## SANJIV BAJAJ

PRESIDENT, CII

I commend CII Young Indians (Yi) for another significant year of demonstrating great determination and conviction towards strengthening its core agenda of nation building and developing empowered, responsible youth of the country.

During 2022, Yi has contributed immensely to CII's economic and development agenda by leading numerous initiatives and projects. Its focus on developing creative and innovative thinking mindsets amongst youth and children, creating platforms to support start-ups and budding entrepreneurs, promoting sustainability through awareness, action and advocacy, and scaling technological solutions to improve quality of life and access to economic opportunities and services are holistic solutions for youth empowerment.

Yi's ability to engage and attract young leaders, reflected through the remarkable growth in its membership and launch of new chapters during the year, is of paramount importance in strengthening the bridge to connect with young minds across the country. Equally encouraging were several Yi initiatives and activities such as Utsav Parade, SIG Trek 2022, Climate Change Compost Ville & Composting, Yi Farishtey, Climate Change Summit 2022, and Masoom summit 2022 that enabled dialogues to ideate, collaborate and co-create with youth stakeholders across schools and colleges.

Yi's rural community initiatives represent a very important agenda towards building an inclusive society by instilling a sense of responsibility and empathy amongst its members and youth volunteers.

I have enjoyed my several interactions with Yi, both at the national level and across chapters, which has always impressed me by the energy, passion, and commitment that Yi brings to its agenda of nation building. Addressing social issues, such as strengthening ecosystems for the safety of children, enabling experiential learning and development of youth, and instilling a sense of responsibility in people towards climate action, road safety and organ donation are significant contributions by Yi towards developing engaged citizenship.

As the world looks towards engaging the Youth in shaping its future, I urge CII Young Indians to continue its focus and mission in becoming the organisation of impact.

I encourage Yi to continue to lead the youth towards driving a vibrant and sustainable future for the country.

I take this opportunity to congratulate the Yi leadership, Raunak and Dilip, and all members of the Yi fraternity who have contributed to paving the way for our rising nation.

I wish Team Yi all the very best in the years to come.

**SANJIV BAJAJ**  
PRESIDENT, CII

# CHANDRAJIT BANERJEE

## DIRECTOR GENERAL, CII

I congratulate CII Young Indians (Yi) for continuing steadfast on its mission to establish a truly unique movement of young minds selflessly committed and driven by purpose to collaborate, co-create and influence India's future. Yi, since its inception in 2002, has played a crucial role in building bridges to connect and bring together like-minded individuals from across the country with a shared vision of creating responsible youth leaders and making meaningful contributions towards nation building.

Growing the membership to over 5000 members and expanding across 58 chapters is indeed a remarkable accomplishment by Team Yi. The ability of Yi in empowering individuals to contribute their time and lead meaningful change is indeed a unique strength of the organization. It imparts tremendous impetus in building a collective force of leaders, driving engagement on activities and initiatives aligned to the overarching vision of a developed India powered by innovative thoughts, ideas and youth energy. Yi has paved the way for creating responsible and compassionate leaders amongst its membership.

Yi also focuses on developing youth leadership and inculcating a mindset towards creative and innovative thinking amongst college youth and school children, which is a very important contribution towards building the foundation for the future of India.

In addition, it is equally encouraging to see Yi increase its outreach towards rural communities through interventions that promote inclusivity and access to livelihood opportunities.

Yi Masoom this year created history by bagging the Guinness World Record for conducting the largest child safeguarding lesson at a single venue, with 6915 students attending the session.

As an integral part of CII, Yi is an important partner in bringing forward the voice of the youth to proactively support areas of public policy and economic development, fuelling the growth of a resilient, competitive, and inclusive nation.

My compliments to Raunak and Dilip for successfully strengthening the Yi agenda as a leading platform for youth engagement and leadership development. My best wishes to the entire Yi team as we look forward to exciting times in scripting the journey of growth and development for India@100 fuelled by the passion and dedication of our nation's young minds.

**CHANDRAJIT BANERJEE**  
DIRECTOR GENERAL, CII

## RAUNAK GOYAL

NATIONAL CHAIRMAN, Yi

**A**s I sit down to reflect on the past year, I realise just how incredible it has been. We opened the year with some bold claims, and I am fortunate in that my beliefs in them have only strengthened over time. It was a year that exemplified the strength and uniqueness of our remarkable organization Yi, demonstrated through the contributions of every single one of you, Yi members, standing tall with the conviction and belief of We Can We Will.

At the beginning of the year, we revealed 'Utsav' as our annual theme, and I am more than happy to say that the past 12 months have been nothing but a constant celebration of Excellence, Collaboration and Significance. It has been a year that has been a radical celebration of the collective spirit of empathy, kindness, and humanity every day, wherein each of our members has taken the time out to work tirelessly to help contribute to achieving the goals that we set at the beginning of the year.

I am proud to say that this was a year of many firsts & multiple initiatives. As a testimony to being a movement for the Youth committed to driving positive change and influence, I am proud to share that the Yi family has now grown to over 5000 strong and compassionate leaders, 1,00,000 YUVA college students, 12,00,000 plus school children and 118 rural communities across the country.

Yi expanded its reach to 58 chapters this year, conducting over 3000 activities pan-India. We also witnessed three major summits. The first one in Kolkata – “Dream, Believe and Magic” showcased the power of excellence, the second one in Bangalore titled “Utkarsh” showcasing power of collaboration and also the first ever carbon neutral event of Yi. And the third one in Ahmedabad “Pathbreakers 2.0” showcasing the power of Significance.

Yi also launched various new initiatives and expanded old ones exponentially.

Yi is now the proud holder of the title of Guinness World Record for the “World’s largest session on Child Safety”. This record was made on November 14, 2022 in Jaipur. The Yi Masoom Week (14 - 20 November, 2022) also witnessed initiatives across all the chapters focused on engaging with various stakeholders in promoting the safeguarding of young people from child sexual abuse.

The Road Safety Team launched ‘Yi Farishtey’ for its YUVA stakeholders. The First Responder Program aims at creating Good Samaritans that can assist the wounded during the ‘Golden Hour’ at the time of crisis.

Yi Climate Change Action Week was organised across Yi Chapters pan India with various Climate Change activities in the month of September.

Yi Health Week was witnessed across chapters from 04-10 April 2022 with the signing of the Yi Health Pledge as a commitment by leaders in the presence of Hussain Rasheed, Regional Advisor WHO Regional Office for South East Asia, New Delhi.

The Yi Innovation Month witnessed an exchange of stories of inspiring innovators and innovations driving change. The festival aimed to gather young minds in science, technology, and arts to produce interactive content that allows a broad general audience to engage with science & technology through exhibits, working models, interactive explorations, discussions and major indoor & outdoor experiences.

Yi also launched IDS 2.0 – “Smart City Innovation Challenge” with the goal of promoting innovation and creating an impact with an actionable solution towards nation building. IDS 2.0 was committed to promoting an innovative mindset and solving problems across the nation and creating impact towards the greater good.

Yi is one of the proud founders of the G20 Young Entrepreneurs' Alliance (G20 YEA). This year Yi successfully led a 56 strong Young Indians delegate to G20 YEA Annual Summit and hosted the Closing Ceremony on 27-28 October, 2022 in Hamburg, Germany. The event saw participation from Brazil, Canada, Germany, China, Mexico, Turkey, France, Italy, South Africa, the United Kingdom, Singapore, and India with more than 250 delegates. Mr. Parvathaneni Harish, the Ambassador of India, to the Federal Republic of Germany, was the Chief Guest at the Closing Ceremony. The logo for the G20 Young Entrepreneur Alliance Summit that will be hosted by Young Indians in India next year was also launched by the Ambassador with the theme “HUM” - together we are one.

As India will be hosting the G20 YEA Summit in 2023, Yi is expecting 1000 delegates from partner countries with a focus on Entrepreneurship, Start Up and Innovation, involving Business Pitches, Value Learning, Venture Capital Pitch, Pre-Curated Networking and Bilateral - Delegation to G20 YEA alliance countries to understand expectations.

Another highlight of the year was a 5-day residential learning mission at the INSEAD Paris campus in France that took place between the 31st Oct to 5th November 2022. This outbound residential program was an accelerated executive education program for existing business leaders to further enhance their leadership and decision-making skills and add to their personal value proposition.

An organisation which believes in enabling leadership development of our members through opportunities to learn, share and grow, Yi's Special interest Groups on Road Runners, Golf, Book Club, Food Fest, Angel Investors, Angel Networking, Inner Circle and TogetHer Tribe strengthened this engagement through providing experiential cross-chapter learning and bonding amongst the Yi membership throughout the country. The Yi SIG Trek vertical also curated an innovative experience, “Yi Himalayan Mountain Challenge- Dayara Bugyal Trek” from 15 May to 22 May 2022.

Under our strategy to build a strong brand that connects and engages with Youth, Yi's communication campaigns and activities across social media successfully drove up both our reach and engagement with the youth across all formats for Yi. Our key campaign included Yi Happy Broadcast for recognizing chapters' initiatives.

I would also like to take this moment to thank all my NMT members, GC members and Chapter leadership, and all the members of the organisation, without whose commitment it would have been impossible to make any of this happen.

My Vice Chairman, Dilip Krishna, has been a source of constant support and friendship this past year and it has been a true pleasure to work with him. I wish him all the best and keenly look forward to handing the baton to him to lead Yi to new heights.

One of the anecdotes from John F. Kennedy's lifetime comes to mind. Once, when he visited the NASA space centre and asked a Janitor working there what he was doing, the Janitor responded: "I'm helping put a man on the moon". This perfectly encapsulates the ethos that Yi has led with in the last two decades and will continue to do so in the years to come.

Yi serves as a channel to not only fulfil our purpose in helping those around us and engaging with the needs of our time but also as a mission aimed at creating purpose in its identification and questioning of problems. The 2000+ new members who joined us this year, stand testament to the fact.

As I have echoed on numerous occasions in the past year, Yi is a force to be reckoned with. More than a mere organisation, we are an army fuelled by fierce determination, passion and creativity.

Yi is unique in its access to resources and information and in its commitment and determination to bring change, therefore allowing us to make a meaningful impact on those around us. Echoing James Baldwin's that I had quoted at the start of the year: "everything now we must assume is in our own hands". And I couldn't be more proud of all that we have achieved in the past year and will achieve in the years to come.

We can, we did and we will continue to do so!

**RAUNAK GOYAL**  
National Chairman, Yi

## DILIP KRISHNA

### NATIONAL VICE CHAIRMAN, Yi

**“Arise, awake, and stop not till the goal is reached.” - Swami Vivekananda.**

Since time immemorial, the power of the youth to bring about change has been established. This 125-year-old inspirational thought was echoed from atop the Red Fort by our Prime Minister on the 75th year of India’s Independence. He rightly predicted the arrival of Amrit Kaal. As per ancient Vedic knowledge, Amrit Kaal means the perfect time for a new beginning.

As a member of CII - Young Indians (Yi) my thoughts, words and actions are in perfect tune with the core objectives and focus of this inspiring organisation:

- Creating IMPACT by Building Youth Leadership with a futuristic thought process.
- Making a DIFFERENCE through developing responsible youth for the future who will engage themselves in Nation Building.
- Making Yi an organisation of SIGNIFICANCE by Being the Voice of Young India.

We, at Yi, strongly believe that Leadership is not a position of title or power. For us, leadership is a journey of self-discovery.

This thought process is reflected in some amazing numbers mentioned in our National Chair – Raunak’s message, with 58 leadership chapters and 5000 member leaders tirelessly working to make Yi an organisation of significance. I feel proud to be a part of this process, a proud Yi member.

The year 2022 has been extraordinary in many ways. From breaking a Guinness World Record to Yi taking a team of 56 members to represent the country at G20 YEA in Germany, it’s a continuous journey of building a nation of significance to lead the world.

This spirit of Yi reflected in every tree we planted, in every masoom we saved, in every decibel we reduced and in every youth we inspired.

This is not the work of the leadership alone. Every Yi member should pat herself and himself for the enormous contribution we have made, it does not matter how small or big the contribution is. We all firmly believe that being a Young Indian is not a spectator sport, it is a participative process... where every thought, every word and every action has the power to create an impact, make a difference and along with being significant.

The New Year will bring us a new set of opportunities, and I am positive that every step we take, we will be marching towards achieving our Vision - Young Indians (Yi) is a movement for Indian Youth to converge, lead, co-create and influence India's future.

Year 2023 will be a great combination of Tradition and Innovation. While we keep our feet firmly on the ground Of the traditional belief system of Yi, we will also keep our heads high with pride for our innovation.

This year's theme - "HUM"... Together we are One, is one such combination of tradition and innovation. In tune with our theme, we will be HUMming with energy, focus and activities which will result in excellence, collaboration and significance.

HUM Excellence - Excellence in every member, every Chapter, every Region leading to Excellence at the National level. Excellence in delivering every Project and initiative through the stakeholders, in building a strong dais for future responsible youth leaders.

HUM Collaboration - Collaboration at all levels within the organisation, leading the organisation to foster meaningful collaboration with partners to help take forward the cause and make it a successful one. Collaboration, concludes in a conscious team of entrepreneurs/professionals from a pool of diverse backgrounds, driven by the same focus, passion, and vision!

HUM Significance - making Yi an Organisation of Significance. Significant as voice of youth, significant in contribution and significant in shaping the youth of India as leaders.

With India as head of G20, we at Yi will be hosting the G20 YEA (Young Entrepreneurship Alliance). I am sure every Yi member is as excited as me to host the mega event and will extend their support.

As I look forward to 2023 and me taking over as the National Chair of Yi, I recall the wonderful time I had with my good friend our National Chair - Raunak Goyal and the entire team of Yi leadership. I move ahead with certainty and confidence, and it comes with the support that I can count on from all my friends, mentors and members of Yi.

Wishing you all a very Happy New Year! let's HUM together, to arise, awake and not stop till our vision is a REALITY!

**DILIP KRISHNA**  
National Vice Chairman, Yi

The year 2022 marked not only the 20th year of Yi but also the 75th year of Indian Independence. Sure, it is a time to celebrate and a sense of Utsav is in the air.

This year's theme - **Utsav**, is of course, a celebration of how far we have come and how far we would like to travel, but it is more so a Utsav of the confluence of Excellence, Collaboration and Significance, where we will celebrate excellence through leading for change, reinforcing the spirit of collaboration that will lead us towards becoming an organization of significance.

**Utsav of Excellence** is to celebrate Excellence in every Chapter, in every Region leading to Excellence at the National level. Excellence in delivering every Project and initiative through the stakeholders, in building a strong dais of future responsible youth leaders.

**Utsav of Collaboration**, looks to celebrate Collaboration at all levels within the organisation, leading the organisation to foster meaningful collaboration with partners to help take forward the cause and make it a successful one. Collaboration concludes in a conscious team of individuals driven by the same focus, passion and vision!

**Utsav of Significance** looks to celebrate Significance, in every Project, in every Initiative, positioning the organisation to be an organisation of Significance.

Utsav it is, of humanity based on Excellence, Collaboration and Significance.

# ABOUT Yi

**Young Indians (Yi)** is a movement by Indian Youth to converge, lead, co-create and influence India's future. Yi, formed in 2002 as an integral part of the Confederation of Indian Industry (CII), has created a platform for young Indians to work towards realizing a dream of a developed nation. Yi has an inclusive membership across its pan-India 58 city chapter network comprising of 5000 direct members, who represent young progressive Indians between the age group of 21-45 years, comprising of entrepreneurs, professionals, and achievers from different walks of life and Yi stakeholders, which include over 1,20,000 YUVA college student, 1 Million + school children and 118 rural communities across the country.

Yi conducts thousand of impactful projects and activities divided primarily into three areas: **"Youth Leadership", "Nation Building" and "Thought Leadership"**. Yi aims to emerge as the premier Indian youth organization with a voice on relevant platforms that work on solving India's problems. Yi grooms its members for offices of significance and enables Indian youth to converge, collaborate and co-create using an expanding digitally enabled network.

Under **Youth Leadership**, Yi's flagship programme YUVA, engages over 1,20,000 YUVA dynamic college students from 168 academic institutions across its pan-India chapter network towards its nation building initiatives and capacity-building programmes. Yi is one of the proud founders of the G20 Young Entrepreneurs Alliance (G20 YEA) & Commonwealth Alliance of Young Entrepreneurs – Asia (CAYE- Asia) and provides a platform for learning and engagement with young entrepreneurs around the world to understand and learn from the best practices and cultures.

Under **Nation Building**, Yi takes up several activities of social significance under Project MASOOM, Gift an Organ, Road Safety, Climate Change, Accessibility, Innovation and Entrepreneurship to influence positive change in the immediate ecosystem of stakeholders which extends to college and school students, rural communities, and the nation at large.

Under **Thought Leadership**, Yi engages its stakeholders through a Contributory Movement of Constructive Action, Collaborative Reasoning and Collective Voice. Yi Leadership Academy (LA) upholds the founding principles & values and instills the same in Yi membership through Yi Leaders Fellowship Program.

With Twenty years of a glorious past and decades ahead with promise and belief, Yi is evolving as an ever-growing movement of young people with a conviction in **"We Can, We Will"**.

## MASOOM

**Project MASOOM** is one of the key projects of Yi, where we work on various initiatives towards creating awareness on Child Safety and Protection and eliminating child sexual abuse through awareness sessions, campaigns, events and social media across the country.

The mantra of Project Masoom is “Play Your Part.” This motto creates an obligation for each one of us to play a role in protecting our country’s children. Whether a parent, a teacher, an employer or a politician; everyone has a part to play. It could be by making a phone call to report a concern, taking a safeguarding course, volunteering for Childline, enforcing a Child Protection Policy or creating an infrastructure for making children safe. We all have a part to play in the fight for a safe and a secure childhood for every child. Capacity building is an integral aspect of Project Masoom and Yi is enabling it for its members, teachers, caregivers and relevant stakeholders through Training of Trainer (ToT) sessions.

Project Masoom works in partnership with the Arpan, the WeProtect Global Alliance and many other noted organisations to spread awareness about Child Safety.

The project has come a long way by impacting millions of individuals in the communities and being endorsed by renowned personalities. Under this project, Yi conducts awareness/sensitisation sessions with children, teachers and parents/caregivers. Young Indians has earmarked 14-20 November as Masoom Week, and the 20th November as Masoom Day every year. Yi also collaborates with authorities and administration for support towards our cause and spread awareness about Child Protection to the public by organising campaigns in cities through rallies, hoardings, theatre, festivals, carnivals for kids, exhibitions, skits, the celebration of Yi Masoom day & week and talk shows on radio and TV channels.

The year 2022, has been groundbreaking! Chapters across India had conducted over 400 activities. Some of the remarkable achievements were, Yi Masoom bagging the Guinness World Record for conducting the largest child safeguarding lesson at a single venue, where over 6,915 students attended the session. The Yi Masoom Team worked on accessibility by reaching the differently-abled children. Session packs were developed in Braille language and sessions were conducted at schools for differently-abled kids. The Komal video was also developed using sign language. There was a conscious effort to move beyond the city schools and reach a more diverse audience during the year. Sessions were conducted at rural government schools, anganwadis, orphanages, slums, housing societies, corporates, etc. To disseminate the message new delivery methods were developed, such as skits and nukkad natak, translation of ‘My Safety Book’ in various languages, QR-enabled billboards installed at various locations, Masoom Runs organized across the country, Radio Talk shows, etc.

## ROAD SAFETY

**Road Accidents** are one of the leading causes of death, disability and hospitalization of people worldwide in general and India in particular. One out of 10 people killed on roads across the world is from India, according to the World Health Organization.

During the year 2020, the total recorded 3,66,138 road accidents caused loss of 1,31,714 persons' lives and injured 3,48,279 persons. Unfortunately, the worst affected age group in Road accidents is 18-45 years, which accounts for about 70% of total accidental deaths. On average, approximately 1000 accidents happen daily, and we lose close to 360 citizens every day. These figures are worrisome, and the importance, of Road Safety on the roads in a country like India cannot be overlooked by any organization or individual today.

Under the Yi pillar of National Building, Road Safety has been one of the main projects of Yi for the last few years. The vertical of Road Safety is passionate about creating awareness among young children, so that road discipline and safety are part of their ethos from a young age. For the youth of the country, it is to ensure that Road Safety rules and regulations are followed, and an emphasis is created for everybody else in the society to do so by doing campaigns, programs and being part of the ecosystem of the administrations across the country.

The objective is to educate people on the importance of abiding by traffic rules and imbuing in them a responsibility to take care of the fellow Indians which is done through the below modules

**1) Farishtey:** This year under the Farishtey initiative, the team unveiled a new logo and modified the module to include emergency responders training. Yi Farishtey focuses on providing awareness sessions on the Good Samaritan Act. The purpose of a Good Samaritan Law is to provide legal protection to bystanders who come to the aid and rescue of victims of road crashes. In the year 2022, the Farishtey Team worked on providing the YUVA wing of Yi with Emergency Responder Training. Yi Emergency Responder Program will be skilling the young of India to be a part of saving the lives of accident or incident victims on roads or places in general. We have entered into an MOU with the Alert Foundation (for the SRTN region) to provide us with the resources to train YUVA students as emergency responders. Yi Madurai conducted its first training.

**2) Chota COP Project:** The project aims to increase awareness on the need for **Road Safety** among Children. The project's purpose is to create **agents/chota** cops who remind parents and others in society about Road Safety.

**3) Animal Protection Program:** Rural Road Safety Animal Protection program to protect animals and to avoid road accidents involving animals.

## HEALTH

**Can an Indian city** aspire to be nominated for being a healthy city by 2030? Towards answering this, Yi has launched the Health vertical with a defined roadmap to build engagement on healthy living across chapters. ABC - Active Living, Bridging Health Inequity and Child and Adolescent Health would be the pillars for Yi Health interventions.

**Yi Health Week** was organised from 4-10 April 2022 across chapters and we had our leaders sign off on the Yi Health Pledge as a commitment in the presence of, Hussain Rasheed, Regional Advisor WHO, Regional Office for South East Asia, New Delhi.

32 Chapters started their Health Journey during the health week with 875 Units of blood collected, 3000+ rural Indians screened through health camps, members walking or cycling 5814 kilometres and 7000+ children made aware about mental health through menstrual issues through awareness talks. We also had an endorsement for our campaign with a video message from Shri Krishna Devarayalu Lavu, Member of Parliament, Andhra Pradesh. Rajkot had the most units of blood collected .

**Yi Health** Identity was created - The **Lotus flower** represents a journey from darkness and pain to light and healing which is experienced as overall health and wellness. Circle with the dots represents our Chapters and our intent to bridge the various stakeholders in our pursuit of the objectives of a healthy city by 2030.

Yi DBM conclave at Kolkata, again put mental health at center stage, with Mrs. Neerja Birla, Chairperson MPower, sharing her mission to promote mental health in a holistic manner.

Despite scientific advancements, there is no replacement for Blood. With Gift An Organ becoming a part of the health vertical, Yi Donor Premier League promoted blood donation and was a success with an impact of potentially saving 5586 lives. Yi Raipur collected the most units.

International Day for Yoga, June 21 saw 7166 participants from members, YUVA & Thalir across chapters in India participate in Yoga sessions.

Chapters conducted activities around World Autism Awareness Day, National Anti-Tobacco Day, World Hypertension Day. Innovations ranged from a booklet on organ donation from Delhi to Kochi collaborating in an event that distributed the most menstrual cups in the world, and many others.

## ENTREPRENEURSHIP

**Yi recognizes**, entrepreneurship as a key element of transformation for India heading into the next decade of growth. This would not only create value in terms of economic wealth, but also be a trigger for job creation and is a path that is needed for solving the myriad challenges that prevent India from reaching its potential.

Young Indians has a vision to be recognized for creating an environment that promotes entrepreneurship as a tool for developing India. This is intended to be achieved through knowledge delivery, mentorship and market access that would enable entrepreneurs to scale and inspire students on the path of entrepreneurship. Yi is working to create entrepreneurs through mentors and internships for college students and by working with school students from an early age.

### Yi ENTREPRENEURSHIP WEEK 2022

Entrepreneurship plays an important role in the development of a country. It is one of the most important inputs in economic development. An entrepreneur can be regarded as a person who has the initiative, skill and motivation to set up a business or enterprise of his own and who always looks for high achievements. Yi chapters came together to celebrate Entrepreneurship during the Yi Entrepreneurship Week 2022 held from 14-21 August 2022. During the week, more than 50 activities were organised by the various chapters across all regions.

To celebrate our 75th Independence Day & Yi Entrepreneurship Week, Yi Entrepreneurship Vertical launched a small video about what we aspire to do for our cities & about our contribution to nation-building.

- Youth entrepreneurship plays a major role in many areas of the societal framework, ranging from economic upliftment to significant social changes.
- Young Indians aim to give the wings of development to India by empowering the youth of today through Yi Youth Entrepreneurship.

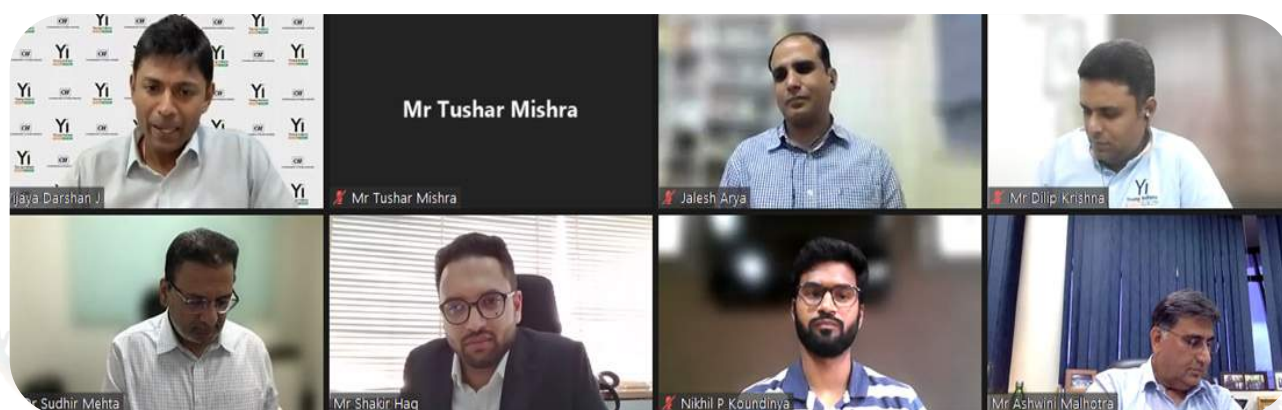

## Yi SESSION ON FUTURE OF ENTREPRENEURSHIP & BUSINESS

As part of Yi Entrepreneurship Week 2022, Yi National organised **Session on Future of Entrepreneurship & Business** on 16 August 2022. Welcoming the speakers & participants, Mr. Dilip Krishna, National Vice Chair- YoungIndians, shared that Yi recognizes, entrepreneurship as a key element of transformation for India heading into the next decade of growth. This would not only create value in terms of economic wealth, but also be a trigger for job creation and is a path that is needed for solving the myriad challenges that prevent India from reaching its potential. Young Indians has a vision to be recognized for creating an environment, which promotes entrepreneurship as a tool for developing India.

The session was addressed by **Dr. Sudhir Mehta, Chairman & Managing Director, Pinnacle Industries Ltd ; Mr Ashwini Malhotra, Managing Director, Weikfield Foods Pvt. Ltd ; Mr. Vinod Sharma, Managing Director, Deki Electronics Limited & Mr. Shakir Haq, Chief Executive Officer, NKP Empire Ventures Pvt. Ltd**

Earlier setting the context, Mr. Vijaya Darshan J, Chair- Entrepreneurship, Yi, said that Youth Entrepreneurship has an impact on social as well as cultural and economic progress of the society. Building an environment that promotes creativity and provides opportunities for entrepreneurship calls for multi-pronged strategy implementation and involvement at all levels, including government, industry, political, social as well as educational sectors. Mr Jalesh Arya, Chair- Entrepreneurship, Yi, summed-up the session and proposed a vote of thanks.

### IDS 2.0 - SMART CITY INNOVATION CHALLENGE

Yi Innovation has launched the IDS 2.0 – “Smart City Innovation Challenge” with the goal of promoting innovation and creating an impact with an actionable solution towards nation-building. IDS 2.0 was committed to promoting an innovative mindset and solving problems across the nation and creating an impact for the greater good. The second edition received an overwhelming response of 200+ entries from Yi chapters across the country.

## CLIMATE CHANGE

**Climate Change** initiative aims to bring together the nation's youth and engage them in positive climate action. We aim to create awareness, educate, and initiate projects towards climate action, including climate adaptation and mitigation.

Some of our areas of engagement include:

- Empowering children to understand and tackle climate change
- Encouraging young people to come to the forefront of climate change conversations
- Enabling young people to develop skills to adapt to climate change effectively
- Supporting rural population for skill development and sustainable climate change solutions
- Initiate projects for climate adaptation and mitigation, including focus on disaster management and relief

Yi's Climate Change also engages at the local, state, national and international levels with governments and organizations towards climate change advocacy.

Over the years, Yi has responded to towards and supported disaster relief work, and initiated afforestation and water conservation projects across the country. Yi has also participated in the UN Climate Change Conference 26 (UNFCCC COP 26) in Glasgow.

## Yi CLIMATE CHANGE MODULES

- Miyawaki Model of Afforestation

## RURAL INITIATIVES

**Rural Initiatives** is a part of the Yi stakeholders team (MYTRi) and aims to promote rural communities in Yi chapters. Rural Initiatives (RI) works towards creating an environment to fulfill the aspirations of rural citizens, bring about a change in attitude, which is crucial for any transformation, and empower communities in villages through participatory rural development.

Yi aims to achieve this step by building a robust participatory model where it can collaborate in the rural sector with local communities, industry, and enterprise. Yi projects and initiatives have tremendous potential to make a difference in rural communities.

Yi Rural Initiatives network has worked across India through more than 120 rural units served by 58 Yi Chapters. To meet its objectives, the chapters throughout the year created awareness about its projects and involved the participation of youth by the rural stakeholders. Many of the Yi Smart Learning Centers were revived and new centres were opened during the year. Yi Chapters also joined hands with local organizations in the respective rural areas and engaged the local stakeholders in developmental activities that are most relevant to their needs.

## Yi LEARNING

**As one** of the most aspirational learning programs, the CII - Young Indians conducted a 5-days residential learning mission at the INSEAD Paris campus in France from 31 Oct to 5 November 2022. This outbound residential program was an accelerated executive education program for existing business leaders to further enhance their leadership and decision-making skills and add to their personal value proposition.

Some of the noted takeaways and key learnings are:

- Adoptive Organizational Behavior
- Decision-Making As a Universal Asset
- Methodologies Of Quick And Responsive Strategy-Making
- Defining And Alignment Of Interpersonal Goals With That Of Organizational Goals
- Defining Self-Growth Plans
- Identification And Classification Of Networks And Connections Within The Organization.

The participants of the program were provided with an industrial tour at Schneider Electric, where a detailed presentation was made on how the origination gained an edge owing to process automation and digitalization.

At the end of the program, the participants were provided with certification for the successful completion of the program.

## INTERNATIONAL ENGAGEMENTS

**Young Indians engage** its members through international missions/bilateral meetings with countries around the globe to understand the opportunities and learn from the best practices and cultures. As a founding member of the G20 Young Entrepreneurs Alliance (G20 YEA) & Commonwealth Alliance of Young Entrepreneurs – Asia, Yi championed promoting International Engagement to its membership.

As an alliance member of the G20 Young Entrepreneurs Alliance, Yi participated at the G20 YEA Hamburg, Germany Summit held from 27-28 October, 2022. The event saw participation from Brazil, Canada, Germany, China, Mexico, Turkey, the European Union, France, Italy, South Africa, the United Kingdom, Singapore, Nigeria (Invitee) and India, with more than 150 delegates.

Mr. Parvathaneni Harish, Ambassador of India to the Federal Republic of Germany, Embassy of India was invited as the Chief Guest. Addressing the occasion, Mr Parvathaneni Harish, Ambassador of India to the Federal Republic of Germany, Embassy of India said “As India prepares for the G20 Presidency starting from 01 December 2022, the G20 countries starting from Indonesia, moving to India followed up Brazil and South Africa are actively looking on to developing countries with young population having a strong entrepreneurial base and dynamic innovation ideas. India, along with other G20 countries, is actively looking together to bring the entrepreneurial community to bring in the entrepreneurial dynamism to the whole process of how the G20 YEA Alliance works.

The process of entrepreneurship and innovation in India has gone through a significant change in the last five years and stood out well during the pandemic. India has gone digital with National Biometric Identification System for 1.2 billion citizens. Digital and fintech are two aspects on which India should focus during its Presidency to bring together all the entrepreneurs from the G20 countries. The second area of focus is on green energy transition with India committed to becoming carbon neutral by 2070 and producing 500 gigawatts of renewable energy by 2030 hence reducing the spread of carbon footprint by 2030. The third area of focus is Entrepreneurship in the field of education and health as an important subject globally, which will open new opportunities to bring in innovation, digitalisation in health and education through telemedicine and tele-education. The discussion will focus on these areas in the summit in 2023. The honourable Prime Minister of India has launched a lifestyle” for the environment” as a major theme where saving the planet should not be outsourced to the governments but should be the responsibility of the citizens to care for the environment by bringing in changes in the consumption and production patterns.

The logo for the G20 Young Entrepreneur Alliance (YEA) Summit was also launched by the Ambassador with the theme “HUM” Together We Are One.

Annually, the G20 YEA releases the official G20 YEA Communique at the Summit.

**MESSAGE**

I am delighted to learn about the initiative by CII Young Indians (Yi) to organise a National Summit – “Path Breakers 2.0 – The Next Big Challenge” on September 30, 2022 at Ahmedabad. Greetings and best wishes to everyone associated with the Summit.

As a representative body of industries in our country, Confederation of Indian Industry (CII) and CII Young Indians have made an important contribution in bringing together diverse industries on a common platform and working for their comprehensive growth.

Youth form the bedrock of any society, or nation. They do not carry any baggage and approach things with a clean slate. In a society where others ask ‘Why must things change?’, youth are those who ask ‘Why not?’. It helps them devise innovative solutions to problems. This rare problem-solving potential of *Yuvashakti* enables it to take decisions that appear unthinkable to others.

From start-ups to sports, from education to employment, from entrepreneurship to empowerment, our government has been working tirelessly to create a vibrant ecosystem that enables our youth to flourish in different fields.

The Summit brings together young entrepreneurs, professionals and thinkers from diverse areas to brainstorm on a whole range of issues facing the nation. It is our firm belief that one of the primary drivers of growth is to connect the aspirations and skills of our youth with opportunities. Each problem that needs to be solved is an opportunity.

The 25-year period of Amrit Kaal till 2047 is crucial for both, our *Yuvashakti* and the nation. Let us continue to march ahead towards realising our vision of building a glorious, self-reliant India and build a bright future for ourselves, as well as the nation.

Best wishes for the success of the Summit. May the deliberations be fruitful.

(Narendra Modi)

CII- Goa, celebrated Independence Day by unveiling the unusual land art created by Goan artist Sagar Naik Mule at Adpai, Ponda. Advocate Yatin Naik, spokesperson BJP Goa Pradesh was the chief guest for the occasion, while CII- Goa officials who attended the event included Vaikunth Dempo chair, Dr Pratiksha Khulap co chair and Tulasidas Pai member CII Yi.

The land art is to celebrate India's 75 years of Independence. It signifies harmony with Mother Nature. Residents of Adpai, around 75 students, teach-

ers along with local panch members, administration staff gathered around the land art to celebrate Azadi Ka Amrit Mahotsav and recited the National Anthem.

A creative artist from Goa College of Arts, Altinho, Sagar Mule shot in the limelight after the Prime Minister Narendra Modi mentioned him in Man ki Baat

for preserving ancient Kavi art. The art is more than 1000 year old and is found in the Konkani region especially in the temples of Goa, parts of coastal Maharashtra and Karnataka.

Through his work in Kavi paintings and the land art, Mule has succeeded in making Adpai village famous as India celebrates Independence.

## SPECIAL INITIATIVES

### SPECIAL INTEREST GROUP (SIG)

**The Purpose of SIG** is to Connect, Collaborate & Co-Cre-ate common interests of members across all chapters. The main objective is to enhance the member engagement experiences across Yi Cross-Chapters. It is a connection between various dots. Learning, Inspiring & Actions are the three pillars of SIG.

SIG is an extension of the ethos of Yi. It is a space that nurtures newness & experiential living.

In the Year 2022, we had the following SIGs:

**Angel Investing | Book Club | Food Club | Golf Club | Investors Connect | Road Runners Club | Cycling Club | Trekking Club | Inner Circle Club | Photography Club**

SIG was formed with the purpose of having physical events & engaging members’ participation. We all saw unprecedented Covid Years 2020 & 2021. Most of the SIG events could not get materialized owing to travel restrictions & lockdowns in many states. Despite the challenges, many SIGs were able to pull up great events. The summary of the SIG events is as below:

#### HIGHLIGHTS OF THE YEAR

##### **Yi SIG Trek Himalayan Mountain Challenge:15 May -22 May 2022**

Yi SIG Trek vertical had curated an innovative experience, “Yi Himalayan Mountain Challenge- Dayara Bugyal Trek” from 15 May to 22 May 2022 that integrated experiential learning with trekking in the mountains. It was specially designed to provide real-time challenges where participants develop, demonstrate, and practice collaborative leadership skills. The trek was organised by a professional agency, India Hikes. Over 90 members had indicated their interest. 39 Trekkers were a part of the trekking.

### Yi SIG Investors Connect “Street Talk” Series

Yi SIG Investors Connect as a part of the initiative conducted various sessions for the Yi Members which were majorly focussed on knowledge sharing about Stock Markets, Economic Trends and Sectors.

### Photography Contests

#### Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 286 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India completes 75 years of Independence in 2022, it must position itself for global leadership with a long-term vision for India@100 in 2047. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2022-23 as Beyond India@75: Competitiveness, Growth, Sustainability, Internationalisation has prioritized 7 action points under these 4 sub-themes that will catalyze the journey of the country towards the vision of India@100. With 62 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
