I. Introduction

Under 35 U.S.C. 122(e), a third party is permitted to submit patents, published patent applications or printed publications along with a concise description of the relevance of each document to the Office for consideration during the examination of a patent application.

Third-Party Submissions must be made (1) before the later of (i) 6 months after the date the application is first published by the Office, or (ii) the date of a first Office action on the merits rejecting any claim, and (2) before the date a notice of allowance is given or mailed.

A Third-Party Submission may be made in any non-provisional utility, design, or plant application, including any continuing application. The application may be pending or abandoned and need not be published. Third-Party Submissions are not permitted in provisional applications, issued patents, reissue applications and reexamination proceedings.

The resource page for Third-Party Submissions is located at:

www.uspto.gov/patent/initiatives/third-party-preissuance-submissions.html.

Requirements

A Third-Party Submission must include:

- Form PTO/SB/429 (or equivalent document list), identifying the publications, or portions of publications, being submitted in accordance with § 1.290(e);
- (2) A concise description of the asserted relevance of each item identified in the document list;
- A legible copy of each item identified in the document list, other than U.S. patents and U.S. patent application publications;
- (4) An English language translation of any non-English language item identified in the document list;
- (5) Statements by the party making the submission that:

(i) The party is not an individual who has a duty to disclose information with respect to the application under § 1.56; and

(ii) The submission complies with the requirements of 35 U.S.C. 122(e) and § 1.290; and

(6) Any required fee, or the § 1.290(g) statement that the fee exemption applies to the submission.

Third-Party Submissions will be reviewed for compliance with 35 U.S.C. 122(e) and § 1.290 before being entered into the image file wrapper (IFW) record of an application. If a Third-Party Submission is found to be non-compliant, no time period will be set to file a corrected Third-Party Submission and amendments to a noncompliant submission previously filed will not be accepted. Instead, the third party may file another complete submission, provided the time period for doing so has not closed.

(1) Document List (PTO/SB/429)

The Office has developed a dedicated Web-based interface to permit electronic filing of Third-Party Submissions. The dedicated Web-based interface can be found by clicking on the "Existing submissions" pull-down menu or activity tile in <u>Patent Center</u>, and then clicking on the link entitled "File third-party preissuance submission." Detailed instructions for electronic filing are available at <u>www.uspto.gov/patents/initiatives/third-party-preissuance-submissions</u>. A completed form PTO/SB/429 will be automatically generated for electronic submissions.

Detailed field-by-field instructions for completing the form PTO/SB/429 are listed below. Use form PTO/SB/429 **for paper submissions only**.

Statements:

Statements:	
The party making the submission is not an individual who has a duty to disclose information with respect to the above-identified application under 37 CFR 1.56.	Required statement under § 1.290(d)(5)(i).
The submission complies with the requirements of 35 U.S.C. 122(e) and 37 CFR 1.290.	Required statement under § 1.290(d)(5)(ii).
The following fee set forth in 37 CFR 1.290(f) has been submitted herewith:	Select this box if a fee is due for the Third-Party Submission.
Regular Undiscounted	Select this box if the party making the submission is not asserting small entity status.
Small Entity	Select this box if the party making the submission asserts that the party qualifies as a small entity. A third party is not eligible for the micro entity discount.
The fee set forth in 37 CFR 1.290(f) is not required because this submission lists three or fewer total items and, to the knowledge of the person signing the statement after making reasonable inquiry, this submission is the first and the only submission under 35 U.S.C. 122(e) filed in the above-identified application by the party making the submission or by a party in privity with the party.	Select this box if the fee exemption pursuant to § 1.290(g) applies to the Third-Party Submission.
This resubmission is being made responsive to a notification of non-compliance issued for an earlier filed third-party submission. The corrections in this resubmission are limited to addressing the non- compliance. As such, the party making this resubmission: (1) requests that the Office apply the previously-paid fee set forth in 37 CFR 1.290(f), or (2) states that no fee is required to accompany this resubmission as the undersigned is again making the fee exemption statement set forth in 37 CFR 1.290(g).	Select this box if making a resubmission responsive to a notification of non-compliance issued for an earlier filed Third-Party Submission. The resubmission must be made before the statutory time period for filing a Third-Party Submission has closed. The corrections in the resubmission must be limited to addressing the non-compliance, and the resubmission must be another complete submission, as the Office will not accept amendments to the non-compliant submission.

Signature:

Signature	The Third-Party Submission is required to be signed. Enter the signature of the individual submitting the Third-Party Submission. The submitter of the Third-Party Submission will be identified but a real party in interest need not be identified.
Date	Enter the date of submission of the Third-Party Submission.
Name (Printed/Typed)	Print/type the name of the submitter.
Reg. No., if applicable	Enter the Registration Number of the U.S. Patent Practitioner who is submitting the Third-Party Submission, if applicable.
Examiner Signature/Date Considered	Examiner's signature will indicate that all items listed have been considered, except for citations through which a line is drawn. A copy of this form will be included with the next communication to applicant.

(2) Concise Description of Relevance

A Third-Party Submission must include a concise description of relevance for each item identified in the document list. The concise description of relevance is a statement of facts explaining how the document is of potential relevance to the examination of the application. A concise description of relevance is not an invitation for the third party to participate in the prosecution of the application. The concise description must not include arguments against patentability or set forth conclusions regarding whether one or more claims are patentable, and must not include proposed rejections of the claims or arguments relating to an Office action or an applicant's reply in the application. The concise descriptions of relevance for all items may be combined into a single paper. A concise description of relevance that prominently identifies the item or items in the document list to which the concise description pertains will help ensure that the screener and the examiner can readily identify it.

(3) Copies

À Third-Party Submission must include a legible copy of each item identified in the document list, other than U.S. Patents and U.S. Patent Application Publications. Where only a portion of a document is listed as an item in the document list, only submit a copy of that portion and not a copy of the entire document, and also submit copies of pages of the document that provide identifying information (*e.g.*, a copy of the cover, title page, copyright information page, etc.).

(4) Translations

À Third-Party Submission must include an English language translation of any non-English language item identified in the document list. The translation should be clearly labeled as to which item in the document list it pertains. The translation may be a reliable machine translation and need not be certified. Where only a portion of a non-English language document is listed, only submit a translation of that portion and not a translation of the entire document.

(5) Statements

A Third-Party Submission must include a statement that (i) the party making the submission is not an individual who has a duty to disclose information with respect to the application under § 1.56, and (ii) the submission complies with the requirements of 35 U.S.C. 122(e) and § 1.290. Form PTO/SB/429 includes both statements.

(6) Fees

The regular undiscounted fee for a Third-Party Submission is currently \$180 for every 10 documents listed or fraction thereof, as set forth in 37 CFR 1.290(f) and 37 CFR 1.17(p). If the party making the submission qualifies as a **small entity** (e.g., a person, a small business concern, or a nonprofit organization), the fee is reduced. Consult the current fee schedule at: www.uspto.gov/learning-andresources/fees-and-payment.

No fee is required if the *first* submission by a third party in an application lists 3 or fewer items, and is accompanied by the statement set forth in 37 CFR 1.290(g) (select the appropriate check box on form PTO/SB/429).

To satisfy the fee requirement for a resubmission after a finding of non-compliance where the proper fee set forth in 37 CFR 1.290(f) accompanied the non-compliant submission, the third party may request that the Office apply the previously-paid fee to the resubmission (select the appropriate check box on form PTO/SB/429). Similarly, to satisfy the fee requirement for a resubmission after a finding of non-compliance where the third party's non-compliant submission of three or fewer documents was accompanied by the fee exemption statement set forth in 37 CFR 1.290(g), the third party may state that the fee exemption applies to the resubmission (select the appropriate check box on form PTO/SB/429). The resubmission must be made before the statutory time period for filing a third-party submission has closed. The corrections in the resubmission must be limited to addressing the non-compliance, and the resubmission must be another complete submission, as the Office will not accept amendments to the non-compliant submission.

Fees may be paid by check, money order, credit card or deposit account. Checks and money orders must be made payable to the Director of the United States Patent and Trademark Office. Use the Credit Card Payment Form (PTO-2038) located at: <u>www.uspto.gov/web/forms/2038.pdf</u> when paying by credit card. Credit Card Payment Form (PTO-2038) will <u>not</u> be included among the records open to public inspection in the patent file. To protect credit card information, form PTO-2038 must not be submitted electronically through EFS-Web.

III. Request for Notification

A third-party may request e-mail notification in the event the submission is found to be compliant or non-compliant. To request such notification, file a <u>separate paper</u> with the Third-Party Submission clearly titled "REQUEST FOR NOTIFICATION REGARDING THIRD-PARTY PREISSUANCE SUBMISSION" and indicate the e-mail address to which the notification should be directed.

IV. Filing

Third-Party Submissions may be submitted in paper via first-class mail, United States Postal Service (USPS) Priority Mail Express® service pursuant to § 1.10, or delivery by hand. Facsimile transmission of Third-Party Submissions is <u>not</u> permitted. Include a self-addressed postcard with the Third-Party Submission to receive acknowledgment of receipt by return receipt postcard. The mailing address for Third-Party Submissions submitted in paper via first-class mail or USPS Priority Mail Express® service is:

> Commissioner for Patents P.O. Box 1450 Alexandria, Virginia 22313-1450

The delivery address for Third-Party Submissions submitted via hand-delivery is:

> Customer Service Window Room 1D80 Knox Building 501 Dulany Street Alexandria, VA 22314

A Third-Party Submission is filed on its <u>date of</u> <u>receipt</u> in the Office as set forth in § 1.6. The certificate of mailing provisions of § 1.8 do *not* apply to Third-Party Submissions; however, the USPS Priority Mail Express® service provisions of § 1.10 do apply to Third-Party Submissions. A Third-Party Submission filed via Priority Mail Express® is filed on its date of deposit with the USPS.

- (1) Intergovernmental organizations (regional patent offices) acting for certain Contracting States under the PCT (Patent Cooperation Treaty). In case of the European Patent Office, it also acts as International Searching Authority and International Preliminary Examining Authority under the PCT.
- (2) The Benelux Office for Intellectual Property (BOIP) (former Benelux Trademark and Designs Offices) have replaced the national Offices of Belgium, Luxembourg and the Netherlands with regard to actions relating to marks and industrial designs.
- ⁽³⁾ In the electronic database of the International Register of Marks, the International Bureau of WIPO uses the following additional codes, not part of the active codes of Standard ST.3: "DD" to designate Germany without the territory that, prior to October 3, 1990, constituted the Federal Republic of Germany; "DT" to designate Germany without the territory that, prior to October 3, 1990, constituted the German Democratic Republic.
- ⁽⁴⁾ The code "WO" is used in relation to the international publication under the Patent Cooperation Treaty (PCT) of international applications filed with any PCT receiving Office, as well as in the publication of international deposits of industrial designs under the Hague Agreement Concerning the International Deposit of Industrial Designs. In this regard, reference is made to INID code (33) given in WIPO Standards <u>ST.9</u> and <u>ST.80</u>. The code "WO" is also the appropriate code to be used with respect to international registrations of marks under the Madrid Agreement and the Madrid Protocol Concerning the International Registration of Marks. The code "IB" is used in relation to the receipt of international applications under the PCT filed with the International Bureau of WIPO in its capacity as a PCT receiving Office.
- ⁽⁵⁾ Provisional name.
