new application submission period.

As approved by the Commission, the new application submission period shall begin on August 1, 2017, (opening date) and close on November 28, 2017, (closing date) at 4 p.m.

The complete text of the previously approved and published New Primary Racetrack Facility and Pari-Mutuel License Application Procedures is set forth as follows, with the following modifications/clarifications:

1. To avoid any confusion as to the closing date and time, the Commission has determined that the closing time for the new submission period shall be 4 p.m.

2. The Commission also hereby provides notice that the proposed racetrack facilities contemplated by the application process (see Section 3 and Appendix A) are for integrated facilities (that is, the racetrack grandstand facilities and the prospective gaming facilities will be housed within the same building).

New Primary Racetrack Facility and Pari-Mutuel License Application Procedures

Section. 1. Preliminary Policy Considerations.

(a) The Commission has authority to issue licenses to conduct horse race meetings at which pari-mutuel wagering is permitted at racetrack facilities, including any new proposed "primary" racetrack facility. A race horse meeting is a specified period of time and dates during which a licensed racing entity is authorized to conduct live horse racing at the location designated and approved by the Commission.

(b) Section 9318 of the Act, (3 Pa.C.S. § 9318) provides that a person seeking to conduct horse race meetings at which pari-mutuel wagering is permitted shall first obtain a license from the State Horse Racing Commission. The license gives its holder the privilege to conduct horse race meetings at which pari-mutuel wagering is permitted. The license does not give its holder a property right.

(c) Applicants seeking to establish a new primary racetrack facility should be aware that the Racing Act authorizes a limited number of race horse meeting licenses to be issued. Sec. 9315(a) of the Act provides that no more than five corporations shall be licensed by the

Commission to conduct a Standardbred pari-mutuel meet. Only one remaining Standardbred harness horse racing license presently exists.

(d) Should the Commission receive more than one Application for the last remaining license, the Commission shall utilize the Comparative Consideration Group Process.

(e) The Commission will review and consider only timely, compliant and complete applications pursuant to the provisions of the Act. At its discretion, the Commission may hold any number of administrative hearings for the Applicant(s) and provide for public comment as necessary.
