

■ Wipro Wins 5-year IT Deal from Coop Norge Handel

BENGALURU: Wipro on Wednesday said it has won a five-year IT contract from Coop Norge Handel AS (Coop Norge), a leading retailer in Norway. Under the agreement, Wipro will transform Coop Norge's enterprise SAP software landscape and upgrade the company's data centre infrastructure, geared towards achieving superior performance, Wipro said in a statement. This IT engagement will benefit supply chain and distribution operations at the Norwegian retailer, among other functions, it added. It will enable Coop Norge to strengthen its move towards a more efficient operating model with increased reach and availability, the company said.
